The Thirteen American Arguments Dec 09 2023 Howard Fineman, one of our most trusted political journalists, shows that every debate, from our nation's founding to the present day, is rooted in one of thirteen arguments that—thankfully—defy resolution. It is the very process of never-ending argument, Fineman explains, that defines us, inspires us, and keeps us free. At a time when most public disagreement seems shrill and meaningless, Fineman makes a cogent case for nurturing the real American dialogue. The Thirteen American Arguments runs the gamut, including • Who Is a Person? The Declaration of Independence says “everyone,” but it took a Civil War, the Civil Rights Act, and other movements to make that a reality. Now, what about human embryos and prisoners in Guantanamo? • The Role of Faith No country is more legally secular yet more avowedly prayerful. From Thomas Jefferson to James Dobson, the issue persists: Where does God fit in government? • America in the World In Iraq and everywhere else, we ask ourselves whether we must change the world in order to survive and honor our values—or whether the best way to do both is to deal with the world as it is. Whether it's the nomination of judges or the limits of free speech, presidential power or public debt, the issues that galvanized the Founding Fathers should still inspire our leaders, thinkers, and fellow citizens. If we cease to argue about these things, we cease to be. “Argument is strength, not weakness,” says Fineman. “As long as we argue, there is hope, and as long as there is hope, we will argue.”

How to Read Nonfiction Like a Professor Dec 29 2022 The New York Times bestselling author of *How to Read Literature Like a Professor* uses the same skills to teach how to access accurate information in a rapidly changing 24/7 news cycle and become better readers, thinkers, and consumers of media. We live in an information age, but it is increasingly difficult to know which information to trust. Fake news is rampant in mass media, stoked by foreign powers wishing to disrupt a democratic society. We need to be more perceptive, more critical, and more judicious readers. The future of our republic may depend on it. *How to Read Nonfiction Like a Professor* is more careful, more attentive, more aware reading. On bookstore shelves, one book looks as authoritative as the next. Online, posts and memes don't announce their relative veracity. It is up to readers to establish how accurate, how thorough, how fair material may be. After laying out general principles of reading nonfiction, *How to Read Nonfiction Like a Professor* offers advice for specific reading strategies in various genres from histories and biographies to science and technology to social media. Throughout, the emphasis will be on understanding writers' biases, interrogating claims, analyzing arguments, remaining wary of broad assertions and easy answers, and thinking critically about the written and spoken materials readers encounter. We can become better citizens through better reading, and the time for that is now.

Biology for AP® Courses Jul 12 2021 Biology for AP® courses covers the scope and sequence requirements of a typical two-semester Advanced Placement® biology course. The text provides comprehensive coverage of foundational research and core biology concepts through an evolutionary lens. Biology for AP® Courses was designed to meet and exceed the requirements of the College Board's AP® Biology framework while allowing significant flexibility for instructors. Each section of the book includes an introduction based on the AP® curriculum and includes rich features that engage students in scientific practice and AP® test preparation; it also highlights careers and research opportunities in biological sciences.

The Story of Psychology Jan 18 2022 Socrates, Plato, Descartes, Spinoza, Mesmer, William James, Pavlov, Freud, Piaget, Erikson, and Skinner. Each of these thinkers recognized that human beings could examine, comprehend, and eventually guide or influence their own thought processes, emotions, and resulting behavior. The lives and accomplishments of these pillars of psychology, expertly assembled by Morton Hunt, are set against the times in which the subjects lived. Hunt skillfully presents dramatic and lucid accounts of the techniques and validity of centuries of psychological research, and of the methods and effectiveness of major forms of psychotherapy. Fully revised, and incorporating the dramatic developments of the last fifteen years, *The Story of Psychology* is a graceful and absorbing chronicle of one of the great human inquiries—the search for the true causes of our behavior.

