Creating Christ How Roman Emperors Invented Christianity

Creating Christ James S. Valliant, C. W. Fahy, 2016-09-07 Exhaustively annotated and illustrated this explosive work of history unearths clues that finally demonstrate the truth about one of the world's great religions that it was born out of the conflict between the Romans and messianic Jews who fought a bitter war with each other during the 1st Century. The Romans employed a tactic they routinely used to conquer and absorb other nations: they grafted their imperial rule onto the religion of the conquered. After 30 years of research, authors James S. Valliant and C. W. Fahy present irrefutable archeological and textual evidence that proves Christianity was created by Roman Caesars. This book breaks new ground in Christian scholarship and is destined to change the way the world looks at ancient religions forever. Inherited from a long past era of tyranny, war, and deliberate religious fraud, could Christianity have been created for an entirely different purpose than we have been led to believe? Praised by scholars like Dead Sea Scrolls translator Robert Eisenman, James the Brother of Jesus, this exhaustive synthesis of historical detective work integrates all of the ancient sources about the earliest Christians and reveals new archeological evidence for the first time. And despite the fable presented in current bestsellers like Bill O'Reilly's *Killing Jesus*, the evidence presented in *Creating Christ* is irrefutable: Christianity was invented by Roman Emperors. I have rarely encountered a book so original, exciting, accessible, and informed on subjects that are of obvious importance to the world and to which I have myself devoted such a large part of my scholarly career studying. In this book, they have rendered a startling new understanding of Christianity with a controversial theory of its Roman provenance that is accessible to the layman in a very powerful way. In the process, they present new and comprehensive archeological and iconographic evidence, as well as utilizing the widest and most cutting-edge work of other recent scholars, including myself. This is a work of outstanding and original scholarship. Its arguments are a brilliant, profound, and thorough integration of the relevant evidence. When they are done, the conclusion is inescapable and obviously profound: Robert Eisenman, Author of *James the Brother of Jesus* and *The New Testament Code*, A fascinating and provocative investigative history of ideas boldly exploring a problem that previous scholarship has not clearly or credibly addressed: how and why the Flavian dynasty wove Christianity into the very fabric of Western civilization. Mark Riebling, author of *Church of Spies: The Pope's Secret War Against Hitler*.

Creating Christ James S. Valliant, Warren Fahy, 2018-11-15 Exhaustively annotated and illustrated. *Creating Christ* is an explosive work of history unearthing clues that finally reveal the truth about one of the world's great religions: Christianity was born out of the cataclysmic conflict between the Roman Empire and messianic Jews that culminated in two bitter wars fought during the 1st and 2nd Centuries. The Romans not only reduced the legendary Jerusalem Temple to a Wailing Wall; they grafted their imperial rule onto the religion of the vanquished, as well as they had done with other conquered cultures. Inherited from an era of tyranny, war, and deliberate religious fraud, the New Testament was created for a long

forgotten purpose the pacification of messianic rebels After 30 years of research authors James S Valliant and Warren Fahy present irrefutable archaeological and textual evidence that proves Christianity was created by the Roman state with arguments that break new ground in Christian scholarship while providing a clear and definitive voice to a growing new understanding of Christian origins one that is destined to change the way the world looks at religion forever Praised by scholars like Dead Sea Scrolls translator Robert Eisenman the author of *James the Brother of Jesus Creating Christ* is a comprehensive synthesis of historical detective work that integrates all of the surviving ancient sources about the earliest Christians and reveals new archaeological evidence for the first time and when taken together that evidence is resoundingly conclusive Christianity was invented by Roman emperors

Joseph Atwill,2011 *Caesar s Messiah a real life Da Vinci Code* presents the dramatic and controversial discovery that the conventional views of Christian origins may be wrong Author Joseph Atwill makes the case that the Christian Gospels were actually written under the direction of first century Roman emperors The purpose of these texts was to establish a peaceful Jewish sect to counterbalance the militaristic Jewish forces that had just been defeated by the Roman Emperor Titus in 70 A D Atwill uncovered the secret key to this story in the writings of Josephus the famed first century Roman historian Reading Josephus s chronicle *The War of the Jews* the author found detail after detail that closely paralleled events recounted in the Gospels Atwill skillfully demonstrates that the emperors used the Gospels to spark a new religious movement that would aid them in maintaining power and order What s more by including hidden literary clues they took the story of the Emperor Titus s glorious military victory as recounted by Josephus and embedded that story in the Gospels a sly and satirical way of glorifying the emperors through the ages

