the vast wartime factories of the Manhattan Project began producing plutonium in quantities never before seen on earth  
scientists working on the top secret bomb building program grew apprehensive Fearful that plutonium might cause a cancer  
epidemic among workers and desperate to learn more about what it could do to the human body the Manhattan Project s  
medical doctors embarked upon an experiment in which eighteen unsuspecting patients in hospital wards throughout the  
country were secretly injected with the cancer causing substance Most of these patients would go to their graves without  
ever knowing what had been done to them Now in *The Plutonium Files* Pulitzer Prize winning reporter Eileen Welsome  
reveals for the first time the breadth of the extraordinary fifty year cover up surrounding the plutonium injections as well as  
the deceitful nature of thousands of other experiments conducted on American citizens in the postwar years Welsome s  
remarkable investigation spans the 1930s to the 1990s and draws upon hundreds of newly declassified documents and other  
primary sources to disclose this shadowy chapter in American history She gives a voice to such innocents as Helen Hutchison  
a young woman who entered a prenatal clinic in Nashville for a routine checkup and was instead given a radioactive cocktail  
to drink Gordon Shattuck one of several boys at a state school for the developmentally disabled in Massachusetts who was  
fed radioactive oatmeal for breakfast and Maude Jacobs a Cincinnati woman suffering from cancer and subjected to an  
experimental radiation treatment designed to help military planners learn how to win a nuclear war Welsome also tells the  
stories of the scientists themselves many of whom learned the ways of secrecy on the Manhattan Project Among them are  
Stafford Warren a grand figure whose bravado masked a cunning intelligence Joseph Hamilton who felt he was immune to

the dangers of radiation only to suffer later from a fatal leukemia and physician Louis Hempelmann one of the most enthusiastic supporters of the plan to inject humans with potentially carcinogenic doses of plutonium Hidden discussions of fifty years past are reconstructed here wherein trusted government officials debated the ethical and legal implications of the experiments demolishing forever the argument that these studies took place in a less enlightened era Powered by her groundbreaking reportage and singular narrative gifts Eileen Welsome has created a work of profound humanity as well as major historical significance From the Hardcover edition *Popular Mechanics*, 1996-05 *Popular Mechanics* inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Supercharging, Turbocharging and Nitrous Oxide Performance** Earl Davis, This is a complete guide to selecting installing and tuning forced induction fuel air systems Everything involved with these systems will be covered including assessing power goals component selection engine preparation tools installation procedures tuning vehicle modifications driveability and sources *Catalogue* Montgomery Ward, 1976 **Chilton's Repair & Tune-up Guide Blazer/Jimmy 1969-80** Chilton Book Company, 1980 **Phil Edmonston's Lemon-Aid SUVs, Vans, and Trucks 2005** Phil Edmonston, 2004-12-01 *Cruising World*, 1993-01 **Forthcoming Books** Rose Army, 1991
