Craft Business Tips Feb 27 2021 If you enjoy crafting and making fancy stuff you can most probably turn your hobby into a business. Crafts and DIY can be a great way to make a side income, and some people have translated their crafting skills into full-time businesses. The secret to making money is selling crafts with the highest profit margin. In this book, the founders of Liberty Jane Clothing share their journey to build a profitable online craft business. They've sold over a million dollars of products online and they outline a 15-day plan for launching a profitable craft business that is easy to follow, filled with practical advice, and proven to work.

The Craft Sep 04 2021 Beginning with the basics of the Wiccan religion and its practices, this book contains everything needed for successful witchery, including mental theory, magikal theory, and practical training exercises.

Basilissa May 13 2022

Unmistakable Dec 20 2022 Stop trying to beat everyone else. True success is playing by your own rules, creating work that no one can replicate. Don't be the best, be the only. You're on the conventional path, checking off accomplishments. You might be doing okay by normal standards, but you still feel restless, bored, and limited. Srinivas Rao gets it. As a new business school graduate, Srinivas's dreams were crushed by a soulless job that demanded only conformity. Sick of struggling to keep his head above water, Srinivas quit his job and took to the waves, pursuing his dream of learning to surf. He also found the freedom to chart his own course. Interviewing more than five hundred creative people on his Unmistakable Creative podcast was the ultimate education. He heard how guests including Seth Godin, Elle Luna, Tim Ferriss, Simon Sinek, and Danielle LaPorte blazed their own trails. Srinivas blends his own story with theirs to tell you: You can find that courage too. Don't be just one among many--be the only. Be unmistakable. Trying to be the best will chain you to others' definition of success. Unmistakable work, on the other hand, could only have been created by one person, so competition is irrelevant. Like

Banksy's art or Tim Burton's films, unmistakable work needs no signature and has no precedent. Whether you're a business owner, an artist, or just someone who wants to leave your mark on the world, Unmistakable will inspire you to create your own path and define your own success.

The Secret Rhino Society Oct 06 2021 “ This engaging romp will be a great way to initiate conversations about diversity, tolerance, and acceptance. ” —Booklist (starred review) In the spirit of favorites like Stick & Stone and Spoon this warmhearted and hilarious picture book tells the story of a highly unusual group of friends and is stunningly illustrated by Samantha Cotterill. Meet Hudson, a hippo. Fran, an earthworm. And Jean, a lightbulb. They have one thing in common: a profound appreciation for rhinos. So, they form a Secret Rhino Appreciation Society, in which a key activity is wearing paper horns. (Sometimes this results in a fire. That 's what happens when a lightbulb wears a paper horn.) But when they meet their first real, live rhino and ask her to do rhino-y things, she doesn ' t want to charge or snort—she ' s a gardener! She is not what the society expected, but can they learn to appreciate her for who she is? This funny, character-driven story explores themes of friendship, expectations, and prejudice.

The Craft May 05 2024 Insiders call it the Craft. Discover the fascinating true story of one of the most influential and misunderstood secret brotherhoods in modern society. Founded in London in 1717 as a way of binding men in fellowship, Freemasonry proved so addictive that within two decades it had spread across the globe. Masonic influence became pervasive. Under George Washington, the Craft became a creed for the new American nation. Masonic networks held the British empire together. Under Napoleon, the Craft became a tool of authoritarianism and then a cover for revolutionary conspiracy. Both the Mormon Church and the Sicilian mafia owe their origins to Freemasonry. Yet the Masons were as feared as they were influential. In the eyes of the Catholic Church, Freemasonry has always been a den of devil-worshippers. For Hitler, Mussolini and Franco, the Lodges spread the diseases of pacifism, socialism and Jewish influence, so had to be crushed. Freemasonry's story yokes together Winston Churchill and Walt Disney; Wolfgang Mozart and Shaquille O'Neal; Benjamin Franklin and Buzz Aldrin; Rudyard Kipling and 'Buffalo Bill' Cody; Duke Ellington and the Duke of Wellington. John Dickie's The Craft is an enthralling exploration of a the world's most

famous and misunderstood secret brotherhood, a movement that not only helped to forge modern society, but has substantial contemporary influence, with 400,000 members in Britain, over a million in the USA, and around six million across the world.

