Homunculus James P Blaylock

Homunculus James P. Blaylock,2013-02-12 It is the late 19th century and a mysterious airship orbits through the foggy skies Its terrible secrets are sought by many including the Royal Society a fraudulent evangelist a fiendish vivisectionist an evil millionaire and an assorted group led by the scientist and explorer Professor Langdon St Ives Can St Ives keep the alien homunculus out of the claws of the villainous Ignacio Narbondo Lord Kelvin's Machine James P. Blaylock,2013-03-22 Within the magical gears of Lord Kelvin s incredible machine lies the secret of time The deadly Dr Ignacio Narbondo would murder to possess it and scientist and explorer Professor Langdon St Ives would do anything to use it For the doctor it means mastery of the world and for the professor it means saving his beloved wife from death A daring race against time begins

The Aylesford Skull James P. Blaylock,2016-08-30 It is the summer of 1883 and Professor Langdon St Ives brilliant but eccentric scientist and explorer is at home in Aylesford with his family However a few miles to the north a steam launch has been taken by pirates above Egypt Bay the crew murdered and pitched overboard In Aylesford itself a grave is opened and possibly robbed of the skull The suspected grave robber the infamous Dr Ignacio Narbondo is an old nemesis of Langdon St Ives When Dr Narbondo returns to kidnap his four year old son Eddie and then vanishes into the night St Ives and his factotum Hasbro race to London in pursuit The first new steampunk novel in over twenty years from one of the genre s founding fathers **The Affair of the Chalk Cliffs** James P. Blaylock,2016-12-02 Deep within the cavern riddled chalk cliffs above the English Channel there brews a threat to the very sanity of the people of Britain A startling madness infects the members of the Explorer s Club in London the debacle coinciding with the disappearance of Alice St Ives and the murder of the lighthouse keeper at Beachy Head Langdon St Ives sets out to rescue his wife and to stop the accelerating train of events hurtling he and his friends into a dark tunnel of madness and death *Land of Dreams* James P. Blaylock,2012-06-18 When a boat sized shoe and giant spectacles wash up on the shore three of the town s orphans Jack Skeeze and Helen know there s something fishy going on and the old ghost in the orphanage attic is inclined to agree An evil carnival comes to town run by a sinister gentleman who can turn himself into a crow A mouse sized man hiding in the woodwork leaves Jack an elixir that might just might allow him to cross during Solstice to another world a mysterious land of dreams that holds the key to Jack s past and all their adventures Land Of Dreams is a phantasmagorical adventure reminiscent of Charles Finney s The Circus of Dr Lao and Ray Bradbury s Something Wicked This Way Comes **REVIEWS** a singular American fabulist William Gibson Land Of Dreams is Blaylock s best yet powerful magical suspenseful and funny this novel sails us through the supernatural backwaters of the northern California coast and none of its readers will ever quite be able to leave its landscape of rotting waterfront towns and strange songs echoing in from the sea and vast unknown cities visible on dubious horizons Blaylock is the best of contemporary writers and Land Of Dreams is destined to be one of the field s classics Tim Powers

Striking beautifully turned surreal fantasy Weird complex wise original delightful pounce Kirkus Reviews [The Digging Leviathan](#) James P. Blaylock,2011-09-29 Southern California sunny days blue skies neighbours on flying bicycles ghostly submarines mermen off the Catalina coast and a vast underground sea stretching from the Pacific Ocean to the Inland Empire where Chinese junks ply an illicit trade and enormous creatures from ages past still survive It is a place of wonder and dark conspiracies A place rife with adventure if one knows where to look for it Two such seekers are the teenagers Jim Hastings and his friend Giles Peach Giles was born with a wonderful set of gills along his neck and insatiable appetite for reading Drawing inspiration from the novels of Edgar Rice Burroughs Giles is determined to build a Digging Leviathan Will he reach the center of the earth or destroy it in the process

Steampunk Brian J. Robb,2015-09-01 A gorgeously illustrated history of the literary film and arts counterculture now in paperback Simultaneously a literary movement ultra hip subculture and burgeoning cottage industry steampunk is the most influential new genre to emerge from the late twentieth century Spinning tales populated with clockwork leviathans cannon shots to the moon and coal fired robots it charts alternative histories in which the British Empire never fell and the atom remained unsplit Spectacularly illustrated and international in scope this comprehensive history explores steampunk s many intricate expressions in fiction cinema television comics and video games and traces its evolution into a truly global aesthetic that has made its mark on art architecture fashion and music From the classic science fiction of Jules Verne H G Wells and Mary Shelley through the dystopian futurescapes of Cyberpunk to the otherworldly imaginings of Hayao Miyazaki Alan Moore and China Mi ville author Brian J Robb sets the key works of steampunk squarely under the lens of his brass monocle and ventures into a world where airships still rule the skies

