Since the beginning of recorded history, the oracular tradition has been associated with healing and with the Divine. For Ralph H. Blum, the journey toward spiritual and emotional healing began with the 1982 publication of "The Book of Runes," Since then, millions of people have welcomed the inspiration, guidance and comfort found in his interpretation of an ancient Western Oracle-- the Runes. At this time in

history, a recognition of the relationship between physical health and emotional well-being is crucial. Created specifically to support traditional forms of therapy, healing and recovery, as well as all Twelve Step programs," *The Healing Runes*" offers a new interpretation of this sacred oracle for all those whose lives stand in need of healing. When you are feeling alone or afraid; when you are sick physically or emotionally; or when your best friend is away and you need sound advice-- put your hand in the bag and pick a Rune. And when you are full of joy and praise and

gratitude-- pick a Rune. *"The Healing Runes"* provides comfort for the heart, ease for the body, peace for the mind and nourishment for the soul. *The Book of Runes* is something very special: a part of the ancient past and, perhaps, a part of your future... Based on a tradition over one thousand years old, the Runes are seen by many as a contemporary Oracle and collectively, have established themselves as a remarkable aid in practical decision making. A huge success with over 900,000 copies sold, since its original publication in 1983, *The Book of Runes* has proved to be a

modern classic. For this, the 25th anniversary of the work, Ralph H. Blum has expanded and refined the runic system, making the Runes one of the most profoundly useful self-help tools of the new century. An essential introductory guide for anyone who wishes to use the runes for divination, personal guidance, and magic. Runes have an undeniable mystery and allure. To many people they are beautiful objects, a set of symbols of enigmatic meaning. In fact, the word rune comes from the Norse word *runa*, meaning "secret." On the surface, they make up an ancient

alphabet known as the Futhark that has come down to us through the ages from the ancient Northern Traditions of Europe. But they are so much more. Runes contain magical energy that can be activated for positive and powerful change in our lives. Reading the Runes takes you back to the runes as they existed in the neo-pagan cosmogony and their birth in the World Tree, Yggdrasil. Author Kim Farnell discusses the history and mythology of the runes, as well as the link between the runes and the gods. She includes the four ancient rune poems from which humankind received the

meaning behind each rune. Reading the Runes includes the official rune course material for the British Astrological and Psychic Society. The author offers practical advice for making and energizing your runes, she suggests numerous traditional rune spreads to suit a variety of purposes, and she explains rune combinations within readings. With *Lucid Dreams in 30 Days* you will learn to explore the mysteries of your sleeping self. Beginning with simple steps such as keeping a dream journal to record your dreams, Keith Harary, Ph.D., and Pamela Weintraub take you step-by-step, day-by-day

through the lucid dreaming process. You advance to realizing when you are in a dream state, waking up "in" your dreams, and eventually, actually controlling the content of your dreams. An accessible, in-depth exploration of the runes as a living spiritual tradition. Diana Paxson has distilled her many years of experience working with the runes into this essential source book. Readers will learn the historical meaning of each individual rune and its use and meaning now, in contemporary culture. But, Paxson reveals, the real power of the runes comes from internalizing them and using their

symbols as sources of wisdom and power. At the end of each chapter are rituals and spells for all levels of ability that aim to help internalize the attributions, meanings, symbolism, and use of the runes. Everything regarding runes is covered in this definitive workbook, from the history of runes and how to make your own rune sets, to how to work with them on a psychic, spiritual, and magical level. "The runes you must find ... Which the mighty sage stained and the powerful gods made and the runemaster of the gods carved out." (The Poetic Edda, translated by C. Larrington) The

runes are mysterious and powerful magical keys to the primal forces of nature that shaped Norse and Northern European culture. These twenty-four unique and inspiring symbols of the Elder Futhark (first runic alphabet) each possess powerful energies, identities, meanings, and sounds. The runes are invoked and harnessed to create change through inspiration, healing, protection, knowledge and divine wisdom from the Norse gods. *Odin's Gateways* is a practical guide to using the runes in our lives, in magic and in divination - a unique journey into the mysteries hidden within the

