Spectickles High on the Hog
Who Is the Real Hog?

You recognize Spectickles from their huge glasses, but you remember them for their wet-your-pants, tears-rolling-down-your-face, hyperventilating humor. In newspapers,

calendars (Mead, American Greetings), greeting cards (Hallmark) and dozens of other licensed products around the world. In this compilation of four separately published works, Gracie Laroo, the youngest pig on the Water Sprites, a medal-winning synchronized swimming team, gets a chance to perform at the Pig Jubilee, in a movie, on a cruise ship, as well as giving a motivational speech at her former school--all things which test her confidence and ability to perform in the clutch. Harry Harrington is a celebrity chef filming a T.V. show called Hog Heaven. In this show he lives a rural yet well-healed designer lifestyle on a pig farm. He is known as The Meat Man because he specialises in cooking meat-rich dishes and happily takes his pigs to slaughter. Harry hates the falseness of the hard-bitten media world he inhabits and has a big secret that means he wants to quit his show, but his materialistic and aggressively demanding wife Tabatha drives him mercilessly on the

treadmill of his T.V. work. When he cracks under the strain and starts an affair with an animal rights activist called Lucy - an intense and highly-sexed young woman who claims to be his number one fan - Tabatha plots a dark revenge. Meanwhile, the world's largest burger restaurant chain, Barnaby Bear's, invent the first ever diet burger in their research lab and Harry, as The Meat Man, lands a well-paid job fronting their ad campaign. Lucy is outraged, so gets her fanatical animal rights friends to launch a campaign that plunges Harry's life into chaos. Hog Heaven is a fabulously funny comic novel about the fast food industry, GM food, vegetarianism, T.V. chefs, cookery shows and the superficiality of celebrity culture. A must read for all fans of comic fiction. Raise a gaggle of geese, the unsung heroes of the small farm While chickens preen in the spotlight, geese are the historic unsung heroes of small farms and homesteads. Providing weed

control, large eggs, and entertainment, and acting as "security" over other animals, geese are the ultimate modern homesteading companion. The *Modern Homesteader's Guide to Keeping Geese* covers everything you need to know to raise geese, including: Profiles of breeds and how to select the best one for your needs How to "imprint" goslings on a person Feeding, housing, animal health, and cold weather care Using geese for weed control, soil improvement, and as "watch-geese" Cooking with goose eggs and meat Additional coverage includes a look at the rich history of geese on farms in North America and Europe that will enhance any goose keeper's enjoyment of these intelligent and unique birds. This practical guide is a must-have essential for the kitchen table of homesteaders, small farmers, permaculturists, and professional farmers looking to add the power of geese to their land. NATIONAL BESTSELLER • From the Pulitzer Prize-winning author of *A Thousand Acres* comes "an

uproariously funny and at the same time hauntingly melancholy portrait of a college community in the Midwest" (*The New York Times*). In this darkly satirical send-up of academia and the Midwest, we are introduced to Moo University, a distinguished institution devoted to the study of agriculture. Amid cow pastures and waving fields of grain, Moo's campus churns with devious plots, mischievous intrigue, lusty liaisons, and academic one-upmanship, Chairman X of the Horticulture Department harbors a secret fantasy to kill the dean; Mrs. Walker, the provost's right hand and campus information queen, knows where all the bodies are buried; Timothy Monahan, associate professor of English, advocates eavesdropping for his creative writing assignments; and Bob Carlson, a sophomore, feeds and maintains his only friend: a hog named Earl Butz. Wonderfully written and masterfully plotted, *Moo* gives us a wickedly funny slice of life. The University of Arkansas

and its Razorbacks hold a special place in the hearts of Arkansans, not simply because the state has no professional sports teams, but because of the colorful players and coaches who have passed through the campus gates. Author Nate Allen chronicles the good, the bad, and the funny from UA's athletic history, as found in *Tales from Hog Heaven* and *More Tales from Hog Heaven*, in *Amazing Tales from Hog Heaven*. Fans will be able to read tales of some of the legendary Razorbacks through the decades—from 1st team All-American Ronnie Caveness to eventual Chicago Bears Hall of Fame player Dan Hampton, and so many others. Allen covers the football program's adjustment in 1998 from the dour Danny Ford to the upbeat Houston Nutt, and Lou Holtz's one-liners that seared their targets, but sometimes boomeranged. They will meet the legendary track coach who told one of his Irish athletes "to row back home," and read about sportswriter Orville

