As this The Kennedy Detail Jfks Secret Service Agents Break Their Silence Ebook Gerald Blaine, it ends happening subconscious one of the favored book The Kennedy Detail Jfks Secret Service Agents Break Their Silence Ebook Gerald Blaine collections that we have. This is why you remain in the best website to see the incredible ebook to have.

In this runaway #1 New York Times bestseller, former secret service officer Gary Byrne, who was posted directly outside President Clinton's oval office, reveals what he observed of Hillary Clinton's character and the culture inside the White House while protecting the First Family in CRISIS OF CHARACTER, the most anticipated book of the 2016 election. From the author of the #1 New York Times bestseller CRISIS OF CHARACTER comes an explosive new exposé of the Secret Service. The United States Secret Service is tasked with protecting our Presidents, their families, and the complex in which they live and work. Given this important mission, world stability rests upon the shoulders of its agents. In his new book, former Secret Service officer Gary Byrne takes readers behind the scenes to understand the agency's history and today's security failings that he believes put Americans at risk The American public knows the stories of Secret Service heroism, but they don't know about the hidden legacy of problems that have plagued the agency ever since its creation. Gary Byrne says that decades of catastrophic public failures, near misses, and bureaucratic and cultural rot threaten to erode this critical organization from the inside out. Today, as it works to protect President Trump, the Secret Service stands at a crossroads, and the time needed to choose the right course is running out. Agents and officers are leaving the Secret Service in droves, or they're being overworked to the point where they lose focus on the job. Management makes decisions based on politics, not the welfare of their employees. Byrne believes that this means danger for the men and women of the Secret Service, danger for the President they protect, and danger for the nation. In this book, he shares what he has witnessed and learned about the Secret Service with the hope that the problems of this most important agency can be fixed before it's too late. THE UNITED STATES SECRET SERVICE is the oldest federal law enforcement agency in the nation and is recognized as one of the most elite in the world. It is a self-contained organization, not part of the FBI or CIA. At the mention of the Secret Service, most people conjure up images of big men in dark suits and sunglasses, surrounding the leader of the free world wherever he goes. Indeed, the agency has a long history of protecting not only presidents, but vice presidents, their families, foreign dignitaries, and even presidential hopefuls. However, this is only part of the Secret Service story. The agency was initially created as a division of the Treasury Department. In the wake of the Civil War, there was a large quantity of phony money in circulation. In fact, it is estimated that more than one-third of American currency was counterfeit at the time. President Abraham Lincoln established the Secret Service to combat the problem and to ensure the integrity of the nation's financial infrastructure. Ironically, Lincoln signed the legislation creating the agency on April 14, 1865 - the very day John Wilkes Booth assassinated him. Yet, it would be another 36 years before the Secret Service assumed the responsibility of protecting American presidents. Since its inception, the agency has been investigating and guarding against financial crimes, such as counterfeiting, identity theft, computer fraud, money laundering, and all types of financial fraud. It also took on anyone "perpetrating mass frauds against the government," which included the likes of the Ku Klux Klan, among others. In 2003, the Secret Service was transferred to the Department of Homeland Security. Today, it fights crime on a global scale, investigating a growing list of technology-based crimes, such as cyber-attacks against the nation's financial and telecommunications infrastructure, and technological attacks that hack into government systems. There are training programs for Secret Service special agents, totaling 27 weeks. The agency provides one-of-a-kind training, designed to prepare agents for the high level of responsibility they will take on. Making it this far does not guarantee entry to the Secret Service. Failure to pass any test along the way is cause for immediate disqualification. New special agents who do successfully get through training are assigned to posts in one of the agency's domestic field offices. It takes several years of experience in a field office before an agent is qualified to transfer to protective duty. Officers in the Uniformed Division also go through months of rigorous training. Unlike special agents, who can be assigned to offices anywhere