**Got Questions? Lift-The-Flap Questions and Answers about Music**

Everyone has questions. Young children ask why? Teenagers ask why not? Adults sometimes lament what if? The God who created us and who loves us has given us the answers to life's most pressing questions in His Word. Yet many people have no idea that God has the answers and has made them available in the Bible. Whether it is a question about where we will spend eternity or how to deal with the pain of a broken relationship, you can be sure it has been asked and answered already on [www.GotQuestions.org](http://www.GotQuestions.org), the source for this book. Sadly, many individuals and ministries who offer advice are not biblically and theologically solid. That's why Got Questions? is crucially needed a resource that answers questions explicitly from a biblical perspective, with solid evangelical theology. Written in an easy-to-understand format and organized in easy-to-follow sections, Got Questions? will help readers find the answers to the most frequently asked

questions regarding spiritual matters. The questions were asked by real people struggling through real-life issues who received solid, practical answers from the Bible. The articles in this volume are compiled from the more than 3,800 frequently-asked questions on our website, which are read over 7 million times each month. Some of the articles have been translated into 150 languages. Many books present teaching in a question-and-answer format, but few have delved into the questions that people are actually asking. Having received and answered more than 380,000 questions, Got Questions Ministries has a unique understanding of what questions are truly on people's minds. To get the best answer in business, in life-you have to ask the best possible question. Innovation expert Warren Berger shows that ability is both an art and a science. It may be the most underappreciated tool at our disposal, one we learn to use well in infancy-and then abandon as we grow older. Critical to learning, innovation, success, even to happiness-yet often discouraged in our schools and workplaces-it can unlock new business opportunities and reinvent industries, spark creative insights at many levels, and provide a transformative new

outlook on life. It is the ability to question-and to do so deeply, imaginatively, and "beautifully." In this fascinating exploration of the surprising power of questioning, innovation expert Warren Berger reveals that powerhouse businesses like Google, Nike, and Netflix, as well as hot Silicon Valley startups like Pandora and Airbnb, are fueled by the ability to ask fundamental, game-changing questions. But Berger also shares human stories of people using questioning to solve everyday problems-from "How can I adapt my career in a time of constant change?" to "How can I step back from the daily rush and figure out what really makes me happy?" By showing how to approach questioning with an open, curious mind and a willingness to work through a series of "Why," "What if," and "How" queries, Berger offers an inspiring framework of how we can all arrive at better solutions, fresh possibilities, and greater success in business and life. What's the point of belly buttons? When will I stop growing? These are just some of the 60+ questions that are featured in this extremely useful book. Children won't be able to resist lifting the flaps to find out the answers. How can I be certain I'll go to heaven? Why are there so many kinds of Christianity?
