Last Call with Jon Hobbes Justin Razza,2018-10-13 I was a cop Right up until 11 59 and 59 seconds on January 16th 1920 when the Volstead Act took effect ushering in Prohibition Now I m a bartender In literally one second I flipped from one side of the law to the other But I m also a bit more than that I m the one the Boss of our speakeasy turns to when the hard things need to get done The strong drink The tough call The hard kill I m a bartender With a gun And a

healthy appetite for the sauce I was a cop Now I m a bartender My name is Jon Hobbes **Directing the Camera** Gil Bettman,2014 On motion picture and television sets today the director spends 90% of his time directing the camera Professional actors come to set prepared to direct themselves In spite of this recent change 90% of all books on directing do not teach specifically how to direct the camera Gil Bettman s **Directing the Camera** fills that void by teaching the elements of craft that contemporary directors use to give their films the visually dynamic look preferred by audiences today **Film Directing Fundamentals** Nicholas Proferes,2012-08-06 Visualize your films before shooting Ready When You Are, Mr. Coppola, Mr. Spielberg, Mr. Crowe Jerry Ziesmer,2003-10-07 Now available in paperback No movie has ever been made or made well without the character who toils just outside the spotlight He arranged for the spotlight hired the spotlight operator and even made sure that it was trained correctly on the stars At the end of the day there would be no blinking movie screens no blinking Oscar winners no finished films good or bad without the Assistant Director Jerry Ziesmer was an assistant director for over thirty years working on countless films before his retirement in the middle nineties He has worked with some of Hollywood s biggest directors and its biggest stars In this memoir he recounts his time in Hollywood including his work on the sets of Apocalypse Now Close Encounters and Jerry Maguire Written with the craft and humor that made Jerry Ziesmer one of the most sought after assistant directors in Hollywood this book will be a treasure for students and fans of twentieth century Hollywood Cloth edition previously published in 2000 **Gretchen's Forty Winks** F. Scott Fitzgerald,2015-05-11 Francis Scott Key Fitzgerald September 24 1896 December 21 1940 was an American author of novels and short stories whose works are the paradigmatic writings of the Jazz Age He is widely regarded as one of the greatest American writers of the 20th century Fitzgerald is considered a member of the Lost Generation of the 1920s He finished four novels This Side of Paradise The Beautiful and Damned The Great Gatsby his most famous and Tender Is the Night A fifth unfinished novel The Love of the Last Tycoon was published posthumously Fitzgerald also wrote many short stories that treat themes of youth and promise along with age and despair Fitzgerald s work has been adapted into films many times His short story The Curious Case of Benjamin Button was the basis for a 2008 film Tender Is the Night was filmed in 1962 and made into a television miniseries in 1985 The Beautiful and Damned was filmed in 1922 and 2010 The Great Gatsby has been the basis for numerous films of the same name spanning nearly 90 years 1926 1949 1974 2000 and 2013 adaptations In addition Fitzgerald s own life from 1937 to 1940 was dramatized in 1958 in Beloved Infidel The Scientific Way of Warfare Antoine J. Bousquet,2022-06-15 Bousquet s landmark book examines the impact of key technologies and scientific ideas on the theory and practice of warfare and the handling of the perennial tension between order and chaos on the battlefield Spanning the entire modern era from the Scientific Revolution to the present it offers a systematic account of modern warfare as the constitution of increasingly complex assemblages of bodies and machines whose integration rests upon a military assimilation of scientific thought Reflecting the pervasive influence of scientific conceptual frameworks upon warfare modern

armies have been successively organised by reference to the paradigmatic technologies of the clock engine computer and network Conversely major scientific developments and technological breakthroughs have become intertwined with the experience of war especially since the Second World War's unprecedented mobilisation of scientific rationality and technical expertise This increasingly tight symbiosis between science technology and war is at the heart of both the tremendous powers and enduring pathologies displayed by the contemporary military machine In this new and revised edition Bousquet extends the analysis to encompass the latest developments in the scientific way of warfare in the midst of renewed great power competition and a wave of technological innovation in artificial intelligence and robotics *Four O'Clock Sizzle*