The Bible Recap Jan 30 2023 Have you ever closed your Bible and thought, What did I just read? Whether you're brand-new to the Bible or you grew up in the second pew, reading Scripture can feel confusing or boring at times. Understanding it well seems to require reading it thoroughly (and even repeatedly), but who wants to read something they don't understand? If you've ever wanted to read through the Bible or even just wanted to want to read it, *The Bible Recap* is here to help. Following a chronological Bible reading plan, these recaps explain and connect the story of Scripture, section by section. Soon you'll see yourself as a child of God who knows and loves His Word in the ways you've always hoped for. You don't have to go to seminary. You don't need a special Bible. Just start reading this book alongside your Bible and see what God has to say about Himself in the story He's telling. "Tara-Leigh gets me excited to read the Bible. Period. I have found a trusted guide to walk me into deeper understanding of the Scriptures."--MICHAEL DEAN MCDONALD, the Bible Project

Written by the founder and faculty of Advantage Education, one of America's most respected providers of school-based test-prep classes, this book provides you with the intensive ACT practice that will help your scores improve from each test to the next. You'll be able to sharpen your skills, boost your confidence, reduce your stress—and to do your very best on test day. 10 complete sample ACT exams, with full explanations for every answer 10 sample writing prompts for the optional ACT essay portion Scoring Worksheets to help you calculate your total score for every test Expert guidance in prepping students for the ACT More practice and extra help online ACT is a registered trademark of ACT, Inc., which was not involved in the production of, and does not endorse, this product.

America's History: for the AP® Course Mar 08 2021 *America's History for the AP® Course* offers a thematic approach paired with skills-oriented pedagogy to help students succeed in the redesigned AP® U.S. History course. Known for its attention to AP® themes and content, the new edition features a nine part structure that closely aligns with the chronology of the AP® U.S. History course, with every chapter and part ending with

AP®-style practice questions. With a wealth of supporting resources, America's History for the AP® Course gives teachers and students the tools they need to master the course and achieve success on the AP® exam. Counting Descent May 02 2023 Black Harvard Doctorate in Poetics launches poetry that explores modern blackness. Clint Smith's debut poetry collection, *Counting Descent*, is a coming of age story that seeks to complicate our conception of lineage and tradition. Smith explores the cognitive dissonance that results from belonging to a community that unapologetically celebrates black humanity while living in a world that often renders blackness a caricature of fear. His poems move fluidly across personal and political histories, all the while reflecting on the social construction of our lived experiences. Smith brings the reader on a powerful journey forcing us to reflect on all that we learn growing up, and all that we seek to unlearn moving forward. - Winner, 2017 Black Caucus of the American Library Association Literary Award - Finalist, 2017 NAACP Image Awards - 2017 'One Book One New Orleans' Book Selection

Survival of the Sickest LP Feb 11 2024 Was diabetes evolution's response to the last Ice Age? Did a deadly genetic disease help our ancestors survive the bubonic plagues of Europe? Will a visit to the tanning salon help lower your cholesterol? Why do we age? Why are some people immune to HIV? Can your genes be turned on—or off? *Survival of the Sickest* is filled with fascinating insights and cutting-edge research, presented in a way that is both accessible and utterly absorbing. This is a book about the interconnectedness of all life on earth—and especially what that means for us. Read it. You're already living it.

Dreaming Apr 01 2023 Focusing on dreaming to explain the mechanisms of sleep and sleep laboratory science, this book explores how the new science of dreaming is affecting theories in psychoanalysis, and how it is helping our understanding of the causes of mental illness.

The Complete Euripides Nov 15 2021 Collected here for the first time in the series are three major plays by Euripides: *Bacchae*, translated by Reginald Gibbons and Charles Segal, a powerful examination of the horror and beauty of Dionysiac ecstasy; *Herakles*, translated by Tom Sleight and Christian Wolff, a violent dramatization of the madness and exile of one of the most celebrated mythical figures; and *The Phoenician Women*, translated by Peter Burian and Brian Swamm, a disturbing interpretation of the fate of the House of Laios following the tragic fall of Oedipus. These three tragedies were originally available as single volumes. This volume retains the informative introductions and explanatory notes of the original editions and adds a single combined glossary and Greek line numbers.

Differentiated Assessment for Middle and High School Classrooms Dec 17 2021 This book shows middle and high school teachers in differentiated classrooms how to integrate assessment into the teaching and learning process. With examples from real classrooms, this book demonstrates how to use a wide variety of assessment to better address the needs of your students with regard to their learning style, level of cognitive ability, skill level, interests, etc. Included are detailed examples of both formative and summative assessments.

What I Told My Daughter Nov 27 2022 A "diverse group of women--from Madeleine Albright To Ruth Bader Ginsburg, from Dr. Susan Love to Whoopi Goldberg and more...reflect on the best advice and counsel they have given their daughters either by example, throughout their lives, or in character-building, teachable moments between parent and child."--Book jacket.

