The Sacred Tradition in Ancient Egypt Dec 15 2022 An Egyptologist who reads Egyptian hieroglyphics firsthand examines the esoteric tradition of Egypt in remarkable detail, exploring the dimensions of the language, cosmology, and temple life to show that a sacred mandate--the transformation of the human condition into its original cosmic substance--formed the foundation of Egypt's endeavors and still has great relevance today.

Lost Knowledge of the Imagination Mar 18 2023 The ability to imagine is at the heart of what makes us human. Through our imagination we experience more fully the world both around us and within us. Imagination plays a key role in creativity and innovation. Until the seventeenth century, the human imagination was celebrated. Since then, with the emergence of science as the dominant worldview, imagination has been marginalised -- depicted as a way of escaping reality, rather than knowing it more profoundly -- and its significance to our humanity has been downplayed. Yet as we move further into the strange new dimensions of the twenty-first century, the need to regain this lost knowledge seems more necessary than ever before. This insightful and inspiring book argues that, for the sake of our future in the world, we must reclaim the ability to imagine and redress the balance of influence between imagination and science. Through the work of Owen Barfield, Goethe, Henry Corbin, Kathleen Raine, and others, and ranging from the teachings of ancient mystics to the latest developments in neuroscience, *The Lost Knowledge of the Imagination* draws us back to a philosophy and tradition that restores imagination to its rightful place, essential to our knowing reality to the full, and to our very humanity itself.

Spiritual Dimensions of Psychology Jul 10 2022 In *Spiritual Dimensions of Psychology* Hazrat Inayat Khan explores the purification and training of the psyche, its use as a tool in spiritual growth, and the inner teachings of the mystics on meditation, contemplation, intuition, visionary dreams, inspiration, revelation. The revised edition includes three new chapters as well as additional material, all from original sources.

The Progressive Personality Oct 13 2022 This book appears to be another in a series of books explaining, or introducing the Esoteric dimensions of Man..... while at the same time using a special "Esoteric Truth" lens to view [expose] a most unusual phenomenon we currently refer to as Progressivism. If you have ever wondered how it is that a conservative and a liberal seem to talk past one another, and neither seems to "hear" what the other is saying.... this book explains what causes this phenomenon. This book also explains how this phenomenon is Psychological, and not something ones brain can explain. The term "Psychological" refers to those dimensions of Man that the brain cannot perceive, think about, or discover. And this may come as a surprise to many? This book is not an easy or quick read. The reason is that most of this book reveals phenomena that is largely denied, ignored, or feared in America today. The Esoteric two-thirds of Man, in other words. That is, the MIND and Spiritual realms "within" Man. And, the author insists, "it is not possible to study Man, and certainly not possible to understand Man while in denial of two-thirds of Man". Perhaps the author has a point?

The Inner Dimensions of Life Nov 25 2023 *The Inner Dimensions of Life* is a compressed yet exhaustive educational presentation of the esoteric teachings in three volumes, subtitled *Esoteric Philosophy*, *Esoteric Psychology*, and *Esoteric Sociology*. With a background in many years of work as a teacher in his Esoteric School, the author has gathered and edited a comprehensive and thoroughly tested curriculum, including illustrations and copious source references. Thus, the work appeals to readers who will be content with a general view, as well as those who wish to delve deeper into the subject. The third volume, *Esoteric Sociology*, touches upon the way one as an esotericist can relate to groups, society, and the world in general. The global perspective is dealt with in four chapters on *The Law of Karma*, *The Dark Forces*, *The New Group of World Servers*, and *The Externalization of the Hierarchy*. These are followed by a chapter on *Economy* - the cause of many of humanity's current problems, which are treated in the next chapter. The book and the work is concluded with the subject *Group Work*, which perhaps holds the most important message for humans nearing an esoteric approach to life.

