Social Origins of Dictatorship and Democracy Barrington Moore, 1993-09-01 This classic work of comparative history explores why some countries have developed as democracies and others as fascist or communist dictatorships Originally published in 1966 this classic text is a comparative survey of some of what Barrington Moore considers the major and most indicative world economies as they evolved out of pre modern political systems into industrialism But Moore is not ultimately concerned with explaining economic development so much as exploring why modes of development produced different political forms that managed the transition to industrialism and modernization Why did one society modernize into a relatively free democratic society by which Moore means England Why did others metamorphose into fascist or communist

states His core thesis is that in each country the relationship between the landlord class and the peasants was a primary influence on the ultimate form of government the society arrived at upon arrival in its modern age Throughout the book there is the constant play of a mind that is scholarly original and imbued with the rarest gift of all a deep sense of human reality This book will influence a whole generation of young American historians and lead them to problems of the greatest significance The New York Review of Books [Genealogy of the Descendants of John Eliot, "apostle to the Indians," 1598-1905](#) Wilimena Hannah Eliot Emerson, Ellsworth Eliot, George Edwin Eliot, 1905 **Cultures of Optimism** Oliver Bennett, 2015-01-02 What are the functions of optimism in modern societies How is hope culturally transmitted What values and attitudes does it reflect This book explores how and why powerful institutions propagate cultures of optimism in different domains such as politics work the family religion and psychotherapy [1997 Medical Device Register](#) Medical Device Register Library Staff, Medical Economics, 1996 This comprehensive resource enables readers to make reliable medical device purchasing decisions and product comparisons confidently because all information contained in both volumes has been fully verified by the Data Verification Group **Neonatal Respiratory Care** Waldemar A. Thompson, 2016-03-15 A history of the common people and the Industrial Revolution A true masterpiece and one of the Modern Library's 100 Best Nonfiction Books of the twentieth century Tribune During the formative years of the Industrial Revolution English workers and artisans claimed a place in society that would shape the following centuries But the capitalist elite did not form the working class the workers shaped their own creations developing a shared identity in the process Despite their lack of power and the indignity forced upon them by the upper classes the working class emerged as England's greatest cultural and political force Crucial to contemporary trends in all aspects of society at the turn of the nineteenth century these workers united into the class that we recognize all across the Western world today E P Thompson's magnum opus The Making of the English Working Class defined early twentieth century English social and economic history leading many to consider him Britain's greatest postwar historian Its publication in 1963 was highly controversial in academia but the work has become a seminal text on the history of the working class It remains incredibly relevant to the social and economic issues of current times with the Guardian saying upon the book's fiftieth anniversary that it continues to delight and inspire new readers **An Austrian Perspective on the History of Economic Thought** Murray Newton Rothbard, [Behavioral Interventions for Prevention and Control of Sexually Transmitted Diseases](#) Sevgi O. Aral, John M. Douglas, 2008-12-03 Before AIDS the role of behavioral interventions in preventing transmission of sexually transmitted diseases was acknowledged in text books and journals but rarely promoted effectively in public health practice This book addresses the complexities and social contexts of human behaviors which spread STDs the cultural barriers to STD education and the sociopolitical nuances surrounding treatment **Advances in Engineering Design** Preeti Joshi, Shakti S. History of New London, Connecticut Frances Manwaring Caulkins,1852 **Neonatal Pulmonary Graphics** Steven M. Donn, MD,Mark C. Mammel, MD,2014-12-04 This pocket atlas explains how to use pulmonary graphics as a valuable adjunct for patient management Actual patterns commonly encountered in neonatal practice are presented side by side with schematic illustrations that take apart the graphic and identify its key features accompanied by brief explanatory text The book addresses the principles of real time pulmonary graphics discusses waveforms and loops and examines how both are affected by mechanical ventilation and disease states A series of clinical cases brings key points to life *A Hunger for God* John Piper,2013-04-23 There is an appetite for God And it can be awakened I invite you to turn from the dulling effects of food and the dangers of idolatry and to say with some simple fast This much O God I want you Our appetites dictate the direction of our lives whether it be the cravings of our stomachs the passionate desire for possessions or power or the longings of our spirits for God But for the Christian the hunger for anything besides God can be an arch enemy While our hunger for God and Him alone is the only thing that will bring victory Do you have that hunger for Him As John Piper puts it If we don t feel strong desires for the manifestation of the glory of God it is not because you have drunk deeply and are satisfied It is because we have nibbled so long at the table of the world Our soul is stuffed with small things and there is no room for the great If we are full of what the world offers then perhaps a fast might express or even increase our soul s appetite for God Between the dangers of self denial and self indulgence is this path of pleasant pain called fasting It is the path John Piper invites you to travel in this book For when God is the supreme hunger of your heart He will be supreme in everything And when you are most satisfied in Him He will be most glorified in you **La Follette's Autobiography** Robert Marion La Follette,1913 The autobiography of Robert La Follette 1855 1925 traces the political life and accomplishments of this eminent Republican politician from his election as district attorney for Dane County Wisconsin in 1880 to the presidential campaign of 1912 when his bid to dislodge President William Howard Taft was pushed aside by former president Theodore Roosevelt on the Progressive Party s national ticket The book emphasizes tactics strategies and coalition building as well as La Follette s assessments of various local and national public figures We learn little about La Follette s childhood education legal training or family life although he does pay tribute to his wife a lawyer and civic reformer in her own right La Follette served three terms in Congress 1885 1891 and after a decade of private law practice and grassroots activism was elected Wisconsin s governor 1900 1904 From 1905 until his death La Follette was a senator He crusaded at state and national level against powerful unregulated business interests especially the railroads which he felt exerted undue influence

upon government He also championed open primary elections equitable taxation of corporations and public management of public resources by highly qualified non partisan public servants While many of these influential reforms were instituted at the state level during his governorship his contribution in the Senate may have had less to do with his legislative record than with his ability to rally forces around well articulated programs **Lentil** Shyam S. Yadav,David McNeil,Philip C. Stevenson,2007-09-08 The lentil was one of the first foods ever to have been cultivated This book presents the most comprehensive and up to date review of research on lentil production biotic and abiotic stress management quality seed production storage techniques and lentil growing around the world This book will be of great value to legume breeders scientists nutritionists academic researchers graduate students farmers traders and consumers in the developed and the developing world Stage-coach and Tavern Days Alice Morse Earle,1900