The Craft and the Makers Jul 15 2022 The Craft and the Makers showcases savvy businesses that are choosing to focus on craftsmanship and aiming to create things with a soul. A decisive role is played by melding tradition and innovation-from the raw materials used to the finished product. The book introduces small enterprises as well as the personalities that drive them. These artisans are using their skills to produce handicraft that meets the highest standards. Whether furniture, porcelain, or leather goods, all of the products featured here offer today's true luxury: the perfect fusion of creativity and craftsmanship that results in quality and durability.

Penguinaut! Nov 18 2022 The story of a small penguin with a big dream that's out of this world! Orville lives at the zoo, surrounded by animal pals who go on exciting adventures. A hang gliding rhino! A deep-sea diving giraffe! Orville struggles to keep up, until one day he concocts an adventure all his own: build a spaceship and fly to the moon all by himself. Can one tiny penguin get there alone?Penguinaut is perfect for every child who's said, "I can do it myself!" and comes to find that the rewards are much richer when shared with friends. Marcie Colleen's playful text and Emma Yarlett's charming, whimsical illustrations are sure to delight both children and their parents.

The Transformation of Nature in Art Aug 28 2023 The author also

compares the Indian concepts of art with Western philosophy and thought, which is the most interesting part. The concluding part of this book covers the origins and usage of images in Indian art.

Andromeda: The Secret Files Mar 23 2023 David Childress, popular author and star of the History Channel show *Ancient Aliens*, brings us the amazing story of the German Andromeda craft, designed and built during WWII. Along with flying disks, the Germans were making long, cylindrical airships that are commonly called motherships—large craft that house several smaller disk craft. It was not until 1989 that a German researcher named Ralf Ettl, living in London, received an anonymous packet of photographs and documents concerning the planning and development of at least three types of unusual craft—including the Andromeda. Ettl went on to make several television documentaries based on the material in the packet and released most of the documents and photos to researchers in Austria and other parts of Europe. What the Ralf Ettl document dump shows us is what many have suspected for a long time: that WWII did not end in the manner in which we have been told, and a remnant of the Nazi military—particularly the SS—continued to operate aircraft and submarines around the world in the decades after the end of the war. Much of this activity has been attributed to UFO activity, but Childress lifts the veil shrouding some of these cases and shows that Andromeda and Haunebu craft were involved in many of these incidents over the decades. Join Childress as he shows us the secret files involving the Andromeda, Haunebu, and Vril craft. Chapters include: Gravity 's Rainbow; The Motherships; The MJ-12, UFOs and the Korean War; The Strange Case of Reinhold Schmidt; Secret Cities of the Winged Serpent; The Green Fireballs; Submarines That Can Fly; The Breakaway Civilization; more. Includes a 16-page color section. Over 120 photographs and diagrams.

The Book of Wizard Craft Jan 21 2023 “ Fans of all that is wizardly will love this one. ” —School Library Journal. “ Lavishly illustrated throughout...the first of its kind, a fabulous fantasy and a how-to crafts book in one. ” —Hobby Merchandiser.

Craft We Chose Jul 27 2023 Many books, fiction and nonfiction alike, purport to probe the inner workings of the U.S. Central Intelligence Agency. Many attempt to create spine-tingling suspense or allege that America's civilian spy operation has run amok and been infested with rogues and criminals. Not that *The Craft We Chose* lacks suspense,

harrowing encounters, or its own share of villains, but this book is different; it is a straightforward, honest, surprisingly captivating memoir by one of the CIA's most well-known and honored career officers. For more than three decades, Richard L. Holm worked in the agency's Directorate of Operations now the National Clandestine Service the component directly responsible for collecting human intelligence. His assignments took him to seven countries on three continents, and his travels added many more destinations. At almost every turn Holm encountered his share of dangerous characters and situations, including one that nearly ended his life before he turned 30. *The Craft We Chose* is more than a chronicle of those episodes. It also reveals Holm's private life, his roots and family, his courtship and marriage, and his four daughters, whom he affectionately calls his platoon.