Frithjof Schuon Feb 14 2023 The first book in English devoted to the religious philosopher Frithjof Schuon (1907–1998) to appear since his death, this biography also provides an analysis of his work and spiritual teachings. Relying on Schuon's published works as well as unpublished correspondence and other documents, the authors highlight the originality of Schuon's life and teachings in terms of his consistent focus on esoterism, defined as the inner penetration of sacred forms and spiritual practices vis-à-vis the *religio perennis*, the eternal wisdom that lies at the core of all sacred paths. Schuon's life, they argue, is a quest for the inner meaning of religious experience, as is indicated by his connections to Christianity, Hinduism, Islam, and Native American Shamanism. Spiritual seekers from all backgrounds will appreciate this comprehensive study of this towering figure of comparative religion.

Esoteric Cosmology Jan 28 2024 Embark on a profound journey through the cosmos, transcending spatial confines and delving into the mystical realms beyond, with "*Esoteric Cosmology: Exploring the Mystical Dimensions of the Universe*." This comprehensive guide offers a detailed exploration of esoteric cosmology, an enlightening discipline that presents an alternate perspective on the nature of the universe and our place within it. Starting with an in-depth introduction to the groundwork of esoteric cosmology, this enlightening text guides you through the historical evolution of this profound discipline. It then ascends through the seven planes of existence, and offers an esoteric perspective on the solar system denoting the Earth's seven sacred planets and the non-sacred others. The study introduces you to fascinating cosmic entities, presenting intriguing theories of deity and spiritual hierarchies. Delving into the human soul, the book elaborates on our cosmic journey, provides an insightful account of the soul's atomic structure and evolution. This comprehensive guide also journeys through universal laws such as Karma and Rebirth, expounds on the principles of correspondence, and introduces the mystical path and its significance in esoteric cosmology. Unveil the mystical bridge between esoteric cosmology and alchemy, characterized by concepts like *The Alchemical Marriage* and its significance in spiritual growth. Discover the influential role of Theosophy in modern esoteric cosmology and uncover how it shapes our understanding of the planetary Logoi and its link to human spirituality. Dive into the various spheres of divine evolution, explore the spiritual significance of the zodiac in astrology, and understand the connection between human evolution and astrological ages. Peek into the future of this mystical realm as we explore the theoretical alignments between esoteric cosmology and quantum physics under the lens of quantum mysticism. Finally, contemplate the future and relevance of esoteric cosmology in the context of our current technological era and modern times. "*Esoteric Cosmology: Exploring the Mystical Dimensions of the Universe*" is a treasure trove of wisdom for spiritual seekers, those curious about alternative cosmological theories, and for all those intrigued by the mystical side of the Universe. Harness the power of the cosmos and unlock the spiritual secrets of the universe with this comprehensive guide. Start your cosmic journey today!

Esoteric Astrology Jan 04 2022 If you are interested in understanding more about your true self, the purpose of life and your spiritual path, *Esoteric Astrology* is the book for you. You will be guided into a deeper dimension of astrology and the spiritual laws behind all life, for example the law of reincarnation and karma. There is a great difference between esoteric astrology that interprets the horoscope from the viewpoint of the soul, and traditional astrology that often is preoccupied with outer events and the desires and reactions of the outer self. An esoteric astrologer looks for the purpose of the soul, and the inner causes behind what happens to you in life. What are your talents and limitations, so that you can make use of and increase your good sides and eliminate or limit the bad habits. The book is written in a simple language, it is a beginner's guide to astrology. You will need no previous knowledge about astrology to read this book. This book is meant for anyone who is interested in spirituality and astrology. But it is also recommended for you who have studied astrology and wish to add a spiritual dimension to the subject. This book includes many important areas, such as: human relations, how to cast a horoscope, diseases, the purpose of life, and an esoteric interpretation of the signs. The book helps you to understand more about yourself. But to this is added astrology for humanity and nations, how astrological energies are influencing and are determinative for society. From the perspective of a spiritual background, this is indeed an entirely new way of looking at our civilization.

