## 48 Liberal Lies About American History Larry Schweikart

48 Liberal Lies about American History Larry Schweikart, 2008 As he did in his popular *A Patriot's History of the United States* Schweikart corrects liberal bias by rediscovering facts that were once widely known He challenges distorted books by name and debunks 48 common myths

*48 Liberal Lies About American History* Larry Schweikart, 2009-08-25 Over the last forty years history textbooks have become more and more politically correct and distorted about our country's past argues professor Larry Schweikart The result he says is that students graduate from high school and even college with twisted beliefs about economics foreign policy war religion race relations and many other subjects As he did in his popular *A Patriot's History of the United States* Professor Schweikart corrects liberal bias by rediscovering facts that were once widely known He challenges distorted books by name and debunks forty eight common myths A sample The founders wanted to create a wall of separation between church and state Lincoln issued the Emancipation Proclamation only because he needed black soldiers Truman ordered the bombing of Hiroshima to intimidate the Soviets with atomic diplomacy Mikhail Gorbachev not Ronald Reagan was responsible for ending the Cold War America's past though not perfect is far more admirable than you were probably taught

*48 Liberal Lies about American History* Larry Schweikart, 2008

**A Patriot's History of the United States** Larry Schweikart, Michael Patrick Allen, 2004-12-29 For the past three decades many history professors have allowed their biases to distort the way America's past is taught These intellectuals have searched for instances of racism sexism and bigotry in our history while downplaying the greatness of America's patriots and the achievements of dead white men As a result more emphasis is placed on Harriet Tubman than on George Washington more about the internment of Japanese Americans during World War II than about D Day or Iwo Jima more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin *A Patriot's History of the United States* corrects those doctrinaire biases In this groundbreaking book America's discovery founding and development are reexamined with an appreciation for the elements of public virtue personal liberty and private property that make this nation uniquely successful This book offers a long overdue acknowledgment of America's true and proud history

*Seven Events That Made America* Larry Schweikart, 2010-06-01 A conservative historian examines some of the pivotal yet often ignored moments that shaped our history All students of American history know the big events that dramatically shaped our country The Civil War Pearl Harbor the assassination of John F Kennedy and 9 11 are just a few But there are other less famous events that had an equally profound impact Notable conservative historian Larry Schweikart takes an in depth look at seven of these transformative moments and provides an analysis of how each of them spurred a trend that either confirmed or departed from the vision our Founding Fathers had for America For instance he shows how Martin Van Buren's creation of a national political party made it possible for Obama to get elected almost two centuries later and how Dwight Eisenhower's heart attack led to a war on red

meat during which the government took control over Americans diets In his easy to read yet informative style Schweikart will not only educate but also surprise readers into reevaluating our history

**The Patriot's History Reader** Larry Schweikart, Michael Allen, Dave Dougherty, 2011-06-28 An original collection of the most influential documents in American history from the bestselling author of A Patriot's History of the United States Since 2005 A Patriot's History of the United States has become a modern classic for its defense of America as a unique country founded on principles of justice equality and freedom for all The Patriot's History Reader continues this tradition by going back to the original sources the documents speeches and legal decisions that shaped our country into what it is today The authors explore both oft cited documents the Declaration of Independence Emancipation Proclamation and Roe v Wade as well as those that are less famous Among these are George Washington's letter to Alexander Hamilton which essentially outline America's military strategy for the next 150 years and Herbert Hoover's speech on business ethics which examines the government's role in regulating private enterprise By helping readers explore history at its source this book sheds new light on the principles and personalities that have made America great

**What Would the Founders Say?** Larry Schweikart, 2011-03-08 The #1 New York Times bestselling coauthor of A Patriot's History of the United States examines ten current challenges America is at a crossroads We face two options continue our descent toward big government higher taxes less individual liberty and more debt or pull our country back on the path our Founding Fathers planned for us But that path isn't always so easy to see Following the success of his previous books conservative historian Larry Schweikart tackles some of the key issues confronting our nation today education government bailouts gun control health care the environment and more For each he asks What would the founders say and sets out to explore our history and offer wisdom to help us get back on track What would really be compatible with the vision that Washington Jefferson Madison and the other founders had for America Written in Schweikart's informal yet informative style What Would the Founders Say is sure to delight his fans and anyone looking for a little clarity on tough issues