Magical Herbalism Jun 06 2024 Practice an ancient magic that is both natural and beautiful - the magic of amulets and charms, sachets and herbal pillows, incenses and scented oils. This practical and poetic guidebook by SCott CUnningham has introduced over 100,000 readers to the practice of herbal magic. *Magical Herbalism* will teach you how to identify, gather, grow, dry and store herbs and use them for protection, divination, healing and love. The Big-Ass Book of Crafts Mar 11 2022 *The Big-Ass Book of Crafts* is packed with ideas for sprucing up your living space; concocting fabulous, all-natural body products; designing your own unique stationery; and creating countless other crafts that will convince your friends and loved ones that you're the secret love child of Martha Stewart (only much, much cooler). Forget crocheted doilies and itchy knit sweaters -- TLC's *While You Were Out* top designer Mark Montano has created stylish and imaginative projects that range from a Warhol-esque Ultrasuede iPod case to photo-adorned boxer shorts to African mask patio chairs to wooden night-light boxes. Divided into sections that include *Outdoorsy* (ideas to enhance your backyard), *Dishing It Out* (decorating plates using different techniques), *You've Been Framed* (innovative picture framing ideas), and *Can I Have a Light?* (creating and decorating lamps, lanterns, and chandeliers), it's as entertaining to read as it is endlessly inspiring. With more than one hundred and fifty inventive and fun projects, *The Big-Ass Book of Crafts* is

the perfect activity book for readers of every mood, budget, and skill level.

The Secret Life of Albert Entwistle Apr 04 2024 “ This rollicking romance entrapped me! True in its detail and its scope, it is amusing yet heart-breaking. ” —Ian McKellen Perfect for fans of Fredrik Backman and TJ Klune, this humorous, life-affirming, and charmingly wise novel tells the story of how the forced retirement of a shy, closeted postman in northern England creates a second chance with his lost love, as he learns to embrace his true self, connect with his community, and finally experience his life ’ s great adventure... Indie Next List Selection | Library Reads Selection Every day, Albert Entwistle makes his way through the streets of his small English town, delivering letters and parcels and returning greetings with a quick wave and a “ how do? ” Everyone on his route knows Albert, or thinks they do—a man of quiet routines, content to live alone with his cat, Gracie. Three months before his sixty-fifth birthday, Albert receives a letter from the Royal Mail thanking him for decades of service and stating that he is being forced into retirement. At once, Albert ’ s simple life unravels. Without the work that fills his days, what will he do? He has no friends, family, or hobbies—just a past he never speaks of, and a lost love that fills him with regret. And so, rather than continue his lonely existence, Albert forms a brave plan to start truly living, to be honest about who he is . . . and to find George, the man with whom he spent one perfect spring and summer long ago. One painful yet exhilarating step at a time, Albert begins searching for George and revealing his story to those around him. As he does, something extraordinary happens. Albert finds unlikely allies, new friends, and the courage to help others—even as he seeks the happiness he ’ s always denied himself. Beautifully written, funny, and wise, *The Secret Life of Albert Entwistle* is a book to fall in love with and to be inspired by, one that proves it is never too late to live, to hope, and to love. A Note from Matt Cain, the author of *The Secret Life of Albert Entwistle*: “ One of the things that inspired me to write this novel was all the joy I felt at seeing gay men like myself being embraced by British society. I think you'd be hard-pushed to find any other minority community in the UK that was as hated, feared and vilified as gay men were fifty years ago and is now as widely celebrated and loved. Acceptance of gay men has become a touchstone of British values within less than a decade, something that even the most optimistic commentators couldn ’ t have predicted. I wanted to write a book that would celebrate this. And I sincerely hope *The Secret Life*

of Albert Entwistle makes its readers feel good about themselves and the part they ' ve played in bringing about this extraordinary social shift. ”

