Culture of Galicia in Santiago de Compostela, Spain, is a formidable battery of museums, libraries, and auditoriums, a cultural acropolis atop a spectacular hillside site in northeastern Spain. By excavating the hilltop and arranging six buildings as a kind of artificial topography, Eisenman creates a new warped landscape that seems to merge building and ground, that occupies the hilltop without seeming to have been built upon it. In CODEX, the New York-based Eisenman, known for a career of formal investigations, reveals in essays and illustrations his theory of coding as a device for producing form. Through more than three hundred line drawings and perspectives, the development of the code--and the buildings and landscape it informs--becomes apparent, culminating in a giant earthwork as excavation of the site begins.

A hilarious tale of authorly competition. Titus Jensen is middle-aged, has a fondness for alcohol, and makes ends meet by giving public readings from obscure books at festivals across Sweden. He can't help thinking there has to be more to life for an author of his quality. Eddie X is hip, a hit with the ladies, and loves being the center of attention. A radical poet and regular on the festival circuit, he can't help thinking there has to be more to life for a talented, good-looking man like himself. One night, after a successful event--Titus reads from *The Diseases of Swedish Monarchs* and Eddie X waxes lyrical to the thrashing tones of metal band *The Tourettes*--the unlikely pair get horribly drunk together and hatch a plan to achieve worldwide recognition. The answer is to write the best book in the world--a book so amazing that it will end up on all the bestseller lists in every category imaginable: thriller, self-help, cooking, business, dieting--a book that combines everything in one! But there can only be one such book, and as the alcohol-induced haze clears both men realize they are not willing to share the limelight. Hilariously quirky and witty, this novel will take readers on a meandering race to the finish line, throwing plenty of satirical punches along the way.
