Stay up all night reading the sensational psychological thriller that has readers obsessed from the #1 New York Times bestselling author of *Too Late* and *It Ends With Us*. #1 New York Times Bestseller, USA Today Bestseller, Globe and Mail Bestseller, Publishers Weekly Bestseller, Lowen Ashleigh is a struggling writer on the brink of financial ruin when she accepts the job offer of a lifetime. Jeremy Crawford, husband of bestselling author Verity Crawford, has hired Lowen to complete the remaining books in a successful series his injured wife is unable to finish. Lowen arrives at the Crawford home ready to sort through years of Verity's notes and outlines hoping to find enough material to get her started. What Lowen doesn't expect to uncover in the chaotic office is an unfinished autobiography Verity never intended for anyone to read. Page after page of bone-chilling admissions including Verity's recollection of the night her family was forever altered. Lowen decides to keep the manuscript hidden from Jeremy, knowing its contents could devastate the already grieving father. But as Lowen's feelings for Jeremy begin to intensify, she recognizes all the ways she could benefit if he were to read his wife's words. After all, no matter how devoted Jeremy is to his injured wife, a truth this horrifying would make it impossible for him to continue loving her.

Kerstein, 2008 An interactive workbook designed to help children with sensory issues learn how to identify their needs and develop strategies to address them Also works on children's self esteem **Why Race Still Matters** Alana Lentin, 2020-04-22 Why are you making this about race This question is repeated daily in public and in the media Calling someone racist in these times of mounting white supremacy seems to be a worse insult than racism itself In our supposedly post racial society surely it's time to stop talking about race This powerful refutation is a call to notice not just when and how race still matters but when how and why it is said not to matter Race critical scholar Alana Lentin argues that society is in

urgent need of developing the skills of racial literacy by jettisoning the idea that race is something and unveiling what race does as a key technology of modern rule hidden in plain sight Weaving together international examples she eviscerates misconceptions such as reverse racism and the newfound acceptability of race realism bursts the I m not racist but justification complicates the common criticisms of identity politics and warns against using concerns about antisemitism as a proxy for antiracism Dominant voices in society suggest we are talking too much about race Lentin shows why we actually need to talk about it more and how in doing so we can act to make it matter less