in the US or overseas, officers in the Uniformed Division are typically assigned to protect government buildings and embassies in and around Washington, DC. A career with the Secret Service is more than a job. Each day is challenging and demanding, yet exciting and rewarding all at the same time. It takes hard work and dedication to prepare for this career, but those who have made it insist they are worth it. The rewards start with great pay, great benefits, opportunities for travel, and fascinating work. First and foremost, it is an honor and a privilege to ensure the safety of the nation. The era: the 1970s. The location: an airplane en route to Washington, DC. Kathryn Clark Childers chats with a fellow passenger. "Are you visiting?" her seatmate asked. "No, I work there," Childers said, pointing out the window to the White House, which had just come into view. "I'm a Secret Service agent." "Really? I didn't know they let girls pull that duty. I'm not really sure what you do." "It's a secret." Recruited to the Secret Service as one of its first five female agents, Childers would surprise many people, including herself. Her duties included undercover work, protective details for John and Caroline Kennedy, children of Jacqueline Kennedy, and attending state dinners where she met world leaders, including Prince Juan Carlos of Spain. In addition, she had to figure out how to disguise the .357 Magnum revolver that she carried at all times, whether wearing jogging clothes, a business suit, or an evening gown. It was 1970, and the Secret Service, like most public and private organizations, struggled—sometimes unsuccessfully—with the challenges of incorporating a rising tide of women into government service and other professional workplaces. Written in a lighthearted but highly informative style, Scared Fearless details the obstacles and the joys, the moments of high adventure, and the laughable fashion dilemmas that were part of Childers' groundbreaking role. Through everything that happened, Childers says, she followed her father's admonition: "Just do it scared." A look inside the renowned law enforcement agency—its history, its recruiting and training process, and tips for those seeking a Secret Service career. The Secret Service was established after the Civil War by the Treasury Department, originally to protect American currency against counterfeiters. It was only after the assassination of President William McKinley in 1901 that Congress directed the Secret Service to protect the President of the United States. Today, protection remains the primary mission of the United States Secret Service. It takes a special type of individual to be a U.S. Secret Service agent, one willing to "take a bullet" to preserve the ideals on which the United States was founded. To Be a U.S. Secret Service Agent lifts the curtain for a look inside this law enforcement agency, including the highly selective recruiting, the intense training, and the specialized weapons and equipment used to protect current and past presidents, vice presidents, their families, and visiting heads of state. Includes photos An introduction to Secret Service agents, including their work catching counterfeiters and protecting the president of the United States, the training required to be an agent, what a day in the life is like in the field, and more. Being a Secret Service agent is one of the most treacherous jobs in the world and never more so than in today's highly polarized America. Facing threats from fence jumpers and manifesto writers, and from fanatical terrorists and sophisticated spies, protecting the president is harder than ever. In an age of hyper-partisan politics, emotions are high and crazies are a dime a dozen. On top of that, with international tensions reaching a boiling point, it's harder than ever to determine friend from foe. Yet the President of the United States is in very real danger if the Secret Service doesn't change course soon and evolve with the rapidly changing threat environment. Highly motivated "bad guys" are already working on technologically advanced methodologies and are constantly striving to formulate the logistics of an attack on the White House. Eventually terrorist planners will find a way to acquire the technology, weapons, explosives, and know-how to make an attempt on the life of the President. The only question is "What are we going to do about it?" Protecting the President provides not only a rare insider glimpse of what the Secret Service does, but explores the challenges facing the agents today. Chock-full of relevant stories of protecting past presidents, veteran agent Dan Bongino explains how the agency can best protect the president today. This book covers how the Secret Service should • plan for a tactical assault by a terrorist attack team • prepare to respond to a severe medical emergency • train to handle a chemical or biological weapon attack • prepare for an