Henry's penchant for deflating self-important bowl officials. *Amazing Tales from Hog Heaven* is a must-have addition to any Razorback fan's library. They're back! Those adorable farmboys in their shiny black slicker suits, ready to romp through the mud and into your heart. With their big boots, big smiles, and bigger senses of humor, these wonderful lads are at it again, exploring the farm, taking a blast from the hose, and even getting a pie in the face all in the name of fun. Come along with them and see why being a country boy may be a fine thing, but it's better by far to be a pigboy! In this sequel volume to the well-received *PIGBOYS*, an all-new lineup of models don the rubber farm gear for the camera. Art students, an environmental specialist, even a Mormon missionary are among the fresh-faced young men ready to provide a clean-cut escort to *HOG HEAVEN*. With pigs roaming the streets and cows foraging in the Battery, antebellum Manhattan would have been unrecognizable to inhabitants of today's sprawling metropolis. Fruits and vegetables came from small market gardens in the city, and manure piled high on streets and docks was gold to nearby farmers. But as Catherine McNeur reveals in this environmental history of Gotham, a battle to control the boundaries between city and country was already being waged, and the winners would take dramatic steps to outlaw New York's wild side. "[A] fine book which make[s] a real contribution to urban biography." —Joseph Rykwert, Times Literary Supplement
"Tells an odd story in lively prose...The city McNeur depicts in Taming Manhattan is

the pestiferous obverse of the belle epoque city of Henry James and Edith Wharton that sits comfortably in many imaginations...[Taming Manhattan] is a smart book that engages in the old fashioned business of trying to harvest lessons for the present from the past." —Alexander Nazaryan, New York Times
Hog Heaven, the most polluted hog farm in the county, is under attack by overzealous regulators and local environmentalists. What are the proud owners, Hinky and Dibble Herring to do? Easy. Hire the local police chief to get rid of nosy citizens spying on their operation, create a dietary supplement to help rid their farm of hog-raising byproducts, and court a group of Chinese Communist businessmen looking for a terrific investment. Simple enough. Then again, maybe not. Private detective Ty Svenson finds himself involved in a murder investigation, the hunt for an embezzler, tracking a minister's wife who has created a new way to save

sinners' souls, and straightening out his love life that has suddenly taken a severe left turn. Ty winds up at an elegant dinner party that is highlighted by a power blackout, fist fights, gun play, secret identities revealed, artwork unveiled, hog testicles stolen, a forest fire, and calls for law enforcement backup. And all of this before the dessert is served. Picking up where her modern classic *The Bean Trees* left off, Barbara Kingsolver's bestselling *Pigs in Heaven* continues the tale of Turtle and Taylor Greer, a Native American girl and her adoptive mother who have settled in Tucson, Arizona, as they both try to overcome their difficult pasts. Taking place three years after *The Bean Trees*, Taylor is now dating a musician named Jax and has officially adopted Turtle. But when a lawyer for the Cherokee Nation begins to investigate the adoption—their new life together begins to crumble. Depicting the clash between fierce family love and tribal law, poverty and means,

abandonment and belonging, *Pigs in Heaven* is a morally wrenching, gently humorous work of fiction that speaks equally to the head and the heart. This edition includes a P.S. section with additional insights from Barbara Kingsolver, background material, suggestions for further reading, and more. John Wayne Cheever keeps his obsession with serial killers in check by a set of rigid rules that he lives by, hoping to prevent himself from committing murder, but when a body turns up at a laundromat, must confront a danger outside himself. Caldwell and the infamous pig return for the closing chapter in the hilarious and touching trilogy that began with the bestselling "*The Pig Did It.*" 10,000print. The story is very strange to everybody, especially to the ones who have not lost the freedom. The readers would ask themselves, "Is it the real life story?" *The Road to Freedom* is too hard and risky. The dear price to pay for freedom is the life of the author