—Matt Cain

Vril: Secrets of the Black Sun Feb 07 2022 Childress reveals numerous secrets of the Black Sun in this final volume in his series about the Fourth Reich. David Childress, popular author and star of the History Channel show Ancient Aliens, unveils the amazing story of the German flying disks, designed and built during WWII. It was not until 1989 that a German researcher named Ralf Ettl, living in London, received an anonymous packet of photographs and documents concerning the planning and development of at least three types of unusual craft—including the Vril, Haunebu and Andromeda. Ettl went on to make several television documentaries based on the material in the packet and released most of the documents and photos to researchers in Austria and other parts of Europe. What the Ralf Ettl document dump shows us is what many have suspected for a long time: that WWII did not end in the manner in which we have been told, and a remnant of the Nazi military—particularly the SS—continued to operate aircraft and submarines around the world in the decades after the end of the war. This volume closes with how the SS operates today in the Ukraine and how the Wagner second in command, Dimitry Utkin, killed in the fiery crash of Yevgeny Prigozhin ' s private jet between Moscow and St. Petersburg in August of 2023, had SS tattoos on his shoulders and often signed his name with the SS runes. Chapters include: Secrets of the Black Sun; The Extra-Territorial Reich; The Rise of the SS; The SS Never Surrendered; Secret Submarines, Antarctica & Argentina; Secret of the Vril; The Marconi Connection; Spectre, the SS, and 007; Yellow Submarine; Ukraine and the Battalion of the Black Sun; more. Includes an 8-page color section. Over 120 photographs and diagrams.

The Book of Wizard Parties May 25 2023 You ' re invited . . . to learn the Wizard ' s secrets for creating fantastical and enchanting parties! Every sorcerer worth his wand knows you don't spend all your time doing good deeds and making magic by yourself. You get together with other magicians to have fun, too! So the Wizard is sharing his tricks for throwing

great theme parties and seasonal celebrations. Construct a Throne of the Realm for Merlin's Birthday Parley, build a Merry Maypole for a Welcome Springtime Fairy Frolic, munch marvelous Mandrake Cupcakes, and much more!

The Craft Sep 16 2022 At the request of President John Quincy Adams during a White House visit in April 1826, Matthew Prescott joins Zeb Cardwell and other presidential agents in the hunt for William Morgan the man who revealed the secrets of Freemasonry and subsequently disappeared after a coach ride near the shore of Lake Ontario in September 1826. After the War of 1812, newly uncovered evidence uncovered reveals that Morgan was a spy for the British. After President Adams orders Morgan captured and brought back to Washington for trial, Prescott and Cardwell discover a plot to assassinate the president and must confront rogue British Masons who will stop at nothing to achieve their objectives. As presidential agents simultaneously deal with murder, arson, and stolen army weapons, the situation quickly escalates beyond their expectations. Their mission takes them to New York City, Albany, Canada, Rochester, and Batavia, and they have but one goal to uncover the truth. The Craft is a fast-paced thriller that provides an intriguing fictional explanation for the kidnapping of William Morgan, a man who not only revealed the secrets of Freemasonry, but also was involved in a much larger secret life.

Class Act Jan 01 2024 New York Times bestselling author Jerry Craft returns with a companion book to New Kid, winner of the 2020 Newbery Medal, the Coretta Scott King Author Award, and the Kirkus Prize. This time, it's Jordan's friend Drew who takes center stage in another laugh-out-loud funny, powerful, and important story about being one of the few kids of color in a prestigious private school. Eighth grader Drew Ellis is no stranger to the saying "You have to work twice as hard to be just as good." His grandmother has reminded him his entire life. But what if he works ten times as hard and still isn't afforded the same opportunities that his privileged classmates at the Riverdale Academy Day School take for granted? To make matters worse, Drew begins to feel as if his good friend Liam might be one of those privileged kids. He wants to pretend like everything is fine, but it's hard not to withdraw, and even their mutual friend Jordan doesn't know how to keep the group together. As the pressures mount, will Drew find a way to bridge the divide so he and his

friends can truly accept each other? And most important, will he finally be able to accept himself? *New Kid*, the first graphic novel to win the Newbery Medal, is now joined by Jerry Craft's powerful *Class Act*.

