**The Collected Letters of C.S. Lewis, Volume 3** Feb 27 2021 The letters found in Volume II reveal inside accounts of how The Screwtape Letters came to be written, the early meetings of the Inklings (with J.R.R. Tolkien giving readings about "hobbits" and "Middle Earth"), how C.S. Lewis became popular through BBC radio talks, but mostly how this quiet professor in England touched the lives of many through an amazing discipline of personal correspondence.

**Paul the Letter-writer** Jan 21 2023 How did Paul use his secretaries? Did he rely on co-authors? Did his rhetorical education affect the way he organised his material? This book confronts these questions on the basis of extensive quotations from classical Greek and Latin authors. A synoptic survey of the beginnings and ends of the letters brings out the extent to which Paul both used and adapted current epistolary conventions. The intention of the book is to humanize the Pauline letters and make their complex theology less daunting. (Adapted from back cover).

**The Gospel and Letters of John, Volume 3** Jun 25 2023 Some of the most serious problems involved with interpreting John are due to the complex history of the Gospel's composition. While many scholars overlook the various inconsistencies and conflicting "voices" present in this Gospel, von Wahlde painstakingly examines them, exposing the distinct stages and literary strata in the Johannine tradition and showing how each represents a further theological development

**Letters of the Nun Eshinni** Sep 28 2023 Eshinni (1182-1268?), a Buddhist nun and the wife of Shinran (1173-1262), the celebrated founder of the True Pure Land, or Shin, school of Buddhism, was largely unknown until the discovery of a collection of her letters in 1921. In this study, James C. Dobbins, a leading scholar of Pure Land Buddhism, has made creative use of these letters to shed new light on life and religion in medieval Japan. He provides a complete translation of the letters and an explication of them that reveals the character and flavor of early Shin Buddhism. Readers will come away with a new perspective on Pure Land scholarship and a vivid image of Eshinni and the world in which she lived. After situating the ideas and practices of Pure Land Buddhism in the context of the actual living conditions of thirteenth-century Japan, Dobbins examines the portrayal of women in Pure Land Buddhism, the great range of lifestyles found among medieval women and nuns, and how they constructed a meaningful religious life amid negative stereotypes. He goes on to analyze aspects of medieval religion that have been omitted in our modern-day account of Pure Land and tries to reconstruct the religious assumptions of Eshinni and Shinran in their own day. A prevailing theme that runs throughout the book is the need to look beyond idealized images of Buddhism found in doctrine to discover the religion as it was lived and practiced. Scholars and students of Buddhism, Japanese history, women's studies, and religious studies will find much in this engaging work that is thought-provoking and insightful.

**Letters from a Life Volume 3 (1946-1951)** Jul 27 2023 The third volume of the annotated selected letters of composer Benjamin Britten covers the years 1946-51, during which he wrote many of his best-known works, founded and developed the English Opera Group and the Aldeburgh Festival, and toured widely in Europe and the United States as a pianist and conductor. Correspondents include librettists Ronald Duncan (*The Rape of Lucretia*), Eric Crozier (*Albert Herring*, *Saint Nicolas*, *The Little Sweep*) and E. M. Forster (*Billy Budd*); conductor Ernest Ansermet and composer Lennox Berkeley; publishers Ralph Hawkes and Erwin Stein of Boosey & Hawkes; and the celebrated tenor Peter Pears, Britten's partner. Among friends in the United States are Christopher Isherwood, Elizabeth Mayer and Aaron Copland, and there is a significant meeting with Igor Stravinsky. This often startling and innovative period is vividly evoked by the comprehensive and scholarly annotations, which offer a wide range of detailed information fascinating for both the Britten specialist and the general reader. Donald Mitchell contributes a challenging introduction exploring the interaction of life and work in Britten's creativity, and an essay examining for the first time, through their correspondence, the complex relationship between the composer and the writer Edward Sackville-West.