Creating Christianity - A Weapon Of Ancient Rome Henry Davis,2018-10-06 A profound and controversial investigation of a complex theme the war that led to the fall of Jerusalem and the creation of the Christian religion The religious and political battle between the people of Judea and the Jewish and Roman aristocracies is presented in an unconventional narrative which investigates ancient evidence quotes from the work of respected authorities on the subject and states controversial opinions openly Its main conclusion is that the New Testament the new law was created by a powerful senatorial family called the Calpurnius Pisos who had the full support of their relatives the Herodian royal family the family of Herod the Great and the Flavian emperors with the Piso family hiding their name within the Koine Greek scriptures The result is a book that is both provocative and compelling Using valuable feedback from Cambridge and Oxford University professors Henry Davis explains why the supposed Jewish Historian Flavius Josephus never existed how the Book of Revelation presents the name of the Piso family member who oversaw the creation of the Christian scripture and the reason the number 666 was changed to 616 Davis also explains the facts behind the personal and political reasons that led to the Roman and Jewish royal families creating a new religion and how the Piso family used the literary techniques of the aristocracy to insert their names into the scriptures I found his selection of evidence to be both interesting and compelling

Creating Christianity A Weapon Of Ancient Rome is a thoughtful work of historical non fiction by author Henry Davis Anyone with a knowledge of the history of the Roman Empire knows that its conversion from a pagan belief system to widespread Christianity was a significant political and military move for the Empire as much as it was a religious decision and this book focuses on the specific details and clues as to how that really came about Davis searches for the real identity of the Christian Messiah and argues for a potentially Roman author of the modern New Testament one who had a view to creating a new religion for his own reasons as much as those of Rome Readers Favorite **Piso Christ** Roman Piso, Jay Gallus, 2010 Evidence shows the New Testament texts were not written by simple non royal subjects but instead were created by extremely well educated royal Romans In **Piso Christ** author Roman Piso with Jay Gallus presents a new perspective to show that the creation of Christianity has different origins than previously taught Through this collection of essays and articles Piso shows that only a few individuals invented and built the Christian religion and these same individuals authored the New Testament of the Christian Bible **Piso Christ** addresses the issues of how these few people wielded that much power and how they were able to succeed In this new book Piso contends that the royalty wanted to protect their centuries old institution of slavery upon which the empire functioned lived fed and gained wealth The royal people understood that knowledge was power and therefore did what they could to keep the masses ignorant and superstitious Through research **Piso Christ** shows that the god concept did not originate in what is represented in the Bible It demonstrates how millions of people are being misled into accepting the concept of a god and how they live in fear of an unnatural belief **The Myth of Persecution** Candida Moss, 2013-03-05 An expert on early Christianity reveals how the early church invented stories of Christian martyrs and how this persecution myth persists today According to church tradition and popular belief early Christians were systematically persecuted by a brutal Roman Empire intent on their destruction As the story goes vast numbers of believers were thrown to the lions tortured or burned alive because they refused to renounce Christ But as Candida Moss reveals in **The Myth of Persecution** the Age of Martyrs is a fiction There was no sustained 300 year long effort by the Romans to persecute Christians Instead these stories were pious exaggerations highly stylized rewritings of Jewish Greek and Roman noble death traditions and even forgeries designed to marginalize heretics inspire the faithful and fund churches The traditional story of persecution is still invoked by church leaders politicians and media pundits who insist that Christians were and always will be persecuted by a hostile secular world While violence against Christians does occur in select parts of the world today the rhetoric of persecution is both misleading and rooted in an inaccurate history of the early church By shedding light on the historical record Moss urges modern Christians to abandon the conspiratorial assumption that the world is out to get them Operation Messiah Thijs Voskuilen, Rose Mary Sheldon, 2008 Saul of Tarsus is one of the best known and most beloved figures of Christianity This man later known as St Paul set the tone for Christianity including an emphasis on celibacy the theory of divine grace and salvation and the elimination of circumcision It was Paul who wrote a