runes, filled with the information and practices necessary to developing a deep personal understanding and relationship with them. By focusing on how to directly harness and channel the energy of the individual runes, the author guides the reader along the path to self knowledge and empowerment. With a deft hand and lucid style, Katie Gerrard cuts to the heart of the runes, combining the wisdom of the Norse Sagas and Rune Poems with practical advice and techniques gained through living and experiencing their powers. The divinatory meanings of the runes are given, with a range of

different reading methods; bindrunes are explained in detail, with numerous examples presented ready for use; galdr (incantation) and spellcraft, charms and talismans are all seamlessly explored and made accessible in this fluid, concise and practical guide. You are holding something very special: an ancient Western Oracle made available to serve you in your life now. Use this book and the Viking Runes to gain insight into your present and future. Fully revised to celebrate the tenth anniversary of this international best seller, Ralph Blum's classic work is now even more relevant as a tool for self-

help. The three-rune spread is one of the many ways to cast the Runes. Selected and read from right to left, the Runes describe the overview of the situation, the challenge you are facing, and the course of action called for. Use the Runes as an aid to meditation, a game for fun, or as a tool for practical decision-making. The Book of Runes is a treasure companion for everyone seeking inner guidance. Let the Runes illuminate your journey to self-discovery. Blum returns with a beautiful new Runes set honoring the universal quest for loving relationships. "God, grant me the

Serenity to Accept the things I cannot change, the Courage to change the things I can, and the Wisdom to know the difference. --The Serenity Prayer These simple words form one of the most important and revered messages of our age. For so many people in desperate situations--seeking wisdom, peace, and the strength to overcome overwhelming problems--the prayer has offered a beacon of hope and helped them through their darkest hours. The prayer is attributed to American theologian, Pastor Reinhold Niebuhr and is thought to have been written during the 1940s.

Now, Ralph Blum has blessed the words with five beautifully crafted rune stones and enhanced their meaning with fresh runic commentaries to make the prayer even more powerful and accessible. So whatever your situation and however impossible the odds, you too can use the Serenity Prayer to help you face your challenges and to take the first step on your own road to recovery. In the accompanying book, Blum and co-authors, Susan Loughan and Bronwyn Jones, provide full instructions for using the runes with the prayer. They present the commentaries and the counsel of each

rune stone and suggest meditations and other techniques to use. The pack is completed by a cloth bag to keep the Serenity Runes safe and a portable, credit-card-sized card on which is printed the Serenity Prayer. *Le rúnabók (livre des runes en ancien norrois) est une synthèse sur les runes, leur histoire, leur symbolique et leur signification divinatoire. Il décrit aussi plusieurs méthodes de tirage et de fabrication d'un jeu de runes. Ce livre se veut avant tout une introduction aux runes pour les débutants, ou une synthèse de poche pour tout runiste ayant besoin d'un pense-bête.* This

work reintroduces the ancient tradition of divination using the runic symbols. As well as introducing the history of the tradition, the symbols are reinterpreted and made relevant to readers. It includes 25 hand-made rune stones and pouch. Attaining the status of a Design Expert is what a lot of people tend to pursue, but not so many meet success in their pursuit of the CCDE. Becoming a Certified Design Expert is not really a matter of how hard you work, but how smart. You don't have all the time in the world to go making "your" mistakes, just so you could learn from them, or

walking the well worn-out path and expecting different results. In this book, I have poured out my wealth of experience and expertise in the world of network design, this I have done in an easy to understand, non-textbook practical fashion without encapsulating the real thing in a sea of words. This book is written from the inside - out, for those who would like to pass both CCDE Written and Practical exams, or to gain deeper knowledge in network design. The book contains detailed systematic guide to learning: Many protocols and the technologies which are used in todays Service Provider,

Enterprise, Datacenter, and Mobile operator real life network design. There are a lot of people out there who will try to teach Network Design, they do this haphazardly and at the end of the day they mess up the whole thing. This is not to say that there are no good tutors out there, but they are hard to find. And if you are lucky to find one, it is mostly theoretical and hardly any real-life practical stuff. It is all packed in here. The knowledge and insight, which I have carefully laid out in this book, will help you bag the CCDE certification and become the star that you deserve to be. Some of the

areas that the book covers include: network design principles and all the best practices, tens of network design case studies, design review questions after each chapter, how real life networks look like and insight into how large companies and corporations design their network, techniques to will improve your strategic design thinking, CCDE Practical Lab design scenario, complementary study resources. Becoming a Design Expert is easy, but you have to work right and most importantly, you have to work smart. Every year almost a quarter of a million confused and frightened

