The Addiction Progress Notes Planner Apr 03 2024

"Progress notes are the primary source for documenting the therapeutic process and one of the main factors in determining a client's eligibility for reimbursable treatment. The purpose of including the Progress Notes Planners in the PracticePlanners Series is to assist the practitioner in easily and quickly constructing progress notes that are thoroughly unified with the client's treatment plan."--

Adolescent Psychotherapy Homework Planner Sep 03 2021
Evidence-based and effective clinical homework for adolescent clients and their caregivers In the newly updated sixth edition of *The Adolescent Psychotherapy Homework Planner*, a team of distinguished practitioners delivers a time-saving and hands-on practice tool designed to offer clients valuable homework assignments that will further their treatment goals for a wide variety of presenting problems. The Homework Planner addresses common and less-common disorders—including anxiety, depression, substance use, eating, and panic—allowing the client to work between sessions on issues that are the focus of therapy. This book provides evidence-based homework assignments that track the psychotherapeutic interventions suggested by the fifth edition of *The Adolescent Psychotherapy Treatment Planner*. They are easily photocopied, and a digital version is provided online for the therapist who would prefer to access them with a word processor. The

Homework Planner also offers: Cross-referenced lists of suggested presenting problems for which each assignment may be appropriate (beyond its primary designation) Several brand-new assignments, as well as adapted assignments that have been shortened or modified to make them more adolescent-client-friendly Homework assignments for the parents of adolescents in treatment, assignments for the adolescents themselves, and assignments for parents and adolescents to complete together An essential and practical tool for therapists and practitioners treating adolescents, The Adolescent Psychotherapy Homework Planner, Sixth Edition will benefit social workers, psychologists, psychiatrists, and other clinicians seeking efficient and effective homework tools for their clients.

Motivational Enhancement Therapy Manual Apr 30 2021

Directory of Narcotic Addiction Treatment Agencies in the United States Feb 26 2021

Brief Couples Therapy May 12 2022 This is a facilitator's manual for counsellors working in substance use settings who would like to augment their practice by seeing couples. It will also be useful for couple counsellors who would like to offer a focused program for clients with substance use issues. The manual evolved from a research project at CAMH. It has been tested and reviewed by consultants, clinicians and researchers practising in the areas of mental health, substance use, and general family services and private practice. The program consists of an assessment session followed by eight sessions, each of which includes: session guidelines session resources participant handouts template for recording progress notes.

Achievement And Addiction Oct 05 2021 Achievement and Addiction strives to answer those difficult questions, and, in so doing, to provide mental health professionals with the expertise necessary successfully to guide this

unique population on their journey toward recovery

The Addiction Treatment Planner Dec 31 2023 This timesaving resource features: Treatment plan components for 44 behaviorally based presenting problems Over 1,000 prewritten treatment goals, objectives, and interventions—plus space to record your own treatment plan options A step-by-step guide to writing treatment plans that conform to the latest ASAM requirements and meet the requirements of most accrediting bodies, insurance companies, and third-party payors Includes new Evidence-Based Practice Interventions as required by many public funding sources and private insurers The *Addiction Treatment Planner, Fourth Edition* provides all the elements necessary to quickly and easily develop formal treatment plans that satisfy the demands of HMOs, managed care companies, third-party payors, and state and federal agencies. Homework Planners*

feature behaviorally based, ready-to-use assignments to speed treatment and keep clients engaged between sessions.

Clinical Supervision and Professional Development of the Substance Abuse Counselor Dec 07 2021 Clinical supervision (CS) is emerging as the crucible in which counselors acquire knowledge and skills for the substance abuse (SA) treatment profession, providing a bridge between the classroom and the clinic. Supervision is necessary in the SA treatment field to improve client care, develop the professionalism of clinical personnel, and maintain ethical standards. Contents of this report: (1) CS and Prof. Develop. of the SA Counselor: Basic info. about CS in the SA treatment field; Presents the how to of CS.; (2) An Implementation Guide for Admin.; Will help admin. understand the benefits and rationale behind providing CS for their program's SA counselors. Provides tools for making the tasks assoc. with implementing a CS system easier. Illustrations.

