**Selected Poems** Sep 04 2021  
The largest collection of poetry

ever assembled in English by "the most important Spanish-language writer since Cervantes" (Mario Vargas Llosa) A Penguin Classics Deluxe Edition with flaps and deckle-edged paper Though universally acclaimed for his dazzling fictions, Jorge Luis Borges always considered himself first and foremost a poet. This new bilingual selection brings together some two hundred poems, including scores of poems never previously translated. Edited by Alexander Coleman, it draws from a lifetime's work--from Borges's first published volume of verse, *Fervor de Buenos Aires* (1923), to his final work, *Los conjurados*, published just a year before his death in 1986. Throughout this unique collection the brilliance of the Spanish originals is matched by luminous English versions by a remarkable cast of translators, including Robert Fitzgerald, Stephen Kessler, W. S. Merwin, Alastair Reid, Mark Strand, Charles Tomlinson, and John Updike. For more than seventy-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 2,000 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by

introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. [The Phenomenology of Everyday Life](#) Apr 23 2023 Presents results from a qualitative approach to the psychological study of everyday human experiences. *Fields of Honor* Jun 13 2022 Few historians have ever captured the drama, excitement, and tragedy of the Civil War with the headlong elan of Edwin Bearss, who has won a huge, devoted following with his extraordinary battlefield tours and eloquent soliloquies about the heroes, scoundrels, and little-known moments of a conflict that still fascinates America. Antietam, Shiloh, Gettysburg: these hallowed battles and more than a dozen more come alive as never before, rich with human interest and colorful detail culled from a lifetime of study. Illustrated with detailed maps and archival images, this 448-page volume presents a unique narrative of the Civil War's most critical battles, translating Bearss' inimitable delivery into print. As he guides readers from the first shots at Fort Sumter to Gettysburg's bloody fields to the dignified surrender at Appomattox, his engagingly plainspoken but expert account demonstrates why he stands

beside Shelby Foote, James McPherson, and Ken Burns in the front rank of modern chroniclers of the Civil War, as the Pulitzer Prize-winning McPherson himself points out in his admiring Introduction. A must for every one of America's countless Civil War buffs, this major work will stand as an important reference and enduring legacy of a great historian for generations to come.

#### Imagery from the Bird's Home

Mar 30 2021 Bill Carman's art is a strange journey of texture, mystery and potential narrative. Using a word, a simple color palette, a moment or nostalgic theme as inspiration, Carman seeks a new discovery with each original work. His head is constantly being filled with the stuff of daily life that, after blending in his mind, is released as if by pressure valve in the form of artwork. Imagery from the Bird's Home showcases sketches and drawings but mostly paintings for commissions, galleries and personal work. These works reflect his unadulterated voice. This collection was designed by Carman to best infuse his creativity into the placement and framing of his pictures. His intent has been preserved through his guiding hands, making this book a true extension of the artist. Captions and sketchbook accents by Carman further enhance this look into his visual world. Bill Carman is in a constant state of exploration. To him, being an artist is a lifestyle not a career as the creation of each new piece

includes and is interwoven with his real-world experiences.

Carman experiments incessantly and thinks of his paintings as evidence of an ongoing journey rather than an end result. Exhibiting a unique combination of surface, medium and mark-making, he brings a strangely captivating mix of the organic and inorganic in creating a personal symbolism. Carman employs the juxtaposition of seemingly random things and experiences to form exciting original works."

#### The Complete Old English

Poems Jul 03 2021 From the riddling song of a bawdy onion that moves between kitchen and bedroom to the thrilling account of Beowulf's battle with a treasure-hoarding dragon, from the heart-rending lament of a lone castaway to the embodied speech of the cross upon which Christ was crucified, from the anxiety of Eve, who carries "a sumptuous secret in her hands / And a tempting truth hidden in her heart," to the trust of Noah who builds "a sea-floater, a wave-walking / Ocean-home with rooms for all creatures," the world of the Anglo-Saxon poets is a place of harshness, beauty, and wonder. Now for the first time, the entire Old English poetic corpus—including poems and fragments discovered only within the past fifty years—is rendered into modern strong-stress, alliterative verse in a masterful translation by Craig Williamson. Accompanied by an introduction by noted medievalist Tom Shippey on the literary scope and vision of

these timeless poems and Williamson's own introductions to the individual works and his essay on translating Old English poetry, the texts transport us back to the medieval scriptorium or ancient mead-hall, to share a herdsman's recounting of the story of the world's creation or a people's sorrow at the death of a beloved king, to be present at the clash of battle or to puzzle over the sacred and profane answers to riddles posed over a thousand years ago. This is poetry as stunning in its vitality as it is true to its sources. Were Williamson's idiom not so modern, we might think that the Anglo-Saxon poets had taken up the lyre again and begun to sing once more.

