# Coolie Woman The Odyssey Of Indenture Gaiutra Bahadur

**Coolie Woman** Gaiutra Bahadur, 2013-11-01 Shortlisted for the Orwell Prize Bahadur combines her journalistic eye for detail and story telling gifts with probing questions a haunting portrait The Independent In 1903 a young woman sailed from India to Guiana as a coolie the British name for indentured laborers who replaced the newly emancipated slaves on sugar plantations all around the world Pregnant and traveling alone this woman like so many coolies disappeared into history Now in Coolie Woman her great granddaughter embarks on a journey into the past to find her Traversing three continents and trawling through countless colonial archives Gaiutra Bahadur excavates not only her great grandmother s story but also the repressed history of some quarter of a million other coolie women shining a light on their complex lives Shunned by society and sometimes in mortal danger many coolie women were runaways widows or outcasts Many left husbands and families behind to migrate alone in epic sea voyages traumatic middle passages only to face a life of hard labor dismal living conditions and especially sexual exploitation As Bahadur explains however it is precisely their sexuality that makes coolie women stand out as figures in history Greatly outnumbered by men they were able to use sex with their overseers to gain various advantages an act that often incited fatal retaliations from coolie men and sometimes larger uprisings of laborers against their overlords Complex and unpredictable sex was nevertheless a powerful tool Examining this and many other facets of these remarkable women s lives Coolie Woman is a meditation on survival a gripping story of a double diaspora from India to the West Indies in one century Guyana to the United States in the next that is at once a search for roots and an exploration of gender and power peril and opportunity

**Coolie Woman** Gaiutra Bahadur, 2013-09-26 In 1903 a Brahmin woman sailed from India to Guyana as a coolie the name the British gave to the million indentured labourers they recruited for sugar plantations worldwide after slavery ended The woman who claimed no husband was pregnant and travelling alone A century later her great granddaughter embarks on a journey into the past hoping to solve a mystery what made her leave her country And had she also left behind a man Gaiutra Bahadur an American journalist pursues traces of her great grandmother over three continents She also excavates the repressed history of some quarter of a million female coolies Disparaged as fallen many were runaways widows or outcasts and many migrated alone Coolie Woman chronicles their epic passage from Calcutta to the Caribbean from departures akin either to kidnap or escape through sea voyages rife with sexploitation to new worlds where women were in short supply When they exercised the power this gave them some fell victim to the machete in brutal attacks often fatal by men whom they spurned Sex with overseers both empowered and imperiled other women in equal measure It also precipitated uprisings as a struggle between Indian men and their women intersected with one between coolies and their overlords

**Coolitude** Marina Carter, 2002 A deconstruction of the stereotypical depictions of the coolie in the British Empire *Bengali Harlem and the Lost Histories of South Asian America*

Vivek Bald, 2013-01-07 Winner of the Theodore Saloutos Memorial Book Award Winner of the Association for Asian American Studies Book Award for History A Times Literary Supplement Book of the Year A Saveur Essential Food Books That Define New York City Selection In the final years of the nineteenth century small groups of Muslim peddlers arrived at Ellis Island every summer bags heavy with embroidered silks from their home villages in Bengal The American demand for Oriental goods took these migrants on a curious path from New Jersey's beach boardwalks into the heart of the segregated South Two decades later hundreds of Indian Muslim seamen began jumping ship in New York and Baltimore escaping the engine rooms of British steamers to find less brutal work onshore As factory owners sought their labor and anti Asian immigration laws closed in around them these men built clandestine networks that stretched from the northeastern waterfront across the industrial Midwest The stories of these early working class migrants vividly contrast with our typical understanding of immigration Vivek Bald's meticulous reconstruction reveals a lost history of South Asian sojourning and life making in the United States At a time when Asian immigrants were vilified and criminalized Bengali Muslims quietly became part of some of America's most iconic neighborhoods of color from Trem in New Orleans to Detroit's Black Bottom from West Baltimore to Harlem Many started families with Creole Puerto Rican and African American women As steel and auto workers in the Midwest as traders in the South and as halal hot dog vendors on 125th Street these immigrants created lives as remarkable as they are unknown Their stories of ingenuity and intermixture challenge assumptions about assimilation and reveal cross racial affinities beneath the surface of early twentieth century America

The Guyana Story Odeen Ishmael, 2013-02-28 The Guyana Story From Earliest Times to Independence traces the country's history from thousands of years ago when the first Amerindian groups began to settle on the Guyana territory It examines the period of early European exploration leading to Dutch colonization the forcible introduction of African slaves to work on cotton and sugar plantations the effects of European wars and the final ceding of the territory to the British who ruled it as their colony until they finally granted it independence in 1966 The book also tells of Indian Chinese and Portuguese indentured immigration and shows how the cultural interrelationships among the various ethnic groups introduced newer forms of conflict but also brought about cooperation in the struggles of the workers for better working and living conditions The final part describes the roles of the political leaders who arose from among these ethnic groups from the late 1940s and began the political struggle against colonialism and the demand for independence This struggle led to political turbulence in the 1950s and early 1960s when the country was caught in the crosshairs of the cold war resulting in joint British American devious actions that undermined a democratically elected pro socialist government and deliberately delayed independence for the country until a government friendly to their international interests came to power
