ECPA BESTSELLER • A compelling emotional and spiritual case against hurry and in favor of a slower, simpler way of life “As someone all too familiar with ‘hurry sickness,’ I desperately needed this book.”—Scott Harrison, New York Times best-selling author of Thirst “Who am I becoming?” That was the question nagging pastor and author John Mark Comer. Outwardly, he appeared successful. But inwardly, things weren’t pretty. So he turned to a trusted mentor for guidance and heard these words: “Ruthlessly eliminate hurry from your life. Hurry is the great enemy of the spiritual life.” It wasn’t the response he expected, but it was—and continues to be—the answer he needs. Too often we treat the symptoms of toxicity in our modern world instead of trying to pinpoint the cause. A growing number of voices are pointing at hurry, or busyness, as a root of much evil. Within the pages of this book, you’ll find a fascinating roadmap to staying emotionally healthy and spiritually alive in the chaos of the modern world.