large part of the New Testament and who called it euangelion the gospel There is another side of Paul however that has been little studied and that is his connection to the Roman military establishment and its intelligence arm While other scholars and writers have suggested the idea that Paul was cooperating with the Romans this is the first book length study to document it in detail By looking at the traditional story through a new lens some of the thorniest questions and contradictions in Paul s life can be unravelled How did he come to work for the Temple authorities who collaborated with the Romans How was he able to escape from legal situations in which others would have been killed Why were so many Jews trying to have Paul killed and to which sect did they belong These and other mysteries will be solved as the authors follow Paul s career and his connections to Roman intelligence

Christianity Linda Woodhead,2014 This is a short accessible analysis of Christianity that focuses on its social and cultural diversity as well as its historical dimensions

The Christian Invention of Time Simon Goldhill,2022-02-03 Time is integral to human culture Over the last two centuries people s relationship with time has been transformed through industrialisation trade and technology But the first such life changing transformation under Christianity s influence happened in late antiquity It was then that time began to be conceptualised in new ways with discussion of eternity life after death and the end of days Individuals also began to experience time differently from the seven day week to the order of daily prayer and

the festal calendar of Christmas and Easter With trademark flair and versatility world renowned classicist Simon Goldhill uncovers this change in thinking He explores how it took shape in the literary writing of late antiquity and how it resonates even today His bold new cultural history will appeal to scholars and students of classics cultural history literary studies and early Christianity alike

Regulating Sex in the Roman Empire David Wheeler-Reed, 2017-11-28 A New Testament scholar challenges the belief that American family values are based on Judeo Christian norms by drawing unexpected comparisons between ancient Christian theories and modern discourses Challenging the long held assumption that American values be they Christian or secular are based on Judeo Christian norms this provocative study compares ancient Christian discourses on marriage and sexuality with contemporary ones maintaining that modern family values owe more to Roman Imperial beliefs than to the bible Engaging with Foucault s ideas Wheeler Reed examines how conservative organizations and the Supreme Court have misunderstood Christian beliefs on marriage and the family Taking on modern cultural debates on marriage and sexuality with implications for historians political thinkers and jurists this book undermines the conservative ideology of the family starting from the position that early Christianity in its emphasis on celibacy and denunciation of marriage was in opposition to procreation the ideological norm in the Greco Roman world

Jesus Never Existed Kenneth Humphreys, 2005

Pagans and Christians in the Late Roman Empire Marianne Sághy, Edward M. Schoolman, 2017-10-10 Do the terms pagan and Christian transition from paganism to Christianity still hold as explanatory devices to apply to the political religious and cultural transformation experienced Empire wise Revisiting pagans and Christians in Late Antiquity has been a fertile site of scholarship in recent years the paradigm shift in the interpretation of the relations between pagans and Christians replaced the old conflict model with a subtler complex approach and triggered the upsurge of new explanatory models such as multiculturalism cohabitation cooperation identity or group cohesion This collection of essays inscribes itself into the revisionist discussion of pagan Christian relations over a broad territory and time span the Roman Empire from the fourth to the eighth century A set of papers argues that if paganism had never been fully extirpated or denied by the multiethnic educated elite that managed the Roman Empire Christianity came to be presented by the same elite as providing a way for a wider group of people to combine true philosophy and right religion The speed with which this happened is just as remarkable as the long persistence of paganism after the sea change of the fourth century that made Christianity the official religion of the State For a long time afterwards pagans and Christians lived in between polytheistic and monotheist traditions and disputed Classical and non Classical legacies

