Designed in Bavaria, styled in California, and built in South Carolina, the

Z3 caused generations of motoring writers to dismiss it as a toy sports car, fit only for 'Estate agents, hairdressers and footballers wives,' but is it really so bad? As the Z3 becomes a modern classic, potential buyers have little information to help them sort out the best cars from the others, most Z3 books being a combination of history and data. This guide shows what to expect and what to look for, written against a background of prolonged ownership and Z3 knowledge. Containing a wealth of Z3 information, practical inspection and driving evaluation hints, this book will help potential buyers through the process of finding the car they want, whether it is to be a summer runner or a car to keep and cherish.
