

# Download Ebook Government In America 14th Edition Online Read Pdf Free

Americans First May 01 2021 World War II was a watershed event for many of America's minorities, but its impact on Chinese Americans has been largely ignored. Utilizing extensive archival research as well as oral histories and letters from over one hundred informants, K. Scott Wong explores how Chinese Americans carved a newly respected and secure place for themselves in American society during the war years. Long the victims of racial prejudice and discriminatory immigration practices, Chinese Americans struggled to transform their image in the nation's eyes. As Americans racialized the Japanese enemy abroad and interned Japanese Americans at home, Chinese citizens sought to distinguish themselves by venturing beyond the confines of Chinatown to join the military and various defense industries in record numbers. Wong offers the first in-depth account of Chinese Americans in the American military, tracing the history of the 14th Air Service Group, a segregated unit comprising over 1,200 men, and examining how their war service contributed to their social mobility and the shaping of their ethnic identity. *Americans First* pays tribute to a generation of young men and women who, torn between loyalties to their parents' traditions and their growing identification with America and tormented by the pervasive racism of wartime America, served their country with patriotism and courage. Consciously developing their image as a "model minority," often at the expense of the Japanese and Japanese Americans, Chinese Americans created the pervasive image of Asian Americans that still resonates today.

Franklin Pierce Nov 18 2022 Franklin Pierce of New Hampshire was handsome, gregarious, and famous for his eloquence. In private life and in politics, however, he proved to be unlucky and unhappy. As a young man he suffered from alcoholism, his wife was often ill, and their three sons died in childhood. A Northern Democrat with Southern sympathies, he was nominated for president in 1852 and won the election against a hapless Whig opponent. He soon lost the support of the North by enforcing the hated Fugitive Slave Law of 1850 and signing the Kansas-Nebraska Act, which promised to extend slavery in the new territories. When Kansas was swept by violence, Pierce supported proslavery factions and refused to send federal troops to restore order. In 1856, his party refused to renominate him, bringing his political career to a close. Book jacket.

American Government 3e Nov 30 2023 Black & white print. *American Government 3e* aligns with the topics and objectives of many government courses. Faculty involved in the project have endeavored to make government workings, issues, debates, and impacts meaningful and memorable to students while maintaining the conceptual coverage and rigor inherent in the subject. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. In order to help students understand the ways that government, society, and individuals interconnect, the revision includes more examples and details regarding the lived experiences of diverse groups and communities within the United States. The authors and reviewers sought to strike a balance between confronting the negative and harmful elements of American government, history, and current events, while demonstrating progress in overcoming them. In doing so, the approach seeks to provide instructors with ample opportunities to open discussions, extend and update concepts, and drive deeper engagement.

American Demon Dec 08 2021 A thrilling return to the #1 New York Times bestselling urban fantasy series, continuing Rachel Morgan's story. RACHEL MORGAN IS BACK--AND THE HOLLOWS WILL NEVER BE THE SAME. What happens after you've saved the world? Well, if you're Rachel Mariana Morgan, witch-born demon, you quickly discover that something might have gone just a little bit wrong. That the very same acts you and your friends took to forge new powers may have released something bound by the old. With a rash of zombies, some strange new murders, and an exceedingly mysterious new demon in town, it will take everything Rachel has to counter this new threat to the world--and it may demand the sacrifice of what she holds most dear.

The Fourteenth Amendment and the Privileges and Immunities of American Citizenship May 25 2023 This book presents the history behind the 1868 addition of the Privileges or Immunities Clause of the Fourteenth Amendment.

American Nations Mar 23 2023 • A New Republic Best Book of the Year • The Globalist Top Books of the Year • Winner of the Maine Literary Award for Non-fiction Particularly relevant in understanding who voted for who during presidential elections, this is an endlessly fascinating look at American regionalism and the eleven “nations” that continue to shape North America According to award-winning journalist and historian Colin Woodard, North America is made up of eleven distinct nations, each with its own unique historical roots. In *American Nations* he takes readers on a journey through the history of our fractured continent, offering a revolutionary and revelatory take on American identity, and how the conflicts between them have shaped our past and continue to mold our future. From the Deep South to the Far West, to Yankeedom to El Norte, Woodard (author of *American Character: A History of the Epic Struggle Between Individual Liberty and the Common Good*) reveals how each region continues to uphold its distinguishing ideals and identities today, with results that can be seen in the composition of the U.S. Congress or on the county-by-county election maps of any hotly contested election in our history.