Reading, Research, and Writing Mar 20 2022 Information literacy involves a combination of reading, writing, and critical thinking. Librarians in an academic library, while not directly responsible for teaching those skills, are involved in making such literacy part of the students' learning process. Broussard approaches the misconceptions about the relationship between libraries as a source of information literacy, and offers suggestions on providing students support when working on research papers.

Girlchild Aug 05 2023 Rory Hendrix is the least likely of Girl Scouts. She hasn't got a troop or even a badge to call her own. But she's checked the Handbook out from the elementary school library so many times that her name fills all the lines on the card, and she pores over its surreal advice (Uniforms, disposing of outgrown; The Right Use of Your Body; Finding Your Way When Lost) for tips to get off the Calle: that is, the Calle de las Flores, the Reno trailer park where she lives with her mother, Jo, the sweet-faced, hard-luck bartender at the Truck Stop. Rory's been told that she is one of the "third-generation bastards surely on the road to whoredom." But she's determined to prove the county and her own family wrong. Brash, sassy, vulnerable, wise, and terrified, she struggles with her mother's habit of trusting the wrong men, and the mixed blessing of being too smart for her own good. From diary entries, social workers' reports, half-recalled memories, arrest records, family lore, Supreme Court opinions, and her grandmother's letters, Rory crafts a devastating collage that shows us her world even as she searches for the way out of it. Tupelo Hassman's *Girlchild* is a heart-stopping and original debut.

Firebreak Apr 08 2021 "New Liberty City, 2134. Two corporations have replaced the US, splitting the country's remaining forty-five states (five have been submerged under the ocean) between them: Stellaxis Innovations and Greenleaf. There are nine supercities within the continental US, and New Liberty City is the only amalgamated city split between the two megacorps, and thus at a perpetual state of civil war as the feeds broadcast the atrocities committed by each side. Here, Mallory streams Stellaxis's wargame *SecOps* on BestLife, spending more time jacked in than in the world just to eke out a hardscrabble living from tips. When a chance encounter with one of the game's rare super-soldiers leads to a side job for Mal - looking to link an actual missing girl to one of the *SecOps* characters. Mal's sudden burst in online fame rivals her deepening fear of what she is uncovering about BestLife's developer, and puts her in the kind of danger she's only experienced through her avatar."--Publisher's description

1001 Things Every College Student Needs to Know (like Buying Your Books Before Exams Start) Jun 10 2021 Students entering college may think they know just about everything, but... Whether it's their first year or fourth, college students (who think they already know everything) can always use powerful and proven tips on how to make the most of their experience. Harrison Jr.'s latest dose of trademark wit and wisdom provides practical advice ranging from class enrollment, living on campus, study habits and more, that every student-and parent-will benefit from...like buying their books before exams start

Journal of Reading Jun 22 2022

The Federalist Papers Apr 20 2022 Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

The Gatekeepers Jun 15 2024 In the fall of 1999, New York Times education reporter Jacques Steinberg was given an unprecedented opportunity to observe the admissions process at prestigious Wesleyan University. Over the course of nearly a year, Steinberg accompanied admissions officer Ralph Figueroa on a tour to assess and recruit the most promising students in the country. *The Gatekeepers* follows a diverse group of prospective students as they compete for places in the nation's most elite colleges. The first book to reveal the college admission process in such behind-the-scenes detail, *The Gatekeepers* will be required reading for every parent of a high school-age child and for every student facing the arduous and anxious task of applying to college. "[*The Gatekeepers*] provides the deep insight that is missing from the myriad how-to books on admissions that try to identify the formula for getting into the best colleges...I really didn't want the book to end." —The New York Times

POGIL Activities for AP Biology Jan 10 2024

Shane Sep 25 2022 Shane rides into the valley where Bob Starrett's family lives, and Bob, 15, tells about Shane's winning ways.

Whole Novels for the Whole Class Sep 13 2021 Work with students at all levels to help them read novels Whole Novels is a practical, field-tested guide to implementing a student-centered literature program that promotes critical thinking and literary understanding through the study of novels with middle school students. Rather than using novels simply to teach basic literacy skills and comprehension strategies, Whole Novels approaches literature as art. The book is fully aligned with the Common Core ELA Standards and offers tips for implementing whole novels in various contexts, including suggestions for teachers interested in trying out small steps in their classrooms first. Includes a powerful method for teaching literature, writing, and critical thinking to middle school students Shows how to use the Whole Novels approach in conjunction with other programs Includes video clips of the author using the techniques in her own classroom This resource will help teachers work with students of varying abilities in reading whole novels.