attack using explosives • plan for 9-11 style attacks from the air and fire threats • and much more Standing Next to History presents the extraordinary account of Ronald Reagan's Secret Service bodyguard with stories that will make even a diehard "West Wing" fan go speechless. Joseph Petro served for 23 years as a special agent in the United States Secret Service; eleven of them with presidents and vice presidents. For four of those years he stood by the side of Ronald Reagan. Following his career as a Navy Lieutenant, during which he patrolled the rivers and canals along the Vietnamese-Cambodian border, he worked his way up through the Secret Service to become one of the key men in charge of protecting the President. That journey through the Secret Service provides an individual look inside the most discreet law enforcement agency in the world, and a uniquely intimate account of the Reagan presidency. Engagingly, Joseph Petro tells "first hand" stories of: riding horses with the Reagans; eluding the press and sneaking the President and Mrs. Reagan out of the White House; rehearsing assassination attempts and working, then re-working every detail of the president's trips around the world; negotiating the president's protection with the KGB; diverting a 26 car presidential motorcade in downtown Tokyo; protecting Vice-President Dan Quayle at Rajiv Gandhi's funeral where he was surrounded by Yassir Arafat's heavily armed bodyguards; taking charge of the single largest protective effort in the history of the Secret Service-Pope John Paul II's 1987 visit to the United States; and being only one of three witnesses at the private meeting between President Reagan and Mikhail Gorbachev that ushered in the end of the Cold War. Joseph Petro provides an original and fascinating perspective of the Secret Service, the inner workings of the White House and a little seen view of world leaders, as a man who stood next to history. Meet Jerry Parr. In 1981, he was the agent standing next to Ronald Reagan when John Hinckley, Jr., stepped out of the crowd, intent on killing the president. In the Secret Service is an adrenaline-filled ride through the life of the agent who saved Ronald Reagan's life. Jerry spent much of his life as a silent eyewitness to history, with a gun at his fingertips. What motivates a man who is ready at a moment's notice to step into the path of a bullet? In In the Secret Service, you'll also follow Jerry's inner journey. That journey led him from the halls of the powerful to the streets of the poor in Washington, D.C., to the mountain passes of war-torn El Salvador to help orphans. You won't want to miss this insider's perspective on the Secret Service and a look into the heart of a man who was—and is—ready to sacrifice himself for another. At times heart-pounding, at times heartrending, this richly textured memoir of a Secret Service Agent will first move you to the edge of your seat, then to the depths of your soul. It is essential for the reader to remember that this is a memoir; in other words, a record of events based on the author's experiences and feelings. Because of the secrecy restrictions at the time these events occurred, and in some cases for many years thereafter, the author kept no diary, notes, or record and wrote no letters describing his work. Furthermore, almost without exception, all the people with whom and for whom he worked are now dead. Consequently, in writing this book, the author has been entirely dependent on his memory. At the age of ninety-one, this memory may have at times been defective or twisted. However, there can be no doubt the story is true. Careful research of the archives of the Office of the Coordinator of Inter-American Affairs, the U.S. Navy, and the CIA should substantiate this. But even here, there will be difficulties due to secrecy and the "deindexing" of the FBI's Latin American files by its then-director rather than turn them over to the hated CIA. Moreover, the author's foolish refusal to accede to the request of his commanding officer to write the history of the naval operation Road's End immediately after its conclusion and for which he had received a commendation has erased forever the details of that historic event. Finally, the tragic suicide of the CIA's director of operations subsequent to the Kim Philby espionage scandal diminished the possibility of a proper analysis of events surrounding it in Washington . . . NEW YORK TIMES BESTSELLER • "This is one of those books that will go down as the seminal work—the determinative work—in this field. . . . Terrifying."—Rachel Maddow The first definitive account of the rise and fall of the Secret Service, from the Kennedy assassination to the alarming mismanagement of the Obama and Trump years, right up to the insurrection at the Capitol on January 6—by the Pulitzer Prize winner and #1 New York Times bestselling co-author of A Very Stable Genius and I Alone Can Fix It NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST Carol Leonnig has been reporting on the Secret Service for The Washington Post for most of the last decade, bringing to light the secrets, scandals, and shortcomings that plague the agency today—from a toxic work culture to dangerously