Campbell Institute Bulletin, Vol. 14 Dec 20 2022 Excerpt from *Campbell Institute Bulletin*, Vol. 14: October, 1917; *America and Her Allies* In an appendix of twenty pages there has been added *A Survey of Old Testament Chronology*, in which some of the problems and data receive a more extensive treatment than could well be given in the body of the book. About the Publisher *Forgotten Books* publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. *Forgotten Books* uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. American Government Mar 03 2024

Silver in America Oct 06 2021 This volume explores the history and development of the American silver industry. It chronicles the work of firms such as Tiffany, Gorham, Meridan Britannia, and Reed and Barton, along with that of makers such as Whiting, Wendt, Wood and Hughs, Scheibler, and Gale.

In America Mar 30 2021 In 1960 John Steinbeck and his dog Charley set out in their green pickup truck to rediscover the soul of America, visiting small towns and cities from New York to New Orleans. The trip became *Travels With Charley*, one of his best-loved books. Half a century on, Geert Mak sets off from Steinbeck's home. Mile after mile, as he retraces Steinbeck's footsteps through the potato fields of Maine to the endless prairies of the Midwest and stumbles across glistening suburbs and boarded-up stores, Mak searches for the roots of America and what remains of the world Steinbeck describes. How has America changed in the last fifty years; what remains of the American dream; and what do Europe and America now have in common?

Senate Documents, Otherwise Publ. as Public Documents and Executive Documents May 13 2022

Milestones in American History Set, 14-Volumes Feb 07 2022 The Milestones in American History series introduces students to seminal events in American history that helped shape the nation. From the illuminating discoveries of Thomas Edison to the landmark dissolution of racial segregation, each book presents a three-dimensional look at a particular event and those people who not only played an integral part in making it significant, but were also ultimately affected by its consequences. Bolstered by biographical sketches, extensive photographs, excerpts from primary source documents, a detailed timeline, and first-person narratives, this curriculum-based series is ideal for students writing reports.

American History: Connecting with the Past Jun 13 2022 The latest iteration of Alan Brinkley 's American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance. Known for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history.

The Adoption of the Fourteenth Amendment Sep 28 2023 This early academic work on the fourteenth amendment is both expensive and hard to find in its first edition. It contains a study on the history of the fourteenth amendment and its appearance before congress. This is a fascinating work and thoroughly recommended for anyone interested in American political history. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Shifts in Power between the Nation and the States in America Jan 01 2024 Seminar paper from the year 2012 in the subject History - America, grade: B, The University of Chicago, language: English, abstract: The highest court in the United States (the Supreme Court) made a ruling in 1857 that Africans (blacks) had no rights, could not become U.S citizens, and that Congress had no powers to abolish slavery. The aftermath of the ruling saw the United States suffer one of the bloodiest wars in world history – the Civil War. In less than ten years since the ruling was made, Congress together with the Northern states addressed the biases in the ruling. The biases were addressed through the amendment of the constitution and the civil rights statute. Through the 13th Amendment, slavery was abolished in all parts of the United States. The 14th Amendment and the Civil Rights Act of 1866 guaranteed citizenship for all qualified, natural-born, and naturalized Americans, inclusive of former slaves and free blacks. The civil rights statute, in addition, authorized the transfer of cases from state to federal courts in cases where citizens ' rights could not be enforced through state systems of justice. The 14th Amendment also prohibited states from infringing the rights enjoyed by American citizens, as well as, ensuring every citizen had the right to due process and equal protection of the law (Kaczorowski, 1987, p. 45). The Congressional Republicans held the view that the 14th Amendment and Civil Rights Act of 1866 provided a good ground for revolutionary change in the constitution of the United States. In observance of the 19th century concept of federalism, there was a need for Congress to legislate for the protection of civil rights. Had the status and fundamental rights of citizenship been the rights enjoyed by individuals owing to their state citizenship, the Congress would have had no authority to ensure for their protection. The fundamental rights would have been out of the jurisdiction of the states. The Fourteenth Amendment and the Civil Rights Statute that conferred citizenship on all Americans, and expanded its federally enforceable guarantees to include civil rights protection was surely a revolutionary twist in American federalism (Kaczorowski, 1987, p. 47).