Esoteric Lacan Feb 02 2022 Jacques Lacan was fascinated with forms of the "religious" throughout his life, from monotheism, which shaped his account of the signifier, to modern occultism, as he was well acquainted with the

writings of figures such as Oskar Goldberg and René Guénon. Lacan also repeatedly turned to non-European religiosities to test the limits of psychoanalytic theory. In his yearly seminars he engaged with traditions such as Kabbalah and Taoism, going beyond the Western Christian, capitalist and postcolonial setting of the French university to search for a possible outside to psychoanalysis. But such a quest ultimately recapitulates Lacan's constant awareness of the desire for a new master, and the still open question regarding the names and meanings that this desire may yield. This anthology of eleven essays, which travel from gnosticism to sufism, from afro-pessimism to post-68 ex-Maoist apocalypticism, investigates these unresolved threads that Lacan left behind. Beneath the exoteric psychoanalytic apparatus of Lacan's thought, there is an esoteric Lacan who remains unexplored.

The Inner Dimensions of Life Jul 22 2023 The Inner Dimensions of Life is a compressed yet exhaustive, educational presentation of the esoteric teaching in three volumes. The author has, with a background in many years of work as a teacher in his Esoteric School, gathered and edited a comprehensive and thoroughly tested curriculum, including illustrations and copious source references. Thus the work appeals to all kinds of readers, that is, those who will be content with the breadth of view, as well as those who want to delve deeper into the subject. The first volume, Esoteric Philosophy, offers an introduction to all the basic concepts of the esoteric teaching, beginning with the esoteric "Genesis" or Creation Account, The 7 Planes, and further on to the Constitution of Man, Death and New Birth, Evolution - Reincarnation and Karma, the Path of Initiation, the Path of Discipleship, the 7 Rays, the Evolution of Consciousness, Cosmology, the Esoteric World History, the Inner World Government, the New Evolutionary Impulse and the Deva Kingdom. The two final volumes are entitled Esoteric Psychology and Esoteric Sociology respectively. With his ability to facilitate a material which is difficult to get at in a clear and well-arranged way Niels Bronsted (born 1938) has inspired hundreds of students in Denmark, the rest of Scandinavia and other places abroad. Moreover, he is the author of the book: Meditation - The Royal Road to the Soul, which has now been included into the second volume of this work, The Inner Dimensions of Life.

Jung the Mystic Jul 02 2024 Bold and compact, this new biography of Carl Jung fills a gap in the understanding of the pioneering psychiatrist by focusing on the occult and mystical dimension of Jung's life and work, a critical but frequently misunderstood facet of his career.

A Secret History of Consciousness Jun 08 2022 For the last four centuries, science has tried to account for everything in terms of atoms and molecules and the physical laws they adhere to. Recently, this effort was extended to try to include the inner world of human beings. Gary Lachman argues that this view of consciousness is misguided and unfounded. He points to another approach to the study and exploration of consciousness that erupted into public awareness in the late 1800s. In this "secret history of consciousness," consciousness is seen not as a result of neurons and molecules, but as responsible for them; meaning is not imported from the outer world, but rather creates it. In this view, consciousness is a living, evolving presence whose development can be traced through different historical periods, and which evolves along a path to a broader, more expansive state. What that consciousness may be like and how it may be achieved is a major concern of this book. Lachman concentrates on the period since the late 1800s, when Madame Blavatsky first brought the secret history out into the open. As this history unfolds, we encounter the ideas of many modern thinkers, from esotericists like P. D. Ouspensky, Rudolf Steiner, and Colin Wilson to more mainstream philosophers like Henri Bergson, William James, Owen Barfield and the psychologist Andreas Mavromatis. Two little known but important thinkers play a major role in his synthesis --Jurij Moskvitin, who showed how our consciousness relates to the mechanisms of perception and to the external world, and Jean Gebser, who presented perhaps the most impressive case for the evolution of consciousness. An important contribution to the study of consciousness ... a must-read.

The Inner Dimensions of Life Dec 27 2023 The Inner Dimensions of Life is a compressed yet exhaustive educational presentation of the esoteric teachings in three volumes, subtitled Esoteric Philosophy, Esoteric Psychology, and Esoteric Sociology. With a background in many years of work as a teacher in his Esoteric School, the author has gathered and edited a comprehensive and thoroughly tested curriculum, including illustrations and copious source references. Thus, the work appeals to readers who will be content with a general view, as well as those who wish to delve deeper into the subject. The second volume, Esoteric Psychology, describes the conscious mental life of human beings and its evolution. After the Introduction and an exposition of The Emotional Life, The Mental Life, and The Will Life, ensues a comprehensive chapter on the Personality. The next chapters concern the Building of the Antahkarana, Consciousness, Telepathy, Clairvoyance, and spiritual Guidance, and Dreams and Obsession. The book is rounded off with a thorough introduction to Meditation, the basic technique for spiritual development.