Treating Adolescent Substance Abuse Using Family Behavior Therapy Sep 15 2022 Praise for *Treating Adolescent Substance Abuse Using Family Behavior Therapy* "This is an extremely positive and strength-focused text that provides therapists with a structure and the tools to implement interventions that have a long history of promoting the types of clinical changes desired by family members and community stakeholders."—From the Foreword by Scott W. Henggeler, PhD, Professor, Department of Psychiatry and Behavioral Sciences, and Director, Family Services Research Center, Medical University of South Carolina "Kudos to Donohue and Azrin for writing a book that includes all the materials needed to implement FBT with adolescents, including prompting checklists, handouts, and worksheets."—Karol Kumpfer, PhD, Professor, Health Promotion & Education, and Chair, International Study Abroad Committee, College of Health, University of Utah, and former director,

SAMHSA's Center for Substance Abuse Prevention "Treating Adolescent Substance Abuse Using Family Behavior Therapy is an important resource for those who wish to provide an empirically supported, strengths-based, behavioral treatment for adolescents with substance-use problems and their parents." –Susan Harrington Godley, RhD, Senior Research Scientist and EBT Coordinating Center Director, and Mark D. Godley, PhD, Director, Research & Development, Chestnut Health Systems "In my practice with adolescents, FBT has proven exceptionally effective in drawing families closer together and yielding improved outcomes. This remarkably supportive approach helps young people develop critical skills necessary to live a fulfilling and drug-free lifestyle. This book clearly illustrates how to implement the interventions with ease and exemplifies the deeply gratifying experience of FBT."–Stephen A. Culp, MEd, NCC, LPCC, Addiction Services Therapist, Comprehend, Inc., Maysville, KY Listed in multiple national clearinghouses, including SAMHSA's National Registry of Evidence-based Programs and Practices and the CEBC, Family Behavior Therapy (FBT) is a scientifically supported treatment for adolescent substance abuse and its many associated problems. Written by Brad Donohue and Nathan Azrin—the premier researchers and practitioners of FBT—Treating Adolescent Substance Abuse Using Family Behavior Therapy is the first book of its kind to provide mental health professionals with the practical, step-by-step guidance needed to use this evidence-based treatment. Filled with case studies, checklists, worksheets, and handouts, this essential guide features: Strategies to assist in effective goal-setting, treatment plans, and family management Motivational enhancement exercises to encourage youth into a problem-free lifestyle Methods to effectively address contextual issues such as noncompliance and culture Standardized treatments to assist in eliminating

problems that coexist with substance abuse, including unemployment, depression, behavioral misconduct, and family dysfunction An accompanying CD-ROM contains all the book's record-keeping forms, checklists, assignments, progress notes, agendas, and worksheets in a customizable format.

Solution-Focused Substance Abuse Treatment Nov 17 2022

Solution-Focused Substance Abuse Treatment describes the standard of care for substance abuse treatment, demonstrates how solution-focused brief therapy exceeds this standard, and shows how it can effectively be used in substance abuse evaluation, case management, and both individual and group treatment. Beginning and advanced concepts are provided to address the questions of even the most advanced clinician, all placed in the context of cultural awareness. Most importantly, the author answers the many questions professionals may have about how solution-focused brief therapy can be successfully integrated into the field of substance abuse. It provides a thorough understanding of the issues that therapists face when working with this at times challenging population, and demonstrates how the use of solution-focused brief therapy can minimize power struggles and enhance client success. Sample forms and handouts are included, as are additional resources for effective evaluation and treatment.

Integrating the 12 Steps into Addiction Therapy Aug 03 2021 All the resources needed to fully integrate a 12-step approach aspart of your overall treatment program Millions of Americans have at some time in their

lives participated in a 12-step program for treatment of a chemical or non-chemical addiction. Clinicians recognize that these grass-roots efforts have a very high cure rate. However, little has been written on how to integrate these programs into a traditional therapy setting. Integrating the 12 Steps into Addiction Therapy serves as an indispensable resource for clinicians treating addiction patients who are simultaneously enrolled in 12-step programs. This valuable text:

- * Contains eight lesson plans and twenty-seven assignments
- * Integrates in-depth discussion of 12-step programs with hands-on resources like homework assignments, treatment plan examples, and patient handouts
- * Will also benefit 12-step program peer counselors
- * Includes companion CD-ROM with fully customizable homework assignments, lesson plans, and presentations

Treating addictions—whether chemical or non-chemical—can be one of the most difficult challenges faced by mental health professionals. For many people, 12-step programs have played a critical role in helping them to manage their addictive behaviors. Integrating the 12 Steps into Addiction Therapy gives psychologists, therapists, counselors, social workers, and clinicians the tools and resources they need to fully utilize these peer therapy program techniques in treating a wide variety of addictions.

The Severe and Persistent Mental Illness Progress Notes Planner Mar 10 2022 The flexible format of The Severe and Persistent Mental Illness Progress Notes Planner, 2nd Edition enables you to choose between evidence based and traditional “best practice” treatment approaches for your patients. Fully revised to meet your needs as a mental health professional working in today’s long-term care facilities, this time-saving resource will save you hours of time-consuming paperwork without sacrificing your ability to develop customized progress notes. This guide is organized around 31 behaviorally based issues,

from employment problems and family conflicts, to financial needs and homelessness, to intimate relationship conflicts and social anxiety.

