Underwood, Scotch, and Wry Brian Meeks,2016-03-16 What s in a Cat s Name In a book with a snarky anti hero who teaches literature to

the great unwashed youth of the day there are bound to be a few literary references You ll catch most of them but why did Arthur name the cat Maltese and why does he think it s clever Arthur Byrne is a protagonist you ll root for despite your best efforts not to His love of drink age inappropriate women and disdain for authority are the top three reasons the president of the university wants him gone Arthur s decades long writer s block is the only reason he stays He s got nowhere to go Wen Hu is an enthusiastic teaching assistant that doesn t get most of Arthur s jokes She s there to help doesn t mind being called Lou and isn t afraid of him or his snark The Story Underwood Scotch and Wry is a humorous look at social media through the eyes of a Luddite college professor Watch as Arthur and the dean engage in a angst filled battle to end or save his job This humorous fiction will keep you turning the pages If you like social media blogging and mockery you ll enjoy my first satire novel Underwood Scotch and Wry And you just may be the first person who gets the Maltese reference Note If you do just email me and I ll send back another of my novels your choice Praise for US W Absolutely fabulous wit and dialogue M W Thoroughly enjoyed this book Being a former non computer nerd there was much to make me laugh I may even try Twitter now Debbie J W With a salute to social media the author presents a loveable scoundrel who entertains one page after page Nicely done H R

An American Summer Alex Kotlowitz,2020-03-31 2020 J ANTHONY LUKAS PRIZE WINNER From the bestselling author of There Are No Children Here a richly textured heartrending portrait of love and death in Chicago s most turbulent neighborhoods The numbers are staggering over the past twenty years in Chicago 14 033 people have been killed and another roughly 60 000 wounded by gunfire What does that do to the spirit of individuals and community Drawing on his decades of experience Alex Kotlowitz set out to chronicle one summer in the city writing about individuals who have emerged from the violence and whose stories capture the capacity and the breaking point of the human heart and soul The result is a spellbinding collection of deeply intimate profiles that upend what we think we know about gun violence in America Among others we meet a man who as a teenager killed a rival gang member and twenty years later is still trying to come to terms with what he s done a devoted school social worker struggling with her favorite student who refuses to give evidence in the shooting death of his best friend the witness to a wrongful police shooting who can t shake what he has seen and an aging former gang leader who builds a place of refuge for himself and his friends Applying the close up empathic reporting that made There Are No Children Here a modern classic Kotlowitz offers a piercingly honest portrait of a city in turmoil These sketches of those left standing will get into your bones This one summer will stay with you

Seth Carus,Center for Counterproliferation Research,2002 The working paper is divided into two main parts The first part is a descriptive analysis of the illicit use of biological agents by criminals and terrorists It draws on a series of case studies documented in the second part The case studies describe every instance identifiable in open source materials in which a perpetrator used acquired or threatened to use a biological agent While the inventory of cases is clearly incomplete it provides an empirical basis for addressing a number of important questions relating to both biocrimes and bioterrorism This material should enable policymakers concerned with bioterrorism to make more informed decisions In the course of this project the author has researched over 270 alleged cases involving biological agents This includes all incidents found in open sources that allegedly occurred during the 20th Century While the list is certainly not complete it provides the most comprehensive existing unclassified coverage of instances of illicit use of biological agents **A Gift of Fire** Sara Baase,2013 This timely revision will feature the latest Internet issues and provide an updated comprehensive look at social and ethical issues in computing from a computer science perspective *Henry Wood* Brian Meeks,2013-04-11 Henry is back for another case He has recovered from his stand off with Tommy The Knife and has no idea what is in store *Fictions of the Bad Life* Claire Solomon,2014 Placing the prostitute at the center of reading Fictions of Bad Life moves between text and meta text exploring how to rescue the prostitute from her imprisonment and turn her into the subject of history **Paint the Town Red** Brian Meeks,2003 Brian Meeks s novel begins with the release from jail of a young Rastafarian who was involved in the political violence that erupted when forces hostile to the radical socialist currents within the 1972 Manley administration sought to destabilize Jamaican society As Mikey takes a minibus through Kingston his story is told as a series of carefully crafted flashbacks A series of encounters and the memories they provoke reveal that few have escaped unscathed from those years there are the dead the imprisoned the maddened the

turncoats and those like Mikey who carry the burden of those times One of the encounters is we learn in a postscript to the novel with Rohan who at the time of Mikey s imprisonment is a youth in a family with which Mikey is involved particularly Rohan s sister who is killed in the shootout Rohan has suffered this loss deeply but has survived to move forward while Mikey with the stigma of his imprisonment is trapped in the past It is Rohan we discover who is telling Mikey s story a revelation that casts a reflexive light not only on the relationship between the actual author and the events he fictionalizes but the relationship between the novelist who whatever his origins writes from a position of relative security in comparison to the lives that form his subject