The American Yawp Feb 04 2021 "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Academically Adrift Oct 07 2023 In spite of soaring tuition costs, more and more students go to college every year. A bachelor's degree is now required for entry into a growing number of professions. And some parents begin planning for the expense of sending their kids to college when they're born. Almost everyone strives to go, but almost no one asks the fundamental question posed by Academically Adrift: are undergraduates really learning anything once they get there? For a large proportion of students, Richard Arum and Josipa Roksa's answer to that question is a definitive no. Their extensive research draws on survey responses, transcript data, and, for the first time, the state-of-the-art Collegiate Learning Assessment, a standardized test administered to students in their first semester and then again at the end of their second year. According to their analysis of more than 2,300 undergraduates at twenty-four institutions, 45 percent of these students demonstrate no significant improvement in a range of skills—including critical thinking, complex reasoning, and writing—during their first two years of college. As troubling as their findings are, Arum and Roksa argue that for many faculty and administrators they will come as no surprise—instead, they are the expected result of a student body distracted by socializing or working and an institutional culture that puts undergraduate learning close to the bottom of the priority list. Academically Adrift holds sobering lessons for students, faculty, administrators, policy makers, and parents—all of whom are implicated in promoting or at least ignoring contemporary campus culture. Higher education faces crises on a number of fronts, but Arum and Roksa's report that colleges are failing at their most basic mission will demand the attention of us all.

Montana May 10 2021

Hitler Youth: Growing Up in Hitler's Shadow (Scholastic Focus) Nov 08 2023 Robert F. Sibert Award-winner Susan Campbell Bartoletti explores the riveting and often chilling story of Germany's powerful Hitler Youth groups. In her first full-length nonfiction title since winning the Robert F. Sibert Award, Susan Campbell Bartoletti explores the riveting and often chilling story of Germany's powerful Hitler Youth groups. "I begin with the young. We older ones are used up . . . But my magnificent youngsters! Look at these men and boys! What material! With them, I can create a new world." --Adolf Hitler, Nuremberg 1933 By the time Hitler became Chancellor of Germany in 1933, 3.5 million children belonged to the Hitler Youth. It would become the largest youth group in history. Susan Campbell Bartoletti explores how Hitler gained the loyalty, trust, and passion of so many of Germany's young people. Her research includes telling interviews with surviving Hitler Youth members.

Readicide May 14 2024 Read-i-cide: The systematic killing of the love of reading, often exacerbated by the inane, mind-numbing practices found in schools. Reading is dying in our schools. Educators are familiar with many of the factors that have contributed to the decline, poverty, second-language issues, and the ever-expanding choices of electronic entertainment. In this provocative book Readicide: How Schools are Killing Reading and What You Can Do About It , author and teacher Kelly Gallagher suggests it is time to recognize a new and significant contributor to the death of reading: our schools. Readicide , Gallagher argues that American schools are actively (though unwittingly) furthering the decline of reading. Specifically, he contends that the standard instructional practices used in most schools are killing reading by: Valuing standardized testing over the development of lifelong readers Mandating breadth over depth in instruction Requiring students to read difficult texts without proper instructional support and insisting students focus on academic texts Ignoring the importance of developing recreational reading Losing sight of authentic instruction in the looming shadow of political pressures Readicide provides teachers, literacy coaches, and administrators with specific steps to reverse the downward spiral in reading;-steps that will help prevent the loss of another generation of readers.

So You've Been Publicly Shamed Jul 04 2023 Now a New York Times bestseller and from the author of The Psychopath Test, a captivating and brilliant exploration of one of our world's most underappreciated forces: shame. 'It's about the terror, isn't it?' 'The terror of what?' I said. 'The terror of being found out.' For the past three years, Jon Ronson has travelled the world meeting recipients of high-profile public shamings. The shamed are people like us - people who, say, made a joke on social media that came out badly, or made a mistake at work. Once their transgression is revealed, collective outrage circles with the force of a hurricane and the next thing they know they're being torn apart by an angry mob, jeered at, demonized, sometimes even fired from their job. A great renaissance of public shaming is sweeping our land. Justice has been democratized. The silent majority are getting a voice. But what are we doing with our voice? We are mercilessly finding people's faults. We are defining the boundaries of normality by ruining the lives of those outside it. We are using shame as a form of social control. Simultaneously powerful and hilarious in the way only Jon Ronson can be, So You've Been Publicly Shamed is a deeply honest book about modern life, full of eye-opening truths about the escalating war on human flaws - and the very scary part we all play in it.

