The Numinous Legacy Adair Butchins, 2002 Where is God in the universe if anywhere Why did God make germs Why should we be so special Could the universe have been different This is a book that brings home in no uncertain fashion the discrepancy between the universe envisaged by the ancient sages and prophets and that of modern scientific cosmology where the possibility of divine intervention looks less and less likely Butchins demonstrates with clarity how the scientific method may be used despite certain drawbacks in an attempt to verify objective truth It describes how the effect of the Copernican Revolution in the seventeenth century has steadily undermined the basic structure of the three great monotheistic religions of our day Judaism Christianity and Islam especially with respect to their eschatological concepts The Eastern religions being less anthropomorphic are less affected The theistic argument from design is shown to be powerful enough to have caused disagreement among present day scientists in spite of the strictures of Professor Dawkins In general the book attempts to make some sense of the structure of the universe in terms of our own consciousness it behoves the reader to consider tha

Strategy and Command Louis Morton, 2015-07-11 For the United States full involvement in World War II began and ended in the Pacific Ocean Although the accepted grand strategy of the war was the defeat of Germany first the sweep of Japanese victory in the weeks and months after Pearl Harbor impelled the United States to move as rapidly as it could to stem the enemy tide of conquest in the Pacific Shocked as they were by the initial attack the American people were also united in their determination to defeat Japan and the Pacific war became peculiarly their own affair In this great theater it was the United States that ran the war and had the determining voice in answering questions of strategy and command as they arose The natural environment made the prosecution of war in the Pacific of necessity an interservice effort and any real account of it must as this work does take into full account the views and actions of the Navy as well as those of the Army and its Air Forces These are the factors a predominantly American theater of war covering nearly one third the globe and a joint conduct of war by land sea and air on the largest scale in American history that make this volume on the Pacific war of particular significance today It is the capstone of the eleven volumes published or being published in the Army's World War II series that deal with military operations in the Pacific area and it is one that should command wide attention from the thoughtful public as well as the military reader in these days of global tension
