Gone for You , Jared's Evolution Riley Hart,2017-09-25 He wants to dominate me to discipline me He wants me to call him Daddy I ve always taken care of myself worked hard to become king of the courtroom and excel in the cutthroat business of winning cases I m fierce brutal confident I m a lie Underneath my armor I m drowning losing myself under the weight of life At thirty three years old I should be able to handle the pressure My neighbor Kieran sees past my spotless suits and manufactured control to the real Jared The one who secretly craves being dominated to serve and to give up control not just in the bedroom but in every aspect of my personal life I can t want this but I do When I m under Kieran s command spanked rewarded and caged I m free With Kieran s care and guidance my mind is unburdened as my body soars to new heights and Kieran becomes what we both need him to be Daddy It s a journey of dominance and submission of rules schedules security and discipline He opens my world teaches me changes me but he

doesn't let me in. It's temporary. Daddy tells me and I'd be wise to remember that so I don't get hurt. Warning: Jared's Evolution contains BDSM elements: domestic discipline, spanking, and daddy kink without age play between two consenting adults. If any of those things offend you, reading this book might not be a good idea. Jared's Evolution is part of the Desires Unleashed collection. Some books in this collection will have darker themes. Please be aware: Desires Unleashed are erotic and not your typical Riley Hart romance. You can expect the mental and emotional journey to be led by the physical sexual moments, which will be intense, frequent, and kinky.

Murphy's Law Riley Hart, 2020-04-19
Lawson: We were eighteen when I met Remington Monroe. I'd never seen anyone like him. He got onstage at the coffeehouse armed with a guitar and corny jokes but unable to hide his lonely eyes. When he sang, I was entranced. When we spent the night talking together, I knew my world would never be the same. Remington: Music was my only passion until I met Lawson Grant. Our secret nights together laughing and loving were my anchor. My dreams of becoming a musician came true because of him, but in the process of achieving them, I lost Law. Still, I never stopped missing him. When I can't stay away any longer, I find myself in Havenwood, Law's hometown. He isn't exactly thrilled to see me, and I can't say I blame him. But our connection is too powerful to be tamed, and soon we're in over our heads again. Our feelings for each other have never been in doubt, but we have a lot riding against us. I'm not out; my manager is giving me trouble, my family needs me, and my anxiety is worse than ever. Law's there for me with his love, support, and a group of friends who accept me into the fold. But he can't be a secret forever, and I can't lose him again, even if it means risking it all and jeopardizing what's always defined me: my music.

Broken Pieces Riley Hart, 2014-02-03
Josiah: Evans lost both his parents; he's sweet, shy, and wants nothing more than to be loved. Mateo: Sanchez has seen it all as the son of a gang leader and never hesitates to do what needs to be done, no matter what it is. Wealthy attorney Tristan: Croft clawed his way up from the bottom to rule his own world and will never depend on anyone but himself again. Three men who couldn't be more different until their lives intersect and they find an uncommon balance that calms the storms inside each of them and ignites fires hotter than they ever thought imaginable.

Full Circle Riley Hart, 2014-09-01
Nothing in life is ever easy, and no one is more painfully aware of that than Josiah, Evans, Mateo, Sanchez, and Tristan, Croft. They know what they want, each other, but with three people as broken as they are, all those pieces aren't so easily mended. Josiah is their glue. All he wants is to give his men what they need. Mateo wants to absolve himself of his sins, to be worthy of love, and to protect it. Tristan must let go of his past, must learn how to need, and what it really means to take care of someone. To keep the balance intact, they all have their roles to play. But what happens if the balance shifts? What happens when someone doesn't play the right part? If one of them falters, they all feel the strain. The only way to complete their full circle is for all their pieces, despite the curves and rough edges, to fit together perfectly. To do that, Josiah, Mateo, and Tristan must learn to get over the pasts that have defined who they are. And when an old enemy returns and threatens the foundation of their new life, decisions will be made, and boundaries will be tested that could change their lives forever.

No Useless Mouth Rachel B. Herrmann, 2019-11-15 Rachel B. Herrmann's *No Useless Mouth* is truly a breath of fresh air in the way it aligns food and hunger as the focal point of a new lens to reexamine the American Revolution. Her careful, inclusive approach and broad synthesis, all based on extensive archival research, produced a monograph simultaneously rich, audacious, insightful, lively, and provocative. *The Journal of American History*: In the era of the American Revolution, the rituals of diplomacy between the British Patriots and Native Americans featured gifts of food, ceremonial feasts, and a shared experience of hunger. When diplomacy failed, Native Americans could destroy food stores and cut off supply chains in order to assert authority. Black colonists also stole and destroyed food to ward off hunger and carve out tenuous spaces of freedom. Hunger was a means of power and a weapon of war. In *No Useless Mouth*, Rachel B. Herrmann argues that Native Americans and formerly enslaved black colonists ultimately lost the battle against hunger and the larger struggle for power because white British and United States officials curtailed the abilities of men and women to fight hunger on their own terms. By describing three interrelated behaviors—food diplomacy, victual imperialism, and victual warfare—the book shows that during this tumultuous period, hunger prevention efforts offered strategies to claim power, maintain communities, and keep rival societies at bay. Herrmann shows how Native Americans, free blacks, and enslaved peoples were useful mouths, not mere supplicants for food without rights or power, who used hunger for cooperation and violence and took steps to circumvent starvation. Her wide-ranging research on black Loyalists, Iroquois, Cherokee, Creek, and Western Confederacy Indians demonstrates that hunger creation and prevention were tools of diplomacy and warfare available to all people involved in the American Revolution. Placing hunger at the center of these struggles foregrounds the contingency and plurality of power in the British Atlantic during the Revolutionary Era. Thanks to generous funding from Cardiff University, the ebook editions of this book are available as Open Access volumes from Cornell Open: cornellpress.cornell.edu/cornell-open and other repositories. **His Truth** Riley Hart, 2018-03-29 They were only kids when they met for the first time. Leo Mancini was the son of a judge, Roman Cipriani the son of a criminal. So different, yet as they shared stolen kisses and secret moments, they fell in love. One day they would run away together, have the future they deserved, because no one loved Leo like Roman did, or Roman like Leo did. But before they could make their dreams come true, their future was viciously stolen, and their lives

changed forever Roman has spent the last twelve years repressing the trauma in his past trying to pretend it didn't exist until even he believed his own lies Leo won't let himself forget what happened because he doesn't ever want to be that person again He won't become the man his father wanted him to be or the guy who gets hurt when he lets someone in But in that split second when their eyes meet again everything changes Despite Leo's anger and Roman's denial the connection they shared as teens is still there too powerful to deny Now when their moments don't have to be stolen they cling to what they've always craved each other Roman and Leo aren't kids anymore though they can't lock themselves away from the world and pretend nothing exists but each other A trauma like Roman suffered doesn't just go away but now that Roman accepts his truth can the two of them escape their demons before they destroy Roman and Leo a second time Possible triggers violence and homophobia
