WORKBOOK 2 is designed for students to practise and work on answering the different  
types of comprehension questions found in the multiple-choice and open-ended formats.  
The passages are carefully graded into three levels: Basic, Intermediate, Advanced. The  
main objective of the Basic level is to lay the foundation to build up a student's confidence  
in tackling comprehension. In the Intermediate level, the passages encourage higher-level  
thinking and understanding. The Advanced level challenges a student to think beyond the  
ideas presented in the passages. The wide variety of themes and genres also serve to  
widen a student's exposure to the different text types which are currently taught in  
schools. The different questioning techniques aim to develop a student's comprehension  
and inference skills. Thinking questions are incorporated to allow a student to exercise his  
opinions and make his conclusions. A glossary is included after every exercise to help  
students comprehend the passage better. It also increases a student's vocabulary and will  
aid in other writing, reading and comprehension exercises. These varied and useful
