General Motors Chevrolet Cobalt and Pontiac G5 Apr 15 2024 An easy to follow step-by-step instructions linked to hundreds of photographs and illustrations.

Humanizing Visual Design Oct 09 2023 This book analyzes the role that human forms play in visualizing practical information and in making that information understandable, accessible, inviting, and meaningful to readers—in short, "humanizing" it. Although human figures have long been deployed in practical communication, their uses in this context have received little systematic analysis. Drawing on rhetorical theory, art history, design studies, and historical and contemporary examples, the book explores the many rhetorical purposes that human forms play in functional pictures, including empowering readers, narrating processes, invoking social and cultural identities, fostering pathos appeals, and visualizing data. The book is aimed at scholars, teachers, and practitioners in business, technical, and professional communication as well as an interdisciplinary audience in rhetoric, art and design, journalism, engineering, marketing, science, and history.

Breasts: The Owner's Manual Jun 24 2022 A national bestseller! Breast cancer surgeon Dr. Kristi Funk offers a comprehensive and encouraging approach to breast care and breast cancer. Empower yourself with facts and strategies to understand your breasts, reduce your cancer risk, and open your eyes to interventions and treatments. Most women don't want to hear about breast cancer unless they have it and need to make some decisions, but these days news about breast cancer—the number one killer of women ages twenty to fifty-nine—is everywhere. Chances are you know someone who has had it. But did you know that choices you make every day bring you closer to breast cancer—or move you farther away? That there are ways to reduce your risk factors? And that many of the things you've heard regarding the causes of breast cancer are flat-out false? Based on Dr. Kristi

Funk's experience as a board-certified breast cancer surgeon, she knows for a fact that women have the power to reduce breast cancer risk in dramatic ways. Many women believe that family history and genetics determine who gets breast cancer, but that's not true for most people. In fact, 87 percent of women diagnosed with breast cancer do not have a single first-degree relative with breast cancer. This book will help you: Learn the breast-health basics that every woman should know Reduce your cancer risk and recurrence risk based on food choices and healthy lifestyle changes backed by rigorous scientific research Understand the controllable and uncontrollable risk factors for breast cancer Outline your medical choices if you're at elevated risk for or are already navigating life with breast cancer There have been few solid guidelines on how to improve your breast health, lower your risk of getting cancer, and make informed medical choices after treatment—until now. With her book available in 10 languages and in more than 30 countries, Dr. Funk is passionate about her mission of educating as many women as possible about what they can do to stop breast cancer before it starts. Praise for *Breasts: The Owner's Manual*: "Dr. Funk writes *Breasts: The Owner's Manual* just like she talks: with

conviction, passion, and a laser focus on you."—Dr. Mehmet Oz, Host of The Dr. Oz Show "Breasts: The Owner's Manual will become an indispensable and valued guide for women looking to optimize health and minimize breast illness."—Debu Tripathy, MD, Professor and Chair, Department of Breast Medical Oncology, University of Texas MD Anderson Cancer Center "Breasts: The Owner's Manual not only provides a clear path to breast health, but a road that leads straight to your healthiest self. As someone who has faced breast cancer, I suggest you follow it."—Robin Roberts, Co-anchor, Good Morning America
