# Impact Factor Of Journals 2011

**Multidimensional Journal Evaluation** Stefanie Haustein,2012-04-26 Scientific communication depends primarily on publishing in journals The most important indicator to determine the influence of a journal is the Impact Factor Since this factor only measures the average number of citations per article in a certain time window it can be argued that it does not reflect the actual value of a periodical This book defines five dimensions which build a framework for a multidimensional method of journal evaluation The author is winner of the Eugene Garfield Doctoral Dissertation Scholarship 2011

Fundamentals of Research. A Dissective View Priyanka Tripathy,Pradip Kumar Tripathy,2017-02 The present book has been written with two clear objectives in mind to enable researchers irrespective of their discipline to develop the most appropriate methodology for their research studies and to make them familiar with the art of using different research methods and techniques It is hoped that the humble efforts made in the form of this book will assist in the accomplishment of exploratory as well as result oriented research studies The book is primarily targeted to serve as text book to Post Graduate M Phil and Ph d students of research methodology in all disciplines of various universities The book seems to be designed specifically for those students who are newcomers to research and who may have a basic barrier with regard to the subject The areas covered in the book follow a simple to complex approach in terms of their discussion Overall this book clearly reflects the teaching experience of the author with this subject The book can be of value to researchers by introducing some information on how to carry out reviews of literature and its importance in research All possible efforts have been made to further enhance the usefulness of the book The feedback received from different sources has been incorporated *The Handbook of Journal Publishing* Sally Morris,2013-02-21 An up to date and comprehensive handbook written by experienced professionals covering all aspects of journal publishing both online and in print **Pathology. Theories of Informetrics and Scholarly Communication Cassidy R. Sugimoto, 2016-02-22 Scientometrics have become an essential element in the practice and evaluation of science and research including both the evaluation of individuals and national assessment exercises Yet researchers and practitioners in this field have lacked clear theories to guide their work As early as 1981 then doctoral student Blaise Cronin published The need for a theory of citing a call to arms for the fledgling scientometric community to produce foundational theories upon which the work of the field could be based More than three decades later the time has come to reach out the field again and ask how they have responded to this call

This book compiles the foundational theories that guide informetrics and scholarly communication research It is a much needed compilation by leading scholars in the field that gathers together the theories that guide our understanding of authorship citing and impact [Psychological and Motor Associations in Sports Performance: A Mental Approach to Sports](#) Marinella Coco,Alessandro Quartiroli,Donatella Di Corrado,2021-04-21