and all the people who want to get there. The story is very attractive and amazes the reader from beginning to end. Kevin Dinh- Former captain ARVN. After reading your true story, "THE ROAD TO FREEDOM", I know that many times you were confronted with powerful, bad authorities and fearlessly faced danger to save or help weak and poor people. Tales from Hog Heaven is a must-have addition to any Razorback fan's library. "For anyone interested in the origins, history, methods and spectacle of whole-hog barbecue, this book is essential reading...Fertel leaves readers hungry not only for barbecue but also for the barbecue country he so engagingly maps" (The Wall Street Journal). In the spirit of the oral historians who tracked down and told the stories of America's original bluesmen, this is a journey into the southern heartland to discover the last of the great roadside

whole hog pitmasters who hold onto the heritage and the secrets of America's traditional barbecue. In *The One True Barbecue*, Rien Fertel chronicles the uniquely southern art of whole hog barbecue—America's original barbecue—through the professional pitmasters who make a living firing, smoking, flipping, and cooking 200-plus pound pigs. More than one hundred years have passed since a small group of families in the Carolinas and Tennessee started roasting a whole pig over a smoky, fiery pit. Descendants of these original pitmasters are still cooking, passing down the recipes and traditions across generations to those willing to take on the grueling, dangerous task. This isn't your typical backyard pig roast, and it's definitely not for the faint of heart. This is barbecue at its most primitive and tasty. Fertel finds the gatekeepers of real southern barbecue—including those we tend the fire at legendary spots like Bum's, Wilber's, Sweatman's, Grady's, the

Skylight Inn, and three different places named Scott's—to tell their stories and pay homage to the diversity and beauty of this culinary tradition. These pitmasters are now influencing a new breed of chefs and barbecue enthusiasts from Nashville to Brooklyn. To quote *Serious Eats: The One True Barbecue* is "One damn good book about American barbecue." Buster Pray, a tough California redneck, was shot up and decorated as a Marine in Vietnam. Now, though, with most of his grandpa's hardscrabble ranch sold to a movie actress, he's just one more marginalized man, more or less a bust in the boom. In the mountains near Monterey, on what's left of the old ranch, he guides pig hunters for a living and pumps septic tanks in his off hours. The famous redhead, Joan Dubarry of the silver screen, lives right up the hill from Buster's hunting camp. They tangle over Joan's dog, who's been killing the wild turkeys Buster is trying to raise. When Joan jets off to Paris for a new movie,

her lonely, adopted son, Aaron, age 13, begs Buster to take him along on a pig hunt. Buster once had a son Aaron's age, and a wife, too -- both shot down in a drive-by. So he relents and takes the spoiled kid with him. Aaron goofs up, and plunges Buster's truck off a cliff. Together, they blast through time into an entirely different hologram. Here, in Hog Heaven, a pig-like race of people have risen high enough in consciousness to be able to govern themselves by love. In this Loveland, as compared to the Hateland Buster and Aaron left, money is regarded as a controlled substance and forbidden. In a raucous satire echoing Animal Farm or Wizard of Oz, Buster and Aaron are shown how our primitive society failed and even pigs could create a better one. They learn how to heal themselves by living in the high end emotions of 'LOVEJOYPEACE.' Plunged into a chase and then a revolution, Buster and Aaron finally get their bodies back, and come home with love in their hearts -- and for Buster, a

new mate in the beautiful Joan Dubarry awaits. Hog Heaven draws on the latest in consciousness research, by one of its pioneers, David R. Hawkins, MD, PhD, formerly the leading psychiatrist in the U.S. and collaborator with Nobel laureate, Linus Pauling. This is the world of wonder that we don't yet know we know, but Hog Heaven takes us there in an irreverent, riotous way. We'll never be quite the same again! -Otis Carney The University of Arkansas and its Razorbacks hold a special place in the hearts of Arkansans, not simply because the state has no professional sports teams, but because of the colorful players and coaches to have passed through the campus gates. Author Nate Allen chronicles the good, the bad, and the funny from Arkansas history in his second book about Razorback athletics, More Tales from Hog Heaven. Fans will be able to read more tales about the football program's adjustment in 1998 from the dour Danny Ford to the upbeat

