The Sisters of Summit Avenue Jan 05 2023 From Lynn Cullen, the bestselling author of Mrs. Poe and Twain's End, comes a powerful novel set in the Midwest during the Great Depression, about two sisters bound together by love, duty, and pain. Ruth has been single-handedly raising four young daughters and running her family's Indiana farm for eight long years, ever since her husband, John, fell into a comatose state, infected by the infamous "sleeping sickness" devastating families across the country. If only she could trade places with her older sister, June, who is the envy of everyone she meets: blonde and beautiful, married to a wealthy doctor, living in a mansion in St. Paul. And June has a coveted job, too, as one of "the Bettys," the perky recipe developers who populate General Mills' famous Betty Crocker test kitchens. But these gilded trappings hide sorrows: she has borne no children. And the man she used to love more than anything belongs to Ruth. When the two sisters reluctantly reunite after a long estrangement, June's bitterness about her sister's betrayal sets into motion a confrontation that's been years in the making. And their mother, Dorothy, who's brought the two of them together, has her own dark secrets, which might blow up the fragile peace she hopes to restore between her daughters. An emotional journey of redemption, inner strength, and the ties that bind families together, for better or worse, *The Sisters of Summit Avenue* is a heartfelt love letter to mothers, daughters, and sisters everywhere.

Understanding the Times Aug 20 2021 Your view of God determines your view of the world. You hold in your hands a landmark guide to understanding the ideas and forces shaping our times. *Understanding the Times* offers a fascinating, comprehensive look at the how the tenets of the Christian worldview compares with the five major competing worldviews of our day: Islam, Secular Humanism, Marxism, New Age, and Postmodernism. *Understanding the Times* is a systematic way to understand the ideas that rule our world. While the material is expansive, the engaging, easy-to-understand writing style invites you to discover the truths of God - and our world. This classic should be on the shelf of every Christian home, on the desk of every pastor, and in the hands of every Christian student headed off to college.

Five Big Mountains Feb 23 2022 What does it take for a regular guy to climb some of the highest mountains in the world? *Five Big Mountains* takes you there, instantly placing the reader and the author on a steep glacier on Pico de Orizaba with equipment trouble and the tough decision any high altitude climber inevitably faces-should he turn back or keep going to the summit? The central theme of the book is that with proper preparation, careful planning, persistent training, and the best guides, even an amateur with little mountaineering experience can climb and reach the summits of some of the most famous mountains in the world, though there are risks involved that need to be minimized. Written in the first person, *Five Big Mountains* takes the reader into the mind of a regular guy trying to reach the summit of four of the famous Seven Summits, as well as his first high-altitude climb of a steep, glaciated Mexican volcano. The book tells what climbing is really like, the struggles and the triumphs, the emotions and the dangers, moment

by moment. The reader is taken to Russia, Africa, Antarctica, South America, and Mexico. Along the way, the reader is able to travel with and discover the local flavor of each exotic or not so exotic venue. Color photos help the reader to visualize the glorious majesty of the peaks, but the narrative provides the nitty-gritty of the author's daily challenges on the mountains.

Mount Whitney Nov 15 2023 Mount Whitney, the highest mountain in the lower forty-eight states, is one of the West's ultimate climbing and hiking destinations. In addition to the popular climb to the top via the Mount Whitney Trail, there are also less-crowded trails to the summit that traverse some of the most stunning terrain imaginable. This hiking guide is the definitive, most complete resource-not just to the Mount Whitney Trail, but to those others as well.

The Good, the Great, and the Awesome Apr 27 2022 A guide to the best alpine rock climbs in the Sierra Nevada Mountains of California. Lavishly illustrated with maps, topos and photographs

Highpoints of the United States Dec 24 2021 The highpoints of the fifty states range from Alaska's 20,320 foot high Mount McKinley to 345 feet at Lakewood Park in Florida. Some highpoints, such as Mount Mitchell in North Carolina and New Hampshire's Mount Washington can be reached by automobile on a sightseeing drive. Others such as Colorado's Mount Elbert or Mount Marcy in New York are accessible as wilderness day hikes. Still others, such as Mount Rainier in Washington or Gannett Peak in Wyoming, are strenuous and risky mountaineering challenges that should be attempted only by experienced climbers. Whatever your level of skill and interest, *Highpoints of the United States* offers a diverse range of experiences. Arranged alphabetically by state, each listing has a map, photographs, and information on trailhead, main and alternative routes, elevation gain, and conditions. Historical and natural history notes are also included, as are suggestions for specific guidebooks to a region or climb. Appendices include a list of highpoints by region, by elevation, and a personal log for the unashamed "peak-bagger." Whether you're an armchair hiker or a seasoned climber, interested only in your state's highest point or all fifty, this book will be an invaluable companion and reference.