**Facilitating Injustice** Aug 04 2021 "On February 19, 1942, President Franklin Roosevelt issued Executive Order 9066—the primary action that propelled the removal and incarceration of Japanese Americans. From the last days of that month, when California's Terminal Island became the first site of forced removal, to March of 1946, when the last of the War Relocation Authority concentration camps was finally closed, the federal government incarcerated approximately 120,000 persons of "Japanese ancestry." Social workers were integral cogs in this federal program of forced removal and incarceration: they vetted, registered, counseled, and tagged all affected individuals; staffed social work departments within the concentration camps; and worked in the offices administering the "resettlement," the planned scattering of the population explicitly intended to prevent regional re-concentration. In its unwillingness to take a resolute stand against the removal and incarceration and carrying out its government-assigned tasks, social work enacted and thus legitimized the bigoted policies of racial profiling en masse. *Facilitating Injustice* reconstructs this forgotten disciplinary history to highlight an enduring tension in the field—the conflict between its purported value-base promoting pluralism and social justice and its professional functions enabling injustice and actualizing social biases. Highlighting the urgency to examine the profession's current approaches, practices, and policies within today's troubled nation, this text serves as a useful resource for students and scholars of immigration, ethnic studies, internment studies, U.S. history, American studies, and social welfare policy/history."

**James, 1-2 Peter, 1-3 John, Jude** Jun 13 2022 Because the Catholic Epistles focus on orthodox faith and morals, the Fathers drew on them as a means of defense against the rising challenge of heretics and as a manual for spiritual warfare. **How to Architect** Oct 30 2023 The basics of the profession and practice of architecture, presented in illustrated A-Z form. The word "architect" is a noun, but Doug Patt uses it as a verb—coining a term and making a point about using parts of speech and parts of buildings in new ways. Changing the function of a word, or a room, can produce surprise and meaning. In *How to Architect*, Patt—an architect and the creator of a series of wildly popular online videos about architecture—presents the basics of architecture in A-Z form, starting with "A is for Asymmetry" (as seen in Chartres

Cathedral and Frank Gehry), detouring through "N is for Narrative," and ending with "Z is for Zeal" (a quality that successful architects tend to have, even in fiction—see The Fountainhead's architect-hero Howard Roark.) How to Architect is a book to guide you on the road to architecture. If you are just starting on that journey or thinking about becoming an architect, it is a place to begin. If you are already an architect and want to remind yourself of what drew you to the profession, it is a book of affirmation. And if you are just curious about what goes into the design and construction of buildings, this book tells you how architects think. Patt introduces each entry with a hand-drawn letter, and accompanies the text with illustrations that illuminate the concept discussed: a fallen Humpty Dumpty illustrates the perils of fragile egos; photographs of an X-Acto knife and other hand tools remind us of architecture's nondigital origins. How to Architect offers encouragement to aspiring architects but also mounts a defense of architecture as a profession—by calling out a defiant verb: architect!

**Mark Twain's Letters, Volume 3** Apr 23 2023 "Don't scold me, Livy—let me pay my due homage to your worth; let me honor you above all women; let me love you with a love that knows no doubt, no question—for you are my world, my life, my pride, my all of earth that is worth the having." These are the words of Samuel Clemens in love. Playful and reverential, jubilant and despondent, they are filled with tributes to his fiancée Olivia Langdon and with promises faithfully kept during a thirty-four-year marriage. The 188 superbly edited letters gathered here show Samuel Clemens having few idle moments in 1869. When he was not relentlessly "banged about from town to town" on the lecture circuit or busily revising *The Innocents Abroad*, the book that would make his reputation, he was writing impassioned letters to Olivia. These letters, the longest he ever wrote, make up the bulk of his correspondence for the year and are filled with his acute wit and dazzling language. This latest volume of Mark Twain's Letters captures Clemens on the verge of becoming the celebrity and family man he craved to be. This volume has been supported by the National Endowment for the Humanities and by a major donation to the Friends of The Bancroft Library from the Pareto Fund.