Dead Men Do Tell Tales Feb 28 2023 From a skeleton, a skull, a mere fragment of burnt thighbone, prominent forensic anthropologist Dr. William Maples can deduce the age, gender, and ethnicity of a murder victim, the manner in which the person was dispatched, and, ultimately, the identity of the killer. In Dead Men Do Tell Tales, Dr. Maples revisits his strangest, most interesting, and most horrific investigations, from the baffling cases of conquistador Francisco Pizarro and Vietnam MIAs to the mysterious deaths of President Zachary Taylor and the family of Czar Nicholas II.

The Memory Visit Sep 06 2023 Editor's Pick All a person needs to escape the bombed-out cities and tormenting thirst of NorCoast is a fifteen-minute Memory Visit. Seventeen-year-old Rain, however, is not looking for an escape

We Are Not from Here Jun 03 2023 A poignant novel of desperation, escape, and survival across the U.S.-Mexico border, inspired by current events. A Pura Belpré 2021 Young Adult Author Honor Book! A BookPage

Best Book of 2020! A Chicago Public Library Best of the Best of 2020! A School Library Journal Best Book of 2020! A New York Public Library 2020 Top 10 Best Book for Teens! Pulga has his dreams. Chico has his grief. Pequeña has her pride. And these three teens have one another. But none of them have illusions about the town they've grown up in and the dangers that surround them. Even with the love of family, threats lurk around every corner. And when those threats become all too real, the trio knows they have no choice but to run: from their country, from their families, from their beloved home. Crossing from Guatemala through Mexico, they follow the route of La Bestia, the perilous train system that might deliver them to a better life--if they are lucky enough to survive the journey. With nothing but the bags on their backs and desperation drumming through their hearts, Pulga, Chico, and Pequeña know there is no turning back, despite the unknown that awaits them. And the darkness that seems to follow wherever they go. In this striking portrait of lives torn apart, the plight of migrants at the U.S. southern border is brought to light through poignant, vivid storytelling. An epic journey of danger, resilience, heartache, and hope. Praise for *We Are Not From Here*: "A fierce and tender story...Relevant, timely, and perceptive." --Margarita Engle, winner of the Pura Belpré Award and Newbery Honor "With poignant, exhausting lyricism and heart wrenching poetic prose, Jenny Torres Sanchez digs deep and shows us the throbbing, aching corazón--the hopeful, unbreakable spirit of the embattled immigrant. A book for the starving, lost soul." --Guadalupe García McCall, Pura Belpré Award-winning author of *Under the Mesquite* "An incredibly powerful, soul-searing YA. [I]mportant and necessary.... I could not put this book down." --Padma Venkatraman, award-winning author of *The Bridge Home* "One of the most relevant and needed young adult novels of the year, a must-read." --Jennifer Mathieu, critically acclaimed author of *The Liars of Mariposa Island* and *Moxie* "An achingly beautifully story...masterfully told...Jenny Torres Sanchez is a true leader within young adult fiction." --Christina Diaz Gonzalez, award-winning author of *The Red Umbrella* "We Are Not From Here is absolutely stunning. It's raw and real, gritty and gorgeously told. A story that's painfully relevant today, and told with such precision and beauty, you can feel it. It's breathtaking and left me absolutely breathless." --Lauren Gibaldi, author of *This Tiny Perfect World* "[This] is a book that will mark your heart. Jenny Torres Sanchez challenges us to feel, empathize and understand. A searing, necessary and ultimately beautiful book." --Alexandra Villasante, critically acclaimed author of *The Grief Keeper* * "A brutally honest, not-to-be-missed narrative...gripping, heart-wrenching, and thrilling." --Kirkus Reviews, STARRED REVIEW * "A candid, realistic story that will leave readers thinking about the characters--and about our own world--long after the last page." --SLJ, STARRED REVIEW * "Gripping, poignant...this soul-shaking narrative [recalls] the works of Gabriel García Márquez." --Booklist, STARRED REVIEW * "A devastating read that is difficult to put down, this unforgettable book unflinchingly illuminates the experiences of those leaving their homes to seek safety in the United States." --Publishers Weekly, STARRED REVIEW