Awakening to the Fifth Dimension May 27 2021 Elevate your consciousness and heal your life. In Awakening to the Fifth Dimension, author Kimberly Meredith offers readers something truly revolutionary—a new dimension of healing. Discovering her healing gifts after two near death experiences in 2013, she is now one of the most in-demand medical intuitive healers in the nation, traveling the country to speak at events, appearing at major consciousness and global virtual events, and offering healing to those who so desperately in need. Here in these pages, Kimberly shares her gift for the first time with a wider audience, giving readers the tools to implement this healing in their own lives. Whether you are wrestling with chronic illness, seemingly untreatable symptoms, or other mental, emotional, or physical ailments, Kimberly's gentle wisdom offers a way forward towards happiness and freedom. Filled with instruction, case studies, testimonials, nutritional advice, and practical methods to raise your consciousness Awakening to the Fifth Dimension will empower readers to confront their own health struggles and find true, lasting healing.

Scientific and Esoteric Studies in Sexual Degeneration in Mankind and in Animals Mar 06 2022 This is a new release of the original 1932 edition.

Swedenborg and Esoteric Islam Aug 30 2021 This first English translation contains two essays by the eminent French Islamic scholar Henry Corbin: "Mundus Imaginalis, or the Imaginary and the Imaginal" and "Comparative Spiritual Hermeneutics." Corbin called Emanuel Swedenborg "the prophet of the internal sense of the Bible" and compared his biblical symbolism to the Quranic interpretations of the great Islamic mystics.

The Inner Dimensions of Life Mar 25 2021 The Inner Dimensions of Life is a compressed yet exhaustive educational presentation of the esoteric teachings in three volumes, subtitled Esoteric Philosophy, Esoteric Psychology, and Esoteric Sociology. With a background in many years of work as a teacher in his Esoteric School, the author has gathered and edited a comprehensive and thoroughly tested curriculum, including illustrations and copious source references. Thus, the work appeals to readers who will be content with a general view, as well as those who wish to delve deeper into the subject. The third volume, Esoteric Sociology, touches upon the way one as an esotericist can relate to groups, society, and the world in general. The global perspective is dealt with in four chapters on The Law of Karma, The Dark Forces, The New Group of World Servers, and The Externalization of the Hierarchy. These are followed by a chapter on Economy - the cause of many of humanity's current problems, which are treated in the next chapter. The book and the work is concluded with the subject Group Work, which perhaps holds the most important message for humans nearing an esoteric approach to life.

Theosophia Aug 23 2023 Traces a long-hidden esoteric stream in Christianity and discovers a powerful gnostic spirituality.

Dimensions of Faith: Esoteric Viewpoint Apr 30 2024 This book is an intensive look into hidden aspects of faith with lens of heart, mind, intellect, knowledge, history, scriptures and human dimensions as well as, human soul.

Occult Roots of Religious Studies Apr 26 2021 The historiographers of religious studies have written the history of this discipline primarily as a rationalization of ideological, most prominently theological and phenomenological ideas: first through the establishment of comparative, philological and sociological methods and secondly through the demand for intentional neutrality. This interpretation caused important roots in occult-esoteric traditions to be repressed. This process of "purification" (Latour) is not to be equated with the origin of the academic studies. De facto, the elimination of idealistic theories took time and only happened later. One example concerning the early entanglement is Tibetology, where many researchers and respected chair holders were influenced by theosophical ideas or were even members of the Theosophical Society. Similarly, the emergence of comparatistics cannot be understood without taking into account perennialist ideas of esoteric provenance, which hold that all religions have a common origin. In this perspective, it is not only the history of religious studies which must be revisited, but also the partial shaping of religious studies by these traditions, insofar as it saw itself as a counter-model to occult ideas.