Marriage Equality Jun 01 2021 The definitive history of the marriage equality debate in the United States, praised by Library Journal as "beautifully and accessibly written. . . . An essential work. " As a legal scholar who first argued in the early 1990s for a right to gay marriage, William N. Eskridge Jr. has been on the front lines of the debate over same sex marriage for decades. In this book, Eskridge and his coauthor, Christopher R. Riano, offer a panoramic and definitive history of America 's marriage equality debate. The

authors explore the deeply religious, rabidly political, frequently administrative, and pervasively constitutional features of the debate and consider all angles of its dramatic history. While giving a full account of the legal and political issues, the authors never lose sight of the personal stories of the people involved, or of the central place the right to marry holds in a person's ability to enjoy the dignity of full citizenship. This is not a triumphalist or one-sided book but a thoughtful history of how the nation wrestled with an important question of moral and legal equality.

Records of North American Big Game Jun 06 2024 Records of North American Big Game is a one-of-a-kind big game records book that lives up to its longstanding reputation as "The Book" of native North American big game trophies. The original book was published over eighty years ago. This latest edition is filled with valuable information for today's hunters, outdoorsmen, and game managers. A total of thirty-eight categories are recognized and, as a testament to the success of today's conservation efforts, five new World's Records are featured. Along with the detailed listing of over 25,000 trophies ranked by their all-time scores, this book includes current topics of interest to sportsmen. Records of North American Big Game is much more than statistics--it is a history book of big game animals, making it an exceptional resource for hunters and sportsmen.

Amendment XIV: Citizenship for All Apr 04 2024 Rather than a dry, hard-to-understand reference book on our Constitutional rights, this collection of essays presents a lively discussion of what "citizenship for all" really means. Essay resources include Akhil Reed Amar, James F. Wilson, Priscilla Huang, Horace Gray, Melville Fuller, and Dmitri Vasillaros. Essay topics include slavery, federal despotism, naturalized citizens, undocumented immigrants, and dual citizenship.

The Annals of America, Volume 14 Nov 06 2021

No State Shall Abridge Oct 30 2023 "The book is carefully organized and well written, and it deals with a question that is still of great importance—what is the relationship of the Bill of Rights to the states." —Journal of American History "Curtis effectively settles a serious legal debate: whether the framers of the 14th Amendment intended to incorporate the Bill of Rights guarantees and thereby inhibit state action. Taking on a formidable array of constitutional scholars, . . . he rebuts their argument with vigor and effectiveness, conclusively demonstrating the legitimacy of the incorporation thesis. . . . A bold, forcefully argued, important study." —Library Journal

South to America Jul 03 2021 WINNER OF THE 2022 NATIONAL BOOK AWARD FOR NONFICTION INSTANT NEW YORK TIMES BESTSELLER "An elegant meditation on the complexities of the American South—and thus of America—by an esteemed daughter of the South and one of the great intellectuals of our time. An inspiration." —Isabel Wilkerson An essential, surprising journey through the history, rituals, and landscapes of the American South—and a revelatory argument for why you must understand the South in order to understand America We all think we know the South. Even those who have never lived there can rattle off a list of signifiers: the Civil War, Gone with the Wind, the Ku Klux Klan, plantations, football, Jim Crow, slavery. But the idiosyncrasies, dispositions, and habits of the region are stranger and more complex than much of the country tends to acknowledge. In South to America, Imani Perry shows that the meaning of American is inextricably linked with the South, and that our understanding of its history and culture is the key to understanding the nation as a whole. This is the story of a Black woman and native Alabaman returning to the region she has always called home and considering it with fresh eyes. Her journey is full of detours, deep dives, and surprising encounters with places and people. She renders Southerners from all walks of life with sensitivity and honesty, sharing her thoughts about a troubling history and the ritual humiliations and joys that characterize so much of Southern life. Weaving together stories of immigrant communities, contemporary artists, exploitative opportunists, enslaved peoples, unsung heroes, her own ancestors, and her lived experiences, Imani Perry crafts a tapestry unlike any other. With uncommon insight and breathtaking clarity, South to America offers an assertion that if we want to build a

more humane future for the United States, we must center our concern below the Mason-Dixon Line. They Led the Way Mar 11 2022 Presents portraits of fourteen American women who played important roles in American history, including Emma Willard, Abigail Adams, and Harriet Beecher Stowe.