outdated equipment to the deep resentment within the ranks at key agency leaders, who put protecting the agency’s once-hallowed image before fixing its flaws. But the Secret Service wasn’t always so troubled. The Secret Service was born in 1865, in the wake of the assassination of Abraham Lincoln, but its story begins in earnest in 1963, with the death of John F. Kennedy. Shocked into reform by its failure to protect the president on that fateful day in Dallas, this once-sleepy agency was radically transformed into an elite, highly trained unit that would redeem itself several times, most famously in 1981 by thwarting an assassination attempt against Ronald Reagan. But this reputation for courage and excellence would not last forever. By Barack Obama’s presidency, the once-proud Secret Service was running on fumes and beset by mistakes and alarming lapses in judgment: break-ins at the White House, an armed gunman firing into the windows of the residence while confused agents stood by, and a massive prostitution scandal among agents in Cartagena, to name just a few. With Donald Trump’s arrival, a series of promised reforms were cast aside, as a president disdainful of public service instead abused the Secret Service to rack up political and personal gains. To explore these problems in the ranks, Leonnig interviewed dozens of current and former agents, government officials, and whistleblowers who put their jobs on the line to speak out about a hobbled agency that’s in desperate need of reform. “I will be forever grateful to them for risking their careers,” she writes, “not because they wanted to share tantalizing gossip about presidents and their families, but because they know that the Service is broken and needs fixing. By telling their story, they hope to revive the Service they love.” America’s oldest law enforcement agency, the United States Secret Service, has never been exposed like this before. The Secret Service has made many headlines through the decades, especially in the last five years. This book presents a thorough look at more than 100 of the most famous, infamous, and interesting agents who have protected presidents from William McKinley to John F. Kennedy to President Trump and everyone in between. Students of history will find much to contemplate in this revealing, entertaining, and sometimes disturbing book. Readers will never look at the men who guard the president the same way ever again. **BASED ON THE EXPERIENCES OF THE AUTHOR AND HIS FRIENDS, THIS IS THE SHORT STORY OF ALAN KAHN. ALAN KAHN JOINED THE SECRET SERVICE, BUT THEY DONT KNOW IT. ONE DAY IT ALL FALLS APART.** Originally published in hardcover in 2016 by Gallery Books. While the Secret Service is thought of synonymously with the President of the U.S., only one agent has ever died in the line of duty protecting a President. Private Leslie Coffelt was killed during his duty of protection of President Harry Truman. Readers will learn that there is a rich, varied history of the Secret Service, and that there are several different positions within the service. They will learn about the education, training, and equipment that candidates would need for different roles. Fascinating personal stories are shared as well, giving readers an up-close look at life in the service. "Dan Emmett was just eight years old when President John F. Kennedy was assassinated. The events surrounding the President's death shaped the course of young Emmett's life as he set a goal of becoming a US Secret Service agent--one of a special group of people willing to trade their lives for that of the President, if necessary. Within Arm's Length is the essential book on the Secret Service--a revealing and compelling inside look at the Presidential Protective Division (PPD) with stories from some of the author's more high-profile assignments in his twenty-one years of service, where he provided arm's length protection worldwide for Presidents George Herbert Walker Bush, William Jefferson Clinton, and George W. Bush, both as a member of the PPD and the Counter Assault Team. Dan Emmett describes the professional challenges faced by Secret Service agents as well as the physical and emotional toll that can be inflicted on both agents and their families. Within Arm's Length also shares firsthand details about the duties and challenges of conducting presidential advances, dealing with the media, driving the President in a bullet-proof limousine, running alongside him through the streets of Washington, and flying with him on Air Force One. With fascinating anecdotes, Emmett weaves keen insight into the unique culture and history of the Secret Service and the inner workings of the White House"-- They guard the most important people in the United States . . . but did you know they also guard our money? The U.S. Secret Service includes agents and officers who put their lives on the line to keep our leaders safe, and others who work around the clock to prevent counterfeiters from wreaking havoc. Presidents depend on them . . . so can we. Inside, find out more about one of America's oldest security agencies and learn the secrets to their success. Adventure, courage, talent . . . and service--they can all be found in the stories of brave men and women who go . . . **ON A MISSION.