The Way of Initiation Feb 22 2021 "The Way of Initiation" is a book written by Rudolf Steiner, an Austrian philosopher, esotericist, and founder of anthroposophy. The book was first published in German in 1904 under the title "Wie erlangt man Erkenntnisse der höheren Welten?" ("How to Attain Knowledge of the Higher Worlds"). In "The Way of Initiation," Steiner explores spiritual development and the path to higher knowledge. He provides guidance and insights for individuals seeking a deeper understanding of the spiritual dimensions of existence. The book is a foundational text within the broader anthroposophical movement, which emphasizes the development of the human spirit and the connection between the spiritual and material worlds. Key themes in the book include: Self-Development: Steiner discusses the importance of inner development and self-transformation as a means to attain higher knowledge. This involves cultivating one's spiritual faculties and overcoming personal limitations. Esoteric Practices: The book outlines various esoteric practices and exercises intended to awaken higher spiritual faculties. These

practices may include meditation, concentration, and the development of inner perception. Understanding the Spiritual World: Steiner provides insights into the nature of the spiritual world, including the existence of higher spiritual beings and the interconnectedness of all existence. Moral and Ethical Development: The path to spiritual initiation, according to Steiner, is closely tied to moral and ethical development. He emphasizes the importance of cultivating virtues and a sense of responsibility. Initiation: Steiner describes the stages of initiation and the transformative experiences that individuals may undergo on the path to higher knowledge. "The Way of Initiation" is written in a style that combines philosophy, mysticism, and practical guidance. It serves as a guide for individuals interested in exploring the deeper dimensions of human consciousness and spirituality. Keep in mind that Steiner's teachings are associated with anthroposophy, a spiritual philosophy that has its own set of principles and practices.

Modern Esoteric Spirituality Nov 01 2021 "An excellent overview of spiritual movements throughout the last few centuries . . . a superb panorama" (The Book Reader), this book covers esoterica from its ancient beginnings through the alchemists to Gurdjieff and Jung.

Esoteric Cosmology and Modern Physics Oct 01 2021 This book endeavours to integrate the concepts gleaned through modern physics with those of the esotericist, hence with the lore derived from meditative penetration of high dimensions of perception. This incorporates the n??? and chakra system, via which all phenomena is derived, and of the nature of the projection of thought-forms from the subjective domains to the phenomenal world. This book consequently endeavours to show how the laws discovered by physicists derive from those of the subjective universe. Many abstruse ideas therefore need to be discussed which the scientifically minded are unaware, as well as unfamiliar concepts for most religionists and philosophers. Hopefully this syncretic approach will evoke many revelations in all these schools of thought. Readers should not dismiss the ideas presented out of hand, but rather should rationalise what is logically correct as a valid basis for further research and enquiry into the origin and nature of things.

Esoteric Christianity Nov 13 2022 This Is A New Release Of The Original 1918 Edition.

Positive Dimensional Systems Jun 28 2021 Our Message consolidates the Positivity already observed since time immemorial, as in ancient cults, classical religions, empirical, mystical, and esoteric rites, cosmic approaches and, among others, in the Uniqueness of the Creator, to present a Proposal of Light, Love and Peace, in order to be one more instrument in evolutionary aid. The Proposal was conceived as a firm synthesized script of practices supported by related Positive Dimensions, to help three-dimensional earthly humanity evolve and successfully cross over the current Planetary Transition in which it is involved, embracing this new opportunity for Ascension into a New Age. It is necessary to keep body, mind, and spirit healthy, analytical and upright, releasing compulsory ties and reaching Consciential Autonomy, without fears, manipulations, obscurities, or fascinations, so that there is a choice in Free Will, affinity, and respect for the Universal Laws, thus directing the Immortal Being to a path that is positive, fulfilling, happy and of the common good.

