Middle grade students can learn a great deal about themselves and their world by reading informative texts in social studies courses. These texts will focus on important topics in history, geography, civics, government, and economics and offer students a range of perspectives on past and present social events. But reading is a complex act, and most students need specific reading-related support to understand assigned texts in middle grade social studies courses. This book focuses on the cyclical nature of reading, the actions proficient readers engage in to understand social studies textbooks and other informational texts, and the

instructional support that teachers can provide to enhance middle grade students' learning of social studies content through reading. Three associated questions will be addressed in this book: •What actions do proficient readers engage in to understand assigned course texts? •What do these actions entail, and how do they relate to each other? •What teacher-mediated practices best support middle grade students' development as proficient readers and enhance their learning of course content through reading? Supplement your social studies curriculum with 180 days of daily practice! This essential classroom

resource provides teachers with weekly social studies units that build students' content-area literacy, and are easy to incorporate into the classroom. Learn about each state's flag, motto, fun facts, and more as you fill up your passport crisscrossing the country! From Native American history to how immigration impacted the nation, you will explore some of the sites and stories that make this vast land remarkable. Did You Know: Montgomery, Alabama, was the site of the first citywide electric trolley system in 1886. Tennessee is home to the largest underground lake in the United States, the Lost Sea, discovered by a 13-year-old boy in 1905. Ohio was home to the first professional baseball

team, the Cincinnati Red Stockings in 1869. Benny Benson, an orphan, designed Alaska's distinctive state flag in 1927. Montana's Triple Divide Peak in Glacier National Park is the only place in North America that allows water to flow in three directions — the Pacific Ocean, the Atlantic Ocean, and Hudson Bay. Texas is the only state to have flags of six different countries fly over it, and it was an independent nation from 1836 to 1846. Scott Foresman Social Studies (©2003) components for Grade 1.