King of the Dead R. A. MacAvoy,2014-04-01 The optician Nazhuret saves his homeland from war in the award winning Lens of the World series that promises to become a landmark of the decade Kirkus Reviews Book two of the award winning Lens of the World trilogy this volume finds the half breed orphan Nazhuret as a modest and fastidious lens grinder Although he could have chosen an exalted and wealthy life as a noble member of the court he wishes to live in humble and undisturbed poverty with his lady Arlin But the ordinary life that Nazhuret wants is abruptly shattered when a vicious attack by paid assassins forces him to run With possible enemies on all sides the only place to go is the neighboring kingdom of Rezhmia where Nazhuret has an ancient blood tie However he finds that Rezhmia is no safe haven for dark clouds are gathering there intent on destruction of the homeland of Nazhuret s heart Evil tidings treacherous family members and powerful sorcery threaten to overtake him but Nazhuret must survive for the sake of those he loves The understated and unusual fantasy series begun in Lens of the World continues to delight in this second volume MacAvoy s series has some of the flavor and subtlety of Gene Wolfe s modern classic The Book of the New Sun but her own unique elements a fascination with shifting genders and the mysteries of death make this series distinctive in the often monochromatic fantasy field Kirkus Reviews Nazhuret and his sword wielding mistress Arlin are provocative complex people

like the world in which they live Library Journal Remarkable Publishers Weekly **The Elfin Ship** James P. Blaylock,2012-06-21 James P Blaylock s 1982 d but novel The Elfin Ship has become a classic of whimsical fantasy With echoes of Kenneth Graham and Mark Twain it s a gentle eccentric and hilarious novel that will delight readers of all ages Trading with the elves used to be so simple Every year Master Cheeser Jonathan Bing would send his very best cheeses downriver to traders who would eventually return with Elfin wonders for the people of Twombly Town But no more First the trading post at Willowood Station was mysteriously destroyed Then a magical elfin airship began making forays overhead Jonathan knew something was definitely amiss So he set off downriver to deliver the cheeses himself accompanied by the amazing Professor Wurzle the irrepressible Dooly and his faithful dog Ahab It would have been such a pleasant trip if not for the weeping skeleton mad goblins magic coins an evil dwarf a cloak of invisibility and a watch that stopped time Of course the return trip was not so simple **Infernal Devices** K. W. Jeter,2017-02-02 When George Dower s father died he left George his watchmaker s shop and more But George has little talent for watches and other infernal devices When someone tries to steal an old device from the premises George finds himself embroiled in a mystery of time travel music and sexual intrigue [The Adventures of Langdon St. Ives](#) James P. Blaylock,2008 A good deal of controversy arose late in the last century over what has been referred to by the more livid newspapers as The Horror in St James Park or The Ape box Affair So begins the first chronicle in the long and often obscure life of Langdon St Ives Victorian scientist and adventurer respected member of the Explorers Club and of societies far more obscure consultant to scientific luminaries and secret unheralded savior of humankind From the depths of the Borneo jungles to the starlit reaches of outer space and ultimately through the dark corridors of past and future time the adventures of Langdon St Ives invariably lead him back to the streets and alleys of the busiest darkest most secretive city in the world London in the age of steam and gaslamps with the Thames fog settling in over the vast city of perpetual evening St Ives in pursuit of the infamous Dr Ignacio Narbondo discovers the living horror of revived corpses the deep sea mystery of a machine with the power to drag ships to their doom and the appalling threat of a skeleton piloted airship descending toward the city of London itself carrying within its gondola a living homunculus with the power to drive men mad *The Anubis Gates* Tim Powers,1997-01-01 Take a dazzling journey through time with Tim Power s classic Philip K Dick Award winning tale There have been other novels in the genre about time travel but none with The Anubis Gates unique slant on the material nor its bottomless well of inventiveness It s literally in a class by itself a model for others to follow and it s easy to see how it put Powers on the map SF Reviews Brendan Doyle a specialist in the work of the early nineteenth century poet William Ashbless reluctantly accepts an invitation from a millionaire to act as a guide to time travelling tourists But while attending a lecture given by Samuel Taylor Coleridge in 1810 he becomes marooned in Regency London where dark and dangerous forces know about the gates in time Caught up in the intrigue between rival bands of beggars pursued by Egyptian sorcerers and befriended by Coleridge Doyle somehow survives and