Xavier Feb 27 2021 Barcelona -- exquisite architecture, masterful artists, and just down the coast, an ancient fortress where an old and powerful vampire lives...and rules all of Spain. Tall, dark, and deadly, vampire Xavier Prospero Flores waded through blood to destroy his enemies and reach the pinnacle of vampire society--Vampire Lord. He has only one regret in his long life, and that 's the day he rejected the advances of Layla Casales. She 'd been too innocent, too naïve, and far too young. But she 'd also been his. Layla Casales was only nineteen when she left Spain, brokenhearted and humiliated by Xavier 's rejection. But now, ten years later, the ties of family are pulling her back, not only to Spain, but to Xavier 's fortress. Her father, the vampire lord 's military commander, is critically ill. Layla has spent years fighting on battlefields around the world, so when her father asks her to come home, she can 't say no. Though Xavier 's rule began on the ashes of his enemies, it 's not vampires trying to kill him now--it 's humans. He needs to eliminate his enemy before more of his people die. Layla arrives just in time to help, but while she came for her father, the minute she and Xavier see each other, desire burns as hotly as if they 'd never been apart. Xavier isn 't going to let her go this time. But before they can rediscover the love they walked away from, they must first keep each other alive. Praise for the author: "... guaranteed to give you all the tingles!!! A SEXUAL TENSION PACKED GEM!!!" --AddictedtoRomance.org on LACHLAN "...this is the series to try--if you haven 't already. There 's always plenty of action, life and death moments, romance and really hot sexy times as well." --Delightedreader.com on LACHLAN "D.B. Reynolds has delivered a master class in what paranormal romance is meant to be." --KT Book Reviews on LUCIFER About the Author: D. B. Reynolds is the RT and EPIC Award-Winning author of the Vampires in America series of paranormal romance, and an Emmy-nominated television sound editor. She lives in a flammable canyon near Los Angeles, and when she 's not writing her own books, she can usually be found reading someone else 's. American Pageant Sep 16 2022 THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1 – 41); Volume 1: To 1877 (Chapters 1 – 22); Volume 2: Since 1865 (Chapters 22 – 41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Women Themselves Jun 25 2023 Portraits of fourteen American women determined to use their talents despite the difficulties encountered in getting into careers reserved exclusively for men.

The American Pageant Apr 11 2022 Traces the history of the United States from the arrival of the first Indian people to the present day.

American Founding Son Jul 07 2024 John Bingham was the architect of the rebirth of the United States following the Civil War. A leading antislavery lawyer and congressman from Ohio, Bingham wrote the most important part of the Fourteenth Amendment to the Constitution, which guarantees fundamental rights and equality to all Americans. He was also at the center of two of the greatest trials in history, giving the closing argument in the military prosecution of John Wilkes Booth ' s co-conspirators for the assassination of Abraham Lincoln and in the impeachment of President Andrew Johnson. And more than any other man, Bingham played the key role in shaping the Union ' s policy towards the occupied ex-Confederate States, with consequences that still haunt our politics. American Founding Son provides the most complete portrait yet of this remarkable statesman. Drawing on his personal letters and speeches, the book traces Bingham ' s life from his humble roots in Pennsylvania through his career as a leader of the Republican Party. Gerard N. Magliocca argues that Bingham and his congressional colleagues transformed the Constitution that the Founding Fathers created, and did so with the same ingenuity that their forbears used to create a more perfect union in the 1780s. In this book, Magliocca restores Bingham to his rightful place as one of our great leaders. Gerard N. Magliocca is the Samuel R. Rosen Professor at Indiana University Robert H. McKinney School of Law. He is the author of three books on constitutional law, and his work on Andrew Jackson was the subject of an hour-long program on C-Span ' s Book TV.

