the cutthroat art auction world. She's an associate specialist at Sotheby's now, but her boss has hinted at a promotion if she can close a deal with a high-profile client. She's not engaged just yet, but she knows her boyfriend, Finn, a surgical resident, is about to propose on their romantic getaway to the Galápagos—days before her thirtieth birthday. Right on time. But then a virus that felt worlds away has appeared in the city, and on the eve of their departure, Finn breaks the news: It's all hands on deck at the hospital. He has to stay behind. You should still go, he assures her, since it would be a shame for all of their nonrefundable trip to go to waste. And so, reluctantly, she goes. Almost immediately, Diana's dream vacation goes awry. Her luggage is lost, the Wi-Fi is nearly nonexistent, and the hotel they'd booked is shut down due to the pandemic. In fact, the whole island is now under quarantine, and she is stranded until the borders reopen. Completely isolated, she must venture beyond her comfort zone. Slowly, she carves out a connection with a local family when a teenager with a secret opens up to Diana, despite her father's suspicion of outsiders. In the Galápagos Islands, where Darwin's theory of evolution by natural selection was formed, Diana finds herself examining her relationships, her choices, and herself—and wondering if when she goes home, she too will have evolved into someone completely different. Who would you like to change places with for one day? How can you tell that you are growing? What do you do when you are very cold? This is a little book with big ideas. Sometimes provocative, always interesting, every page can be the start of a new discussion. Reading the questions, and looking at the pictures, each child will have different answers to give, and things to ask. The questions are intriguing, the images sometimes startling, sometimes beautiful, and always engaging. From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! ages. This timeless book is a truly thoughtful gift for any occasion. *Wish You Were Here: Travels Through Loss and Hope* is the story of Amy Welborn's trip to the island of Sicily with three of her children five months after her husband's sudden death from a heart attack. Her journey through city and countryside, small town and ancient ruins, opens unexpected doors of memory and reflection, a pilgrimage of the heart and an exploration of the soul. It is an observant and wry memoir and travelogue, intensely personal yet speaking to universal experiences of love and loss. Along the narrow roads and hairpin turns, the narrative reveals the beauty of the ordinary and the commonplace and asks stark questions about how we fill the empty places that a loved one leaves behind. It is a meditation on the possibility of faith, one that is unflinching, uncompromising, and altogether unsentimental when confronted by the ultimate test of belief. This book is not only a well-told memoir, but a testimony to the truth that love is stronger than death. A parent's ode to "anticipatory joy," by Caldecott Award-winner Matthew Cordell. The sweet companion to *Dream and Hope*. As an elephant couple embarks on their life together, thoughts of children are far away -- at first. But as the desire for a child grows, so do unexpected challenges. And it's only after thwarted plans and bitter disappointment that their deepest wish miraculously comes true. This "deceptively simple" story celebrates the profound joy of becoming a parent. From award-winning author Barbara O'Connor comes a middle-grade novel about a girl who, with the help of the dog of her dreams, discovers the true meaning of family. Told in rhyming text, a group of excited children prepares for a special Christmas, spreading cheer as they decorate the tree and play in the snow with their friends while waiting for Santa. From the team that created the bestselling *I Wish You More*, this is a motivational picture book for exceptionally OK children! In this clever and visual play on words, OK is turned sideways, upside down, and right side up to show that being OK can really be quite great.

Wish You Happy Forever chronicles Half the Sky founder Jenny Bowen's personal and professional journey to transform Chinese orphanages—and the lives of the neglected girls who live in them—from a state of quiet despair to one of vibrant promise. After reading an article about the thousands of baby girls languishing in Chinese orphanages, Bowen and her husband adopted a little girl from China and brought her home to Los Angeles, not out of a need to build a family but rather a commitment to save one child. A year later, as she watched her new daughter play in the grass with her friends, thriving in an environment where she knew she was loved, Bowen was overcome with a desire to help the children that she could not bring home. That

