The Girls Lori Lansens, 2009-02-24 In Lori Lansens astonishing second novel readers come to know and love two of the most remarkable characters in Canadian fiction Rose and Ruby are twenty nine year old conjoined twins Born during a tornado to a shocked teenaged mother in the hospital at Leaford Ontario they are raised by the nurse who helped usher them into the world Aunt Lovey and her husband Uncle Stash are middle aged and with no children of their own They relocate from the town to the drafty old farmhouse in the country that has been in Lovey s family for generations Joined to Ruby at the head Rose s face is pulled to one side but she has full use of her limbs Ruby has a beautiful face but her body is tiny and she is unable to walk She rests her legs on her sister s hip rather like a small child or a doll In spite of their situation the girls lead surprisingly separate lives Rose is bookish and a baseball fan Ruby is fond of trash TV and has a passion for local history Rose has always wanted to be a writer and as the novel opens she begins to pen her autobiography Here is how she begins I have never looked into my sister s eyes I have never bathed alone I have never stood in the grass at night and raised my arms to a beguiling moon I ve never used an airplane bathroom Or worn a hat Or been kissed like that I ve never driven a car Or slept through the night Never a private talk Or solo walk I ve never climbed a tree Or faded into a crowd So many things I ve never done but oh how I ve been loved And if such things were to be I d live a thousand lives as me to be loved so exponentially Ruby with her marvellous characteristic logic points out that Rose s autobiography will have to be Ruby s as well and how can she trust Rose to represent her story accurately Soon Ruby decides to chime in with chapters of her own The novel begins with Rose but eventually moves to Ruby s point of view and then switches back and forth Because the girls face in slightly different directions neither can see what the other is writing and

they don't tell each other either. The reader is treated to sometimes overlapping stories told in two wonderfully distinct styles. Rose is given to introspection and secrecy. Ruby's style is tell all, frank and decidedly sweet. We learn of their early years as the town freaks and of Lovey's and Stash's determination to give them as normal an upbringing as possible. But when we meet them, both Lovey and Stash are dead; the girls have moved back into town and they've received some ominous news. They are on the verge of becoming the oldest surviving craniopagus joined at the head twins in history, but the question of whether they'll live to celebrate their thirtieth birthday is suddenly impossible to answer. In *Rose and Ruby*, Lori Lansens has created two precious characters, each distinct and loveable in their very different ways, and has given them a world in Leaford that rings absolutely true. The girls are unforgettable. *The Girls* is nothing short of a tour de force. [The Woman in the Middle](#) Milly Johnson, 2021-10-14 THE NEW MILLY JOHNSON NOVEL THE HAPPIEST EVER AFTER IS OUT NOW Shay Bastable is the woman in the middle. She is part of the sandwich generation, caring for her parents and her children, supporting her husband Bruce, holding them all together and caring for them as best she can. Then the arrival of a large orange skip on her mother's estate sets in motion a cataclysmic series of events which leads to the collapse of Shay's world. She is forced to put herself first for a change. But in order to move forward with her present, Shay needs to make sense of her past. And so she returns to the little village she grew up in to uncover the truth about what happened to her when she was younger. And in doing so, she discovers that sometimes you have to hit rock bottom to find the only way is up. Praise for *The Woman in the Middle*.
