**A Shopkeeper's Millennium** Paul E. Johnson,2004-06-21 A quarter century after its first publication A Shopkeeper s Millennium remains a landmark work brilliant both as a new interpretation of the intimate connections among politics economy and religion during the Second Great Awakening and as a surprising portrait of a rapidly growing frontier city The religious revival that transformed America in the 1820s making it the most militantly Protestant nation on earth and spawning reform movements dedicated to temperance and to the abolition of slavery had an especially powerful effect in Rochester New York Paul E Johnson explores the reasons for the revival s spectacular success there suggesting important links between its moral accounting and the city s new industrial world In a new preface he reassesses his evidence and his conclusions in this major work

**The Account of Cabeza de Vaca** Alvar Nunez Cabeza de Vaca,2018-11-02 This book combines a new English translation of La Relacion The Account by Alvar Nunez Cabeza de Vaca with the translator s analysis and commentary La Relacion is Cabeza de Vaca s first hand account of the Narvaez Expedition Spain s failed attempt to colonize Florida in 1528 It tells the story of the first non indigenous people to visit a large part of the present day United States and Mexico and documents their first contacts with a number of pre Columbian native American tribes It describes the series of disasters and calamities that reduced Narvaez s army of 300 men down to four including skirmishes with naked bow wielding natives getting lost at sea becoming shipwrecked and being captured and forced to live as slaves of people who tortured them for their own amusement It further describes how after the four survivors were at their lowest with nothing but their faith in God to keep them going their fortunes turned enabling them to emerge triumphantly from the wilderness after eight years of being lost surrounded by hundreds of adoring natives who believed them to be Children of the Sun The heart of this book is David Carson s accurate literal translation of Cabeza de Vaca s account Not content with the typical approach of loosely paraphrasing the original text so as to get the basic idea across Carson painstakingly chooses each English word so as to best replicate the author s words and voice The result is the closest thing there is to reading La Relacion in Spanish Next Carson takes on the roles of editor analyst and commentator Through his hundreds of annotations to the text Carson tracks the Narvaez Expedition members movements across Florida the Gulf coast Texas and northern Mexico to an impressive level of detail and with insights that should settle several long standing controversies about where the castaways went and when

they were there He then goes even deeper analyzing the castaways motives in light of the culture of Spanish exploration in the Age of Discovery and pointing out the author s occasional contradictions and exaggerations To bolster his analysis Carson brings in relevant material from other 16th century records including Gonzalo de Oviedo s paraphrased version of the Joint Report which Cabeza de Vaca also co authored All of Carson s annotations are set off as footnotes meaning one can make full use of them if desired or simply skip them and read only the basic translation Maps a chronology a glossary a prologue and an epilogue complete the book If you have not read Cabeza de Vaca before prepare for a fascinating story that will show you a side of American history you never knew about If you consider yourself a well read student of the Narvaez Expedition this edition of The Account will surely become your ultimate reference book on the subject Brutal Journey Paul Schneider,2006-05-02 The journey of the Narvaez expedition is one of the greatest survival epics in the history of American exploration By combining the accounts of the explorers with the most recent findings of archaeologists and academic historians this work offers an authentic narrative to replace a legend of North American exploration