#### **Collected Fictions** Jul 15

2022 For the first time in English, all the fiction by the writer who has been called "the greatest Spanish-language writer of our century" collected in a single volume "An event, and cause for celebration."—The New York Times A Penguin Classics Deluxe Edition with flaps and deckle-edged paper For some fifty years, in intriguing and ingenious fictions that reimaged the very form of the short story—from his 1935 debut with *A Universal History of Iniquity* through his immensely influential collections *Ficciones* and *The Aleph*, the enigmatic prose poems of *The Maker*, up to his final work in the 1980s, *Shakespeare's Memory*—Jorge Luis Borges returned again and again to his celebrated themes: dreams, duels, labyrinths,

mirrors, infinite libraries, the manipulations of chance, gauchos, knife fighters, tigers, and the elusive nature of identity itself. Playfully experimenting with ostensibly subliterate genres, he took the detective story and turned it into metaphysics; he took fantasy writing and made it, with its questioning and reinventing of everyday reality, central to the craft of fiction; he took the literary essay and put it to use reviewing wholly imaginary books. Bringing together for the first time in English all of Borges's magical stories, and all of them newly rendered into English in brilliant translations by Andrew Hurley, *Collected Fictions* is the perfect one-volume compendium for all who have long loved Borges, and a superb introduction to the master's work for all who have yet to discover this singular genius. For more than seventy-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 2,000 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

[Jorge Luis Borges in Context](#)  
Aug 28 2023 Jorge Luis Borges (1899-1986) is Argentina's most celebrated author. This volume brings together for the first time the numerous

contexts in which he lived and worked; from the history of the Borges family and that of modern Argentina, through two world wars, to events including the Cuban Revolution, military dictatorship, and the Falklands War. Borges' distinctive responses to the Western tradition, Cervantes and Shakespeare, Kafka, and the European avant garde are explored, along with his appraisals of Sarmiento, gauchesque literature and other strands of the Argentine cultural tradition. Borges' polemical stance on Catholic integralism in early twentieth-century Argentina is accounted for, whilst chapters on Buddhism, Judaism and landmarks of Persian literature illustrate Borges's engagement with the East. Finally, his legacy is visible in the literatures of the Americas, in European countries such as Italy and Portugal, and in the novels of J. M. Coetzee, representing the Global South.

[Borges, a Life](#) Jun 06 2024 Short story writer, essayist, and poet Jorge Luis Borges (1899-1986) revolutionized the literature of Latin America almost single-handedly and left a legion of readers and admirers worldwide. Based on an unprecedented range of interviews and on research into previously unknown or unavailable resources, this is the first biography in any language to encompass the entire span of Borges's life and work. In *Borges*, Edwin Williamson brings to life the little known human side of the writer: his ancestral roots in Argentina, his relations with

family and friends, his passions and despairs, and the evolution of his political ideas. By correlating this new biographical information with Borges's literary texts, Williamson also reconstructs the dynamics of his inner world—the conflicts, desires, and obsessions that drove the man and shaped his work. This major new study finally unlocks the mysteries that have obscured the life of Borges. The result is a compelling and often poignant portrait that will radically transform our views of this modern master.

[Life at the Speed of Light](#) Feb 07 2022 "Venter instills awe for biology as it is, and as it might become in our hands."  
—Publishers Weekly On May 20, 2010, headlines around the world announced one of the most extraordinary accomplishments in modern science: the creation of the world's first synthetic lifeform. In *Life at the Speed of Light*, scientist J. Craig Venter, best known for sequencing the human genome, shares the dramatic account of how he led a team of researchers in this pioneering effort in synthetic genomics—and how that work will have a profound impact on our existence in the years to come. This is a fascinating and authoritative study that provides readers an opportunity to ponder afresh the age-old question "What is life?" at the dawn of a new era of biological engineering.