The New Age of Russia Mar 30 2024

Wisdom's Children Jan 16 2023 The first book in English to provide an in-depth introduction to the Christian theosophic tradition that began with Jacob Boehme, *Wisdom's Children* brings us into a startling new world of experiential spirituality that is in fact the Christian equivalent of Sufism and Kabbalism. With biographic introductions to major theosophers and detailed discussions of theosophic authors such as John Pordage, Jane Leade, Dionysius Freher, and Johann Gichtel—as well as a survey of their major theosophic cosmological and metaphysical teachings—this book is an indispensable guide to the hidden history of Protestantism and its ramifications today. With chapters discussing theosophy in relation to Gnosticism, magic, astrology, alchemy, and other Western esoteric traditions, *Wisdom's Children* is situated solidly in its historical context using primary works from the tradition itself. The book also provides unexpected insights into how this modern gnostic tradition speaks to us today, and suggests how this tradition could spark a "new Renaissance" to link spirituality, the arts, and the sciences in a new and encompassing vision.

The Fifth Dimension Jul 30 2021 The case for a bigger, more complete picture of reality in which a fifth, spiritual dimension plays a central role. Many of us today are all too willing to accept a humanist and scientific account of the universe which considers human existence as a fleeting accident. The triumph of John Hick's gripping work is his exposure of the radical insufficiency of this view. Drawing on mystical and religious traditions ancient and modern, and spiritual thinkers as diverse as Julian of Norwich and Mahatma Gandhi, he has produced a tightly argued and thoroughly readable case for a bigger, more complete, picture of reality in which a fifth, spiritual dimension, plays a central role. 'Essential reading for anyone concerned with spirituality in the modern world' Professor Keith Ward, University of Oxford. Erudite, provocative and deeply moving, Hick's persuasive narrative will prompt all curious readers to re-examine their own spiritual horizons. 'This stimulating book opens up many fundamental issues that must concern everyone. It deserves to be widely read. ' Expository Times 'Learned, lucid and engaging, easy to read and easy to applaud for its sheer clarity of style and its breadth of interest, even when one disagrees with it!' Anvil

The Book of Confessions Apr 18 2023 The occult has been shrouded in mystery and convoluted terminology. The Book of Confessions removes that shroud and demystifies this sphere of human existence. It is the birthright of whoever desires to know this dimension of life to have access. Of course, the practises in this book, while they do lead to a heightened state of consciousness, should not be used to harm others. These formerly obscured secrets, revealed in the Book of Confessions in layman's terms, could be what you need to spice up your life or synergise your spiritual study. This book is a concise introduction to occultism and esotericism, which skips the fear-mongering and idle dismissal. Offering a new perspective on the practical applications such knowledge may have in the improvement of your life. You will find in the book: - Hermetic Principles that underpin all the complicated New Age explanations of the law of attraction. - Astro-mental meditation practises to awaken one of the deepest dimensions of your being. - Magical Perceptions that will change the way you see the world. - Experiments to help you get started such as: - Tulpa creation. - Astral projection. - Lucid dreaming. - Tools to assist the novice practitioner. - Energy body systems (Ten Sefirot, Chakras, Astro-mental energy centers...). - Modes of the Mind that are most conducive to energy work. - Meditations to develop dormant powers. - A detailed introduction to the Brahmacharya system that will enhance your practice. - A short discourse on the "Power of Belief" and the relation of science and spirituality. - A link to a free book that will unify the essence of many spiritual practises. and much more priceless knowledge, this is just the tip of the iceberg. © Ikiké Press, 2020

The Inner Dimensions of Life Feb 27 2024 The Inner Dimensions of Life is a compressed yet exhaustive educational presentation of the esoteric teachings in three volumes, subtitled Esoteric Philosophy, Esoteric Psychology, and Esoteric Sociology. With a background in many years of work as a teacher in his Esoteric School, the author has gathered and edited a comprehensive and thoroughly tested curriculum, including illustrations and copious source references. Thus, the work appeals to readers who will be content with a general view, as well as those who wish to delve deeper into the subject. The first volume, Esoteric Philosophy, offers an introduction to all the basic concepts of the esoteric teaching, beginning with the esoteric "Genesis" or Creation Account, The 7 Planes, and further on to the Constitution of Man, Death and New Birth, Evolution - Reincarnation and Karma, the Path of Initiation, the Path of Discipleship, the 7 Rays, the Evolution of Consciousness, Cosmology, the Esoteric World History, the Inner World Government, the New Evolutionary Impulse, and the Deva Kingdom.

