**Children Solving Problems** Stephanie THORNTON,Stephanie Thornton,2009-06-30 A one year old attempting to build a tower of blocks may bring the pile crashing down yet her five year old sister accomplishes this task with ease Why do young children have difficulty with problems that present no real challenge to older children How do problem solving skills develop In *Children Solving Problems* Stephanie Thornton surveys recent research from a broad range of perspectives in order to explore this important question What Thornton finds may come as a surprise successful problem solving depends less on how smart we are or as the pioneering psychologist Jean Piaget claimed how advanced our skill in logical reasoning is and more on the factual knowledge we acquire as we learn and interpret cues from the world around us Problem solving skills evolve through experience and dynamic interaction with a problem But equally important as the Russian psychologist L S Vygotsky proposed is social interaction Successful problem solving is a social process Sharing problem solving tasks with skilled adults and with other children is vital to a child s growth in expertise and confidence In problem solving confidence can be more important than skill In a real sense problem solving lies at the heart of what we mean by intelligence The ability to identify a goal to work out how to achieve it and to carry out that plan is the essence of every intelligent activity Could it be Thornton suggests that problem solving processes provide the fundamental machinery for cognitive development In *Children Solving Problems* she synthesizes the dramatic insights and findings of post Piagetian research and sets the agenda for the next stage in understanding the varied phenomena of children s problem solving *Northstar - Reading and Writing* Laurie Barton,Carolyn Dupaquier-Sardinas,2008-10 The NorthStar video program includes ten engaging video segments including segments from ABC News featuring topics correlated to the themes in the NorthStar 3 reading and writing student books Each video segment is from 2 to 5 minutes long and incorporates key vocabulary from the student book The DVD guide contains unit by unit video scripts as well as vocabulary for comprehension and background notes to enhance the accessibility and enjoyment of the video material The NorthStar ExamView Assessment Suite contains achievement tests for NorthStar Reading and Writing level 3 This CD ROM contains everything instructors need to create personalized assessments All tests can be customized by selecting skills or specific questions from the question banks or by modifying adding or deleting questions **NorthStar Listening and Speaking 2 with MyEnglishLab** Robin Mills,Laurie L.