It's Even Worse Than It Looks Jan 21 2023 Acrimony and hyperpartisanship have seeped into every part of the political process. Congress is deadlocked and its approval ratings are at record lows. America's two main political parties have given up their traditions of compromise, endangering our very system of constitutional democracy. And one of these parties has taken on the role of insurgent outlier; the Republicans have become ideologically extreme, scornful of compromise, and ardently opposed to the established social and economic policy regime. In It's Even Worse Than It Looks, congressional scholars Thomas Mann and Norman Ornstein identify two overriding problems that have led Congress -- and the United States -- to the brink of institutional collapse. The first is the serious mismatch between our political parties, which have become as vehemently adversarial as parliamentary parties, and a governing system that, unlike a parliamentary democracy, makes it extremely difficult for majorities to act. Second, while both parties participate in tribal warfare, both sides are not equally culpable. The political system faces what the authors call &"asymmetric polarization," with the Republican Party implacably refusing to allow anything that might help the Democrats politically, no matter the cost. With dysfunction rooted in long-term political trends, a coarsened political culture and a new partisan media, the authors conclude that there is no &"silver bullet"; reform that can solve everything. But they offer a panoply of useful ideas and reforms, endorsing some solutions, like greater public participation and institutional restructuring of the House and Senate, while debunking others, like independent or third-party candidates. Above all, they call on the media as well as the public at large to focus on the true causes of dysfunction rather than just throwing the bums out every election cycle. Until voters learn to act strategically to reward problem solving and punish obstruction, American democracy will remain in serious danger.

14 Cows for America May 05 2024 This New York Times bestseller recounts the true story of the touching gift bestowed on the US by the Maasai people in the wake of the September 11 attacks. In June of 2002, a mere nine months since the September 11 attacks, a very unusual ceremony begins in a far-flung village in western Kenya. An American diplomat is surrounded by hundreds of Maasai people. A gift is about to be bestowed upon the American men, women, and children, and he is there to accept it. The gift is as unexpected as it is extraordinary. Hearts are raw as these legendary Maasai warriors offer their gift to a grieving people half a world away. Word of the gift will travel newswires around the globe, and for the heartsick American nation, the gift of fourteen cows emerges from the choking dust and darkness as a soft

light of hope and friendship. With stunning paintings from Thomas Gonzalez, master storyteller Carmen Agra Deedy (in collaboration with Naiyomah) hits all the right notes in this elegant story of generosity that crosses boundaries, nations, and cultures.

PEN America 14: The Good Books Aug 16 2022

The Federalist Papers Jul 27 2023 Classic Books Library presents this brand new edition of “ The Federalist Papers ” , a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. “ The Federalist ” , as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755 – 1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation ’ s finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

These Truths: A History of the United States Apr 23 2023 “ Nothing short of a masterpiece. ” —NPR Books A New York Times Bestseller and a Washington Post Notable Book of the Year In the most ambitious one-volume American history in decades, award-winning historian Jill Lepore offers a magisterial account of the origins and rise of a divided nation. Widely hailed for its “ sweeping, sobering account of the American past ” (New York Times Book Review), Jill Lepore ’ s one-volume history of America places truth itself—a devotion to facts, proof, and evidence—at the center of the nation ’ s history. The American experiment rests on three ideas— “ these truths, ” Jefferson called them—political equality, natural rights, and the sovereignty of the people. But has the nation, and democracy itself, delivered on that promise? These Truths tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation ’ s truths, or belied them. To answer that question, Lepore wrestles with the state of American politics, the legacy of slavery, the persistence of inequality, and the nature of technological change. “ A nation born in contradiction... will fight, forever, over the meaning of its history, ” Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. With These Truths, Lepore has produced a book that will shape our view of American history for decades to come.

The History of North America, Vol. 14 Aug 04 2021 Excerpt from The History of North America, Vol. 14: The Civil War From a Southern Standpoint The war between the States gave rise to an enormous literature which is each year increasing in bulk. The majority Of the items of this vast accumulation of historical contribution is absolutely partisan, and of the rest we do not find half a dozen that are unbiased and at the same time virile. Neutrality seems attainable by emasculation alone. Re fl ection will show the cause for this state of affairs; reason will demonstrate that when sentiment causes and maintains a con fl ict, no relation