learns more about the mysterious Ashbless than he could ever have imagined possible **The Eternal Machine** Carol Ryles,2022-01-04 Victoriana comes to Sydney Australia in an alternative 19th Century bringing dark Dickensian factories and even darker souls Mages too practising heart magic and skin magic along with shapeshifting Earth spirits demons and automata Included in this mix is a mad scientist a touch of romance strong female characters diverse characters and a magic system playfully based on a real life 17th Century description of virtual reality The Monadology by Gottfried Wilhelm Leibniz A woman with the strength to rebel A shapeshifter who wears the souls of the dead Together they face a lethal enemy Em helped create it Now she must craft its defeat In a city owned by industrialists Em sells her magic to make ends meet The extraction procedure is brutal and potentially deadly Desperate for change she joins an underground resistance movement to weaponize her magic and stop the abuse of workers Meanwhile a mysterious voice wakes Ruk from a decades long slumber and compels him to become human He wants to break free but is torn between his shapeshifter instincts and the needs of the soul that sustains him On streets haunted by outcasts and predatory automatons a new danger emerges an ever growing corruption of magic and science Em and Ruk must put aside their differences and pursue it each for their own reasons What they discover will forever change their lives Or end them *The Steampunk Trilogy* Paul Di Filippo,2014-07-08 An outrageous trio of novellas that twist the Victorian era out of shape by a master of alternate history Spooky haunting hilarious William Gibson Welcome to the world of steampunk a nineteenth century outrageously reconfigured through weird science With his magnificent trilogy acclaimed author Paul Di Filippo demonstrates how this unique subgenre of science fiction is done to perfection reinventing a mannered age of corsets and industrial revolution with odd technologies born of a truly twisted imagination In Victoria the inexplicable disappearance of the British monarch to be prompts a scientist to place a human lizard hybrid clone on the throne during the search for the missing royal But the doppelg nger queen comes with a most troubling flaw an insatiable sexual appetite The somewhat Lovecraftian Hottentots chronicles the very unusual adventure of Swiss naturalist and confirmed bigot Louis Agassiz as his determined search for a rather grisly fetish plunges him into a world of black magic and monsters Finally in Walt and Emily the hitherto secret and quite steamy love affair between Emily Dickinson and Walt Whitman is revealed in all its sensuous glory as are their subsequent interdimensional travels aboard a singular ship that transcends the boundaries of time and reality Ingenious hilarious ribald and utterly remarkable Di Filippo s *The Steampunk Trilogy* is a one of a kind literary journey to destinations at once strangely familiar and profoundly strange **Grim Expectations** K.W. Jeter,2017-06-06 A mind boggling new sequel to *Infernal Devices* to celebrate thirty years of Steampunk Some time after the events of *Fiendish Schemes* George Dower finds himself a widower of sorts On her deathbed Miss McThane entrusts Dower with a small ticking clockwork box The box is mysteriously linked to her When she breathes her last the box stops ticking and Dower is able to open it to find hundreds of letters written in an unknown hand signed only with the initial S They re not love letters but refer instead to the letter writer s ongoing search for

some other person The last is a simple note reading Found him File Under Fantasy *The Last Coin* James P. Blaylock, 2012-07-15 A biblical betrayal drives this trilogy from the World Fantasy Award winning author a singular American fabulist William Gibson author of *Neuromancer* The price of immortality Two thousand years ago there lived a man who sold some valuable information for a fee of thirty silver coins His name was Judas Iscariot and he is no longer with us The coins however still exist and still hold an elusive power over all who claim them Like Andrew Vanbergen whose attempts at innkeeping bring in stranger business than he ever expected And Aunt Naomi whose most prized family heirloom is a silver spoon with a curiously ancient looking engraving And especially old Mr Pennyman who is only five silver coins short of immortality *The Last Coin* should confirm Blaylock's position as a trendsetter breaking new ground rather than just exploring the old San Francisco Chronicle Against a lyric vision of the Southern California coast cosmic conspiracy theories bump heads in a gleeful farce to produce another strange and wonderful book from the idiosyncratic author of *Homunculus* and *Land of Dreams* Publishers Weekly Weird and wonderful touches abound Blaylock makes good use of his coastal setting extracting his own brand of magic from familiar places and familiar things While Biblical conspiracies and revisionist scriptures are all the rage now Blaylock got the jump on the current crop by several years SFF Chronicles *Steampunk* Mike McGee, James P.
