Constitution Study Information

You will be responsible for seeking out and remembering all of the following information which will be used on the Constitution Test. This is primarily factual information and can be discovered and learning by YOU without assistance from me. You doing this will leave us with more time, as a class, to discuss and evaluate more sophisticated information that requires interpretations.

1. The year in which the Declaration of Independence was written?
 - a. 1776
2. The author of the Declaration of Independence?
 - a. Thomas Jefferson
3. What are the qualifications to become President of the United States?
 - a. Natural born citizen
 - b. 35 years old
 - c. Resident of the US for at least 14 years
4. For how long does a President of the United States serve?
 - a. 4 year for 2 terms
5. How many justices are there on the United States Supreme Court?
 - a. 9
6. To ratify an amendment to the United States Constitution requires the approval of the legislatures in how many states?
 - a. ¾ or 37 states
7. How many representatives serve in the United States House of Representatives?
 - a. 435
8. There are how many senators in the United States Senate?
 - a. 100
9. Illinois has how many electoral votes?
 - a. 22
10. For how long does a member of the United States House of Representatives serve?
 - a. 2 years
11. If a bill has been voted by the President of the United States that veto may be over-riden by a vote of _____ of both houses of Congress.
 - a. 2/3
12. What are the qualifications to become a member of the United States House of Representatives?
 - a. 25 years old
 - b. Citizen for 7 years

Understanding The Us Constitution Answers

Michael Stokes Paulsen, Luke Paulsen

Understanding The Us Constitution Answers

Understanding the U.S. Constitution, Grades 5 - 8 Stange, 2008-09-08 Bring history to life for students in grades 5 and up using *Understanding the U S Constitution* This 114 page book includes text questions activities and trial tests that explore the three branches of government the Articles and the Amendments The book also includes a Constitution test and answer keys

[The Federalist Papers](#) Alexander Hamilton, John Jay, James Madison, 2018-08-20 Classic Books Library presents this brand new edition of *The Federalist Papers* a collection of separate essays and articles compiled in 1788 by Alexander Hamilton Following the United States Declaration of Independence in 1776 the governing doctrines and policies of the States lacked cohesion *The Federalist* as it was previously known was constructed by American statesman Alexander Hamilton and was intended to catalyse the ratification of the United States Constitution Hamilton recruited fellow statesmen James Madison Jr and John Jay to write papers for the compendium and the three are known as some of the Founding Fathers of the United States Alexander Hamilton c 1755 1804 was an American lawyer journalist and highly influential government official He also served as a Senior Officer in the Army between 1799 1800 and founded the Federalist Party the system that governed the nation s finances His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States

The U.S. Constitution for Everyone Jerome B. Agel, Mort Gerberg, 1991-03-21 History comes alive in this illustrated guide to the Constitution and all 27 Amendments The Constitution has been in the news a lot recently But most of us could probably use a refresher on this founding document of America you can probably name the first and second amendments but what about the 11th or the 22nd And what does all of that formal political language actually mean for us today *The U S Constitution for Everyone* answers these questions and more like How does impeachment work anyway How long is a Senator s term What is covered by freedom of speech What are emoluments How exactly does a bill become a law This book makes understanding your rights easy with clear explanations of the complete text of the U S Constitution as well as all 27 Amendments alongside fascinating historical facts and explanations A must read for students curious citizens and everyone who d like to know more about the supreme laws of our nation

