Awarded the Nobel Prize for Literature in 1969, Samuel Beckett's influence on 20th century fiction and drama is immeasurable. Published in conjunction with the RT (Radio Telef s ireann) Thomas Davis Lecture Series to mark the centenary of Beckett's birth, Samuel Beckett - 100 Years consists of thirteen essays by many of the foremost academics studying Beckett today. Literary luminaries such as John Banville and Anthony Cronin line up alongside philosophers Dermot Moran and Richard Kearney to delve into the psyche of the man responsible for classics such as Murphy, Krapp's Last Tape, and Waiting for Godot, while actors Barry McGovern and Rosemary Pountney describe what makes his works so theatrical. The book is a challenging and serious look at Beckett's work and its impact

on literature today. This high quality reprint of the original FIAT Factory Workshop Manual includes complete technical data, service and maintenance information and comprehensive detailed instructions for the repair and overhaul of all major and minor mechanical and electrical components for the 1955 to 1969 Fiat 600, 600D and Multipla models. 136 pages, 518 black & white illustrations, size 8.25 x 11 inches. This is a faithful reproduction of the English language section extracted from the extremely scarce BMW 600 Factory Workshop Manual, which was originally published in 4 languages. This 136 page English language edition was republished in 2012 by VelocePress. It includes complete technical data, service and maintenance information and detailed instructions for the repair and overhaul of the major mechanical and electrical components for the BMW 600 Limousine series of automobiles. As would be expected from a factory publication there are exhaustive tables of technical data, tolerances and fits. The manual is broken down into the following sections: Engine, Transmission & Differential, Rear Suspension, Front Suspension, Steering, Brakes, Chassis, Body, Electrical Equipment, Special Equipment (Saxomat). There are 518 illustrations and each procedure is explained in a step-by-step method using an appropriate illustration. There is adequate detailed text and diagrams to assist in major refurbishing such as an engine rebuild or even a complete mechanical renovation, making it an invaluable resource for collectors and restorers of these iconic automobiles. The translation from German to English is, at times, a little quirky but the profuse illustrations make up for any difficulty in understanding what needs to be done! Originals of this manual are becoming increasingly more difficult to find on the secondary market and on the rare occasions they surface they command astronomical prices. Consequently, we are pleased to be able to offer this reasonably priced alternative as a service to all BMW 600 enthusiasts worldwide.