**Patriot's History® of the Modern World, Vol. II** Larry Schweikart, Dave Dougherty, 2013-12-05 The bestselling historians turn their focus to America's role in the world since the end of World War II Schweikart author of the number one New York Times bestseller A Patriot's History of the United States and Dougherty take a critical look at America from the postwar boom to her search for identity in the twenty first century The second volume of A Patriot's History of the Modern World picks up in 1945 with a world irrevocably altered by World War II and a powerful victorious United States But new foes and challenges soon arose the growing sphere of Communist influence hostile dictatorships and unreliable socialist allies the emergence of China as an economic contender and the threat of world Islamification The book reestablishes the argument of American exceptionalism and the interplay of our democratic pillars Judeo Christian religious beliefs free market capitalism land ownership and common law around the world Schweikart and Dougherty offer a fascinating conservative history of the last six decades

**American Entrepreneur** Larry Schweikart, Lynne Pierson Doti, 2010 Weaving together

vivid narrative with economic analysis American Entrepreneur vividly illustrates the history of business in the United States from the point of view of the enterprising men and women who made it happen [A Patriot's History of the United States](#) Larry Schweikart, Michael Allen, 2014-11-25 Revised and updated this 15th anniversary edition of the 1 New York Times bestseller salutes America's true and proud history Fifteen years ago Professors Larry Schweikart and Michael Allen set out to correct the doctrinaire biases that had distorted the way America's past is taught and they succeeded A Patriot's History of the United States is the definitive objective history of our country presented honestly and fairly Schweikart and Allen don't ignore America's mistakes through the years Instead they put them back in the proper perspective celebrating the strengths of the men and women who cleared the wilderness abolished slavery and rid the world of fascism and communism Now in this revised fifteenth anniversary edition a new generation of readers will learn the truth about America's discovery founding and advancement from Columbus's voyage to Trump's promise to Make America Great Again **Active Liberty** Stephen Breyer, 2007-12-18 A brilliant new approach to the Constitution and courts of the United States by Supreme Court Justice Stephen Breyer For Justice Breyer the Constitution's primary role is to preserve and encourage what he calls active liberty citizen participation in shaping government and its laws As this book argues promoting active liberty requires judicial modesty and deference to Congress it also means recognizing the changing needs and demands of the populace Indeed the Constitution's lasting brilliance is that its principles may be adapted to cope with unanticipated situations and Breyer makes a powerful case against treating it as a static guide intended for a world that is dead and gone Using contemporary examples from federalism to privacy to affirmative action this is a vital contribution to the ongoing debate over the role and power of our courts [My Urohs](#) Emelihter Kihleng, 2008 The first collection of poetry by a Pohnpeian poet Emelihter Kihleng's My Urohs is described by distinguished Samoan writer and artist Albert Wendt as refreshingly innovative and compelling a new way of seeing ourselves in our islands an important and influential addition to our Pacific literature **Politically Incorrect Guide to the Presidents, Part 1** Larry Schweikart, 2017-01-09 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country [Why America Fights](#) Susan A. Brewer, 2011-03-17 Why America Fights explores how the U.S. government has sold war aims designed to rally public support throughout the 20th century *A Patriot's History® of the Modern World, Vol. I* Larry Schweikart, Dave Dougherty, 2012-10-11 America's story from 1898 to 1945 is nothing less than the triumph of American exceptionalism over liberal progressivism despite a few temporary victories by the latter Conservative historian Larry Schweikart has won wide acclaim for his number one New York Times bestseller A Patriot's History of the United States It proved that contrary to the liberal biases in countless other history books America had not really been founded on racism sexism greed and oppression Schweikart and coauthor Michael Allen restored the truly great achievements of America's patriots founders and heroes to their rightful place of honor Now Schweikart and coauthor Dave Dougherty are back with a new perspective on America's half century rise to the center of the

