The Mythology of Crime and Criminal Justice Victor E. Kappeler, Gary W. Potter, 2017-07-18 The social construction of crime is often out of proportion to the threat posed. The media and advocacy groups shine a spotlight on some crimes and ignore others. Street crime is highlighted as putting everyone at risk of victimization while the greater social harms from corporate malfeasance receive far less attention. Social arrangements dictate what is defined as crime and the punishments for those who engage in the proscribed behavior. Interest groups promote their agendas by appealing to public fears. Justifications often have no basis in fact but the public accepts the exaggerations and blames the targeted offenders. The net widening effect of more laws and more punishment catches those least able to defend themselves. This innovative alternative to traditional textbooks provides insightful observations of myths and trends in criminal justice. Fourteen chapters challenge misconceptions about specific crimes or aspects of the criminal justice system. Kappeler and Potter dissect popular images of crimes and criminals in a cogent, compelling, and engaging manner. They trace the social construction of each issue and identify the misleading statistics and fears that form the basis of myths and the collateral damage of basing policies on mythical beliefs. The authors encourage skepticism about commonly accepted beliefs, offer readers a fresh perspective, and urge them to analyze important issues from novel vantage points.

Class, Race, Gender, and Crime Gregg Barak, Paul Leighton, Jeanne Flavin, 2010-07-16 A decade after its first publication, *Class, Race, Gender, and Crime* remains the only authored book to systematically address the impact of class, race, and gender on criminological theory and all phases of the criminal justice process. The new edition has been thoroughly revised for easier use in courses and updated throughout, including new examples ranging from Bernie Madoff and the recent financial crisis to the increasing impact of globalization.

Crime and the American Dream Steven F. Messner, Richard Rosenfeld, 2012-06-14 Authored by Steven Messner and Richard Rosenfeld, both highly respected scholars and researchers, *CRIME AND THE AMERICAN DREAM* 5th Edition is the seminal work in a major segment of criminological theory. The foundation of the book is institutional anomie theory, an offshoot of Mertonian anomie theory, which the authors posit helps to explain why America's overemphasis on the pursuit of materialistic gain contributes to the country's high rate of violent crime. Featuring a very clear and accessible writing style, this is a theory book that students will actually understand. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Class, Race, Gender, and Crime Gregg Barak, Paul Leighton, Allison Cotton, 2018-03-15 *Class, Race, Gender, and Crime* is a popular and provocative introduction to crime and the criminal justice system through the lens of class, race, gender, and their intersections. The book systematically explores how the main sites of power and privilege in the United States consciously or unconsciously shape our understanding of crime and justice in society today. The fifth edition maintains the overall structure of the fourth edition, including consistent headings in chapters for class, race, gender, and intersections, with updated examples, current data, and recent theoretical developments throughout. This new edition includes expanded discussions of police violence and the Black Lives Matter movement, immigration, and queer criminology. This book is accompanied by instructor ancillaries. See the Resources tab for more information. Instructor's Manual: For each chapter in the text, this valuable resource provides a chapter outline, chapter summary, and suggestions for additional projects and activities related to the chapter.