[The Secret Life of Programs](#) Jun 13 2022 A primer on the underlying technologies that allow computer programs to work. Covers topics like computer hardware, combinatorial logic, sequential logic, computer architecture, computer anatomy, and Input/Output. Many coders are unfamiliar with the underlying technologies that make their programs run. But why should you care when your code appears to work? Because you want it to run well and not be riddled with hard-to-find bugs. You don't want to be in the news because your code had a security problem. Lots of technical detail is available online but it's not organized or collected into a convenient place. In *The Secret Life of Programs*, veteran engineer Jonathan E. Steinhart explores--in depth--the foundational concepts that underlie the machine. Subjects like computer hardware, how software behaves on hardware, as well as how people have solved problems using technology over time. You'll learn: How the real world is converted into a form that computers understand, like bits, logic, numbers, text, and colors The fundamental building blocks that make up a computer including logic gates, adders, decoders, registers, and memory Why designing programs to match computer hardware, especially memory, improves performance How programs are converted into machine language that computers understand How software building blocks are combined to create programs like web browsers Clever tricks for making programs more efficient, like loop invariance, strength reduction, and recursive subdivision The fundamentals of computer security and machine intelligence Project design, documentation, scheduling, portability, maintenance, and other practical programming realities. Learn what really happens when your code runs on the machine and you'll learn to craft better, more efficient code.

Pluto's Secret Jun 01 2021 People, children especially, have been baffled, bewildered, and even outraged by the fact that Pluto is no longer called a planet. Through whimsical artwork and an entertaining dialogue format, *Pluto's Secret* explains the true story of this distant world. Providing a history of the small, icy world from its discovery and naming to its recent reclassification, this book presents a fascinating look at how scientists organize and classify our solar system as they gain new insights into how it works and what types of things exist within it. The book includes a

glossary and bibliography. Praise for Pluto's Secret "Pairing a lighthearted narrative in a hand-lettered † " style typeface with informally drawn cartoon illustrations, this lively tale of astronomical revelations begins with the search for Planet X. † ? —Kirkus Reviews "This picture book offers a fresh, positive perspective on Pluto, showing that its change of status is not a demotion but a correction." —Booklist "Light-hearted imagining of a gregarious Pluto. † ? —Bulletin of the Center for Children's Books "Fun reading... The book provides a factual history of our faraway 'dwarf,' and on its companion icy worlds, and on the discovery of Kuiper-like bands around other stars." —School Library Journal Award New York Public Library ' s annual Children ' s Books list: 100 Titles for Reading and Sharing 2013

Storycraft, Second Edition Nov 06 2021 Jack Hart, master writing coach and former managing editor of the Oregonian, has guided several Pulitzer Prize-winning narratives to publication. Since its publication in 2011, his book Storycraft has become the definitive guide to crafting narrative nonfiction. This is the book to read to learn the art of storytelling as embodied in the work of writers such as David Grann, Mary Roach, Tracy Kidder, and John McPhee. In this new edition, Hart has expanded the book ' s range to delve into podcasting and has incorporated new insights from recent research into storytelling and the brain. He has also added dozens of new examples that illustrate effective narrative nonfiction. This edition of Storycraft is also paired with Wordcraft, a new incarnation of Hart ' s earlier book A Writer ' s Coach, now also available from Chicago.

Draft No. 4 Aug 16 2022 The long-awaited guide to writing long-form nonfiction by the legendary author and teacher *Draft No. 4* is a master class on the writer's craft. In a series of playful, expertly wrought essays, John McPhee shares insights he has gathered over his career and has refined while teaching at Princeton University, where he has nurtured some of the most esteemed writers of recent decades. McPhee offers definitive guidance in the decisions regarding arrangement, diction, and tone that shape nonfiction pieces, and he presents extracts from his work, subjecting them to wry scrutiny. In one essay, he considers the delicate art of getting sources to tell you what they might not otherwise reveal. In another, he discusses how to use flashback to place a bear encounter in a travel narrative while observing that “readers are not supposed to notice the structure. It is meant to be about as visible as someone's bones.” The result is a vivid depiction of the writing process, from reporting to drafting to revising—and revising, and revising. *Draft No. 4* is enriched by multiple diagrams and by personal anecdotes and charming reflections on the life of a writer. McPhee describes his enduring relationships with *The New Yorker* and Farrar, Straus and Giroux, and recalls his early years at *Time* magazine. Throughout, *Draft No. 4* is enlivened by his keen sense of writing as a way of being in the world.