[The Drawings of Edwin Austin Abbey](#) Dec 08 2021  
[The Feather Thief](#) Jan 01 2024 As heard on NPR's *This American Life* "Absorbing . . .

Though it's non-fiction, *The Feather Thief* contains many of the elements of a classic thriller." —Maureen Corrigan, NPR's *Fresh Air* "One of the most peculiar and memorable true-crime books ever."  
—Christian Science Monitor A rollicking true-crime adventure and a captivating journey into an underground world of fanatical fly-tiers and plume peddlers, for readers of *The Stranger in the Woods*, *The Lost City of Z*, and *The Orchid Thief*. On a cool June evening in 2009, after performing a concert at London's Royal Academy of Music, twenty-year-old American flautist Edwin Rist boarded a train for a suburban outpost of the British Museum of Natural History. Home to one of the largest ornithological collections in the world, the Tring museum was full of rare bird specimens whose gorgeous feathers were worth staggering amounts of money to the men who shared Edwin's obsession: the Victorian art of salmon fly-tying. Once inside the museum, the champion fly-tier grabbed hundreds of bird skins—some collected 150 years earlier by a contemporary of Darwin's, Alfred Russel Wallace, who'd risked everything to gather them—and escaped into the darkness. Two years later, Kirk Wallace Johnson was waist high in a river in northern New Mexico when his fly-fishing guide told him about the heist. He was soon consumed by the strange case of the feather thief. What would possess a person to steal dead birds? Had Edwin paid the price for his

crime? What became of the missing skins? In his search for answers, Johnson was catapulted into a years-long, worldwide investigation. The gripping story of a bizarre and shocking crime, and one man's relentless pursuit of justice, *The Feather Thief* is also a fascinating exploration of obsession, and man's destructive instinct to harvest the beauty of nature.

***Notes from Childhood*** Aug 04 2021 From the author of *People in the Room*, a literary memoir from Argentina's rediscovered modernist writer, a friend of Borges, Neruda and Lorca.

***Al Williamson Archives*** Oct 06 2021 Culled from the artist's extensive private files, every themed volume of this ongoing series features unpublished sketches, preliminary artwork and pieces the artist created for his personal enjoyment. This second volume features rough sketches, unpublished comic pages and partially completed drawings to fully-rendered studies of characters familiar to fans. Each piece exemplifies the exhilarating bravura, sheer vitality and sense of wonder so important to Williamson's work. His body of narrative fiction continues to provide endless inspiration today.

***Borges and Me*** Nov 30 2023 In this evocative work of what the author in his afterword calls "a kind of novelistic memoir," Jay Parini takes us back fifty years, when he fled the United States for Scotland—in flight from the Vietnam War and desperately in search of his adult life.

There, through unlikely circumstances, he meets the famed Argentinian author Jorge Luis Borges. Borges—visiting his translator in Scotland—is in his seventies, blind and frail. When Borges hears that Parini owns a 1957 Morris Minor, he declares a long-held wish to visit the Highlands, where he hopes to meet a man in Inverness who is interested in Anglo-Saxon riddles. As they travel, stopping at various sites of historical interest, the charmingly garrulous Borges takes Parini on a grand tour of Western literature and ideas, while promising to teach him about love and poetry. As Borges's idiosyncratic world of labyrinths, mirrors, and doubles shimmers into being, their escapades take a surreal turn. *Borges and Me* is a classic road novel, based on true events. It's also a magical mystery tour of an era, like our own, in which uncertainties abound, and when—as ever—it's the young and the old who hear voices and dream dreams.

***Unleashing Genius*** Feb 19 2023 Walker offers his 25 years of experience coaching CEOs and executive leaders and shows how to actually unleash the genius that creates successful ideas and frameworks.