American men are tossed into a prostate cancer cauldron stirred by salespeople representing a multibillion-dollar industry. In this flourishing business, the radical prostatectomy is still the most widely recommended treatment option. Yet a recent and definitive study in the New England Journal of Medicine concluded that out of the fifty thousand prostate operations performed annually, more than forty thousand are unjustified. But this is no surprise given that 99 percent of all doctors treating this disease are surgeons or radiation therapists. The appalling fact is

that men are still being rushed into a major operation that rarely prolongs life and more than half the time leaves them impotent. Invasion of the Prostate Snatchers is a report on the latest thinking in prostate cancer therapy: close monitoring-active surveillance rather than surgery or radiation-should be the initial treatment approach for many men. There are three stages of prostate cancer and this book will provide accurate information about how to distinguish between them: Low-Risk, which requires no immediate treatment; Intermediate-Risk, which will benefit from surgery,

radiation, and/or hormonal therapy; and High-Risk, a type that does require immediate treatment with a combination of therapies. In a unique collaboration, doctor and patient provide a wholly new perspective on managing this disease. Ralph Blum's account of his personal struggle, together with Dr. Mark Scholz's presentation of new scientific advances, provides convincing evidence that this noninvasive approach can be crucial in preventing tens of thousands of men from being overtreated every year. Invasion of the Prostate

Snatchers serves as an indispensable map through the medical minefield of prostate cancer. With 78 illustrated cards and a detailed, illustrated book, this powerful and original set combines the tarot with Celtic lore and runic symbology. • Explores the five periods of runic revival: the Renaissance, the Enlightenment, the Romantic period, the early 20th century, and the late 20th century • Examines the use of runes by the foremost magicians and scholars of each era, including mystic and scholar Johannes Bureus, who developed his own integrated system of runology known as Adalruna • Reveals how the

Nazi misguided use of the runes showed a lack of comprehension of what was being discovered by scientific rune scholars of the day. In this exploration of the history of the runes from 1500 CE to the present day, Stephen Edred Flowers examines the five periods of runic revival: the Renaissance, the Enlightenment, the Romantic period, the early 20th century, and the late 20th century. For each period, he discusses both the scholarly studies and those focused on the esoteric mysteries of the runes--and how these two branches of study were at first intertwined yet diverged in later revivals. Focusing

in particular on the first runic revival, Flowers examines the use of runes during the Renaissance by the foremost magicians and scholars of the era, including mystic and scholar Johannes Bureus, the "grandfather of integral runology," who developed his own system known as Adalruna. In his examination of the runic reawakenings of the early and late 20th century, Flowers looks at how the runes were employed as part of a reassessment of Germanic identity, one school of which led to Nazi Germany. He explains how the Nazi use and abuse of the runes was misguided and revealed a lack of comprehension of

what earlier rune scholars had discovered through their extensive studies of the past. He also offers a fresh look at the work of Guido von List and clears him of his guilt by association with the Nazis. Detailing the multilayered history of the runes, the author reveals the integrated way the predecessors of today's rune workers thought and conceived of the runes, highlighting how their discoveries helped shape modern magical practices and scholarly studies. He calls for a return of integral runology as was practiced during the Renaissance and before. By reuniting the two

branches of runic study, blending the scientific with the magical, we make way for new discoveries in runology and a chance for a full-scale reawakening of integrated runic knowledge. Box contains 3 casting crystals, double-sided casting board and a 160-page book of instructions and interpretations. Reveals the ancient oracle based on the runic Elder Futhark alphabet of the Norse. A guide to the secrets of rune-reading, an ancient predictive art, that teaches you how to lay out runes and interpret them instantly. Once the sacred alphabet of the Germanic people of Northern Europe, runes are more than 2,000

years old. Runes (meaning a secret or mystery) were words of power, once carved on amulets, rings and weapons, and found as inscriptions on tombstones. The 1st rune, Fehu, is connected with cattle, and since wealth was measured in the number of cows a person owned, it has an underlying meaning of material wealth. The 11th rune, Isa, literally means 'ice', signifying danger and the probability of slipping up. Likewise, the 17th rune, Tiwaz, shares its significance with the North Star as an aid to navigation and charting life's path. In this insightful book, each of the runes is fully described,