TIP 35: Enhancing Motivation for Change in Substance Use Disorder Treatment (Updated 2019) Jan 20 2023
Motivation is key to substance use behavior change. Counselors can support clients' movement toward positive changes in their substance use by identifying and enhancing motivation that already exists. Motivational approaches are based on the principles of person-centered counseling. Counselors' use of empathy, not authority and power, is key to enhancing clients' motivation to change. Clients are experts in their own recovery from SUDs. Counselors should engage them in collaborative partnerships. Ambivalence about change is normal. Resistance to change is an expression of ambivalence about change, not a client trait or characteristic. Confrontational approaches increase client resistance and discord in the counseling relationship. Motivational approaches explore ambivalence in a nonjudgmental and compassionate way.

The Severe and Persistent Mental Illness Treatment Planner Jun 12 2022 This timesaving resource features: Treatment plan components for 31 behaviorally based presenting problems Over 1,000 prewritten treatment goals, objectives, and interventions plus space to record your own treatment plan options A step-by-step guide to writing treatment plans that meet the requirements of most accrediting bodies, insurance companies, and third-party payors Includes new Evidence-Based Practice Interventions as required by many public funding sources and private insurers PracticePlanners®

Evaluating the Brain Disease Model of Addiction Apr 10 2022 This ground-breaking book advances the fundamental debate about the nature of addiction. As well as presenting the case for seeing addiction as a brain disease, it brings together all the most cogent and penetrating critiques of the brain disease model of addiction (BDMA) and the main grounds for being skeptical of BDMA claims. The idea that addiction is a brain disease dominates thinking and practice worldwide. However, the editors of this book argue that our understanding of addiction is undergoing a revolutionary change, from being considered a brain disease to a

disorder of voluntary behavior. The resolution of this controversy will determine the future of scientific progress in understanding addiction, together with necessary advances in treatment, prevention, and societal responses to addictive disorders. This volume brings together the various strands of the contemporary debate about whether or not addiction is best regarded as a brain disease. Contributors offer arguments for and against, and reasons for uncertainty; they also propose novel alternatives to both brain disease and moral models of addiction. In addition to reprints of classic articles from the addiction research literature, each section contains original chapters written by authorities on their chosen topic. The editors have assembled a stellar cast of chapter authors from a wide range of disciplines - neuroscience, philosophy, psychiatry, psychology, cognitive science, sociology, and law - including some of the most brilliant and influential voices in the field of addiction studies today. The result is a landmark volume in the study of addiction which will be essential reading for advanced students and researchers in addiction as well as professionals such as medical practitioners, psychiatrists, psychologists of all varieties, and social workers.

The Addiction Counselor's Documentation Sourcebook Aug 27 2023 All of the requisite forms addiction treatment professionals need—a crucial time-saver in today's healthcare system Treating addiction in today's healthcare environment means that mental health professionals must manage an imposing amount of paperwork. Government and private grant funding, insurance and benefits programs, regulatory compliance, and the need for data on treatment effectiveness (evidence-based treatment) all require proper documentation. If these forms are missing, the results can range from bureaucratic headaches to problems

serious enough to close a practice. Now fully updated and revised, *The Addiction Counselor's Documentation Sourcebook: The Complete Paperwork Resource for Treating Clients with Addictions, Second Edition* provides the most useful and current forms for accurate and comprehensive documentation and record keeping. These ready-to-use forms will save you and your practice hours that would otherwise be spent creating and collating them, freeing you to devote more energy to the important matters of treatment. A companion CD-ROM includes all documents in Word? format so you can customize them according to the unique needs of your practice. Covering every aspect of mental health practice for addiction treatment, this fully revised Second Edition also includes: Critical forms updated to help providers achieve HIPAA, JCAHO, and CARF compliance Unique handouts, exercises, and facilitator guides for use in individual and group therapy A comprehensive CD-ROM featuring all forms in Word format, as well as PowerPoint slideshows for every psychoeducational presentation in the book *The Addiction Counselor's Documentation Sourcebook, Second Edition* is an essential timesaving resource that allows any professional practicing or working in the field of addiction treatment the freedom to give more of their time and energy to the people they serve.