Houston Nutt, and about Lou Holtz's one-liners that seared their targets, but sometimes boomeranged. They will meet the legendary track coach who told one of his Irish athletes to row back home, and read about sportswriter Orville Henry's penchant for deflating self-important bowl officials. More Tales from Hog Heaven will prove to be a must-have addition to any Razorback fan's library. A collection of classic biker tales. The sleek, shiny chrome trim; the hot, roaring engines; the sense of adventure and possibly misdoing, and, of course, the slick black leather pants -- these are just a few of the images that the name Harley-Davidson brings to mind. The Harley evokes a sense of awe and admiration in even the most novice of motorcycle-philosophers. The Harley-Davidson Reader compiles the works of famous -- and infamous -- authors and bikers in a witty and entertaining collection of biker tales. From the birth of the biker outlaw legend to the revival of the choppers, this compilation

includes writings from, among others: Hunter S. Thompson Arlen Ness Sonny Barger Brock Yates Evel Knievel Allen Girdler Covering motorcycle culture and folklore in North America, the book includes biker flicks, literature, and rock 'n' roll. It also features archival photos of classic and vintage bikes. Readers of The Harley-Davidson Reader are sure to feel the wind in their hair and the hot engine revving between the pages. A collection of classic biker tales. A silly pig leaves home and other pigs ask where he is going. After raising chickens in "Chicken City," Randy is ready to try his hand at pigs. "I felt I discovered my future occupation. These animals were so weird, they were cool. They all seemed to be asking, demanding, or begging for something with their wide range of grunts and squeals. Raising pigs would never be boring. We laughed and stared for hours. Rita's different grunts and squeals were better than any Saturday morning cartoon." This is the 2nd book in this series. The

first book is available at <http://www.amazon.com/gp/product/1514183625> "...features plenty of action, a bold plot, and weird characters—including one mean pet chicken." ~Library Journal

THE THEA BARLOW WYOMING MYSTERIES, in order *All the Old Lions*, *Frogskin and Muttonfat Dead* in *Hog Heaven*, *Death by Doodlebug*. It's bath time! All the little piggies have had lots of fun playing, and now they're dirty, muddy, and covered in paint. But their

mamas aren't worried—they have just the machine to turn this Herculean task into an adventure. Anyone who has ever been captivated by the swaying brushes and spinning jets of soap and water at the car wash will be in hog heaven as Arthur Geisert's intricate etchings reveal the inner workings of an enormous contraption that can lather and scrub a whole farm full of dirty little piglets in no time at all—and that's not just a bunch of hogwash! Linked narrative nonfiction from the best-selling author of *The Family*. No one explores the borderlands of belief and skepticism quite like Jeff Sharlet. He is ingenious, farsighted, and able to excavate the worlds of others, even the flakiest and most fanatical, with uncanny sympathy. Here, he reports back from the far reaches of belief, whether in the clear mountain air of "Sweet Fuck All, Colorado" or in a midnight congregation of urban anarchists celebrating a victory over police. From Dr. Cornel West to legendary banjo player

Dock Boggs, from the youth evangelist Ron Luce to America's largest "Mind, Body, Spirit Expo," Sharlet profiles religious radicals, realists, and escapists. Including extended journeys published here for the first time, Sweet Heaven When I Die offers a portrait of our spiritual landscape that calls to mind Joan Didion's classic Slouching Towards Bethlehem. When a high-school football star dies from a late night collision with a feral pig the boy's wealthy father comes up with a plan to rid the area of the nuisance creatures. However, there is more to the accident than originally thought. Thea Barlow has quit her Chicago job and returned to Wyoming--and her fiancé Max Holman--to work as a freelance writer. In Hog Heaven to investigate the ruins of an old rural whorehouse, Thea stumbles upon a woman's body and is fingered for murder. Now, Thea and Max must ferret out Hog Heaven's secrets and expose the person attempting to frame Thea before she and Max become

