"In the Book of Dreams I just continue the same story but in the dreams I had of the real-life characters I always write about." Excerpt: WALKING THROUGH SLUM SUBURBS of Mexico City I'm stopped by smiling threesome of cats who've disengaged themselves from the general fairly crowded evening street of brown lights, coke stands, tortillas-Unmistakably going to steal my bag-I struggled a little, gave up-Begin communicating with them my distress and in fact do so well they end up just stealing parts of my stuffâ€€. We walk off leaving the bag with someone-arm in arm like a gang to the downtown lights of Letran, across a field- Jack Kerouac (1922-1969) was a principal actor in the Beat Generation, a companion of Allen Ginsberg and Neal Cassady in that great adventure. His books include *On the Road*, *The Dharma Bums*, *Mexico City Blues*, *Lonesome Traveler*, *Scattered Poems*, *Visions of Cody*, *Pomes All Sizes*, and *Scripture of the Golden Eternity*. *Writing Back: Sylvia Plath and Cold War Politics* explores the relationship between Plath's writing and Cold War discourses and argues that the time (1960-1963), the place (England), and the global politics are important factors for us to consider when we consider the rhetoric of Plath's later poetry and fiction. Based on fresh readings arising from new research, this study argues that Plath should not be depoliticized, and examines her writing alongside the discourses of the period as expressed in newspaper reporting, magazines, and BBC radio. In contrasting her relationship with institutions in America in the 1950s with her responses in England to church, the American arms industry, the National Health Service, and the Campaign for Nuclear Disarmament it becomes clear that the process of cultural defamiliarization causes Plath to question the model of the individual artist divorced from society, a model of the writer that had previously seemed so attractive. "I dreamed of New York, I am going there." On May 31, 1953, twenty-year-old Sylvia Plath arrived in New York City for a one-month stint at "the intellectual fashion magazine" Mademoiselle to be a guest editor for its prestigious annual college issue. Over the next twenty-six days, the bright, blond New England collegian lived at the Barbizon Hotel, attended Balanchine ballets, watched a game at Yankee Stadium, and danced at the West Side Tennis Club. She typed rejection letters to writers from The New Yorker and ate an entire bowl of caviar at an advertising luncheon. She stalked Dylan Thomas and fought off an aggressive diamond-wielding delegate from the United Nations. She took hot baths, had her hair done, and discovered her signature drink (vodka, no ice). Young, beautiful, and on the cusp of an advantageous career, she was supposed to be having the time of her life. Drawing on in-depth interviews with fellow guest editors whose memories infuse these pages, Elizabeth Winder reveals how these twenty-six days indelibly altered how Plath saw herself, her mother, her friendships, and her romantic relationships, and how this period shaped her emerging identity as a woman and as a writer. Pain, Parties, Work—the three words Plath used to describe that time—shows how Manhattan's alien atmosphere unleashed an anxiety that would stay with her for the rest of her all-too-short life. Thoughtful and illuminating, this captivating portrait invites us to see Sylvia Plath before The Bell Jar, before she became an icon—a young woman with everything to live for. Young Sylvia Mendez never expected to be at the center of a landmark legal battle. Young Aki Munemitsu never expected to be sent away from her home and her life as she knew it. The two girls definitely never expected to know each other, until their lives intersected on a Southern California farm in a way that changed the country forever. Who are Sylvia and Aki? And why did their family stories matter then and still matter today? This book reveals the remarkable, never-before-told story—based on true events—of Mendez vs. Westminster School District, the California court case that desegregated schools for Latino children and set the stage for Brown vs. Topeka Board of Education at the national level. A musical celebration of the garden, from chaff to grass, and all of its lowly weeds, herbs, and creatures Sylvia Legris's Garden Physic is a paean to the pleasures and delights of one of the world's most cherished pastimes: Gardening! "At the center of the garden the heart," she writes, "Red as any rose. Pulsing / balloon vine. Love in a puff." As if composed out of a botanical glossolalia of her own invention, Legris's poems map the garden as body and the body as garden—her words at home in the phytological and anatomical—like birds in a nest. From an imagined love-letter exchange on plants between garden designer Vita Sackville-West and Harold Nicolson to a painting by Agnes Martin to the medicinal discourse of the first-century Greek pharmacologist Pedanius Dioscorides, Garden Physic engages with the anaphrodisiacs of language with a compressed vitality reminiscent of Louis Zukofsky's "80 Flowers." In muskeg and yard, her study of nature bursts forth with rainworm, whorl of horsetail, and fern radiation—spring beauty in the lines, a healing potion in verse. The inspiring memoir for young readers about a Latina rocket scientist whose early life was transformed by joining the Girl Scouts and who currently serves as CEO of the Girl Scouts of the USA. As she struggled in the aftermath of loss, young Sylvia's life transformed when she joined the Brownies. The Girl Scouts taught her how to take control of her world and nourished her love of numbers and science. With new confidence, Sylvia navigated shifting cultural expectations at school and at home, forging her own trail to become one of the first Latinx to graduate with a master's in engineering from Stanford University and going on to become a rocket scientist at NASA's Jet Propulsion Laboratory.