together with the symbolic images and celestial phenomena associated with them. Methods of laying out, or 'casting' the runes are described in order to give a full and comprehensive reading to answer any question. There are six spreads to choose from, from Odin's Rune, a simple reading with one rune stone, to using up to nine runes for deeper insight into the past, present and future. From the Swing Between Worlds, a realm of light where souls create the design for their lives we see Mary Magdalene accept the challenges she will face as a visionary, healer, teacher and

counterpart of Jesus Christ. As she looks into the future, she sees that in 2000 years the people will also remember their own light, their own divinity and choose to live in peace. Now is the time she has seen! Now is the time for Peace. From the Preface: "Mary was not a harlot, powerless, following Christ. She was a woman of extraordinary vision and power, facing her fears with immense courage and determination. Setting aside personal feelings and desires, she dedicated her life to upholding God and the greater design she had pledged to serve, regardless of the obstacles she encountered.... She

is a noble, beautiful, nurturing woman who will take you in her arms and call from you the memory and truth of who you are." Read her story and Remember the Design for Peace in Your Heart! Offers a full introduction to and survey of runes and runology: their history, how they were used, and their interpretation. Runes, often considered magical symbols of mystery and power, are in fact an alphabetic form of writing. Derived from one or more Mediterranean prototypes, they were used by Germanic peoples to write different kinds of Germanic language, principally Anglo-

Saxon and the various Scandinavian idioms, and were carved into stone, wood, bone, metal, and other hard surfaces; types of inscription range from memorials to the dead, through Christian prayers and everyday messages to crude graffiti. First reliably attested in the second century AD, runes were in due course supplanted by the roman alphabet, though in Anglo-Saxon England they continued in use until the early eleventh century, in Scandinavia until the fifteenth (and later still in one or two outlying areas). This book provides an accessible, general account of runes and runic

writing from their inception to their final demise. It also covers modern uses of runes, and deals with such topics as encoded texts, rune names, how runic inscriptions were made, runological method, and the history of runic research. A final chapter explains where those keen to see runic inscriptions can most easily find them. Professor MICHAEL P. BARNES is Emeritus Professor of Scandinavian Studies, University College London. *Unlock the Secrets of Your Past, Present, and Future* Connect with your intuition, discover more about your personality, and solve problems using the power of

runes. With professional fortune-teller Alexandra Chauran as your guide, you can learn how to ask for and interpret the answers to your biggest life questions concerning love, your career, health, and many other important topics. A solid reference for both beginners and adepts, *Runes for Beginners* covers everything from rune meanings and memorization techniques to making your own runes. With help from diagrams, practical exercises, and phonetic breakdowns for all the runic letters, you'll develop a path most beneficial to your goals and improve

your life. You'll even uncover traits about yourself that you may have never known. A handbook for the use of runes as a personal oracle, not for divination or fortune telling, but as a tool for assisting us to live our lives in the present and for strengthening our intuition. An urgent and essential call to arms from one of Australia's most respected climate scientists, Tim Flannery. A compelling and solution-focused declaration of the action required to win the climate battle, and how change must start in our board rooms and parliaments. A history of Reinhold Niebuhr's classic serenity prayer is

accompanied by meditations to use with the prayer, interpretive essays on its five key elements--God, Serenity, Acceptance, Courage, and Wisdom--and five ametrine rune stones. 75,000 first printing. This title is an introduction to the oracle of the Runes which can be used as a tool for self-counselling. The 25 cards represent the Runes themselves and can be used to guide you on a journey beyond the material to the creative and spiritual. Blum and Loughan have set out to fill a gigantic void in the healing field, and they have created healing interpretations for all the Runes. By

using the classic Rune symbols and following the age-old Rune reading methods, they created a tool with 25 aspects for the emotional, psychological, and physical healing of people in times of crisis. Both an alphabet and tools of divination and magic, Norse runes are beautiful and iconic. Learn their meanings and how to use their magic. Since 1983 nearly a million people have turned to the runes for guidance and self-counseling. Working alongside "The Book of Runes" and "The Book of RuneCards, Rune Play" is an essential part of any rune lover's library, lending spiritual and emotional support