the next victims... if the town's mean-spirited chicken doesn't get them
first. REVIEWS: "...features plenty of action, a bold plot, and weird characters-- including one mean pet chicken." ~Library Journal "Fast-paced action and snappy dialog." ~Publisher's Weekly "...nearly impossible to figure out." ~Midwest Book Review THE THEA BARLOW WYOMING MYSTERIES, in order All the Old Lions Frogskin and Muttonfat Dead in Hog Heaven Bob Michel has been in the motorcycle industry for 29 years. Fourteen years with Harley-Davidson. He spent nine years as partner and vice president of Milwaukee Harley-Davidson . Bob became sole owner of that dealership in July of 2003. As owner, he oversaw all the day-to-day operations, as he had since becoming involved with the dealership in 1996. Under his direction, dealership sales nearly tripled. He helped Harley-Davidson with almost all of their programs for their retail dealer network. His last position at

Harley-Davidson was manager of dealer facilities planning. Prior to that Bob was manager of worldwide retail services. Earlier on, he held a variety of sales positions including, district sales manager for Maryland, Virginia, Washington, DC and part of North Carolina. He was part of the sales team that helped lead to the resurgence of Harley-Davidson. Bob has been treasurer of both local and state motorcycle associations. He is also co-author of the Executive Sales Academy Manual. He is a true motorcycle enthusiast who started riding when he was 12 years old and has owned over 20 motorcycles. This story is about his experience as an enthusiast, an employee of Harley-Davidson and owner of a franchised dealership for Harley-Davidson. In over his head with two pigs, a dozen chickens, and a baby due any minute, the acclaimed author of *Population: 485* gives us a humorous, heartfelt memoir of a new life in the country. Living in a ramshackle Wisconsin

farmhouse—faced with thirty-seven acres of fallen fences and overgrown fields, and informed by his pregnant wife that she intends to deliver their baby at home—Michael Perry plumbs his unorthodox childhood for clues to how to proceed as a farmer, a husband, and a father. Whether he's remembering his younger days—when his city-bred parents took in sixty or so foster children while running a sheep and dairy farm—or describing what it's like to be bitten in the butt while wrestling a pig, Perry flourishes in his trademark humor. But he also writes from the quieter corners of his heart, chronicling experiences as joyful as the birth of his child and as devastating as the death of a dear friend. From a biker bar to corporate towers and posh resorts to a fantasy-filled bath, each of these stories contains settings, characters, and situations that are strikingly different. Most importantly, these stories are HOT, ranging from a relatively mild PG13 to pedal-to-metal

XXX. "In loving yet unsentimental prose, Sy Montgomery captures the richness that animals bring to the human experience. Sometimes it takes a too-smart-for-his-own-good pig to open our eyes to what most matters in life." —John Grogan, author of *Marley & Me: Life and Love with the World's Worst Dog* A naturalist who spent months at a time living on her own among wild creatures in remote jungles, Sy Montgomery had always felt more comfortable with animals than with people. So she gladly opened her heart to a sick piglet who had been crowded away from nourishing meals by his stronger siblings. Yet Sy had no inkling that this piglet, later named Christopher Hogwood, would not only survive but flourish—and she soon found herself engaged with her small-town community in ways she had never dreamed possible. Unexpectedly, Christopher provided this peripatetic traveler with something she had sought all her life: an anchor (eventually weighing 750 pounds) to family

and home. The Good Good Pig celebrates Christopher Hogwood in all his glory, from his inauspicious infancy to hog heaven in rural New Hampshire, where his boundless zest for life and his large, loving heart made him absolute monarch over a (mostly) peaceable kingdom. At first, his domain included only Sy's cosseted hens and her beautiful border collie, Tess. Then the neighbors began fetching Christopher home from his unauthorized jaunts, the little girls next door started giving him warm, soapy baths, and the villagers brought him delicious leftovers. His intelligence and fame increased along with his girth. He was featured in *USA Today* and on several National Public Radio environmental programs. On election day, some voters even wrote in Christopher's name on their ballots. But as this enchanting book describes, Christopher Hogwood's influence extended far beyond celebrity; for he was, as a friend said, a great big Buddha master. Sy reveals what she