***Seven Conversations with Jorge Luis Borges*** Mar 03 2024 These wide-ranging conversations have an exceptionally open and intimate tone, giving us a personal glimpse of one of the most fascinating figures in contemporary world literature. Interviewer Fernando

Sorrentino, an Argentinian writer and anthologist, is endowed with literary acumen, sensitivity, urbanity, and an encyclopedic memory of Jorge Luis Borges' work (in his prologue, Borges jokes that Sorrentino knows his work "much better than I do"). Borges wanders from nostalgic reminiscence to literary criticism, and from philosophical speculation to political pronouncements. His thoughts on literature alone run the gamut from the Bible and Homer to Ernest Hemingway and Julio Cortázar. We learn that Dante is the writer who has impressed Borges most, that Borges considers Federico García Lorca to be a "second-rate poet," and that he feels Adolfo Bioy Casares is one of the most important authors of this century. Borges dwells lovingly on Buenos Aires, too. From the preface: For seven afternoons, the teller of tales preceded me, opening tall doors which revealed unsuspected spiral staircases, through the National Library's pleasant maze of corridors, in search of a secluded little room where we would not be interrupted by the telephone...The Borges who speaks to us in this book is a courteous, easy-going gentleman who verifies no quotations, who does not look back to correct mistakes, who pretends to have a poor memory; he is not the terse Jorge Luis Borges of the printed page, that Borges who calculates and measures each comma and each parenthesis. Sorrentino and translator Clark M. Zlotchew have included an

appendix on the Latin American writers mentioned by Borges

**The Social Life of Coffee** Oct 18 2022 What induced the British to adopt foreign coffee-drinking customs in the seventeenth century? Why did an entirely new social institution, the coffeehouse, emerge as the primary place for consumption of this new drink? In this lively book, Brian Cowan locates the answers to these questions in the particularly British combination of curiosity, commerce, and civil society. Cowan provides the definitive account of the origins of coffee drinking and coffeehouse society, and in so doing he reshapes our understanding of the commercial and consumer revolutions in Britain during the long Stuart century. Britain's virtuosi, gentlemanly patrons of the arts and sciences, were profoundly interested in things strange and exotic. Cowan explores how such virtuosi spurred initial consumer interest in coffee and invented the social template for the first coffeehouses. As the coffeehouse evolved, rising to take a central role in British commercial and civil society, the virtuosi were also transformed by their own invention.

**Al Williamson** Mar 23 2023 In 1948 a young Al Williamson accepted his first commercial assignment--for an issue of Famous Funnies comics, which launched his career as a professional in the field. Developing an elegant and illustrative style, he soon

gained prominence in the highly influential EC Comics line of the 1950s. Over the next few decades, his exquisite art also illuminated many Atlas comics, various incarnations of Flash Gordon and the comic strips Secret Agent Corrigan and Star Wars, as well as a host of other titles and properties. This extraordinary body of superior work cemented Williamson's longstanding popularity. By the end of his career in the early 2000s, he had become one of the most highly regarded comic and strip artists in the industry, especially noted for the graceful ink line that he spent a lifetime pursuing. This first compendium in a new series is the perfect introduction to Al Williamson's work. You will find samples that span his fifty-year career along with anecdotes and historical details salted throughout. Cover art, interior pages, drawings and sketches--plus photographs of Al and his friends posing as reference for his sequential art--are included. This volume contains a mixture of both his most-obscure and best-known works, all meticulously reproduced from the original art. Until now, this captivating original artwork has only been seen by those fortunate enough to visit the Williamson studio in person. For the first time, readers will be able to view the artist's most-cherished works. Williamson's love of 1920s and 1930s adventure, fantasy and science-fiction pop culture--and his admiration of artists such as Flash Gordon creator Alex Raymond--grounded his drawing technique and

storytelling, which evolved throughout his life. He was able to take these inspirations and carry on the legacy of the past masters while becoming a unique icon in the industry. In this collection, readers will be able to witness Williamson's development as an artist.

**Murder Among Friends** Apr 11 2022 How did two teenagers brutally murder an innocent child...and why? And how did their brilliant lawyer save them from the death penalty in 1920s Chicago? Written by a prolific master of narrative nonfiction, this is a compulsively readable true-crime story based on an event dubbed the "crime of the century." In 1924, eighteen-year-old college students Nathan Leopold and Richard Loeb made a decision: they would commit the perfect crime by kidnapping and murdering a child they both knew. But they made one crucial error: as they were disposing of the body of young Bobby Franks, whom they had bludgeoned to death, Nathan's eyeglasses fell from his jacket pocket. Multi-award-winning author Candace Fleming depicts every twist and turn of this harrowing case--how two wealthy, brilliant young men planned and committed what became known as the crime of the century, how they were caught, why they confessed, and how the renowned criminal defense attorney Clarence Darrow enabled them to avoid the death penalty. Following on the success of such books as *The Rise and Fall of Charles Lindbergh* and *The Family Romanov*, this acclaimed

nonfiction writer brings to heart-stopping life one of the most notorious crimes in our country's history.