Preparing for the Biology AP Exam Apr 13 2024 Fred and Theresa Holtzclaw bring over 40 years of AP Biology teaching experience to this student manual. Drawing on their rich experience as readers and faculty consultants to the College Board and their participation on the AP Test Development Committee, the Holtzclaws have designed their resource to help your students prepare for the AP Exam. Completely revised to match the new 8th edition of *Biology* by Campbell and Reece. New Must Know sections in each chapter focus student attention on major concepts. Study tips, information organization ideas and misconception warnings are interwoven throughout. New section reviewing the 12 required AP labs. Sample practice exams. The secret to success on the AP Biology exam is to understand what you must know and these experienced AP teachers will guide your students toward top scores!

Where I Lived, and What I Lived For Oct 27 2022 Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are. Thoreau's account of his solitary and self-sufficient home in the New England woods remains an inspiration to the environmental movement - a call to his fellow men to abandon their striving, materialistic existences of 'quiet desperation' for a simple life within their means, finding spiritual truth through awareness of the sheer beauty of their surroundings.

Nectar in a Sieve Aug 13 2021 "This Is a Novel to Retain in Your Heart and Library" —Milwaukee Journal In the sun-baked fields of rural India, Rukmani and Nathan toil side by side, their love woven into the very fabric of the land. Their days are marked by the rhythm of seasons—the planting of rice saplings, the monsoon rains that breathe life into parched soil, and the harvest that sustains their family. But life is not idyllic. Famine stalks the village, and hunger gnaws at their bellies. Rukmani clings to hope, her spirit unyielding even as the world shifts around her. She witnesses the encroachment of modernity—the distant hum of factories, the allure of city lights—and wonders if progress will bring salvation or destruction. As Rukmani's children grow, so do their dreams. Selvam, the eldest, seeks education beyond the village; Irawaddy, the daughter, yearns for love and security. Through it all, Rukmani remains the heart of their home, her hands stained with the colors of life—earth, blood, and sweat. *Nectar in a Sieve* is a testament to the resilience of the human spirit. Kamala Markandaya's prose weaves a tapestry of love, loss, and endurance. Amidst the harsh realities of poverty and change, Rukmani's unwavering love for Nathan becomes a beacon—a nectar that sustains them through hardship. "An elemental book. It has something better than power, the truth of distilled experience." —New York Herald Tribune "Unique in poetic beauty, in classically restrained and controlled tragedy."—Dorothy Canfield Fisher, noted author and critic "Will wring your hearts."—Associated Press "A superb job in telling her story."—Christian Science Monitor

You Got Into Where? Oct 15 2021 ""You Got Into Where?"" is the first college admissions guide written by a student who is fresh out of the college admissions process. Learn how I was admitted to schools like the University of Southern California and New York University with full tuition scholarships. The guide features copies of my admissions essay, writing supplement, and activities resume that I used to apply to college the fall of my senior year. Get advice on all the secrets of the admissions process from start to finish. ""I can't believe that a 17 year-old has written a college admissions books that is so well-written, clear and accurate. No wonder USC jumped at the chance to have her become their student. My sense of things is that mostly parents read college admissions books; high school students just don't want to take the time. Given what she says and how she says it, I truly believe that teens will rush to read "You Got Into Where?" It is well worth their time."" -Marjorie Hansen Shaevitz Author, adMISSION POSSIBLE

We Say #NeverAgain: Reporting by the Parkland Student Journalists Mar 12 2024 A journalistic look at the shooting at Marjory Stoneman Douglas High School in Parkland and the fight for gun control--as told by the student reporters for the school's newspaper and TV station. This timely and media-driven approach to the Parkland shooting, as reported by teens in the journalism and broadcasting programs and in the Marjory Stoneman Douglas newspaper, is an inside look at that tragic day and the events that followed that only they could tell. It showcases how the teens have become media savvy and the skills they have learned and honed--harnessing social media, speaking to the press, and writing effective op-eds. Students will also share specific insight into what it has been like being approached by the press and how that has informed the way they interview their own subjects. "One thing is clear: The Parkland students are smart, media savvy, and here to fight for common sense gun laws." --Hello Giggles

I Am Malala Feb 16 2022 A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.