The Quest For Hermes Trismegistus Apr 06 2022 From the sands of Alexandria via the Renaissance palaces of the Medicis, to our own times, this spiritual adventure story traces the profound influence of Hermes Trismegistus -- the 'thrice-great one', as he was often called -- on the western mind. For centuries his name ranked among the most illustrious of the ancient world. Considered by some a contemporary of Moses and a forerunner of Christ, this almost mythical figure arose in fourth century BC Alexandria, from a fusion of the Egyptian god Thoth and the Greek god Hermes. Master of magic, writing, science, and philosophy, Hermes was thought to have walked with gods and be the source of the divine wisdom granted to man at the dawn of time. Gary Lachman has written many books exploring ancient traditions for the modern mind. In *The Quest for Hermes Trismegistus*, he brings to life the mysterious character of this great spiritual guide, exposing the many theories and stories surrounding him, and revitalizing his teachings for the modern world. Through centuries of wars, conquests and religious persecutions, the fragile pages of the teachings of Hermes Trismegistus have still survived. This is a book for all thinkers and enquirers who want to recover that lost knowledge and awaken a shift in human consciousness.

Jung the Mystic Jun 01 2024

An Outline of Occult Science Sep 23 2023 "An Outline of Occult Science: 4th Edition" Embark on a profound exploration of the mystical realms with "An Outline of Occult Science," now in its illuminating 4th Edition, penned by the renowned philosopher and visionary Rudolf Steiner, Ph.D. In this timeless work, Steiner beckons readers to venture beyond the veil of the material world, guiding them through the esoteric dimensions of existence. As a trailblazing

philosopher and esotericist, Rudolf Steiner delves into the intricacies of occult knowledge, presenting a comprehensive outline that transcends the ordinary boundaries of understanding. This 4th Edition, meticulously revised, reflects Steiner's continued dedication to unlocking the secrets of the unseen, providing readers with a roadmap to the hidden wisdom that shapes the fabric of the cosmos. From the enigmatic realms of spiritual forces to the cosmic mysteries of karma and reincarnation, Steiner's insightful prose invites readers to contemplate the profound interconnectedness of the spiritual and material worlds. Drawing on his extensive background in philosophy and spiritual science, Steiner unfolds a narrative that stimulates the mind and nourishes the soul. "An Outline of Occult Science: 4th Edition" is not merely a book; it is a gateway to higher understanding. Steiner's eloquent words serve as a beacon for those seeking wisdom beyond the surface, offering a transformative journey into the heart of occult knowledge. Whether you are a seasoned seeker or a curious novice, this edition is a must-have for those who dare to explore the hidden dimensions of existence under the expert guidance of Rudolf Steiner, Ph.D.

The True Church of Christ Exoteric and Esoteric Jun 20 2023 In this thought-provoking work, John William Brodie-Innes argues that the true church of Christ is not an institution or a set of doctrines, but a spiritual essence that exists within every true believer. Drawing on the esoteric traditions of Christianity, Brodie-Innes explores the inner meaning of the Bible, and presents a compelling vision of a Christianity that transcends narrow sectarianism and dogmatism. This book is a must-read for anyone interested in the mystical and esoteric dimensions of Christianity. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Caretakers of the Cosmos Dec 03 2021 Drawing on esoteric, spritual and philosophical thought, this book cononsiders the all-important question -- why are we here? -- and offers a counter-argument to the current nihilism prevalent in our world.

The Cloud Upon the Sanctuary May 08 2022 *The Cloud Upon the Sanctuary* by Karl von Eckartshausen is a mystical and esoteric work that explores the spiritual dimensions of life and the pursuit of divine wisdom. Originally written in the late 18th century, this timeless masterpiece invites readers into a world of sacred knowledge and inner transformation.

The Matchless Altar of the Soul Aug 11 2022

Occult Principles Of Health and Healing May 20 2023 *Occult Principles of Health and Healing* by Max Heindel is a comprehensive exploration of the esoteric and spiritual dimensions of health and well-being. Originally published in the early 20th century, this book delves into the hidden principles that underlie physical, mental, and spiritual health, providing readers with a guide to understanding and harmonizing the various aspects of their being.