*The Quest for God in the Work of Borges* Oct 30 2023 The first book to highlight the spiritual element in Borges' work - this work offers an insightful and scholarly interpretation of a fundamental facet of his writing.

**The Negro Motorist Green Book** Jan 09 2022 The Negro Motorist Green Book was a groundbreaking guide that provided African American travelers with crucial information on safe places to stay, eat, and visit during the era of segregation in the United States. This essential resource, originally published from 1936 to 1966, offered a lifeline to black motorists navigating a deeply divided nation, helping them avoid the dangers and indignities of racism on the road. More than just a travel guide, *The Negro Motorist Green Book* stands as a powerful symbol of resilience and resistance in the face of oppression, offering a poignant glimpse into the challenges and triumphs of the African American experience in the 20th century.

**Project X** Jan 21 2023 In the wilderness of junior high, Edwin Hanratty is at the bottom of the food chain. His teachers find him a nuisance. His fellow students consider him prey. And although his parents are not oblivious to his troubles, they can't quite bring themselves to fathom the ruthless forces that demoralize him daily. Sharing in these schoolyard indignities is his

only friend, Flake. Branded together as misfits, their fury simmers quietly in the hallways, classrooms, and at home, until an unthinkable idea offers them a spectacular and terrifying release. From Jim Shepard, one of the most enduring and influential novelists writing today, comes an unflinching look into the heart and soul of adolescence. Tender and horrifying, prescient and moving, *Project X* will not easily be forgotten.

**The Life and Legend of E. H. Harriman** Feb 27 2021 To Americans living in the early twentieth century, E. H. Harriman was as familiar a name as J. P. Morgan, John D. Rockefeller, and Andrew Carnegie. Like his fellow businessmen, Harriman (1847-1909) had become the symbol for an entire industry: Morgan stood for banking, Rockefeller for oil, Carnegie for iron and steel, and Harriman for railroads. Here, Maury Klein offers the first in-depth biography in more than seventy-five years of this influential yet surprisingly understudied figure. A Wall Street banker until age fifty, Harriman catapulted into the railroad arena in 1897, gaining control of the Union Pacific Railroad as it emerged from bankruptcy and successfully modernizing every aspect of its operation. He went on to expand his empire by acquiring large stakes in other railroads, including the Southern Pacific and the Baltimore and Ohio, in the process clashing with such foes as James J. Hill, J. P. Morgan, and Theodore Roosevelt. With its new

insights into the myths and controversies that surround Harriman's career, this book reasserts his legacy as one of the great turn-of-the-century business titans. Originally published 2000. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

*The Cambridge Companion to Jorge Luis Borges* Apr 04 2024  
Jorge Luis Borges (1899-1986) was one of the great writers of the twentieth century and the most influential author in the Spanish language of modern times. He had a seminal influence on Latin American literature and a lasting impact on literary fiction in many other languages. However, Borges has been accessible in English only through a number of anthologies drawn mainly from his work of the 1940s and 1950s. The primary aim of this Companion is to provide a more comprehensive account of Borges's oeuvre and the evolution of his writing. It offers critical assessments by leading scholars of the poetry of his youth and the later poetry and fiction, as well as of the 'canonical' volumes of the middle years. Other chapters focus on key themes and interests, and on his influence in literary theory and translation studies.

