New Bedford or the latest Silicon Valley startup VC is a state of mind as much as a way of doing business exemplified by an appetite for seeking extreme financial rewards a tolerance for failure and experimentation and a faith in the promise of innovation to generate new wealth Tom Nicholas s authoritative history takes us on a roller coaster of entrepreneurial successes and setbacks It describes how iconic firms like Kleiner Perkins and Sequoia invested in Genentech and Apple even as it tells the larger story of VC s birth and evolution revealing along the way why venture capital is such a quintessentially American institution one that has proven difficult to recreate elsewhere
