UFO's Past, Present, and Future Robert Emenegger,1975-10-12 UFOs ,1983 **The UFO Singularity** Micah Hanks,2012-12-26 At the forefront of a new generation of UFOlogists Micah Hanks is someone who isn't afraid to tackle new paradigms ideas and theories The future of flying saucer seeking is in good hands Nick Redfern author of The NASA Conspiracies Why and how are past unexplained phenomena changing our future Where will transcending the bounds of current thinking lead How near is the singularity The UFO Singularity finally reveals what UFO phenomena can tell us about greater than human intelligence and offers provocative theories of where such intelligence might originate You'll explore the most challenging metaphysical questions and the latest scientific thoughts about them including What is the singularity and how does it relate to UFOs Could some UFOs be from our plane Could they actually be time travelers from our future What current scientific trends are leading us to the kinds of advanced technology we've observed in various UFO reports Are there other ways in which UFOs could be considered extraterrestrial visitors in our midst even if they didn't get here in the way that most people think via interplanetary space flight Aliens Ron Miller,2017-10-17 Aliens Past Present Future is the first coloured illustrated book to comprehensively chart humankind's fascination with the concept of existence of life beyond Earth from both the perspective of scientists and in popular culture Aliens Past Present Future covers the subject of extraterrestrial life from every angle from the earliest speculations more than 400 years ago to today's ongoing search for Earth 2.0 In between are lessons learned about how life originated on our own planet as well as the story behind the vast cult that has grown up around flying saucers and strange visitors from other planets including popular culture renditions of them The book is organised into three parts Part 1 reviews humankind's changing thinking about possible worlds other than our own through history Part 2 discusses the science of extraterrestrial life in a way that every reader non scientist and scientist alike will understand And Part 3 explores the deep impact the idea of extraterrestrial beings has had not only on science and space exploration but on popular culture as well and its potential impact on philosophy and religion The very concept of extraterrestrial life has been a driving force behind our exploration of the universe and a pervasive presence in movies books comics and advertising throughout the past century Written by bestselling author Ron Miller the book features more than 200 illustrations from centuries old engravings book comic and magazine art movie posters purported UFO photographs to colour illustrations showing what today's cutting edge scientists think extraterrestrial life could be like Could there even be aliens among us already **UFO Continuum** Barbra Maher,Mutual UFO Network,2003 **The Presidents and UFOs** Larry Holcombe,2015-03-17 The UFO enigma has been part of our culture since the 1940s and building to a worldwide explosion of acceptance today Now as governments around the world open their files and records on internal UFO investigations the US remains steadfast in its denial of interest in the UFO issue As more of the world's population accepts

the possibility of an extraterrestrial presence the demand is building for disclosure from the United States Using newly declassified and Freedom of Information Act documents eyewitness accounts interviews and leaked documents being authenticated THE PRESIDENTS AND UFOS details the secret history of UFOs and the corresponding presidential administration Starting in 1941 with the Roosevelt administration author Larry Holcombe examines the startling discoveries facing a president preoccupied by WWII the explosion of UFO sightings during the Truman years first contact during the Eisenhower administration and the possibility of a UFO connection to the Kennedy assassination In 1975 the Nixon administration came very close to admitting that UFOs exist by funding a documentary by Robert Emenecker Almost 40 years later this book will examine Emenecker s findings For the first time the involvement of all of the modern presidents up to and including President Obama and the rise and then fall of their influence on UFO issues are told in one story that is an integral part of the fascinating UFO tapestry

Interstellar Travel John W. Macvey,1991 Surveys in detail the possibilities and probabilities of sophisticated deep space travel and examines evidence of past and present extraterrestrial visits

Beyond UFOs Jeffrey Bennett,2011-05-02 The quest for extraterrestrial life doesn t happen only in science fiction This book describes the startling discoveries being made in the very real science of astrobiology an intriguing new field that blends astronomy biology and geology to explore the possibility of life on other planets Jeffrey Bennett takes readers beyond UFOs to discuss some of the tantalizing questions astrobiologists grapple with every day What is life and how does it begin What makes a planet or moon habitable Is there life on Mars or elsewhere in the solar system How can life be recognized on distant worlds Is it likely to be microbial more biologically complex or even intelligent What would such a discovery mean for life here on Earth Come along on this scientific adventure and learn the astonishing implications of discoveries made in this field for the future of the human race Bennett who believes that science is a way of helping people come to agreement explains how the search for extraterrestrial life can help bridge the divide that sometimes exists between science and religion defuse public rancor over the teaching of evolution and quiet the debate over global warming He likens humanity today to a troubled adolescent teetering on the edge between self destruction and a future of virtually limitless possibilities Beyond UFOs shows why the very quest to find alien life can help us to grow up as a species and chart a course for the stars In a new afterword Bennett shares the most recent developments in extrasolar research and discusses how they might further our quest to find alien life