[The Man in the Mirror of the](#)

**Conversations** Mar 11 2022  
Jorge Luis Borges, Argentina's master fabulist, was also an extraordinary conversationalist. There's not a subject he doesn't throw surprising new light on, whether it's to do with Kipling or tango. In fact, there's an impish element in his thinking. In these dialogues with a receptive Osvaldo Ferrari, he covers Buddhism, love, Henry James, Dante and much more as he circles round and digresses at whim. One cannot be sure where the 84-year-old blind man's wit will lead him, except that it's his form of freedom. Even if he's covered the subject before, this time round there's a new flash of insight. He's an optimist. There's always more to say. As with his written work as a whole, these dialogues configure a loose autobiography of a subtle, teasing mind. Looking back on his long life, it's no surprise that time and dreaming become topics, but these dialogues are not a memoir for all time is now. As in his tale *The Other*, where two Borges meet up on a bench beside the river Charles, we have a dialogue between a young poet and the elder teller of tales where all experience floats in a frightening miracle that defies linear time."

**The Penguin History Of Latin America** May 05 2024  
Now fully updated to 2009, this acclaimed history of Latin America tells its turbulent story from Columbus to Chavez. Beginning with the Spanish and Portuguese conquests of the New World, it takes in

centuries of upheaval, revolution and modernization up to the present day, looking in detail at Argentina, Mexico, Brazil, Chile and Cuba, and gives an overview of the cultural developments that have made Latin America a source of fascination for the world. 'A first-rate work of history ... His cool, scholarly gaze and synthesizing intelligence demystify a part of the world peculiarly prone to myth-making ... This book covers an enormous amount of ground, geographically and culturally' Tony Gould, *Independent on Sunday*  
*The Half-way House of Fiction* May 25 2023

**A Sor Juana Anthology** Nov 18 2022  
Juana Inés de la Cruz was acclaimed in her time as the "Phoenix of Mexico", America's tenth muse; a generation later she was forgotten. Rediscovered 300 years later, her works were reissued and she is now considered one of the finest Hispanic poets of the seventeenth century. Her works speak directly to our concern for the freedom of women to realize themselves artistically and intellectually. This anthology contains a selection of her poems.

**The Unimaginable**

**Mathematics of Borges'**

**Library of Babel** Nov 06 2021  
"The Library of Babel" is arguably Jorge Luis Borges' best known story-- memorialized along with Borges on an Argentine postage stamp. Now, in *The Unimaginable Mathematics of Borges' Library of Babel*, William Goldbloom Bloch takes

readers on a fascinating tour of the mathematical ideas hidden within one of the classic works of modern literature. Written in the vein of Douglas R.

Hofstadter's Pulitzer Prize-winning *Gödel, Escher, Bach*, this original and imaginative book sheds light on one of Borges' most complex, richly layered works. Bloch begins each chapter with a mathematical idea--combinatorics, topology, geometry, information theory--followed by examples and illustrations that put flesh on the theoretical bones. In this way, he provides many fascinating insights into Borges' Library. He explains, for instance, a straightforward way to calculate how many books are in the Library--an easily notated but literally unimaginable number--and also shows that, if each book were the size of a grain of sand, the entire universe could only hold a fraction of the books in the Library. Indeed, if each book were the size of a proton, our universe would still not be big enough to hold anywhere near all the books. Given Borges' well-known affection for mathematics, this exploration of the story through the eyes of a humanistic mathematician makes a unique and important contribution to the body of Borgesian criticism. Bloch not only illuminates one of the great short stories of modern literature but also exposes the reader--including those more inclined to the literary world--to many intriguing and entrancing mathematical ideas.

**Latin American Civilization** May 01 2021 Previous editions

published under title: Readings in Latin-American civilization: 1492 to the present.

**With Borges on an Ordinary Evening in Buenos Aires** Feb 02 2024 Combining spirited and philosophical conversations, biographical anecdotes, citations from poetry, and literary analysis, this is a poignant portrait of Jorge Luis Borges in his later years. It presents the poet-storyteller as a figure of paradox and contradictions.

**The Cambridge Companion to Jorge Luis Borges** Aug 16 2022 A comprehensive account of Borges's life and work, including his early and late poetry, and his hugely influential short stories.

*A Tree Within* Jul 27 2023 *A Tree Within* (Arbol Adentro), the first collection of new poems by the great Mexican author Octavio Paz since his *Return* (Vuelta) of 1975, was originally published as the final section of *The Collected Poems of Octavio Paz, 1957-1987*. Among these later poems is a series of works dedicated to such artists as Miró, Balthus, Duchamp, Rauschenberg, Tapes, Alechinsky, Monet, and Matta, as well as a number of epigrammatic and Chinese-like lyrics. Two remarkable long poems --"I Speak of the City," a Whitmanesque apocalyptic evocation of the contemporary urban nightmare, and "Letter of Testimony," a meditation on love and death--are emblematic of the mature poet in a prophetic voice.