How to Read the Constitution—and Why Kim Wehle, 2019-06-25 A must read for this era that lays out in common sense language how the US Constitution works and how its protections are eroding before our eyes Jake Tapper CNN Anchor and Chief Washington Correspondent The Constitution is the most significant document in America But do you fully understand what it means to you In *How to Read the Constitution and Why* legal expert and educator Kimberly Wehle spells out in clear simple and common sense language what is in the Constitution and most importantly what it means In compelling terms and including text from the United States Constitution she describes how its protections are eroding not only in express terms but by virtue of the many legal and social norms that no longer shore up its legitimacy and why every American needs to

heed to this red flag moment This invaluable and timely resource includes the Constitution in its entirety and covers nearly every significant aspect of the text from the powers of the President and how the three branches of government are designed to hold each other accountable to what it means to have individual rights including free speech the right to bear arms the right to be free from unreasonable searches and seizures and the right to an abortion Finally the book explains why it has never been more important than now for all Americans to know how our Constitution works and why if we don't step in to protect it we could lose its protections forever How to Read the Constitution and Why is essential reading for anyone who cares about maintaining an accountable government and the individual freedoms that the Constitution enshrines for everyone in America regardless of political party [Learn about the United States](#) U.S. Citizenship and Immigration Services,2009 Learn About the United States is intended to help permanent residents gain a deeper understanding of U S history and government as they prepare to become citizens The product presents 96 short lessons based on the sample questions from which the civics portion of the naturalization test is drawn An audio CD that allows students to listen to the questions answers and civics lessons read aloud is also included For immigrants preparing to naturalize the chance to learn more about the history and government of the United States will make their journey toward citizenship a more meaningful one **The Words That Made Us** Akhil Reed Amar,2021-05-04 A history of the American Constitution s formative decades from a preeminent legal scholar When the US Constitution won popular approval in 1788 it was the culmination of thirty years of passionate argument over the nature of government But ratification hardly ended the conversation For the next half century ordinary Americans and statesmen alike continued to wrestle with weighty questions in the halls of government and in the pages of newspapers Should the nation s borders be expanded Should America allow slavery to spread westward What rights should Indian nations hold What was the proper role of the judicial branch In *The Words that Made Us* Akhil Reed Amar unites history and law in a vivid narrative of the biggest constitutional questions early Americans confronted and he expertly assesses the answers they offered His account of the document s origins and consolidation is a guide for anyone seeking to properly understand America s Constitution today *Keeping Faith with the Constitution* Goodwin Liu,Pamela S. Karlan,Christopher H. Schroeder,2010-08-05 Chief Justice John Marshall argued that a constitution requires that only its great outlines should be marked and its important objects designated Ours is intended to endure for ages to come and consequently to be adapted to the various crises of human affairs In recent years Marshall s great truths have been challenged by proponents of originalism and strict construction Such legal thinkers as Supreme Court Justice Antonin Scalia argue that the Constitution must be construed and applied as it was when the Framers wrote it In *Keeping Faith with the Constitution* three legal authorities make the case for Marshall s vision They describe their approach as constitutional fidelity not to how the Framers would have applied the Constitution but to the text and principles of the Constitution itself The original understanding of the text is one source of interpretation but not the only one to preserve the meaning and authority

of the document to keep it vital applications of the Constitution must be shaped by precedent historical experience practical consequence and societal change The authors range across the history of constitutional interpretation to show how this approach has been the source of our greatest advances from Brown v Board of Education to the New Deal from the Miranda decision to the expansion of women s rights They delve into the complexities of voting rights the malapportionment of legislative districts speech freedoms civil liberties and the War on Terror and the evolution of checks and balances The Constitution s framers could never have imagined DNA global warming or even women s equality Yet these and many more realities shape our lives and outlook Our Constitution will remain vital into our changing future the authors write if judges remain true to this rich tradition of adaptation and fidelity

Washington's Farewell Address to the People of the United States, 1796 George Washington,1913

Constitutionalism and the Rule of Law Maurice Adams,Anne Meuwese,Ernst Hirsch Ballin,2017-02-02 Rule of law and constitutionalist ideals are understood by many if not most as necessary to create a just political order Defying the traditional division between normative and positive theoretical approaches this book explores how political reality on the one hand and constitutional ideals on the other mutually inform and influence each other Seventeen chapters from leading international scholars cover a diverse range of topics and case studies to test the hypothesis that the best normative theories including those regarding the role of constitutions constitutionalism and the rule of law conceive of the ideal and the real as mutually regulating