Jesus, King of Edessa Ralph Ellis, 2012 Jesus was a king of Edessa 600 pages of gnosis Colour Images This is the book that the Catholic Church has been dreading for the last 1700 years This is the book that will end Christianity as we know it And this is not advertising hyperbole this really is the end of the Christian fairytale We now know who Jesus was Visit his city see the ruins of his citadel gaze upon his statue handle his coins In reality Jesus was a son of King Abgarus of Edessa a king with a small realm a large treasury and

even bigger ambitions Thus Jesus true history undermines much of the biblical fairystory that the gospel authors crafted and so Christianity will never be the same again The jacket image shows Jesus wearing his Crown of Thorns the ceremonial crown of the Edessan monarchy We suggest that readers start with Cleopatra to Christ and then King Jesus The wait before arriving at the last episode in the trilogy will be worthwhile for if a book could be valued on its eureka moments then this final book would be priceless The King Jesus Trilogy Latest version v12 1 2024 Book three of the King Jesus Trilogy in four parts Followed by The Grail Cypher **Church of Spies** Mark Riebling,2015-09-29 The heart pounding history of how Pope Pius XII often labeled Hitler s Pope was in fact an anti Nazi spymaster plotting against the Third Reich during World War II The Vatican s silence in the face of Nazi atrocities remains one of the great controversies of our time History has accused wartime pontiff Pius the Twelfth of complicity in the Holocaust and dubbed him Hitler s Pope But a key part of the story has remained untold Pope Pius in fact ran the world s largest church smallest state and oldest spy service Sainly but secretive he sent birthday cards to Hitler while secretly plotting to kill him He skimmed from church charities to pay covert couriers and surreptitiously tape recorded his meetings with top Nazis Under his leadership the Vatican spy ring actively plotted against the Third Reich Told with heart pounding suspense and drawing on secret transcripts and unsealed files by an acclaimed author Church of Spies throws open the Vatican s doors to reveal some of the most astonishing events in the history of the papacy Riebling reveals here how the world s greatest moral institution met the greatest moral crisis in history

Jacob & Esau Malachi Haim Hacohen,2019-01-10 Jacob and Esau is a profound new account of two millennia of Jewish European history that for the first time integrates the cosmopolitan narrative of the Jewish diaspora with that of traditional Jews and Jewish culture Malachi Haim Hacohen uses the biblical story of the rival twins Jacob and Esau and its subsequent retelling by Christians and Jews throughout the ages as a lens through which to illuminate changing Jewish Christian relations and the opening and closing of opportunities for Jewish life in Europe Jacob and Esau tells a new history of a people accustomed for over two and a half millennia to forming relationships real and imagined with successive empires but eagerly adapting in modernity to the nation state and experimenting with both assimilation and Jewish nationalism In rewriting this history via Jacob and Esau the book charts two divergent but intersecting Jewish histories that together represent the plurality of Jewish European cultures

Pagan and Christian Rome Rodolfo Amedeo Lanciani,1892 *The Christ Conspiracy* Acharya S.,2012-09-04 In this highly controversial and explosive book archaeologist historian mythologist and linguist Acharya S marshals an enormous amount of startling evidence to demonstrate that Christianity and the story of Jesus Christ were created by members of various secret societies mystery schools and religions in order to unify the Roman Empire under one state religion In developing such a fabrication this multinational cabal drew upon a multitude of myths and rituals that existed long before the Christian era and reworked them for centuries into the religion passed down to us today Contrary to popular belief there was no single man who was at the genesis of Christianity Jesus was many characters rolled

into one These characters personified the ubiquitous solar myth and their exploits were well known as reflected by such popular deities as Mithras Heracles Hercules Dionysos and many others throughout the Roman Empire and beyond The story of Jesus as portrayed in the Gospels is revealed to be nearly identical in detail to that of the earlier savior gods Krishna and Horus who for millennia preceding Christianity held great favor with the people The Christ Conspiracy shows the Jesus character as not unique or original not divine revelation Christianity reinterprets the same extremely ancient body of knowledge that revolved around the celestial bodies and natural forces The result of this myth making has been The Greatest Conspiracy Ever Sold