of the struggle that does not reflect the sentiment is a faithful presentation of the consequent war. Historians have found it easy to reflect one side or the other, but not to give both. Believing that the reason for this was sound, the history OF north america did not seek to present in one volume the views of the North and the South. The editor held it important that the story of the North should be told by a man of the North, while that of the South should be related by a native of that section, and that both sides should be presented by men identified with the great internecine strife. The editor was confirmed in this opinion by the fact that of all the general histories not one so presented the narrative Of the Civil War, and it seemed most fitting that in this, the first history of North America, the initiative should be taken in recording the opposing views of sections whose struggle made the years from 1860 to 1865 the most vital in the history of the United States. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. 1816 Oct 18 2022 "The year 1816 found America on the cusp of political, social, cultural, and economic modernity. Celebrating its fortieth year of independence, the country's sense of self was maturing. Americans, who had emerged from the War of 1812 with their political systems intact, embraced new opportunities. For the first time, citizens viewed themselves not as members of a loose coalition of states but as part of a larger union. This optimism was colored, however, by bizarre weather. Periods of extreme cold and severe drought swept the northern states and the upper south throughout 1816, which was sometimes referred to as "The Year Without a Summer." Faced with thirty-degree summer temperatures, many farmers migrated west in search of better weather and more fertile farmlands. In 1816, historian C. Edward Skeen illuminates this unique year of national transition. Politically, the "era of good feelings" allowed Congress to devise programs that fostered prosperity. Social reform movements flourished. This election year found the Federalist party in its death throes, seeking cooperation with the nationalistic forces of the Republican party. Movement west, maturation of political parties, and increasingly contentious debates over such issues as slavery characterized this pivotal year. 1816 marked a watershed in American history. This provocative new book vividly highlights the stresses that threatened to pull the nation apart and the bonds that ultimately held it together.

America in the World Jan 09 2022 A wide-ranging anthology of primary texts in American foreign relations—now expanded to include documents from the Trump years to today How should America wield its power beyond its borders? Should it follow grand principles or act on narrow self-interest? Should it work in concert with other nations or avoid entangling alliances? America in the World captures the voices and viewpoints of some of the most provocative, eloquent, and influential people who participated in these and other momentous debates. Now fully revised and updated, this anthology brings together primary texts spanning a century and a half of U.S. foreign relations, illuminating how Americans have been arguing about the nation's role in the world since its emergence as a world power in the late nineteenth century. Features more than 250 primary-source documents, reflecting an extraordinary range of views Includes two new chapters on the Trump years and the return of great power rivalries under Biden Sweeps broadly from the Gilded Age to emerging global challenges such as COVID-19 Shares the perspectives of presidents, secretaries of state, and generals as well as those of poets, songwriters, clergy, newspaper columnists, and novelists Also includes non-American perspectives on U.S. power

Democracy Reborn Feb 02 2024 Describes the fierce battle that erupted in post-Civil War America over the adoption of the Fourteenth Amendment, the implications of the revolutionary addition to the U.S.

Constitution, and the colorful cast of characters involved--including Thaddeus Stevens, Charles Sumner, Frederick Douglass, and Susan B. Anthony.

Fourteenth Colony Feb 19 2023 The British colony of West Florida—which once stretched from the mighty Mississippi to the shallow bays of the Apalachicola and portions of what are now the states of Florida, Alabama, Mississippi, and Louisiana—is the forgotten fourteenth colony of America's Revolutionary era. The colony's eventful years as a part of the British Empire form an important and compelling interlude in Gulf Coast history that has for too long been overlooked. For a host of reasons, including the fact that West Florida did not rebel against the British Government, the colony has long been dismissed as a loyal but inconsequential fringe outpost, if considered at all. But the colony's history showcases a tumultuous political scene featuring a halting attempt at instituting representative government; a host of bold and colorful characters; a compelling saga of struggle and perseverance in the pursuit of financial stability; and a dramatic series of battles on land and water which brought about the end of its days under the Union Jack. In *Fourteenth Colony*, historian Mike Bunn offers the first comprehensive history of the colony, introducing readers to the Gulf Coast's remarkable British period and putting West Florida back in its rightful place on the map of Colonial America.

*The American Pageant: Volume I: To 1877* Jul 15 2022 THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts in American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 14th edition places an even greater emphasis on the global context of American history through a new feature, Thinking Globally. Revised primary source features excite student interest and help them learn to examine documents the way historians do. Additional pedagogical features make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present primary sources, scholarly debates, and key historical figures for analysis. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