American Government 3e Glen Krutz,Sylvie Waskiewicz,2023-05-12 Black white print American Government 3e aligns with the topics and objectives of many government courses Faculty involved in the project have endeavored to make government workings issues debates and impacts meaningful and memorable to students while maintaining the conceptual coverage and rigor inherent in the subject With this objective in mind the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding to avenues of political participation to thorough coverage of the political structures that constitute American government The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications The goal of each section is to enable students not just to recognize concepts but to work with them in ways that will be useful in later courses future careers and as engaged citizens In order to help students understand the ways that government society and individuals interconnect the revision includes more examples and details regarding the lived experiences of diverse groups and communities within the United States The authors and reviewers sought to strike a balance between confronting the negative and harmful elements of American government history and current events while demonstrating progress in overcoming them In doing so the approach seeks to provide instructors with ample opportunities to open discussions extend and update concepts and drive deeper engagement

How Constitutional Rights Matter Adam S. Chilton,Mila Versteeg,2020 Do countries that add rights to their constitutions actually do better at protecting those rights This study

draws on global statistical analyses and survey experiments to answer this question It explores whether constitutionalizing rights improves respect for those rights in practice

The Broken Constitution Noah Feldman, 2021-11-02 A New York Times Book Review Editors Choice An innovative account of Abraham Lincoln constitutional thinker and doer Abraham Lincoln is justly revered for his brilliance compassion humor and rededication of the United States to achieving liberty and justice for all He led the nation into a bloody civil war to uphold the system of government established by the US Constitution a system he regarded as the last best hope of mankind But how did Lincoln understand the Constitution In this groundbreaking study Noah Feldman argues that Lincoln deliberately and recurrently violated the United States founding arrangements When he came to power it was widely believed that the federal government could not use armed force to prevent a state from seceding It was also assumed that basic civil liberties could be suspended in a rebellion by Congress but not by the president and that the federal government had no authority over slavery in states where it existed As president Lincoln broke decisively with all these precedents and effectively rewrote the Constitution s place in the American system Before the Civil War the Constitution was best understood as a compromise pact a rough and ready deal between states that allowed the Union to form and function After Lincoln the Constitution came to be seen as a sacred text a transcendent statement of the nation s highest ideals *The Broken Constitution* is the first book to tell the story of how Lincoln broke the Constitution in order to remake it To do so it offers a riveting narrative of his constitutional choices and how he made them and places Lincoln in the rich context of thinking of the time from African American abolitionists to Lincoln s Republican rivals and Secessionist ideologues Includes 8 Pages of Black and White Illustrations

The Heritage Guide to the Constitution David F. Forte, Matthew Spalding, 2014-09-16 A landmark work of more than one hundred scholars *The Heritage Guide to the Constitution* is a unique line by line analysis explaining every clause of America s founding charter and its contemporary meaning In this fully revised second edition leading scholars in law history and public policy offer more than two hundred updated and incisive essays on every clause of the Constitution From the stirring words of the Preamble to the Twenty seventh Amendment you will gain new insights into the ideas that made America important debates that continue from our Founding and the Constitution s true meaning for our nation

America's Unwritten Constitution Akhil Reed Amar, 2012-09-11 Reading between the lines America s implicit Constitution Heeding the deed America s enacted Constitution Hearing the people America s lived Constitution Confronting modern case law America s warrented Constitution Putting precedent in its place America s doctrinal Constitution Honoring the icons America s symbolic Constitution Remembering the ladies America s feminist Constitution Following Washington s lead America s Georgian Constitution Interpreting government practices America s institutional Constitution Joining the party America s partisan Constitution Doing the right thing America s conscientious Constitution Envisioning the future America s unfinished Constitution

Afterward Appendix America s written Constitution *The Living Constitution* David A. Strauss, 2010-05-19 Supreme Court