**Incomparable Realms** Sep 16 2022 A sumptuous history of Golden Age Spain that explores the irresistible tension between

heavenly and earthly realms. *Incomparable Realms* offers a vision of Spanish culture and society during the so-called Golden Age, the period from 1500 to 1700 when Spain unexpectedly rose to become the dominant European power. But in what ways was this a Golden Age, and for whom? The relationship between the Habsburg monarchy and the Roman Catholic Church shaped the period, with both constructing narratives to bind Spanish society together. *Incomparable Realms* unpicks the impact of these two historical forces on thought and culture and examines the people and perspectives such powerful projections sought to eradicate. The book shows that the tension between the heavenly and earthly realms, and in particular the struggle between the spiritual and the corporeal, defines Golden Age culture. In art and literature, mystical theology and moral polemic, ideology, doctrine, and everyday life, the problematic pull of the body and the material world is the unacknowledged force behind early modern Spain. Life is a dream, as the title of Calderón's famous play of the period proclaimed, but there is always a body dreaming it.

**With Borges** May 13 2022 "In Buenos Aires, 1964, a blind writer approaches a sixteen-year-old bookstore clerk asking if he would be interested in a part-time job reading aloud." "The writer was Jorge Luis Borges, one of the world's finest literary minds; the boy was Alberto Manguel, who was later to become an

internationally acclaimed author and bibliophile." "The young Manguel spent several years reading aloud and transcribing for the enigmatic Borges. Here he recalls this time with integrity and warmth, offering us an intimate and moving portrait of one of the great literary luminaries."--  
BOOK JACKET.

*The Collected Poems of Octavio Paz, 1957-1987* Jun 25 2023  
Contains almost 200 collected poems in both Spanish and English.

**New Ways to Kill Your Mother** Jun 01 2021 In a brilliant, nuanced and wholly original collection of essays, the novelist and critic Colm Tóibín explores the relationships of writers to their families and their work. From Jane Austen's aunts to Tennessee Williams's mentally ill sister, the impact of intimate family dynamics can be seen in many of literature's greatest works. Tóibín, celebrated both for his award-winning fiction and his provocative book reviews and essays, and currently the Mellon Professor in the Humanities at Columbia, traces and interprets those intriguing, eccentric, often twisted family ties in *New Ways to Kill Your Mother*. Through the relationship between W. B. Yeats and his father, Thomas Mann and his children, and J. M. Synge and his mother, Tóibín examines a world of relations, richly comic or savage in its implications. In Roddy Doyle's writing on his parents, Tóibín perceives an Ireland reinvented. From the dreams and nightmares of John Cheever's journals, Tóibín

illuminates this darkly comic misanthrope and his relationship to his wife and his children. "Educating an intellectual woman," Cheever remarked, "is like letting a rattlesnake into the house."

Acutely perceptive and imbued with rare tenderness and wit, *New Ways to Kill Your Mother* is a fascinating look at writers' most influential bonds and a secret key to understanding and enjoying their work.

*Before the Nickelodeon* Jan 26 2021

*The Cambridge Companion to Cervantes* Dec 20 2022 Don Quixote de la Mancha (1605) is one of the classic texts of Western literature and the foundation of European fiction. Yet Cervantes himself remains an enigmatic figure. The *Cambridge Companion to Cervantes* offers a comprehensive treatment of Cervantes life and work, including his lesser known writing. The essays, by some of the most outstanding scholars in the field, cover the historical and political context of Cervantes writing, his place in Renaissance culture, and the role of his masterpiece, *Don Quixote*, in the formation of the modern novel. They draw on contemporary critical perspectives to shed new light on Cervantes work, including the *Exemplary Novels*, the plays and dramatic interludes, and the long romances, *Galatea* and *Persiles*. The volume provides useful supporting material for students; suggestions for further reading, a detailed chronology, a complete list of his published writings, an overview of

translations and editions, and a guide to electronic resources.
