Name Bryan Chapell

Praying Backwards Bryan Chapell, 2005-07-01 Christians often say In Jesus name to close their prayers But is this truly a desire of the heart or a perfunctory Yours Truly to God Bryan Chapell says we should begin our prayers in Jesus name we should be Praying Backwards In this practical and inspiring book he shows readers that to truly pray in Jesus name is to reorder one s priorities in prayer and in life away from oneself and towards Jesus and his kingdom It is to pray believing in the power and the goodness of the One who hears and thus to pray boldly expectantly and persistently Readers seeking to transform their prayer lives will find wonderful direction in Praying Backwards *Christ-Centered Sermons* Bryan Chapell, 2013-10-15 Highly regarded preacher and teacher Bryan Chapell shows readers how he has prepared expository sermons according to the principles he developed in his bestselling Christ Centered Preaching This companion volume provides concrete examples of how a redemptive approach to Scripture is fleshed out in various types of sermons and various genres of the Bible The example sermons not only demonstrate different approaches but also are analyzed for pedagogical purposes helping readers move from theory to practice In essence the book allows students and preachers to look over Chapell s shoulder as he prepares these messages to learn how to construct their own expository sermons that communicate grace and truth from both the Old and New Testaments *Beginning to Pray* Anthony Bloom, 1970 Offers meditations on our relationship with God through prayer and tells how to find consolation express thankfulness and apprehend the presence of the Lord **Mystically Wired** Ken Wilson, 2012-07-23 We are designed to make connections to God through prayer in more ways than we can imagine Prayer can be so much more than a simple conversation It can be a wordless connection with God a step beyond the boundary of the separated self It can be a way to listen to the silence And it can be learned We can learn how to pray in ways we never thought possible It doesn t take more effort it takes more understanding Wilson s book shows how the brain is designed by God To calm itself To relax into love To become increasingly aware of how connected everything is in God To experience a deeper intimacy with our Creator Prayer is something that our brains want to do with a little help Ken Wilson tells us how Praise for Mystically Wired Smart savvy candid credible unafraid self effacing and shot through with passionate love of Jesus yes hands down this is the best book on prayer that I have ever read Phyllis Tickle Compiler The Words of Jesus A Gospel of the Sayings of Our Lord I confess I don t normally like books on prayer but Mystically Wired is a big exception While this book is incredibly practical I was routinely blown away by the intuitive genius of Ken s view and application of prayer Page after page thinking I knew what was next I was surprised with fresh insight and unique perspectives on connecting with God Being an evangelist I was excited to realize I could also send this to spiritual friends