Masters of Craft Mar 03 2024 In today's new economy—in which “good” jobs are typically knowledge or technology based—many well-educated and culturally savvy young people are instead choosing to pursue traditionally low-status manual labor occupations as careers. *Masters of Craft* looks at the renaissance of four such trades: bartending, distilling, barbering, and butchering. In this engaging book, Richard Ocejo takes you into the lives and workplaces of these people to examine how they are

transforming once-undesirable jobs into “ cool ” and highly specialized upscale occupations. He shows how they find meaning in these jobs by enacting a set of “ cultural repertoires, ” resulting in a new form of elite taste-making. Focusing on cocktail bartenders, craft distillers, upscale men ’ s barbers, and whole-animal butcher shop workers in Manhattan, Brooklyn, and upstate New York, *Masters of Craft* provides new insights into the stratification of taste, the spread of gentrification, and the evolving labor market in today ’ s postindustrial city.

[Mama's Boyz](#) May 01 2021 The all new graphic novel based on the syndicated *Mama's Boyz* comic strip. It follows the humorous struggles of a mom trying to raise her two teenage boys.

[In a Jar](#) Apr 23 2023 Here's a marvelous picture book, charmingly written and beautifully illustrated, about the power of memory and the magic of friendship. Llewellyn, a little rabbit, is a collector. He gathers things in jars--ordinary things like buttercups, feathers, and heart-shaped stones. Then he meets another rabbit, Evelyn, and together they begin to collect extraordinary things--like rainbows, the sound of the ocean, and the wind just before snow falls. And, best of all, when they hold the jars and peer inside, they remember all the wonderful things they've seen and done. But one day, Evelyn has sad news: Her family is moving away. How can the two

friends continue their magical collection--and their special friendship--from afar?

Writing for Story Apr 11 2022 It's the new nonfiction: the creative hybrid combining the readability and excitement of fiction with the best of expository prose; the innovative genre that has been awarded virtually every Pulitzer Prize for literary journalism since 1979. In this book, an undisputed master of the great American nonfiction short story shares his secrets.

Queering Your Craft Aug 04 2021 “ As evident through the pages of this book, Snow holds a vision for the queer aspirant who hears the call to witchery, to find healing, empowerment, strength, and pride through their craft. Through creative and unique journal prompts, introspection, rituals, and spells, Snow achieves this beautifully, and herein lays the perfect guide for the queer witch to stand in their power and stand beside others; truly queering our craft with compassion and pride. ” —Mat Auryn, author of *Psychic Witch: A Metaphysical Guide to Meditation, Magick, and Manifestation* Witchcraft has always belonged to the outsiders and outcasts in society, yet so much of the practice enforces and adheres to the same hierarchy we face in the world at large—a hierarchy that isolates and hurts those living beyond society ' s binaries and boundaries. While there are books that address magick for resistance and queer myth, until now there has not been one that specifically addresses the practice of queer magick from an LGBTQ+ standpoint. *Queering Your Craft* combines queer aesthetic and culture (like DIY culture and an emphasis on chosen family over formal covens) with pagan and metaphysical spiritual practice in a way that is commonplace but has not been written about until now. This book covers the personal, the collective, and the political, and how deeply intertwined all three are in a magickal practice for those who are LGBTQ+. In this introduction to witchcraft, Snow presents why/how each concept is important to a queer craft, or how to approach it from a queer mindset. For example, conventional prayer, words, and symbols have always been problematic in a queer universe: How to make them work and still be true to yourself? The bulk of the book is about learning the craft. The latter portion is a grimoire of spells. While accessible to beginning witches, *Queering Your Craft* provides new and inspiring information for longtime practitioners interested in a pure and personal approach that avoids the baggage of history and stereotype.

Secret Craft Jan 09 2022 The biography of an original and unconventional Canadian journalist who became editor of the Toronto Mail in 1885 and was immersed in the volatile issue of annexation to the US in 1891. Cumming (journalism, Carleton U.) finds interest in the fact that this controversial (somewhat embarrassing) figure has been overlooked by Canadian historians who h