world stage This all new volume corrects many of the biases that cloud the way people view the Treaty of Versailles the Roaring Twenties the Crash of 1929 the deployment of the atomic bomb and other critical events in global history Beginning with the Spanish American War which introduced the United States as a global military power that could no longer be ignored and continuing through the end of World War II this book shows how a free capitalist nation could thrive when put face to face with tyrannical and socialist powers Schweikart and Dougherty narrate the many times America proved its dominance by upholding the principles on which it was founded and struggled on the rare occasions when it strayed from those principles The authors make a convincing case that America has constantly been a force for good in the world improving standards of living introducing innovations guaranteeing liberty and offering opportunities to those who had none elsewhere They also illustrate how the country ascended to superpower status at the same time it was figuring out its own identity While American ideals were defeating tyrants abroad a constant struggle against progressivism was being waged at home leading to the stumbles of the Great Depression the New Deal and the attack on Pearl Harbor Despite this rocky entrance on the world stage it was during this half century that the world came to embrace all things American from its innovations and businesses to its political system and popular culture The United States began to define what the rest of the world could emulate as the new global ideal A Patriot's History of the Modern World provides a new perspective on our extraordinary past and offers lessons we can apply to preserve American exceptionalism today and tomorrow Larry Schweikart Fouad Sabry,2024-02-07 Who is Larry Schweikart Larry Earl Schweikart is an American historian and retired professor of history at the University of Dayton During the 1980s and 1990s he authored numerous scholarly publications In recent years he has authored popular books including A Patriot's History of the United States 2004 and 48 Liberal Lies About American History According to professors Guy Burton and Ted Goertzel Schweikart and Allen are both history professors with distinguished publication records How you will benefit I Insights about the following Chapter 1 Larry Schweikart Chapter 2 Robert Peary Chapter 3 Panic of 1837 Chapter 4 American exceptionalism Chapter 5 Mugwumps Chapter 6 Regnery Publishing Chapter 7 Panic of 1857 Chapter 8 Danny Peary Chapter 9 Richard Weikart Chapter 10 Business history Chapter 11 Sentinel publisher Chapter 12 The Slave Community Chapter 13 A Patriot's History of the United States Chapter 14 Dave Richard Palmer Chapter 15 James R Whelan Chapter 16 Bibliography of conservatism in the United States Chapter 17 American business history Chapter 18 White Southerners Chapter 19 Jean Baptiste Abel Chapter 20 Lionel M Jacobs Chapter 21 Samuel W Mitcham Who this book is for Professionals undergraduate and graduate students enthusiasts hobbyists and those who want to go beyond basic knowledge or information about Larry Schweikart **Washington's Iron Butterfly** Donald A. *Ill Fares the Land* Tony Judt,2010-03-18 Something is profoundly wrong with the way we think about how we should live today In *Ill Fares The Land* Tony Judt one of our leading historians and thinkers reveals how we have arrived at our present dangerously confused moment Judt masterfully crystallizes what we ve all been feeling into a way to think our way into and thus out of our great collective dis ease about the current state of things As the economic collapse of 2008 made clear the social contract that defined postwar life in Europe and America the guarantee of a basal level of security stability and fairness is no longer guaranteed in fact it s no longer part of the common discourse Judt offers the language we need to address our common needs rejecting the nihilistic individualism of the far right and the debunked socialism of the past To find a way forward we must look to our not so distant past and to social democracy in action to re enshrining fairness over mere efficiency Distinctly absent from our national dialogue social democrats believe that the state can play an enhanced role in our lives without threatening our liberties Instead of placing blind faith in the market as we have to our detriment for the past thirty years social democrats entrust their fellow citizens and the state itself *Ill Fares the Land* challenges us to confront our societal ills and to shoulder responsibility for the world we live in For hope remains In reintroducing alternatives to the status quo Judt reinvigorates our political conversation providing the tools necessary to imagine a new form of governance a new way of life

**The Day We Found the Universe** Marcia Bartusiak,2010-03-09 The riveting and mesmerizing story behind a watershed period in human history the discovery of the startling size and true nature of our universe On New Years Day in 1925 a young Edwin Hubble released his finding that our Universe was far bigger eventually measured as a thousand trillion times larger than previously believed Hubble s proclamation sent shock waves through the scientific community Six years later in a series of meetings at Mount Wilson Observatory Hubble and others convinced Albert Einstein that the Universe was not static but in fact expanding Here Marcia Bartusiak reveals the key players battles of will clever insights incredible technology ground breaking research and wrong turns made by the early investigators of the heavens as they raced to uncover what many consider one of most significant discoveries in scientific history

**Hubris** Michael Isikoff,David Corn,2007-05-29 The real story behind the investigation of Iraq and the basis for the MSNBC documentary of the same name hosted by Rachel Maddow Filled with news making revelations that made it a New York Times bestseller *Hubris* takes us behind the scenes at the White House CIA Pentagon State Department and Congress to show how George W Bush came to invade Iraq and how his administration struggled with the devastating fallout

Hubris connects the dots between Bush's expletive laden outbursts at Saddam Hussein the bitter battles between the CIA and the White House the fights within the intelligence community over Saddam's supposed weapons of mass destruction the outing of an undercover CIA officer and the Bush administration's misleading sales campaign for war Written by veteran reporters Michael Isikoff and David Corn this is an inside look at how a president took the nation to war using faulty and fraudulent intelligence It's a dramatic page turner and an intriguing account of conspiracy backstabbing bureaucratic ineptitude journalistic malfeasance and arrogance
