Of the nearly five thousand cases presented to the Supreme Court each year, less than 5 percent are granted review. How the Court sets its agenda, therefore, is perhaps as important as how it decides cases. H. W. Perry, Jr., takes the first hard look at the internal workings of the Supreme Court, illuminating its agenda-setting policies, procedures, and priorities as never before. He conveys a wealth of new information in clear prose and integrates insights he gathered in unprecedented interviews with five justices. For this unique study Perry also interviewed four U.S. solicitors general, several deputy solicitors general, seven judges on the D.C. Circuit Court of Appeals, and sixty-four former Supreme Court law clerks. The clerks and justices spoke frankly with Perry, and his skillful analysis of their responses is the mainspring of this book. His engaging report demystifies the Court, bringing it vividly to life for general readers--as well as political scientists and a wide spectrum of readers throughout the legal profession. Perry not only provides previously unpublished information on how the Court operates but also gives us a new way of thinking about the institution. Among his contributions is a decision-making model that is more convincing and persuasive than the standard model for explaining judicial behavior. NEW! A moving essay collection promoting freedom, self-love, and divine wholeness for Black women and opening new levels of understanding and ideological transformation for non-Black women and allies "Candice Marie Benbow is a once-in-a-generation theologian, the kind who, having ground dogma into dust with the fine point of a stiletto, leads us into the wide-open spaces of faith."—Brittney Cooper, author of Eloquent Rage and co-editor of The Crunk Feminist Collection Blurring the boundaries of righteous and irreverent, Red Lip Theology invites us to discover freedom in a progressive Christian faith that incorporates activism, feminism, and radical authenticity. Essayist and theologian Candice Marie Benbow's essays explore universal themes like heartache, loss, forgiveness, and sexuality, and she unflinchingly empowers women who struggle with feeling loved and nurtured by church culture. Benbow writes powerfully about experiences at the heart of her Black womanhood. In honoring her single mother's love and triumphs—and mourning her unexpected passing—she finds herself forced to shed restrictions she'd been taught to place on her faith practice. And by embracing alternative spirituality and womanist theology, and confronting staid attitudes on body positivity and LGBTQ+ rights, Benbow challenges religious institutions, faith leaders, and communities to reimagine how faith can be a tool of liberation and transformation for women and girls. Deep in London's dangerous slums, Victorians transact their most secret and shameful business. For a price, a man can procure whatever he wants. But for one such man, the price he pays is his life. In sunless Water Lane, respected solicitor Leighton Duff lies dead, kicked and beaten to death. Beside him is the barely living body of his son, Rhys. The police cannot fathom these brutal assaults until shrewd investigator William Monk, aided by nurse-turned-sleuth Hester Latterly, uncovers a connection between them and a series of rapes and beatings of local prostitutes. But then the case takes an even more shocking turn. Is God's ultimate plan for the world unfolding before us? Rooted in place, slipping between worlds - a rich collection of unnerving ghosts and sinister histories. 'An impressive line-up of established and emerging names.' The Sunday Times 'These eerie, unsettling stories are guaranteed to send shivers down your spine.' Daily Express Eight authors were given the freedom of their chosen English Heritage site, from medieval castles to a Cold War nuclear bunker. Immersed in the past and chilled by rumours of hauntings, they channelled their darker imaginings into a series of extraordinary new ghost stories. 'Subtly evocative of human relations loss, grief, or the fear of loneliness.' TLS 'A satisfying and spooky read.' Sun Also includes a gazetteer of English Heritage properties which are said to be haunted.

Please do, in fact. But scratch a little deeper, past Perry’s lusciously entertaining and epigrammatic prose, his ultra-charming combo of Midwestern earnestness and serrated wit, and you’ll find a reflective, sincere, and surprisingly touching—at times, even heart-cracking—story about a man struggling to put down roots.” — Jonathan Miles, author of *Want Not In over his head with two pigs, a dozen chickens, and a baby due any minute*, the acclaimed author of *Population: 485* gives us a humorous, heartfelt memoir of a new life in the country. Living in a ramshackle Wisconsin farmhouse—faced with thirty-seven acres of fallen fences and overgrown fields, and informed by his pregnant wife that she intends to deliver their baby at home—Michael Perry plumbs his unorthodox childhood for clues to how to proceed as a farmer, a husband, and a father. Whether he’s remembering his younger days—when his city-bred parents took in sixty or so foster children while running a sheep and dairy farm—or describing what it’s like to be bitten in the butt while wrestling a pig, Perry flourishes in his trademark humor. But he also writes from the quieter corners of his heart, chronicling experiences as joyful as the birth of his child and as devastating as the death of a dear friend.
