Understanding by Design Grant P. Wiggins, Jay McTighe, 2005 What is understanding and how does it differ from knowledge How can we determine the big ideas worth understanding Why is understanding an important teaching goal and how do we know when students have attained it How can we create a rigorous and engaging curriculum that focuses on understanding and leads to improved student performance in today's high stakes standards based environment Authors Grant Wiggins and Jay McTighe answer these and many other questions in this second edition of *Understanding by Design* Drawing on feedback from thousands of educators around the world who have used the UbD framework since its introduction in 1998 the authors have greatly revised and expanded their original work to guide educators across the K-16 spectrum in the design of curriculum assessment and instruction With an improved UbD Template at its core the book explains the rationale of backward design and explores in greater depth the meaning of such key ideas as essential questions and transfer tasks Readers will learn why the familiar coverage and activity based approaches to curriculum design fall short and how a focus on the six facets of understanding can enrich student learning With an expanded array of practical strategies tools and examples from all subject areas the book demonstrates how the research based principles of *Understanding by Design* apply to district frameworks as well as to individual units of curriculum Combining provocative ideas thoughtful analysis and tested approaches this new edition of *Understanding by Design* offers teacher designers a clear path to the creation of curriculum that ensures better learning and a more stimulating experience for students and teachers alike

Antoine of Oregon : A Story of the Oregon Trail James Otis, 2013 *Antoine of Oregon A Story of the Oregon Trail* The author of this series of stories for children has endeavored simply to show why and how the descendants of the early colonists fought their way through the wilderness in search of new homes The several narratives deal with the struggles of those adventurous people who forced their way westward ever westward whether in hope of gain or in answer to the call of the wild and who in so doing wrote their names with their blood across this country of ours from the Ohio to the Columbia To excite in the hearts of the young people of this land a desire to know more regarding the building up of this great nation and at the same time to entertain in such a manner as may stimulate to noble deeds is the real aim of these stories In them there is nothing of romance but only a careful truthful record of the part played by children in the great battles with those forces human as well as natural which for so long a time held a vast 4 portion of this broad land against the advance of home seekers With the knowledge of what has been done by our own people in our own land surely there is no reason why one should resort to fiction in order to depict scenes of heroism daring and sublime disregard of suffering in nearly every form