and others learned from this generous soul who just so happened to be a pig—lessons about self-acceptance, the meaning of family, the value of community, and the pleasures of the sweet green Earth. The Good Good Pig provides proof that with love, almost anything is possible. The Hog Book is one of the most radical works in the annals of classic animal literature. This is the definitive work that touched off the whole recent revolution in our hog awareness leading to the ever-spreading acceptance of pigs as pets, as working partners, organ donors, movie stars, and so many other fresh manifestations of the barely tapped porcine potential. The Hog Book is also a lot of fun. This book is a lively exploration of the amazing revelation known to Mormons as the “Word of Wisdom.” It counsels us how and what we should eat to reach our highest potential, both physically and spiritually. New and surprising insights are presented through the perspective of what has been proven to be the healthiest

human diet, a way of eating supported both by history and by science: a whole food, plant-based (WFPB) diet. WFPB vegetarian diets have been scientifically proven to both prevent and cure chronic disease, help you achieve your maximum physical potential, and make it easy to reach and maintain your ideal weight. In this book, you’ll find the stories of dozens of people who are enjoying the blessings of following a Word of Wisdom diet, and you’ll get concrete advice on how to get started! You will discover: What we should and should not eat to enjoy maximum physical health. How food is intimately connected to our spiritual well being. Why Latter-day Saints are succumbing to the same chronic diseases as the rest of the population, despite not smoking, drinking, or doing drugs. How the Word of Wisdom was designed specifically for our day. How you can receive the “hidden treasures” and other blessings promised in the Word of Wisdom. Why eating the foods

God has ordained for our use is better not just for our bodies, but for the animals and for the earth. You may think you know what the Word of Wisdom says, but you'll be amazed at what you have missed. Learn why Mormons all over the world are "waking up" to the Word of Wisdom! GO WHOLE HOG! Yeehaw! When it comes to eating, Garfield—with his Texas-sized appetite—doesn't hold back. It's go big or go home! Fans of the tubby tabby will be in hog heaven as they pig out on this brand-new collection stuffed with comics! Death and Gold Haunt Thea's Search for Max in Death by Doodlebug, a Cozy Mystery from Carol Caverly. --Present Day, Garnet Pass, Wyoming-- When Thea Barlow is left at the altar by her fiancé, Max, everyone, including the police, thinks she's been jilted. Thea's the only one who believes in Max, and she's determined to discover what happened to him. A note left on her door sends Thea and her best friend searching for a gold dredge known as a "doodlebug." The

doodlebug is the beginning piece of the puzzle. The remaining puzzle pieces lead to family secrets, hidden gold, and violent prospectors. When bodies start to appear, fear dominates every turn on a path to an explosive finish. THE THEA BARLOW WYOMING MYSTERIES, in order All the Old Lions Frogskin and Muttonfat Dead in Hog Heaven Death by Doodlebug Holy Cows and Hog Heaven is written by an honest-to-goodness-dirt-under-the-fingernails, optimistic clean good farmer. His goal is to: Empower food buyers to pursue positive alternatives to the industrialized food system Bring clean food farmers and their patrons into a teamwork relationship Marry the best of western technology with the soul of eastern ethics Educate food buyers about productions Create a food system that enhances nature's ecology for future generations Holy Cows and Hog Heaven has an overriding objective of encouraging every food buyer to embrace the notion that

menus are a conscious decision, creating the next generation's world one bite at a time. Angel Bobby Dollar sets out to rescue his girlfriend Casimira being held hostage in the netherworld by the demon Eligor while also trying to elude an undead psychopath named Smyler. The author of *The Africa Cookbook* presents a history of the African Diaspora on two continents, tracing the evolution of culturally representative foods ranging from chitlins and ham hocks to fried chicken and vegan soul.
