Excerpt from One Hundred Years of Medicine and Surgery in Missouri: Historical and

Biographical Review of the Careers of the Physicians and Surgeons of the State of Missouri, and Sketches of Some of Its Notable Medical Institutions We are cognizant of the many shortcomings which this first collection of historical data of medical and surgical importance to the State of Missouri must present, and we most respectfully ask the indulgence of the reader. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. Presents the Missouri State Medical Association (MSMA), a professional organization of physicians. Contains the MSMA constitution, bylaws,

policy manual, and a members only section. Includes information about Medicare publications, Medicare managed care, and cancer. Offers access to physician placement services, medical specialty groups, the Missouri State Senate and House of Representatives, the MedWeb Consumer Health Directory, the Polycystic Kidney Research Foundation, and other Missouri medical societies. Provides information about membership benefits and lists the executive committee members. This is a fully customized pocket medical reference designed for physician assistants at Missouri State. This 2016-2017 guide is packed full of medical information with tabbed indexed pages making medical information easy to find at a moment's notice. All our guides are updated to the most current medical information to keep you efficient and ultimately learning. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been

housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. Reprint of the original, first published in 1875. The publishing house Anatiposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost. This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain

"The age, number and type of primary care providers in rural Missouri will present future challenges to rural residents' access to health services and have negative consequences for rural health improvement efforts. The report includes an analysis of the state's current rural physician workforce, the projected impacts of federal health reform on rural health care and policy options for strengthening the rural health care workforce"--Missouri Health Matters website description.