Joanne Pence, 2016-06-07 When Homicide Inspector Rebecca Mayfield's would be boyfriend Richie Amalfi is named as one of San Francisco's most enticing bachelors she's not amused but she never expected it would lead to his life being threatened As a restaurant owner men's upscale clothing store owner hotelier and more handsome bachelors all are attacked Rebecca realizes the danger is very real Who's killing the city's enticing bachelors and why Rebecca must answer those questions as she grapples with her own questions and feelings about Richie Rebecca soon discovers that where there's smoke there's fire As she gets closer to the bachelors to learn why they're in danger she finds their happy surface images hide troubling conflagrations below When she's forced to dive below the steamy surfaces to learn what's really going on only Richie has the insider knowledge she needs to do it And while she might sizzle over Richie the more she learns about both him and the case the more she realizes that she may have just moved from the frying pan into the fire with equally deadly results *The James Bond Cold Reading* Julian Moore, The James Bond Cold Reading is a whole new take on the twelve lines of the Classic Reading made so popular from the 50's to the present day Julian Bev Moore shows you how this much discussed but seldom used powerful cold reading technique can be applied effectively and memorised in no time at all using characters such as James Bond that you already know and love Forget about learning stock lines and never using them using the proven techniques in The James Bond Cold Reading you can learn to speak in your own words and amaze people by how much you know about them using one of the most misunderstood tools of mentalism the character reading By bringing a modern slant to an old technique Julian Bev Moore proves once again that that the old ones are the best if only we knew how to apply them If you're not a fan of stock lines and think that learning them is a waste of time this ebook could seriously change your mind **REVIEWS** I got Julian's book and it is wonderful It is a great system for doing a reading and extremely practical I applaud Julian and highly recommend this Richard Osterlind First palmistry now general Forer Barnum 101 this guy really amazes me Craig Browning Julian has taken the Classic Reading which isn't out of date as some would suggest and applied a James Bond theme to it **LEARNING** not to the reading itself to make the reading's customization so much easier It's ingenious simple and thought inspiring all at the same time Buy this now and start using it right away R Lee Davis I have tried many times to learn the stock lines of cold reading I've tried memory techniques linking the peg system and even with all that everything

seemed a confusing repetitive mess Because of Julian s system in two days I have learned to give a cold reading forward backward inside out and in my own words Just as with Julian s palmistry book saved me about five years of study this book is just as good and also very interesting If you re interested in cold reading at all this will be the best money you ll ever spend As a side note his system could be applied to anything else you might want to memorize and make your own I have never heard of his techniques before and I have studied a lot of memory techniques It s so easy I will add this to my readings repertoire Scott Martisse So I m finally watching the new Casino Royale and lines from the James Bond Reading keep popping unbidden into my head What makes this interesting is I hadn t really intended on learning the reading via James Bond but via a character I know more about I followed Julian s suggestions to practice readings aloud even to inanimate objects After a bit of this I tried the real deal This isn t something you can do mechanically at least if you want to get maximum effect and responses It is a matter of a give and take that is entrancing in its impact I can t wait to see what more experience will bring Thank you Julian you really have made a significant contribution Your ability to simplify and teach is exceptional I generally rely on my knowledge as a psychologist to add a bit of reading but it wasn t anywhere as powerful as applying this system Folks don t just read JBR Get out there and use it Dr Bill Cushman OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning Graphology The Art Of Handwriting Analysis Speed Learning Cartomancy A Playing Card Reading Primer Speed Learning Palmistry Palm Readings In Your Own Words Speed Learning Numerology Numbers Past And Present With The Lo Shu Square Speed Learning Star Signs *Online Communication* Andrew F. Gates,2011-01-23 Since the 1960s a significant effort has been underway to program computers to see the human face to develop automated systems for identifying faces and distinguishing them from one another commonly known as Facial Recognition Technology While computer scientists are developing FRT in order to design more intelligent and interactive machines businesses and states agencies view the technology as uniquely suited for smart surveillance systems that automate the labor of monitoring in order to increase their efficacy and spread their reach Tracking this technological pursuit Our Biometric Future identifies FRT as a prime example of the failed technocratic approach to governance where new technologies are pursued as shortsighted solutions to complex social problems Culling news stories press releases policy statements PR kits and other materials Kelly Gates provides evidence that instead of providing more security for more people the pursuit of FRT is being driven by the priorities of corporations law enforcement and state security agencies all convinced of the technology s necessity and unhindered by its complicated and potentially destructive social consequences By focusing on the politics of developing and deploying these technologies Our Biometric Future argues not for the inevitability of a particular technological future but for its profound contingency and contestability