Best Summit Hikes in Colorado Nov 03 2022 Information provided for each hike includes topographic map with GPS waypoints and elevation profile; difficulty and class rating tailored to Colorado's terrain; optional routes for further exploration; and trivia and history.

Best Summit Hikes in Colorado Dec 16 2023 Colorado has 53 14ers, more than 600 13ers, and hundreds of other peaks that can be reached without special equipment or expertise. Numerous guides dryly catalog these trails, but Best Summit Hikes in Colorado stands out from them all. Author James Dziezynski has meticulously selected 80+ of the state's absolute best peaks in more than 50 superlative hikes, and his opinionated narrative brings each route to life. Each summit is included because of a notable feature--whether it's the site of a ghost mine or airplane wreckage, has thundering waterfalls or colorful floral meadows, is the best summit for spotting wildlife or bringing out-of-town friends, or is very accessible. Some peaks offer unique opportunities, such as a trailhead accessible only via a steam-powered railroad. Several summits are described in no other publication. Covering all Colorado's major mountain ranges, including the well-known Sangre De Cristo, Gore, Sawatch, Indian Peaks, and Maroon Bell wilderness areas to the lesser-known Grenadiers, Medicine Bow, and Outer San Juan peaks, this distinctive guide makes it easy to select exactly the right hike for the right day, the right mood, and the right companions.

The Beginners Guide to Climbing Mt Everest - a Practical Guide and Tips Jan 25 2022 By Michael Tomordy. Forward by Dan Mazur. Mazur has been selected to receive the Sir Edmund Hillary Mountain Legacy Medal on December 11, 2018 (International Mountain Day), in Pokhara, Nepal. 25% of the proceeds will go to the Charity, "Mount Everest Foundation For Sustainable Development In Nepal/Tibet". The MEF is a registered charity of Nepal number 326/060/611 wrote this simple practical guide or "tip book" following my successful Summit on 23 May 2018 and realized that there was much I learnt on the mountain, prior expeditions and similar challenges, that could help others achieve their Goal, and more importantly that I had not been told, read in books, watched in documentaries or exaggerated in the movies! This practical guide is primarily written for the "Amateur" or beginner Mountaineer, and covers Physical, Technical and Mental Training aspects as well as the route and more practical matters. However but much of its content equally applies to those whom are more experienced. This Guide is written to provide practical guidance and tips to hopefully make your experience better and help you achieve Mt Everest Summit . It is intended to be complementary to your Expedition Company and Leaders

advice, both pre-arrival and on the mountain. Finally I also believe many of the items covered in this practical guide can equally be applied to other similar rigorous challenges. I wish you success and safe return from "Your Everest", whatever it might be.

The 100 Unique Summits Challenge Feb 18 2024 The author is a radio amateur in the Summits On The Air Program (SOTA). He has explained in detail in words and photos his endeavor to summit the milestone of 100 unique summits in the Southern Appalachian Range. In so doing, he became the first radio amateur activator to reach the 1000 summit point milestone in less than a year and with less than 100 summit activations. To reach the 100 unique summit goal, he undertook 108 summit activations - 8 of which were repeated from 2018. For those that want to summit many of the same peaks, the book explains in detail how to get to the trail heads and what pitfalls to avoid. There is a chapter dedicated to gear and equipment recommendations used in activations and another chapter dedicated to the summit activation process.

Summit Sep 13 2023 "Magnificent! A compelling, fast-paced novel that reveals a rarely seen dark side of Everest. A must-read!"-James W. Huston, New York Times bestselling author of *The Blood Flag* The view from 8,848 meters isn't always clear. Even after eight successful summits, Mount Everest guide Neil Quinn can't handle anything the mountain throws his way. Disaster strikes steps from the top, leaving him with a very old swastika-embellished ice axe that should never have been so high on the mountain-not if Everest's meticulously documented history is accurate. Danger doesn't stop at the descent. When he heads back to Europe, blackballed and alone, he struggles to discover the truth about this lost relic. Quinn's investigations soon have neo-Nazis, assassins, and history buffs vying to take possession of the axe-proof of Nazi alpine superiority, and strong evidence that a German climber was the first to summit Mount Everest. Beautifully written and meticulously researched, *Summit* follows two climbers across two continents as their stories intertwine across history, culminating in one final push for the top of the world. "Gripping...Farthing vividly depicts the challenges of mountain climbing."-Publishers Weekly
