## Party Tom Leveen

**Party** Tom Leveen,2010-04-27 It's Saturday night in Santa Barbara and school is done for the year. Everyone is headed to the same party. Or at least it seems that way. The place is packed. The beer is flowing. Simple, right? But for 11 different people, the motives are way more complicated. As each character takes a turn and tells his or her story, the eleven individuals intersect and reconnect, collide and combine in ways that none of them ever saw coming. *Party* Tom Leveen,2020-05-19

Tonight's the night. Everyone will be there. Will you? Graduation in Santa Barbara, a house near the beach, and no parents. That can mean only one thing: PARTY. But not everyone's in a partying mood. Beckett is only going to confirm she is invisible after having spent two years caring for her mother. Morrigan seeks revenge on her ex for having the gall to NOT sleep with her. Azize is trying to make a friend, any friend, and Anthony's ready to pop off on anyone who mentions his maimed combat veteran brother. As the night quickly spirals out of control, eleven unique characters, all of whom are familiar to anyone who's been a high school student, crash, collide, and recombine in ways none of them saw coming when a brutal act of xenophobic violence brings the party to a halt. Graduation is a time of change. But after tonight, no one will ever be the same. Award-winning YA author Tom Leveen releases a special edition of his debut novel in which a group of very different teens converge on the biggest party of the year. Told in only eleven chapters, with each character getting one chance to tell their version of events, this special edition includes never-before-seen chapters, behind-the-scenes notes, and a new afterword. **Zero** Tom Leveen,2013-04-23

After graduating from high school, aspiring artist Amanda Zero Walsh begins a relationship with a drummer, which helps her come to terms with her feelings about herself, her falling out with her best friend, and her parents' personal problems. **Hellworld** Tom Leveen,2017-03-21

In an effort to put her family back together, a teen struggles to discover what happened to her mother, who disappeared during a ghost hunt in this haunting novel from the author of *Party Sick* and *Shackled*. Five years ago, Abby Booth's mom, cohost of a ghost-hunting reality show, went missing while filming in a haunted cave in Arizona. Since then, Abby's life has all but fallen to pieces, most notably because of her dad's deep depression and how they've drifted further and further apart. But now, at sixteen, Abby has decided that things will change. She plans to go to the same cave where her mom and the crew went missing and to find out, once and for all, what happened there. With the help of the cohost's son, Charlie, and two of his friends, Abby sets off on a quest for answers, but when the group ends up finding what they stumble across in that dark, primordial cave in Arizona is nothing they could have ever imagined. Abby was investigating a possible haunting she never expected that there could be something worse. Mercy Rule Tom Leveen,2018-02-20
