**The Mystic Will** Aug 02 2021 During the past few years the most serious part of the author's study and reflection has been devoted to the subjects discussed in this book. Secondly, in development of this theory, and as confirmed by much practical and personal experience, that the Will can by very easy processes of training, or by aid of Auto-Suggestion, be strengthened to any extent, and states of mind soon induced, which can be made by practice habitual.

**The Witch of Wolfcroft** Feb 17 2023 Artist and author Tava Baird has been a practicing Wiccan for over thirty-five years and has mentored people interested in Paganism and Witchcraft for decades to help them take their first steps onto a new path. In this series, she puts down on paper the tried-and-true lessons she uses with her students to help you explore what it means to be a Witch. Each lesson has additional resources online for you to access to support your journey and specific assignments to help you connect with your ancestors, the earth, and the magick inside and all around you. You don't learn Witchcraft. You REMEMBER it. It is your birthright, buried in your bones, passed down to you from our common ancestors who connected with the elements and understood the power of the Earth and the power inherent in each of us. This book is for the seekers, the curious, and the people who type "learn Witchcraft" into a search engine and get forty thousand slick videos in return and don't know who to trust or where to begin (side note: Witchcraft is anything but slick.) It's for the people on my mentoring waiting list and the people I meet at markets and fairs who are just starting out. It's for the people who gather around tables in my bone-casting and poppet-making class and say "I've never quite fit in". It's for those people who felt something authentic when they read The Spiral Pathways series and want to find their own stone circle. And whether you end up as a Witch or not, you'll hopefully at least come away with some new ideas. As a person who is passionate about history and holds a degree in archaeology, I want to preserve the Old Ways for future generations. I believe we can learn from the past, and that the practices of our ancestors help us connect to nature. Witchcraft helps you tap into the natural, wild side of the self, and helps us all remember that we are a part of the world, not separate from it. Welcome to the Circle. -Tava Baird

This simple little book will show you how you can come to recognize the power within yourself and in the living things around you. For those of you who want to become a witch this book will give you some groundwork on recognizing the power you already have and how to tap into those offered by Mother Nature herself. The book also contains a list of useful resources you can then use to pursue your craft.

*The Rules of Magic* Mar 21 2023 An instant New York Times bestseller and Reese Witherspoon Book Club pick from beloved author Alice Hoffman—the spellbinding prequel to *Practical Magic*. Find your magic. For the Owens family, love is a curse that began in 1620, when Maria Owens was charged with witchery for loving the wrong man. Hundreds of years later, in New York City at the cusp of the sixties, when the whole world is about to change, Susanna Owens knows that her three children are dangerously unique. Difficult Franny, with skin as pale as milk and blood red hair, shy and beautiful Jet, who can read other people's thoughts, and charismatic Vincent, who began looking for trouble on the day he could walk. From the start Susanna sets down rules for her children: No walking in the moonlight, no red shoes, no wearing black, no cats, no crows, no candles, no books about magic. And most importantly, never, ever, fall in love. But when her children visit their Aunt Isabelle, in the small Massachusetts town where the Owens family has been blamed for everything that has ever gone wrong, they uncover family secrets and begin to understand the truth of who they are. Yet, the children cannot escape love even if they try, just as they cannot escape the pains of the human heart. The two beautiful sisters will grow up to be the memorable aunts in *Practical Magic*, while Vincent, their beloved brother, will leave an unexpected legacy. Alice Hoffman delivers “fairy-tale promise with real-life struggle” (The New York Times Book Review) in a story how the only remedy for being human is to be true to yourself. Thrilling and exquisite, real and fantastical, *The Rules of Magic* is “irresistible...the kind of book you race through, then pause at the last forty pages, savoring your final moments with the characters” (USA TODAY, 4/4 stars).

**Wicca for Beginners** Sep 14 2022 Due to the sheer number of Wicca 101 books on the market, many newcomers to the Craft find themselves piecing together their Wiccan education by reading a chapter from one book, a few pages from another. Rather than depending on snippets of wisdom to build a new faith, *Wicca for Beginners* provides a solid foundation to Wicca without limiting the reader to one tradition or path. Embracing both the spiritual and the practical, *Wicca for Beginners* is a primer on the philosophies, culture, and beliefs behind the religion, without losing the mystery that draws many students to want to learn. Detailing practices such as grounding, raising energy, visualization, and meditation, this book offers exercises for core techniques before launching into more complicated rituals and spellwork. Finalist for the Coalition of Visionary Resources Award for Best Wiccan/Pagan Book "In her first book-length work, Sabin presents a first-rate, fresh, and thorough addition to the burgeoning field of earth-based spiritual practice volumes...written in a light, informative style that magically mines depth, breadth and brevity."—Publishers Weekly (starred review)

**Whispers from the Coven** Dec 06 2021 Follow in the footsteps of a coven of witches in the 1940s as they dive deep into magical practice. Using the same storybook-style of teaching magic that Chris Allaun introduced in his previous book, *The Black Book of Johnathan Knotbristle*, the reader will find an incredibly hands-on system of witchery designed to heighten their magical prowess and refine their skills in the Art. Each chapter is set up as a journal entry from a different member of the coven, and through each entry the reader is shown how to weave spells to bring protection, reveal the truth, or even reenter a dream. They'll also be shown how to conjure spirits, influence another's thoughts, and to capture the heart of one they love. It would be all too easy to see a coven such as this operating in the 1940s--meeting under the cloak of night, conversing with the spirit world, and conjuring a breadth of magic that could withstand the test of time. While the coven itself may dwell mostly in the mind and heart of the witch, Chris Allaun has creatively incorporated actual folklore from Chicago, his now hometown, which will go on to inspire all readers to build their own magical practice off their own living, breathing landscape, wherever that may be.

*Magic Lessons* Nov 04 2021 Where does the story of the Owens family begin? With a baby abandoned in a snowy field in the 1600s. Under the care of Hannah Owens, little Maria learns about the "Unnamed Arts." Hannah recognizes that Maria has a gift and she teaches the girl all she knows. When Maria is abandoned by the man she loves, she follows him to Salem, Massachusetts. Here she invokes the curse that will haunt her family. And it's is here that she learns the rules of magic and the lesson that she will carry with her for the rest of her life. Love is the only thing that matters.

**Cherishing the Witch** Jan 07 2022 In our modern world the Wiccan religion is becoming more and more commodified, drawing in more people who have no desire to train in the priestess or priest roles. Many of those people merely want to celebrate and take part in a religious format that worships both God and Goddess. This current trend in Wicca is a positive step and has led to gaining Constitutional protection of our religious rights, as well as a more positive attitude from the larger society. However, there is a tendency to forget that the religion is also a mystery religion. As a mystery religion it is a Faith based belief system that focuses on the internal growth of the individual. One of the greatest of mysteries is the simple statement, "I believe that I can, therefore I can." *Cherishing the Witch* is a book written to assist an evolving soul to understand how to achieve that mystery and reach their greatest power. The tools of Wicca and how those tools can be used for personal evolution are the focus of this book. The basic lessons of Wicca are augmented with true stories of people who have shared the magick of Wicca with me. It is my strongest hope that this book will give words of growth to all of those who would walk a Magickal path of power.