** Each title in this series contains color photos, close ups of key tools and technology used on each mission, and back matter including: an index, further reading lists for books and internet resources, and a series glossary. Mason Crest's editorial team has placed Key Icons to Look for throughout the books in this series in an effort to encourage library readers to build knowledge, gain awareness, explore possibilities and expand their viewpoints through our content rich non-fiction books. Key Icons are as follows: Words to Understand are shown at the front of each chapter with definitions. These words are then used in the prose throughout that chapter, and are emboldened, so that the reader is able to reference back to the definitions- building their vocabulary and enhancing their reading comprehension. Sidebars are highlighted graphics with content rich material within that allows readers to build knowledge and broaden their perspectives by weaving together additional information to provide realistic and holistic perspectives. Text Dependent Questions are placed at the end of each chapter. They challenge the reader's comprehension of the chapter they have just read, while sending the reader back to the text for more careful attention to the evidence presented there. Research Projects are provided at the end of each chapter as well and provide readers with suggestions for projects that encourage deeper research and analysis. A Series Glossary of Key Terms is included in the back matter contains terminology used throughout the series. Words found here broaden the reader's knowledge and understanding of terms used in this field. A history of the Secret Service covers assassinations and assassination attempts, presidential demands on the agency, the impact of a Secret Service career on its agents, and issues surrounding agency failures and gender gaps. How secretive do Secret Service agents have to be? Do they protect other people besides the president? What kind of training do you need to become a Secret Service agent? These are important questions to ask if someone is interested in a career with the Secret Service, and the answers are waiting to be discovered in this fun and fact-filled reading experience. As readers explore exiting main text, sidebars, fact boxes, and graphic organizers, they learn about how a person becomes a Secret Service agent and what their day-to-day life is like in this dangerous line of work. In March 1980, U.S. Secret Service Agent Tim McCarthy did something no one else has ever done. He took a bullet for the president. The president was Ronald Reagan. Agent McCarthy jumped in front of President Reagan as a young gunman fired six shots in an attempt to kill the president. Due to his heroic action, Agent McCarthy saved President Reagan's life. But this unsung hero never thought that his actions that day were heroic. "I'm glad I got to do what I was trained to do," he later said. He also paid tribute to the other agents who were on the presidential detail that day. "It was a heck of a team effort," he said. Agent McCarthy is just one of the many unsung heroes young readers will learn about in this intriguing history of the U.S. Secret Service. Among other things, readers will discover: - The original purpose of the Secret Service (it was not to protect the president); - How U.S. presidents were protected before the U.S. Secret Service; - The heroic actions of Secret Service agents since 1901; - What U.S. Secret Agent Tim McCarthy did that no other agent has ever done; - How the Secret Service has changed since the assassination of President John F. Kennedy. Most importantly, readers will learn about a remarkable group of men (and, since 1971, women) who risk their lives every day to protect the president and his family and other government officials. They truly are American's Unsung Heroes. After conducting exclusive interviews with more than one hundred current and former Secret Service agents, bestselling author and award-winning reporter Ronald Kessler reveals their secrets for the first time. Never before has a journalist penetrated the wall of secrecy that surrounds the U.S. Secret Service, that elite corps of agents who pledge to take a bullet to protect the president and his family. Kessler portrays the dangers that agents face and how they carry out their missions--from how they are trained to how they spot and assess potential threats. With fly-on-the-wall perspective, he captures the drama and tension that characterize agents' lives and reveals what they have seen, providing startling, previously untold stories about the presidents, from John F. Kennedy and Lyndon Johnson to George W. Bush and Barack Obama, as well as about their families, Cabinet officers, and White House aides. Illustrated in bold, graphic novel style, this title in Rosen's Graphic Careers series presents three real-life scenarios involving secret agents. **NEW YORK TIMES BESTSELLER** • “Ron Kessler appears to get everything first.”