Veterinarian Jensen Adler just meant to drown his sorrows until a stunning leather clad brunette made him an offer he couldn't refuse. Now he's caught up in something really weird, definitely dangerous and okay, extremely hot. So his new girlfriend's hiding something and she's a little freaky about the moon, but Jensen knows true love when he feels it and this time he's not giving up, no matter how hairy things get. *Fangasm* Katherine Larsen, Lynn S. Zubernis, 2013-10-01

Once upon a time, not long ago, two responsible college professors, Lynn the psychologist and Kathy the literary scholar, fell in love with the television show *Supernatural* and turned their oh-so-practical lives upside down. Plunging headlong into the hidden realms of fandom, they scoured the Internet for pictures of stars Jensen Ackles and Jared Padalecki and secretly penned racy fan fiction. And then they hit the road, crisscrossing the country, racking up frequent flyer miles with alarming ease, standing in convention lines at 4 A.M. They had white-knuckled encounters with overly zealous security guards, one year and smiling invitations to the *Supernatural* set, the next Actors stripping in their trailers, fangirls sneaking onto film sets, drunken confessions, squeals of joy, tears of despair, wallets emptied and responsibilities left behind, intrigue and ecstasy and crushing disappointment, it's all here. And yet even as they reveled in their fandom, the authors were asking themselves whether it's okay to be a fan, especially for grown women with careers and kids. *Crazystalkerchicks* that's what they heard from *Supernatural* crew members, security guards, airport immigration officials, even sometimes their fellow fans. But what Kathy and Lynn found was that most fans were very much like themselves, smart, capable women looking for something of their own that engages their brains and their libidos. *Fangasm* pulls back the curtain on the secret worlds of fans and famous alike, revealing *Supernatural* behind the scenes and discovering just how much the cast and crew know about what the fans are up to. Anyone who's been tempted to throw off the constraints of respectability and indulge a secret passion or hit the road with a best friend will want to come along. *No Crystal Stair* Vaunda Micheaux Nelson, 2018-03

In this work of historical fiction, Nelson tells the story of a man with a passion for knowledge and of a bookstore whose influence has become legendary. *Undead and Unpopular* MaryJanice Davidson, 2006-06-06

As Vampire Queen Betsy Taylor approaches the big 3-1 in human years, that is, she has a lot on her plate. There are wedding plans to finalize with no help from her fiancé, Eric. And Betsy's decided to stop drinking blood, something Eric, the vampire king, may not understand. So when some guests show up uninvited and they happen to be the powerful European vampires who have finally come to pay their respects the week before her birthday, Betsy gets really cranky. **Love, Lucas** Chantele Sedgwick, 2015-05-05

A 2015 Whitney Award Nominee. A powerful story of loss, second chances, and first love, reminiscent of Sarah Dessen and John Green. When Oakley Nelson loses her older brother, Lucas, to cancer, she thinks she'll never recover. Between her parents arguing and the battle she's fighting with depression, she feels nothing inside but a hollow emptiness. When Mom suggests they spend a few months in California with Aunt Jo, Oakley isn't sure a change of scenery will alter anything, but she's willing to give it a try. In California, Oakley discovers a sort of safety and freedom in Aunt Jo's beach house. Once they're settled, Mom hands her a

notebook full of letters addressed to her from Lucas As Oakley reads one each day she realizes how much he loved her and each letter challenges her to be better and to continue to enjoy her life He wants her to move on If only it were that easy But then a surfer named Carson comes into her life and Oakley is blindsided He makes her feel again As she lets him in she is surprised by how much she cares for him and that s when things get complicated How can she fall in love and be happy when Lucas never got the chance to do those very same things With her brother s dying words as guidance Oakley knows she must learn to listen and trust again But will she have to leave the past behind to find happiness in the future Sky Pony Press with our Good Books Racehorse and Arcade imprints is proud to publish a broad range of books for young readers picture books for small children chapter books books for middle grade readers and novels for young adults Our list includes bestsellers for children who love to play Minecraft stories told with LEGO bricks books that teach lessons about tolerance patience and the environment and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home
