***A Year in the Woods*** Torbjørn Ekelund, 2021-10-12 From the acclaimed author of *In Praise of Paths* comes a humorous and modest *Walden* for modern times As nature becomes ever more precious we all want to spend more time appreciating it But time is often hard to come by And how do we appreciate nature without disruption In this sensitively written book Torbjørn Ekelund an acclaimed Norwegian nature writer shares a creative and non intrusive method for immersing oneself in nature And the result is nothing short of transformative Evoking Henry David Thoreau and the four season structure of *Walden* Ekelund writes about communing with nature by repeating a small simple ritual and engaging in quiet reflection At the start of the book he hatches a plan to leave the city after work one day per month camp near the same tiny pond in the forest and return to work the next day He keeps this up for a year His ritual is far from rigorous and it is never perfect One evening he grows so cold in his tent that he hikes out before daybreak But as Ekelund inevitably greets the same trees and boulders each month he appreciates the banality of their sameness alongside their quiet beauty He wonders how long they have stood silently in this place and reflects on his own short existence among them *A Year in the Woods* asks us to reconsider our relationship with the natural world Are we anxious wanderers or mindful observers Do we honor the seasons or let them pass us by At once beautifully written accessible and engaging *A Year in the Woods* is the perfect book for anyone who longs for a deeper connection with their environment but is realistic about time and ambition