—Slate As in a play, presidents, vice presidents, and presidential candidates perform onstage for the public and the media. What the nation’s leaders are really like and what goes on behind the scenes remain hidden. Secret Service agents have a front-row seat on their private lives and those of their wives and children. Crammed with new headline-making revelations, *The First Family Detail* by New York Times bestselling author Ronald Kessler tells that eye-opening, uncensored story. **The First Family Detail reveals:** • Vice President Joe Biden regularly orders the Secret Service to keep his military aide with the nuclear football a mile behind his motorcade, potentially leaving the country unable to retaliate in the event of a nuclear attack. • Secret Service agents discovered that former president Bill Clinton has a blond mistress—code-named Energizer by agents—who lives near the Clintons’ home in Chappaqua, New York. • The Secret Service covered up the fact that President Ronald Reagan’s White House staff overruled the agency to let unscreened spectators get close to Reagan as he left the Washington Hilton, allowing John W. Hinckley Jr. to shoot the president. • Because Hillary Clinton is so nasty to agents, being assigned to her protective detail is considered a form of punishment and the worst assignment in the Secret Service. “Kessler’s such a skilled storyteller, you almost forget this is dead-serious nonfiction.”—Newsweek Because Secret Service agents are sworn to secrecy, the American public rarely knows what presidents, vice presidents, presidential candidates, and Cabinet officers and their families are really like. If they did, says a former Secret Service agent, "They would scream." What do Secret Service agents do besides protect the president? Find out in this book! Readers will get a short introduction to the Secret Service, including what it does and a bit of its history. Then readers will learn the job functions of a Secret Service agent and what it takes to become one. United States Secret Service Agents protected Springwood, the home of Franklin D. Roosevelt in Hyde Park, New York for the 12 years that he was President of the United States of America. Franklin D. Roosevelt was the 32nd President and the only president ever elected to 4 terms, which means he would hold that office for 16 years in a row. President Roosevelt died on April 12, 1945, at the beginning of his fourth term. His death ended the need for the Secret Service to keep the family home and lands safe for him. Their job at Springwood had started long before that, when he was elected as President for the first time in November 1932. Today you can explore what it was like to be one of President Roosevelt's Secret Service Agents working here at Springwood. As you visit the President's home, grounds, and different buildings, test yourself to see if you have what it takes to protect the President by finishing your chosen activities in this Training Manual. 'Part memoir, part hugely entertaining self-help manual for these tough times' Roger Alton, Daily Mail 'A bone fide badass' The Sunday Times Former Secret Service Special Agent Evy Poupouras shares the insights and skills from one of the oldest elite security forces in the world - to help you prepare for stressful situations, instantly read people, influence how you're perceived, and live a more fearless life. From gruelling training to clandestine interrogation rooms, to protecting the President of the United States of America, Evy shares rare behind-the-scenes glimpses while also exploring the psychology of human behaviour and the strategies used by the best negotiators. Evy demonstrates how we can learn from these experiences to heighten our own natural instincts to detect BS, develop grit and become the most resilient and powerful version of ourselves. *Becoming Bulletproof* is a timely guide to empowerment, mental strength, and overcoming fear and abuse - a guide to becoming bulletproof. A true crime memoir taking the reader on a journey from his early years investigating some of the notorious counterfeiters and bank fraud masterminds of Las Vegas, Nevada, to personal interactions with presidents and first ladies and a US Supreme Court decision preserving the methods