and understanding to an ever-expanding audience. Everything You Need to Know to Begin Working With Runes The enigmatic nature of the runes is undeniable. In fact, the English word "rune" comes to us from the Norse word runa, which means "a secret," or "to whisper." As symbols, the runes mean little to the untrained eye, yet the magical energies they activate can be used for positive, impactful change in your everyday life. But what are runes, exactly? On the surface level, runes are the characters in a writing system used by the ancient Germanic peoples of Europe. But

unlike our modern letters, the runic symbols had been used for magical purposes long before they were fashioned into an alphabet. This is known from runic inscriptions found on ancient artifacts as well as Germanic myth and lore handed down over the centuries. Indeed, those who work with the runes today are taking part in an age-old magical tradition established by our Northern European pagan ancestors. In *Runes for Beginners*, best-selling author Lisa Chamberlain shines the light on these ancient symbols, showing you how to discover and utilize their unique magical energies. With both an eye

toward tradition and a multicultural spirit, Lisa combines an appreciation for the Germanic roots of the runes with a more eclectic Neopagan approach. Unlike many other books on the topic, *Runes for Beginners* is completely accessible to those with no experience in Northern European magical traditions, yet it doesn't ignore those traditions altogether. You will emerge from this guide with a basic understanding of the runes' role in ancient Germanic paganism, as well as a solid foundation of knowledge to build your own runic practice, regardless of your religious or

spiritual path. Foundations in Runic Magic and Divination The runes represent various aspects of the human experience of the Universe-both tangible and intangible. Each runic symbol embodies a natural force, or type of energy, which the rune worker can attune to and then manipulate in various ways. Runes can be sent out into the Universe to manifest a magical goal, or they can be used to consult with the unseen realms about a situation at hand. In *Runes for Beginners*, you'll learn all you need to know to start working with runes, including: The history of the runes

and their role within the framework of the Germanic magical worldview The origins of runic wisdom in Norse mythology An overview of the Elder Futhark, the oldest-known runic alphabet and most widely used rune system in contemporary Neopaganism Basic techniques of rune magic, including rune scripts, bind runes, and creating runic talismans How to make your own runes Instructions for traditional rune-casting as well as contemporary rune spreads Tips for successful divination The divinatory meanings and magical uses of each rune in the

Elder Futhark A suggested reading list for further exploring the runes and the magical and spiritual traditions of the ancient Germanic peoples Detailed tables of correspondence for a handy condensed magical and divinatory guide By the end of this guide, you will have a working knowledge of the runes that will enable you to use them with confidence in magic and divination. However, when it comes to truly mastering the runes, the importance of time and practice can't be emphasized enough. Indeed, working with runes can truly become a lifelong journey, but

Runes for Beginners is an excellent first step along the way. If you're ready to start exploring the runes for yourself, just scroll to the top of the page and hit the Buy button!

Ralph H. Blum's Little Book of Runic Wisdom is a pocket-sized book of days which can be consulted daily or dipped into randomly to provide wisdom and guidance whenever it is needed. A large part of the book is made up of quotations taken from the author's own work on the Runes, including the bestselling The Book of Runes, The Healing Runes, The Serenity Runes and The RuneCards. There are also previously

unpublished extracts from the author's working notes on these titles, and thoughts and poems from the author. The book is completed with a selection of quotes, poetry, jokes and proverbs from many personal contacts and other diverse sources to bring inspiration and humour to every day. Living Runes provides a thorough examination of the Norse runes that will challenge the experienced rune worker to deepen his or her understanding of these mysteries. The book begins with an explication of the story of Odin, the Norse god who won the runes by sacrificing himself on the World Tree. It continues by

examining each of the individual runes in turn, both the Elder Futhark and the lesser-known Anglo-Saxon Futhorc. Each rune is studied not only from a historical viewpoint but also from the perspective of a modern practitioner. You will be introduced to the practice of galdr as well as the magical use of the runes and the proper way to sacrifice to them and read them for divination. Most importantly, the book specifically addresses the runes as living spirits and provides guidance on developing a working relationship with these otherworldly allies. Note: Living Runes was

previously published as Runes: Theory and Practice (New Page, 2009) but for several years has only been available from Lightning Source via Ingram.