Justice Antonin Scalia once remarked that the theory of an evolving living Constitution effectively rendered the Constitution useless. He wanted a dead Constitution, he joked, arguing it must be interpreted as the framers originally understood it. In *The Living Constitution*, leading constitutional scholar David Strauss forcefully argues against the claims of Scalia, Clarence Thomas, Robert Bork, and other originalists, explaining in clear, jargon-free English how the Constitution can sensibly evolve without falling into the anything-goes flexibility caricatured by opponents. The living Constitution is not an out-of-touch liberal theory, Strauss further shows, but a mainstream tradition of American jurisprudence, a common-law approach to the Constitution rooted in the written document but also based on precedent. Each generation has contributed precedents that guide and confine judicial rulings yet allow us to meet the demands of today, not force us to follow the commands of the long-dead Founders. Strauss explores how judicial decisions adapted the Constitution's text and contradicted original intent to produce some of our most profound accomplishments: the end of racial segregation, the expansion of women's rights, and the freedom of speech. By contrast, originalism suffers from fatal flaws: the impossibility of truly divining original intent, the difficulty of adapting eighteenth-century understandings to the modern world, and the pointlessness of chaining ourselves to decisions made centuries ago. David Strauss is one of our leading authorities on Constitutional law, one with practical knowledge as well, having served as Assistant Solicitor General of the United States and argued eighteen cases before the United States Supreme Court. Now he offers a profound new understanding of how the Constitution can remain vital to life in the twenty-first century.

How Our Laws are Made John V. Sullivan, 2007 *A More Perfect Union*, 1986 Reprint Originally published Washington D.C. National Archives Trust Fund Board 1978 *Our American Government*, 2003 The Committee on House Administration is pleased to present this revised book on our United States Government. This publication continues to be a popular introductory guide for American citizens and those of other countries who seek a greater understanding of our heritage of democracy. The question and answer format covers a broad range of topics dealing with the legislative, executive, and judicial branches of our Government, as well as the electoral process and the role of political parties.

The Constitution Michael Stokes Paulsen, Luke Paulsen, 2017-01-03 The definitive modern primer on the US Constitution, an eloquent testament to the Constitution as a covenant across generations. National Review. From freedom of speech to gun ownership, religious liberty to abortion, practically every aspect of American life is shaped by the Constitution. Yet most of us know surprisingly little about the Constitution itself. In *The Constitution*, legal scholars Michael Stokes Paulsen and Luke Paulsen offer a lively introduction to the supreme law of the United States. Beginning with the Constitution's birth in 1787, Paulsen and Paulsen offer a grand tour of its provisions, principles, and interpretation, introducing readers to the characters and controversies that have shaped the Constitution in the 200-plus years since its creation. Along the way, the authors correct popular misconceptions about the Constitution and offer powerful insights into its true meaning. This lucid guide provides readers with the tools to think critically about constitutional issues, a skill that is ever

more essential to the continued flourishing of American democracy **The Living U.S. Constitution** Saul K. Padover, 1995-05-01 This invaluable book updated the study of constitutional law with the addition of twenty contemporary Supreme Court cases dealing with such controversial topics as the legislative veto stop and frisk set asides to benefit minorities and hate speech Beginning with the story of the forming of the Constitution it includes illuminating character sketches of the delegates written by their contemporaries as well as the complete text of the Constitution itself The Supreme Court decisions that the author cites were selected for their variety and complexity and because they shed light on the problems that arise under the rule of the Constitution and the interpretations of that rule This third edition was prepared by Jacob W Landynski an expert on constitutional law and a longtime colleague at the New School for Social Research of the original author the outstanding historian and political scientist Saul K Padover Besides adding twenty additional cases Professor Landynski re edited the existing cases and rewrote the case introductions throughout in order to make the book as informative and concise as possible The result is a unique and important contribution toward understanding the document upon which our nation is founded