utilized by the Secret Service to protect the life of the president of the United States. The undercover investigation of a drug-addicted forgery ring targeting Las Vegas casinos and the investigation of an escaped federal prisoner, scamming travel agents out of tens of thousands of dollars. A massive sting operation in a Las Vegas sports book, a Hells Angel counterfeiter, and the investigation of an alcoholic, schizophrenic cross-dresser who repeatedly threatened to kill President Reagan. The investigation and arrest of the Boston Patriot, one of New England's most prolific credit card fraud masters and a dopey drug smuggler turned counterfeiter who smoked one too many joints. The investigation of an identify theft suspect with a lengthy criminal record, who convinced the FBI he was someone else, and an investigation of a pipe bomb targeting President Clinton in a small Oregon town. Riding horses and golfing with President Clinton and the day he made President Clinton scream out in pain. Conducting presidential security advances with a Hollywood movie producer turned Clinton advance man in Paris, France, and St. Petersburg, Russia. The most unusual assignment to buy President Bush a pickup truck. Fishing in the remote Alaskan wilderness with former president George H. W. Bush, camping and hiking with First Lady Laura Bush. These are the unique stories only a Secret Service agent can tell. Describes the rigorous training designed to eradicate an agent's intolerable stress of the job, the grueling hours, and more. Provides an introduction to the U.S. Secret Service, an agency charged with protecting the president of the United States and other government officials, and the Federal Protective Service, whose agents guard federal properties and investigate criminal activity, and describes different jobs within these organizations. Dan Emmett was just eight years old when President John F. Kennedy was assassinated. The events surrounding the President's death shaped the course of young Emmett's life as he set a goal of becoming a US Secret Service agent--one of a special group of people willing to trade their lives for that of the President, if necessary. *I Am A Secret Service Agent* is the essential book on the Secret Service--with stories from some of the author's more high-profile assignments in his twenty-one years of service, where he provided protection worldwide for Presidents George Herbert Walker Bush, William Jefferson Clinton, and George W. Bush. Dan Emmett describes the professional challenges faced by Secret Service agents as well as the physical and emotional toll that can be inflicted on both agents and their families. *I Am A Secret Service Agent* also shares firsthand details about the duties and challenges of conducting presidential advances, dealing with the media, driving the President in a bullet-proof limousine, running alongside him through the streets of Washington, and flying with him on Air Force One. With fascinating anecdotes, Emmett weaves keen insight into the unique culture and history of the Secret Service with the inner workings of the White House. For over a decade, Marty Venker went wherever the President went, his eyes moving all the time, his body bristling with lethal energy and alertness. In this funny, candid behind-the-scenes look at life with some of the world's most powerful men and women--Nixon, Ford, Carter, Imelda Marcos, and others--Venker reveals how the Secret Service scopes out a crowd, and more. Fine. Documents the events leading up to and following the assassination of the thirty-fifth president as revealed by the Secret Service agents who were present, in an account that also draws on letters written by Jackie Kennedy in the immediate aftermath and other previously undisclosed sources. Readers will love learning about the exciting careers of Secret Service agents. This book will introduce readers to the federal law enforcers who protect and serve the federal government. The text includes Secret Service history, missions, and different jobs involved with a career in this federal force. The text also addresses the skills necessary to land them a job as a Secret Service agent. Brilliant color photographs will bring the daily jobs of a Secret Service agent to life. High-interest and information-rich text will spark the interest of even the most reluctant reader. Sidebars and a graphic organizer add to the book to make it a dynamic and unforgettable read. This is a memoir by one of the first five female agents sworn in the US Secret Service in 1971. With her Smith & Wesson, her radio, and her wits, Sue Ann Baker navigated a new frontier for women. And like all frontiers, hers was full of challenges she could never have anticipated. Published in honor of the 150th anniversary of the Secret Service, this eye-opening memoir follows one woman's quest to crack the glass ceiling, and serves as a timely reminder that it hasn't shattered yet.