Wonders in the Sky Jacques Vallee,Chris Aubeck,2010-10-28 One of the most ambitious works of paranormal investigation of our time here is an unprecedented compendium of pre twentieth century UFO accounts written with rigor and color by two of today s leading investigators of unexplained phenomena In the past century individuals newspapers and military agencies have recorded thousands of UFO incidents giving rise to much speculation about flying saucers visitors from other planets and alien abductions Yet the extraterrestrial phenomenon did not begin in the present era Far from it The authors of *Wonders in the Sky* reveal a thread of vividly rendered and sometimes strikingly similar reports of

mysterious aerial phenomena from antiquity through the modern age These accounts often share definite physical features such as the heat felt and described by witnesses that have not changed much over the centuries Indeed such similarities between ancient and modern sightings are the rule rather than the exception In Wonders in the Sky respected researchers Jacques Vallee and Chris Aubeck examine more than 500 selected reports of sightings from biblical age antiquity through the year 1879 the point at which the Industrial Revolution deeply changed the nature of human society and the skies began to open to airplanes dirigibles rockets and other opportunities for misinterpretation represented by military prototypes Using vivid and engaging case studies and more than seventy five illustrations they reveal that unidentified flying objects have had a major impact not only on popular culture but on our history on our religion and on the models of the world humanity has formed from deepest antiquity Sure to become a classic among UFO enthusiasts and other followers of unexplained phenomena Wonders in the Sky is the most ambitious broad reaching and intelligent analysis ever written on premodern aerial mysteries

UFOs and the Deep State Kevin D. Randle, 2021-05-01 A deep dive into UFO cover ups by the deep state A wake up call to what has and is being hidden The leading proponent of the theory that the US government knows more than it s saying about UFOs Globe and Mail Toronto The deep state exists without a doubt and it has perpetrated a consistent mission to hide obscure and delete information as it pertains to UFOs and alien interactions Should unelected officials be making the decisions on disclosure Has a secret space program been developing technologies not of this world for decades What have the U S Air Force and other agencies been hiding This and more is explored in UFOs and the Deep State UFOs and the Deep State will touch upon Air Force Office of Special Investigations and interviews with UFO witnesses The CIA sponsored Robertson Panel to suppress UFO research and the campaign to move Project Blue Book from the Advanced Technical Intelligence Center ATIC to Air Force Public Affairs Exclusive interviews with Paul Bennewitz and the military personnel involved in the Rendlesham Forest UFO incident Project Moon Dust run by the Air Force and Department of State An examination of the Secret Space Program and other black projects Author Kevin D Randle connects the dots at last to reveal the overlooked including how the deep state conducted interrogations that involved various techniques using chemicals and other mind altering techniques The evidence is clear The unelected officials in the deep state have been obscuring UFO incidents and intimidating those who wish to speak out Let the truth rein free

UFOs for the 21st Century Mind Richard M. Dolan, 2014-01-21 This is the new must have UFO book For beginners and experienced researchers alike historian Richard Dolan covers the full range of this incredibly complex topic in his uniquely engaging style He offers fresh insights on everything connected to UFOs ancient aliens modern encounters abductions channelers the politics and cover up the black budget world the bizarre science the social dimensions read YouTube and Facebook the future and much more Toward that end Dolan gives practical insights on how to distinguish and investigate UFOs in today s world where we are flooded with claims and videos and data of all types In addition as one of ufology s pioneers in the deep

analysis of the cover up he offers an original perspective on how it all works and why the cover up despite being so entrenched and insidious is nevertheless bound to end He also writes on the nature of contact speculating on who these Others might be Finally Dolan takes the reader through the weird science of UFOs covering everything from propulsion to spacetime to consciousness and more UFOs for the 21st Century Mind is a roadmap pointing the way forward in a field filled with uncertainty and obfuscation In so doing it is set to reposition an ancient phenomenon into a contemporary state of mind reminding you just why the greatest mystery of our time is also one of the most important Contents Introduction1 What Are UFOs 2 Theories of Ancient Visitation3 Into Modernity Airships Foo Fighters and Flying Saucers 1896 to 19694 UFO Secrecy and Those Who Fought It5 Digging Deeper The Breakaway Civilization6 High Strangeness UFOs from 1970 to 19907 UFOs 1991 to the Present8 Contact and Abduction9 The Growth of Ufology10 Who Are They What Do They Want 11 Weird Science Propulsion Energy Spacetime and Consciousness12 Into the Future Into OurselvesConclusion486 p IllustratedEndorsements