Peacock Angel Sep 11 2022 • Explains how the Yezidis worship Melek Ta'us, the Peacock Angel, an enigmatic figure often identified as "the devil" or Satan, yet who has been redeemed by God to rule a world of beauty and spiritual realization • Examines Yezidi antinomian doctrines of opposition, their cosmogony, their magical lore and taboos, the role of angels, ritual, and symbology, and how the Yezidi faith relates to other occult traditions such as alchemy • Presents the first English translation of the poetry of Caliph Yazid ibn Muawiya, venerated by the Yezidis as Sultan Ezi The Yezidis are an ancient people who live in the mountainous regions on the borders of Turkey, Syria, Iraq, and Iran. This secretive culture worships Melek Ta'us, the Peacock Angel, an enigmatic figure often identified as "the devil" or Satan, hence the sect is known as devil-worshippers and has long been persecuted. Presenting a study of the interior, esoteric dimensions of Yezidism, Peter Lamborn Wilson examines the sect's antinomian doctrines of opposition, its magical lore and taboos, and its relation to other occult traditions such as alchemy. He explains how the historical founder of this sect was a Sufi of Ummayad descent, Sheik Adi ibn Musafir, who settled in this remote region around 1111 AD and found a pre-Islamic sect already settled there. Sheik Adi was so influenced by the original sect that he departed from orthodox Islam, and by the 15th century the sect was known to worship the Peacock Angel, Melek Ta'us, with all its "Satanic" connotations. Revealing the spiritual flowering that occurs in an oral culture, the author examines Yezidi cosmogony, how they are descended from the androgynous Adam--before Eve was created--as well as the role of angels, ritual, alchemy, symbology, and color in Yezidi religion. He also presents the first English translation of the poetry of Caliph Yazid ibn Muawiya, venerated by the Yezidis as Sultan Ezi. Showing the Yezidi sect to be a syncretic faith of pre-Islamic, Zoroastrian, Christian, Pagan, Sufi, and other influences, Wilson reveals how these worshippers of the Peacock Angel do indeed worship "the Devil"--but the devil is not "evil." God has redeemed him, and he rules a world of beauty and spiritual realization.

Esoteric Dimensions of the Popol Vuh Oct 25 2023 *The Popol Vuh* of the Quiché-Maya of Guatemala is not only the most distinguished literary document to emerge during the early Colonial Period, it is the consummate expression of Native American Wisdom. Considered in its own words as an archetypal ilb'al saq "visionary instrument" or "vision site," the *Popol Vuh* is a place to see and witness the emergence of the sacred dawn of life and history. As such a Maya vision quest, however, the "Book of the Counsel," "Book of the Peoples"-or, as I will contend throughout this work, the *Wisdom of the Peoples*"-allows only shamanic readers and thinkers to proceed beyond the threshold of Its Root Ancient Wisdom (U Xe' Ojer Tzij). This dissertation aims precisely at such an esoteric reading of the Quiché Book in the original sense of the word esoterikos "belonging to an inner-circle," as author and reader follow the archetypal footsteps of the shamanic day-keepers (ajk'ij) who will lead us in this journey of understanding to the Four Mountains of the Four Colors of the Four Dimensions of the *Wisdom of the Peoples*. 1 With the combined resources of ethnography, depth psychology, and existential hermeneutics, a depth-mythological reading of the *Popol Vuh* is made possible from within its own shamanic vision. Taking hold of this shamanic possibility, the esoteric reader of the *Popol Vuh* iv may thus re-open its visionary portal, once again, in the light of Its Root Ancient Truth (U Xe' Ojer Tzij) as a primordial site of mytho-historic creation. The aim of this study, therefore, is not to bring the Ancient Maya in line with fashionable ways of thinking, but to transport ourselves into theirs by means of an interpretive mode of thought guided by sympathetic intuition. As an initiation into the hidden regions of the Maya soul, this study follows the inner light of the *Popol Vuh* through its underworld caverns of meaning, where a confrontation with the Xibalban Lords of Death awaits for the generation and regeneration of Its Root Ancient Wisdom.