Overcoming Your Alcohol or Drug Problem Jan 08 2022 A substance use problem exists when one experiences any type of difficulty related to using alcohol, tobacco, or other drugs including illicit street drugs or prescribed drugs such as painkillers or tranquilizers. The difficulty can be in any area of life; medical or physical, psychological, family, interpersonal, social, academic, occupational, legal, financial, or spiritual. This expanded new edition of the successful Graywind Publications title provides the reader with practical information and skills to help them understand and change a drug or alcohol problem. Designed to be used in conjunction with therapy or counseling, it focuses on special issues involved in stopping substance use and in changing behaviors or aspects of one's lifestyle that keep the substance use problem active. The information presented is derived from a wealth of research studies,

and discusses the most effective recovery strategies from the examination of cognitive-behavioral treatment. TreatmentsThatWork™ represents the gold standard of behavioral healthcare interventions! · All programs have been rigorously tested in clinical trials and are backed by years of research · A prestigious scientific advisory board, led by series Editor-In-Chief David H. Barlow, reviews and evaluates each intervention to ensure that it meets the highest standard of evidence so you can be confident that you are using the most effective treatment available to date · Our books are reliable and effective and make it easy for you to provide your clients with the best care available · Our corresponding workbooks contain psychoeducational information, forms and worksheets, and homework assignments to keep clients engaged and motivated · A companion website (www.oup.com/us/ttw) offers downloadable clinical tools and helpful resources · Continuing Education (CE) Credits are now available on select titles in collaboration with PsychoEducational Resources, Inc. (PER)

Addiction Treatment Homework Planner Sep 27 2023 A hands-on homework toolkit for mental health practitioners treating clients with substance use disorders In the newly revised sixth edition of the Addiction Treatment Homework Planner, a team of distinguished clinicians delivers a practical and effective resource for clients who wish to keep their therapy and recovery efforts front-of-mind and incorporate them into their daily lives. The activities and homework contained within will assist clients—and the clinicians treating them—to collect real-time data, enabling practitioners to address relevant issues quickly and collaboratively. This Homework Planner is designed as a companion manual to the sixth editions of the Addiction Treatment Planner and Addiction Progress Notes Planner. It focuses on client-centered, assessment-

driven, evidence-based treatment in the field of substance use disorder psychotherapy. Each included exercise is designed to: Emphasize the importance of client motivation and increase the knowledge, awareness, and insight of people moving through the addiction recovery process Incorporate a skills component for further instruction in therapy or at home Be completed or processed within individual sessions or - where appropriate - within group therapy sessions and at various levels of care An indispensable, hands-on resource for counselors, therapists, psychiatrists, psychologists, and other mental health professionals engaged in the treatment of patients with substance use disorders, the Addiction Treatment Homework Planner is a time-saving tool with the potential to improve patient outcomes and increase client engagement.

The Co-Occurring Disorders Treatment Planner Apr 22 2023 The Bestselling treatment planning system for mental health professionals The Co-Occurring Disorders Treatment Planner provides all the elements necessary to quickly and easily develop formal treatment plans that satisfy the demands of HMOs, managed care companies, third-party payors, and state and federal review agencies. A critical tool for mental health professionals treating patients coping simultaneously with mental illness and serious substance abuse Saves you hours of time-consuming paperwork, yet offers the freedom to develop customized treatment plans Organized around 25 main presenting problems with a focus on treating adults and adolescents with alcohol, drug, or nicotine addictions, and co-occurring disorders including depression, PTSD, eating disorders, and ADHD Over 1,000 well-crafted, clear statements describe the behavioral manifestations of each relational problem, long-term goals, short-term objectives, and clinically tested treatment options Easy-to-use reference format helps locate treatment plan components by behavioral

problem or DSM-IV-TR diagnosis Includes a sample treatment plan that conforms to the requirements of most third-party payors and accrediting agencies (including HCFA, JCAHO, and NCQA)

Addiction Treatment Homework Planner Feb 01 2024

Practice Planners: The Bestselling treatment planning system for mental health professionals Help clients suffering from chemical and nonchemical addictions develop the skills they need to work through problems. The Addiction Treatment Homework Planner, Fourth Edition provides you with an array of ready-to-use, between-session assignments designed to fit virtually every therapeutic mode. This easy-to-use sourcebook features: Revised homework assignments reflecting clients' stages of readiness and change New appendices to help you select exercises based on American Society of Addiction Medicine (ASAM) criteria 88 ready-to-copy exercises covering the most common issues encountered by clients suffering from chemical and nonchemical addictions, such as anxiety, impulsivity, childhood trauma, dependent traits, and occupational problems A quick-reference format—the interactive assignments are grouped by behavioral problems including alcoholism, nicotine dependence, and substance abuse, as well as those problems that do not involve psychoactive substances, such as problem gambling, eating disorders, and sexual addictions Expert guidance on how and when to make the most efficient use of the exercises Assignments that are cross-referenced to The Addiction Treatment Planner, Fourth Edition so you can quickly identify the right exercise for a given situation or problem A CD-ROM that contains all the exercises in Microsoft Word format—allowing you to customize them to suit you and your clients' unique styles and needs Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.