In a field that can be so confusing so complex Richard Dolan has taken his many years of thinking about UFOs and written a completely fresh overview of the entire subject This is an ambitious work that truly ties the many different aspects of the subject together It s rare to find something like this especially considering the care and thoroughness that went into it George Noory host of Coast to Coast AM As a follow up to his previous books exploring the relationship between UFOs and the National Security State historian Richard Dolan widens his perspective to explore all aspects of this provocative phenomenon In this role he takes us on a journey that brings to life the subtlety and depth of this rich subject a truly captivating read H E Puthoff Ph D Director Institute for Advanced Studies at AustinUFOs For the 21st Century Mind represents a new kind of book one that clearly and intelligently addresses literally every aspect and implication of the most maligned misunderstood and compelling subject in human history Richard Dolan s newest work is perfect reading for serious students of ufology as well as the absolute beginner Inspired particularly well written and the product of a first class mind for this or any other century Peter Robbins coauthor of the U K bestseller Left At East Gate A First Hand Account of the Rendlesham Forest UFO Incident Its Cover up and InvestigationThis is an invaluable treatment of the known facets and seemingly endless implications regarding UFOs with a much appreciated focus on the human experience A job well done Richard Sam Maranto Investigative Research *Identified Flying Objects* Dr. Michael P. Masters,2019-03-22 Could UFOs and Aliens simply be us but from the future This provocative new book cautiously examines the premise that extraterrestrials may instead be our distant human descendants using the anthropological tool of time travel to visit and study us in their own hominin evolutionary past Dr Michael P Masters a professor of biological anthropology specializing in human evolutionary anatomy archaeology and biomedicine explores how the persistence of long term biological and cultural trends in human evolution may ultimately result in us becoming the ones piloting these disc shaped craft which are likely the very devices that allow our future progeny to venture backward across the landscape of time Moreover these extratempstrials are

ubiquitously described as bipedal large brained hairless human like beings who communicate with us in our own languages and who possess technology advanced beyond but clearly built upon our own These accounts coupled with a thorough understanding of the past and modern human condition point to the continuation of established biological and cultural trends here on Earth long into the distant human future *American Cosmic* D.W. Pasulka,2019-01-18 More than half of American adults and more than seventy five percent of young Americans believe in intelligent extraterrestrial life This level of belief rivals that of belief in God *American Cosmic* examines the mechanisms at work behind the thriving belief system in extraterrestrial life a system that is changing and even supplanting traditional religions Over the course of a six year ethnographic study D W Pasulka interviewed successful and influential scientists professionals and Silicon Valley entrepreneurs who believe in extraterrestrial intelligence thereby disproving the common misconception that only fringe members of society believe in UFOs She argues that widespread belief in aliens is due to a number of factors including their ubiquity in modern media like *The X Files* which can influence memory and the believability lent to that media by the search for planets that might support life *American Cosmic* explores the intriguing question of how people interpret unexplainable experiences and argues that the media is replacing religion as a cultural authority that offers believers answers about non human intelligent life *Aliens Are Humans from the Future, UFO Is a Time Machine* Nathan Bollio,2018-04 Are you curious about aliens and UFOs I bet you do And you must have so many questions about this mighty universe the unknown the yet to be discovered In this book you will find answers to these questions Is there any evidence that UFOs and aliens have visited our planet What is the purpose of their visit Is time travel possible And how can it become a reality How will we humans evolve in the future Why haven t we received any kind of signals coming from outer space And last but not least why does the author believe that aliens are humans from the future and UFO is a time machine And more questions you might have about this mighty universe It will answer these questions based on various findings in history and theories of scientists like Einstein Kip Thorne and Stephen Hawking So dive into this book and begin the journey of scientific discoveries

Ufos Past Present And Future Introduction

In today's digital age, the availability of Ufos Past Present And Future books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Ufos Past Present And Future books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Ufos Past Present And Future books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Ufos Past Present And Future versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Ufos Past Present And Future books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Ufos Past Present And Future books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Ufos Past Present And Future books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public.

Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Ufos Past Present And Future books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Ufos Past Present And Future books and manuals for download and embark on your journey of knowledge?