offsite.creighton.edu

very day she created Half the Sky Foundation, an organization conceived to bring love into the life of every orphan in China and one that has actually managed to fulfill its promise. In *Wish You Happy Forever*, a fish out of water tale like no other, Bowen relates her struggle to bring the concept of "child nurture and responsive care" to bemused Chinese bureaucrats and how she's actually succeeding. Five years after Half the Sky's first orphanage program opened, government officials began to mention child welfare and nurturing care in public speeches. And, in 2011, at China's Great Hall of the People, Half the Sky and its government partners celebrated the launch of The Rainbow Program, a groundbreaking initiative to change the face of orphan care by training every child welfare worker in the country. Thanks to Bowen's relentless perseverance through heartbreak and a dose of humor, Half the Sky's goal to bring love to the lives of forgotten children comes ever closer. Tar loves Gemma, but Gemma doesn't want to be tied down - not to anyone or anything. Gemma wants to fly. But no one can fly forever. One day, somehow, finally you have to come down. Commissioned and produced by Oxford Stage Company, *Junk* premiered at The Castle, Wellingborough, in January 1998 and went on to tour throughout the UK in 1998 and 1999. "John Retallack's excellent adaptation of Melvin Burgess's controversial Carnegie Medal winning novel is splendidly unpatronising...a truly cautionary tale" (Independent) Perfect for fans of Adam Silvera and Becky Albertalli, Mason Deaver's stunning debut will rip your heart out before showing you how to heal from tragedy and celebrate life in the process. "Heartfelt, romantic, and quietly groundbreaking. This book will save lives." -- Becky Albertalli, New York Times bestselling author of *Simon vs. the Homo Sapiens Agenda*It's just three words: I am nonbinary. But that's all it takes to change everything. When Ben De Backer comes out to their parents as nonbinary, they're thrown out of their house and forced to move in with their estranged older sister, Hannah, and her husband, Thomas,

whom Ben has never even met. Struggling with an anxiety disorder compounded by their parents' rejection, they come out only to Hannah, Thomas, and their therapist and try to keep a low profile in a new school. But Ben's attempts to survive the last half of senior year unnoticed are thwarted when Nathan Allan, a funny and charismatic student, decides to take Ben under his wing. As Ben and Nathan's friendship grows, their feelings for each other begin to change, and what started as a disastrous turn of events looks like it might just be a chance to start a happier new life. At turns heartbreaking and joyous, *I Wish You All the Best* is both a celebration of life, friendship, and love, and a shining example of hope in the face of adversity. "I Wish You Enough" encompasses eight values needed for true contentment and happiness. Short, inspirational stories about everyday people reopen others' eyes and hearts to the abundance all around. If you could make one wish that was guaranteed to come true—what would you wish for? Rules for Wishing: Never let an outsider find out about wishing. (Zip your lips and throw away the key.) Wishes that would impact the world are off limits (i.e. no bringing back the dinosaurs). Do no harm. (Murder = no bueno.) No time travel. (What's done is done, pal.) No bringing back the dead. (Come on. You've seen what happens in *THE WALKING DEAD*.) NEVER BREAK THE RULES. (Seriously. We mean it. See Rule #7.) There are always consequences. Madison is a small town in the Mojave desert on the road between nothing and nowhere. It's an unremarkable speck on the map, which is perfect for protecting the town's secret. Not Eldon. He's seen how wishing has hurt the people around him. His parents' marriage is strained, his sister is a virtual ghost in their house, his ex-girlfriend is dating his ex-friend...where does he even begin? One thing is for sure: Eldon has only twenty-five days to figure it out—and the

rest of his life to live with the consequences. "The story's message, that people should choose joy even (and especially) in difficult and painful times, seems tailor-made for this moment. A timely, uplifting read about finding joy in the midst of tragedy, filled with quirky characters and comforting warmth."—Kirkus (starred review) From the New York Times bestselling author of *How to Walk Away* comes a stunning new novel full of heart and hope. Samantha Casey is a school librarian who loves her job, the kids, and her school family with passion and joy for living. But she wasn't always that way. Duncan Carpenter is the new school principal who lives by rules and regulations, guided by the knowledge that bad things can happen. But he wasn't always that way. And Sam knows it. Because she knew him before—at another school, in a different life. Back then, she loved him—but she was invisible. To him. To everyone. Even to herself. She escaped to a new school, a new job, a new chance at living. But when Duncan, of all people, gets hired as the new principal there, it feels like the best thing that could possibly happen to the school—and the worst thing that could possibly happen to Sam. Until the opposite turns out to be true. The lovable Duncan she'd known is now a suit-and-tie wearing, rule-enforcing tough guy so hell-bent on protecting the school that he's willing to destroy it. As the school community spirals into chaos, and danger from all corners looms large, Sam and Duncan must find their way to who they really are, what it means to be brave, and how to take a chance on love—which is the riskiest move of all. With Katherine Center's sparkling dialogue, unforgettable characters, heart, hope, and humanity, *What You Wish For* is the author at her most compelling best.
