God at Work Gene Edward Veith Jr.,2011-08-02 When you understand it properly the doctrine of vocation doing everything for God s glory is not a platitude or an outdated notion This principle that we vaguely apply to our lives and our work is actually the key to Christian ethics to influencing our culture for Christ and to infusing our ordinary everyday lives with the presence of God For when we realize that the mundane activities that consume most of our time are God s hiding places our perspective changes Culture expert Gene Veith unpacks the biblical Reformation teaching about the doctrine of vocation emphasizing not what we should specifically do with our time or what careers we are called to but what God does in and through our callings even within the home In each task He has given us in our workplaces and families our churches and society God Himself is at work Veith guides you to discover God s purpose and calling in those seemingly ordinary areas by providing you with a spiritual framework for thinking about such issues and for acting upon them with a changed perspective

Family Vocation Gene Edward Veith Jr.,Mary J. Moerbe,2012-02-29 What does it mean to be called as a husband a wife a parent a child How does the grace of the gospel impact how we carry out our particular calling How does God s presence influence the struggles that families face Gene Veith joins forces with his daughter Mary Moerbe to explore these kinds of questions as well as the roles of calling and vocation in family life Though we have little control over who is in our family other than choosing a spouse and deciding to have children God has placed us with specific people for specific reasons Veith and Moerbe show how our roles are distinct and important to God s plan for our lives and that when we have a biblical understanding of those roles in our families we can move away from common dysfunctions and toward forgiveness and healing Writing with sensitivity and wisdom Veith and Moerbe address the common problems facing contemporary families the crosses the weaknesses and the uncertainties They articulate a compelling biblical paradigm for creating and sustaining loving and forgiving families who maintain hope in the face of cultural pressure This book is an important resource for all Christians including pastors counselors and those working in family ministry

The Gospel at Work Sebastian Traeger,Greg D. Gilbert,2014-01-28 Find God s vision for your job Reclaim God s vision for your life Many Christians fall victim to one of two main problems when it comes to work either they are idle in their work or they have made an idol of it Both of these mindsets are deadly misunderstandings of how God intends for us to think about our employment In *The Gospel at Work* Sebastian Traeger and Greg Gilbert unpack the powerful ways in which the gospel can transform how we do what we do releasing us from the cultural pressures of both an all consuming devotion and a punch in punch out mentality in order to find the freedom of a work ethic rooted in serving Christ You ll find answers to some of the tough questions that Christians in the workplace often ask What factors should matter most in choosing a job What gospel principles should shape my thinking about how to treat my boss my co workers and my employees Is full time Christian work more valuable than my job Is it okay to be motivated by money How do you prioritize or balance work family and church responsibilities Solidly grounded in the gospel *The Gospel at Work* confronts both our idleness at work and our idolatry of work with a challenge of its own to remember that whom we work for is infinitely more important than what we do

Visions of Vocation Steven Garber,2014-01-27 Vocation is more than a job It is our relationships and responsibilities woven into the work of God In following our calling to seek the welfare of our world we find that it flourishes and so do we Garber offers here a book for parents artists students public servants and businesspeople for all who want to discover the virtue of vocation

Luther on Vocation Gustaf Wingren,2004-02-19 Concern about the inherited doctrine of vocation and its relevance for modern life was generated out of the complexities and frustrations especially of industrial life and it has produced a voluminous literature of a popular and semi popular kind which has served to drive home the problem of daily work upon the conscience of contemporary Christians and also to provide certain resources for handling it In addition to this varied literature the last years have also seen a very general discussion of the question at every level of church life in ecumenical conferences in the curricular material of the major denominations and in conferences and study groups of all kinds About the urgency and importance of the problem of vocation there is now no doubt But now we find that the rather simple formulae in which we have been dealing with it do justice neither to the Biblical and Reformation inheritance nor to the profound dilemmas that appear not only in industry but in every area of professional and commercial life The problem now is not only to equip our lay people with fuller theological resources for the understanding of the meaning of discipleship but to utilize their practical experience of day to day dilemmas and day to day decisions Gustaf Wingren s conscientious analysis of Luther s teaching on the matter remains our prime resource for the understanding of the relation of faith and works Nothing could exceed the patience and thoroughness with which Wingren has combed through the Luther corpus I t will serve to put the full range of Luther s insight at the disposal of those who care for theology as part of their care of all the Churches Alexander Miller Stanford University

Vocation Raleigh Sadler,2021-04-13 How shall we live What is the good life What is the value of a person What is my place in this world Is God active in this world These are questions that have been asked in every culture and in every era From the Hebrew concept of Shalom wholeness well being to the Greek concept of Eudaimonia happiness and even to the American notion that all people have the right to life liberty and the pursuit of happiness great thinkers have pondered what it means for humans to flourish The doctrine of vocation uniquely answers these questions A certain level of security prosperity and freedom are essential components of human flourishing God provides these components by working through humans in their stations in life such as parents and police security farmers and bankers prosperity and soldiers and governments freedom And yet there is more for which we humans strive We are the types of beings whose wonderment drives us to the pursuit of knowledge justice and achievement In short we desire to be justified We want to be valued We want to be right or just We strive for epic ness But no mere human adulation will satisfy Nor can we justify ourselves before God with our broken lives God justifies Christians through Christ and then uses them God adds another component to human flourishing purpose He uses Christians in his economy of love to take care of the world He lifts us from the ordinary to accomplish the extraordinary even as we carry ordinary tasks For the Christian these stations become callings or vocations This can only fully be appreciated if the Christian knows that he or she is free from pleasing God through works Once the Christian is freed from this burden the whole of the Christian life is reoriented to the free exercise of love towards neighbor It is the highest calling the truly good flourishing and happy life
