Multicultural Education Patricia G. Ramsey, Edwina Battle Vold, Leslie R. Williams, 1989 The second edition of this source book contains essays and annotations on a number of issues related to multicultural education The authors define multicultural education as a process oriented creation of learning experiences that foster an awareness of respect for and enjoyment of the diversity of our society and world Inherent in this definition of multicultural education is a commitment to

create a more just and equitable society for all people This book then offers suggestions relevant to the teaching of all children all teaching and curricular decisions and every aspect of educational policy *Sensation and Perception* Bennett L. Schwartz, John H. Krantz, 2018-01-05 The highly accessible *Sensation and Perception* presents a current and accurate account of modern sensation and perception from both a cognitive and neurocognitive perspective To show students the relevance of the material to their everyday lives and future careers authors Bennett L Schwartz and John H Krantz connect concepts to real world applications such as driving cars playing sports and evaluating risk in the military Interactive Sensation Laboratory Exercises ISLE provide simulations of experiments and neurological processes to engage readers with the phenomena covered in the text and give them a deeper understanding of key concepts The Second Edition includes a revamped version of the In Depth feature from the previous edition in new Exploration sections that invite readers to learn more about exciting developments in the field Additionally new Ponder Further sections prompt students to practice their critical thinking skills with chapter topics [Introduction to Development Studies](#) Frik De Beer, Hennie Swanepoel, 2000 Written by Hennie Swanepoel and Frik de Beer both based in South Africa this development studies text first published in 1997 is suitable for all introductory level courses **Improving Primary Mathematics Education, Teaching and Learning** Mellony Graven, Hamsa Venkat, 2017-01-19 This book focuses on how to improve the teaching and learning of primary level mathematics education within resource constrained contexts It builds on two large numeracy projects within South Africa which speak to broader global concerns and highlight how research and development not only enables one to meet ethical imperatives but also explore how further interventions can be developed Teacher and research communities must work together to create mutually beneficial relationships and establish a cohesive understanding of the requirements of primary mathematics education *Practising Strategy* Tersia Botha, Peet Venter, 2019-01-25 Given the common acknowledgement that strategy implementation is the greatest challenge to managers in the 21st century and the greatest reason for strategy failure we decided to focus on strategy implementation Rather than promoting the unrealistic idea of strategy as a purely rational and deliberate outcome this book acknowledges and explores the idea that strategy is often emergent messy and experimental and features a number of new chapters focusing on strategy implementation and change management resource allocation and responsible leadership It also includes a more detailed coverage of managing strategic risk Publisher's description **Public Economics** Philip A. Black, Estian Calitz, Tjaart J. Steenekamp, 2005 This valuable textbook enables South African undergraduate and graduate students as well as students from neighbouring countries to develop a greater appreciation for the broader economic environment in which they operate BOOK JACKET
